WIC families in your county

Number of families served ........................................... 300
Working families .................................................. 69.7%
WIC households with at least one working family member
Families living in poverty ........................................ 63.3%
Families of WIC clients with income at or below the federal poverty level ($1,467 per month for a family of 3)

WIC services in your county

- Individual assessment of growth
- Education and counseling on nutrition and physical activity
- Breastfeeding education and support
- Nutritious foods purchased with WIC vouchers
- Immunization screening and referral
- Referral to other preventive health services

National initiative to strengthen WIC services

The Oregon WIC program is launching a new, participant-centered counseling approach called Oregon WIC Listens that puts WIC families in the driver’s seat as they initiate behavior change.

Oregon WIC Listens emphasizes:

- Empowering WIC participants to build on their existing skills and knowledge as they develop healthy habits.
- Understanding each family’s unique strengths and concerns.
- Providing individualized education based on needs identified by the participant.

Families of WIC clients with income at or below the federal poverty level ($1,467 per month for a family of 3)

WIC services in your county

• Individual assessment of growth
• Education and counseling on nutrition and physical activity
• Breastfeeding education and support
• Nutritious foods purchased with WIC vouchers
• Immunization screening and referral
• Referral to other preventive health services

National initiative to strengthen WIC services

The Oregon WIC program is launching a new, participant-centered counseling approach called Oregon WIC Listens that puts WIC families in the driver's seat as they initiate behavior change.

Oregon WIC Listens emphasizes:

• Empowering WIC participants to build on their existing skills and knowledge as they develop healthy habits.
• Understanding each family’s unique strengths and concerns.
• Providing individualized education based on needs identified by the participant.

WIC services in your county
- Individual assessment of growth
- Education and counseling on nutrition and physical activity
- Breastfeeding education and support
- Nutritious foods purchased with WIC vouchers
- Immunization screening and referral
- Referral to other preventive health services

National initiative to strengthen WIC services
The Oregon WIC program is launching a new, participant-centered counseling approach called Oregon WIC Listens that puts WIC families in the driver’s seat as they initiate behavior change.

Oregon WIC Listens emphasizes:
- Empowering WIC participants to build on their existing skills and knowledge as they develop healthy habits.
- Understanding each family’s unique strengths and concerns.
- Providing individualized education based on needs identified by the participant.
