Active License Type Identifier and Description

Cemetery

Cemetery means any one, or a combination of more than one, of the following, in a place used, or intended to be used, and dedicated, for cemetery purposes:

- (a) A burial park, for earth interments;
- (b) A mausoleum, for crypt interments; or
- (c) A columbarium, for permanent cinerary interments.

An operating cemetery means a cemetery that:

- (a) Performs interments;
- (b) Has fiduciary responsibility for endowment care, general care or special care funds; or
- (c) Has outstanding preneed service contracts for unperformed services.

No person or city, county or other municipal corporation shall conduct the business of an operating cemetery without first receiving a certificate of authority to conduct the business of an operating cemetery under ORS 692.275.*

* ORS 97.782 provides that a cemetery that is not an operating cemetery, as defined in ORS 692.010, shall be listed with the Oregon Pioneer Cemetery Commission if the burial place contains the remains of one or more persons who died before February 14, 1909. An owner or any other person or association of individuals that maintains such a pioneer cemetery shall list the pioneer cemetery with the Oregon Pioneer Cemetery Commission on a form provided by the commission. No fee shall be required from a pioneer cemetery for listing.

A cemetery, other than an operating cemetery or a pioneer cemetery listed with the Oregon Pioneer Cemetery Commission under ORS 97.782, shall be registered with the Oregon Mortuary and Cemetery Board on a form provided by the Board, and is identified as a registered cemetery. No fee shall be required of a cemetery registrant.

Municipal owned cemetery

See Cemetery definition.

Crematory or crematorium

Crematory means a structure containing a retort for the reduction of bodies of deceased persons to cremated remains.

County owned cemetery

See Cemetery definition.

Funeral establishment

A place is a funeral establishment if the place is used for the care and preparation of dead human bodies before the bodies undergo cremation, entombment or burial, or before the bodies are transported out of the State of Oregon. A funeral establishment must: (a) Be licensed by the State Mortuary and Cemetery Board under ORS 692.146; (b) Be operated by a

funeral service practitioner; (c) Have on the premises embalming facilities or holding room facilities meeting requirements established by the Board; and (d) Have access to hospital or mortuary refrigeration.

Only a licensed funeral establishment shall: (a) Have facilities for the care and preparation, processing and handling of human remains before the remains undergo cremation, entombment or burial, or before the remains are transported out of the State of Oregon; (b) Offer embalming, employ a licensed embalmer, have on premises either a preparation room or holding room facility to care for and prepare human remains; and (c) Offer formal viewing of human remains.

Registered Cemetery

See Cemetery definition.

Special district owned cemetery

See Cemetery definition.

Immediate Disposition Company

Immediate disposition means a direct method of disposition of dead human remains by way of immediate burial or immediate cremation. Immediate Disposition Company means any business, other than a licensed funeral establishment, where a licensed funeral service practitioner operates the business of immediate disposition and where business records are kept.

A person may not operate an immediate disposition company unless the immediate disposition company meets the necessary requirements. An immediate disposition company must: (a) Be licensed at a fixed location under ORS 692.146; and (b) Be operated by a licensed funeral service practitioner.

An Immediate Disposition Company shall only: (a) Arrange for immediate burials and immediate cremations without public viewing, visitation or ceremony with the human remains present, except for a graveside service; and (b) If minimum preparation of a human remains is requested by the family, for purposes of having an "identification viewing," the immediate disposition company shall refer the family to a licensed funeral establishment to provide those services.

Removal Registration

A Certificate of Removal Registration allows funeral service practitioners employed by a licensed funeral establishment (FE) licensed in a contiguous state to remove human remains from Oregon before submitting a death certificate. In order to qualify, an FE must be located in a neighboring state with removal laws substantially similar to Oregon's.
