AGENCY ABANDONMENT

823.071 Definitions for ORS 823.073 and 823.075. As used in ORS 823.073 and 823.075, the following terms have the following meanings:

(1) "Agency" means any place provided by a for-hire carrier for the accommodation of the public in the receipt, delivery, billing or routing of freight, or in the loading or discharge of passengers, at which an agent is provided to serve the public.

(2) "Agent" means the person in charge of the transaction of business with the public at any station or agency.

(3) "Common carrier" means any railroad as defined in ORS 824.020, and any for-hire carrier by motor vehicle as defined in ORS 825.005 if the carrier transports persons. [Formerly 756.380]

823.073 Common carrier not to abandon agencies or withdraw agent without approval of department. No common carrier shall abandon any of its agencies, or withdraw the agent therefrom, without the prior written authority of the Department of Transportation. If the primary business of the agent or agency is not that of a common carrier, the loss of the use of such agent or agency without the fault of the carrier shall not be considered a violation of this section, provided that the carrier shall give to the department notice of such loss immediately upon being informed thereof and secure another agent or agency within a reasonable period of time. [Formerly 756.385]

823.075 Petitioning department for authority to abandon agency or withdraw agent. (1) Any common carrier may petition the Department of Transportation for authority to abandon any agency or to withdraw the agent from an agency.

(2) Upon receipt of a petition to abandon or withdraw under this section, the department shall give written notice of the petition to all known current customers of such agency. If the petition requests authority to abandon or withdraw any agency or agent involved in transportation services using motor buses, the department shall provide notice of the petition for authority and of rights to protest by publication in addition to any written notice required by this subsection. When notice by publication is required under this subsection, such notice must be published in a newspaper of general circulation in the county where the affected agency is located.

(3) If any customer files with the department a written protest to the abandonment of the agency or the withdrawal of the agent therefrom within 30 days from the date written notice is given, the department shall

schedule a hearing to be held within 30 days from the filing of such protest. If notice by publication is required under subsection (2) of this section then protest may be filed, as provided under this subsection, within 30 days after the written notice or published notice, whichever is later.

(4) If a hearing is provided under this section, the hearing shall be held at some convenient place in the county in which such agency is located.

(5) Where a common carrier seeks to move the location of its agent or agency from one point within a city to another point within such city the department may approve such move without a hearing. [Formerly 756.390]

823.080 [Formerly 485.525; 1989 c.782 §6; renumbered 682.075 in 1995]

ENFORCEMENT AND REMEDIES

823.081 Enforcement of laws relating to carriers. (1) The Department of Transportation shall inquire into any neglect or violation of any law of this state, or any law or ordinance of any municipality thereof, relating to motor carriers or railroads by any motor carrier or railroad doing business therein, its officers, agents or employees and shall enforce all laws of this state relating to motor carriers and railroads and may enforce all such laws and ordinances of a municipality. The department shall report all violations of any such laws or ordinances to the Attorney General.

(2) The Attorney General, district attorney of each county, all state, county and city police officers and police officers commissioned by a university under ORS 352.383 or 353.125 shall assist the department in the administration and enforcement of all laws related to motor carriers and railroads administered by the department, and they, as well as assistants and employees of the department, shall inform against and diligently prosecute all persons whom they have reasonable cause to believe guilty of the violation of any such laws or of the rules, regulations, orders, decisions or requirements of the department made pursuant thereto.

(3) Upon the request of the department, the Attorney General or the district attorney of the proper county shall aid in any investigation, hearing or trial, and shall institute and prosecute all necessary suits, actions or proceedings for the enforcement of those laws and ordinances referred to in subsection (1) of this section.

(4) Any forfeiture or penalty provided for in any law regarding motor carriers or railroads administered by the department shall be recovered by an action brought thereon in

the name of the State of Oregon in any court of appropriate jurisdiction or as provided in ORS 183.745. [1995 c.733 §25; 2011 c.506 §52; 2013 c.180 §58]

823.083 Enjoining violation of carrier laws. (1) Whenever it appears to the Department of Transportation that any motor carrier, railroad or any other person subject to the jurisdiction of the department is engaged or about to engage in any acts or practices that constitute a violation of any statute regarding motor carriers or railroads administered by the department, or any rule, regulation, requirement, order, term or condition issued thereunder, the department may apply to any circuit court of the state where such motor carrier, railroad or any other person subject to the jurisdiction of the department operates for the enforcement of such statute, rule, regulation, requirement, order, term or condition.

(2) Such court, without bond, has jurisdiction to enforce obedience thereto by injunction, or by other processes, mandatory or otherwise, restraining such motor carrier, railroad or any other person subject to the jurisdiction of the department, or its officers, agents, employees and representatives from further violations of such statute, rule, regulation, requirement, order, term or condition, and enjoining upon them obedience thereto.

(3) The provisions of this section are in addition to and not in lieu of any other enforcement provisions contained in any statute administered by the department. [1995 c.733 §26]

823.085 Liability for damages to injured person. (1) Any motor carrier or railroad that does, or causes or permits to be done, any matter, act or thing prohibited by ORS chapters 823, 824, 825 and 826, or omits to do any act, matter or thing required to be done by ORS chapters 823, 824, 825 and 826, is liable to the person injured thereby in the amount of damages sustained in consequence of such violation. If the party seeking damages alleges and proves that the wrong or omission was the result of gross negligence or willful misconduct, the motor carrier or railroad is liable to the person injured thereby in treble the amount of damages sustained in consequence of the violation. The court may award reasonable attorney fees to the prevailing party in an action under this section.

(2) Any recovery under this section does not affect recovery by the state of the penalty, forfeiture or fine prescribed for such violation.

(3) This section does not apply with respect to the liability of any motor carrier or railroad for personal injury or property damage. [1995 c.733 §§27,99; 1997 c.249 §239]

823.087 Effect of carrier laws on common law and other statutory rights of action, duties and liabilities. (1) The remedies and enforcement procedures provided in ORS chapters 823, 824, 825 and 826 do not release or waive any right of action by the state or by any person for any right, penalty or forfeiture that may arise under any law of this state or under an ordinance of any municipality thereof.

(2) All penalties and forfeitures accruing under said statutes and ordinances are cumulative and a suit for and recovery of one, shall not be a bar to the recovery of any other penalty.

(3) The duties and liabilities of the motor carriers or railroads shall be the same as are prescribed by the common law, and the remedies against them the same, except where otherwise provided by the Constitution or statutes of this state, and the provisions of ORS chapters 823, 824, 825 and 826 are cumulative thereto. [1995 c.733 §28; 1997 c.249 §240]

RECEIPTS AND BILLS OF LADING

823.101 Duty of carrier to issue bill of lading on intrastate shipments; liability of carrier to holder for damage to shipment. (1) Any for-hire carrier, railroad or transportation company receiving property for transportation wholly within this state, from one point in this state to another point in this state, shall issue in accordance with the applicable provisions of ORS chapter 77 a receipt or bill of lading therefor, and shall be liable to the lawful holder thereof for any loss, damage or injury to such property caused by it, or by any common carrier to which such property may be delivered, or over whose line or lines such property may pass, when transported on a through bill of lading. No contract, receipt, rule, regulation or other limitation of any character whatsoever shall exempt such for-hire carrier, railroad or transportation company from such liability.

(2) Any for-hire carrier, railroad or transportation company so receiving property for transportation wholly within this state shall be liable to the lawful holder of such receipt or bill of lading, or to any party entitled to recover thereon, whether such receipt or bill of lading has been issued or not, for the full actual loss, damage or injury to such property caused by it, or by any common carrier to which such property may be delivered, or over whose line such property may pass when transported on a through bill of lading, notwithstanding any limitation of

liability or limitation of the amount of recovery, or representation or agreement as to value in any such receipt or bill of lading, or in any contract, rule or regulation, or in any tariff filed with the Department of Transportation; and any such limitation, irrespective of the manner or form in which it is sought to be made, is unlawful and void.

(3) The provisions of subsection (2) of this section respecting liability for full actual loss, damage or injury, shall not apply:

(a) To baggage carried on passenger trains or boats, or trains or boats carrying passengers.

(b) To property, except ordinary livestock, concerning which the carrier is expressly authorized or required by order of the Department of Transportation to establish and maintain rates dependent upon the value declared in writing by the shipper or agreed upon in writing as the released value of the property. "Ordinary livestock" includes all cattle, swine, sheep, goats, horses and mules, except such as are chiefly used for breeding, racing, show purposes or other special uses.

(4) The Department of Transportation may make the order referred to in subsection (3)(b) of this section in cases where rates dependent upon and varying with declared or agreed values would, in the opinion of the department, be just and reasonable under the circumstances and conditions surrounding the transportation. Any tariff schedule filed with the department pursuant to such order shall contain specific reference thereto and may establish rates varying with the value so declared and agreed upon. [Formerly 771.010; 1997 c.249 §241]

823.103 Limitations on carrier's power to set time for filing of claim or starting action. A for-hire carrier, railroad or transportation company referred to in ORS 823.101 may not provide by rule, contract, regulation or otherwise a period for filing claims described in ORS 823.101 shorter than the following:

(1) Nine months after delivery of property or after reasonable time for delivery has elapsed for filing of claims in writing, except that if the carrier is a for-hire carrier of household goods, three months.

(2) Two years for the institution of suits. The period for institution of suits shall be computed from the day when notice is given by the carrier to the claimant that the carrier has disallowed all or any part of the claim specified in the notice. [Formerly 771.020; 1997 c.249 §242; 2003 c.754 §12]

823.105 Prohibitions. No common carrier subject to ORS 823.101 to 823.107, its director or officer, receiver, trustee, lessee, agent or person acting for or employed by it,

shall, alone or with any other person, willfully do or cause to be done, or willingly suffer or permit to be done, any act, matter or thing prohibited or declared to be unlawful in ORS 823.101 to 823.107, or aid or abet therein, or willfully omit or fail to do any act, matter or thing required to be done by ORS 823.101 to 823.107 or cause or willingly suffer or permit any act, matter or thing so directed or required by ORS 823.101 to 823.107 to be done, or not to be so done, or aid or abet any such omission or failure. [Formerly 771.040]

823.107 Existing remedies not affected. Nothing in ORS 823.101 to 823.107 shall deprive any holder of a receipt or bill of lading of any remedy or right of action which the holder has under existing law. [Formerly 771.050]

FUNDS, ACCOUNTS AND FEES

824.010 Annual fees payable by railroads; audit. (1) Subject to the provisions of subsections (3) and (4) of this section, each railroad shall pay to the Department of Transportation in each year, such fee as the department finds and determines to be necessary, with the amount of all other fees paid or payable to the department by such railroads in the current calendar year, to defray the costs of performing the duties imposed by law upon the department in respect to such railroads and to pay such amounts as may be necessary to obtain matching funds to implement the program referred to in ORS 824.058.

(2) In each calendar year the percentage rate of the fee required to be paid shall be determined by orders entered by the department on or after March 1 of each year, and notice thereof shall be given to each railroad. Such railroad shall pay to the department the fee or portion thereof so computed upon the date specified in such notice, which date shall be at least 15 days after the date of mailing such notice.

(3) Fifty percent of the cost of carrying out the duties, functions and powers imposed upon the department by ORS 824.200 to 824.256 shall be paid from the Grade Crossing Protection Account.

(4) The department shall determine the gross operating revenues derived within this state in the preceding calendar year by Class I railroads as a whole and by other railroads individually subject to the following limitations:

(a) The total of the fees payable by Class I railroads shall not exceed thirty-five hundredths of one percent of the combined gross operating revenues of Class I railroads derived within this state. The fee paid by each Class I railroad shall bear the same proportion to the total fees paid by Class I railroads as such railroad's share of railroad-highway crossings, track miles and gross operating revenues derived within the state, weighted equally, bears to the total amount of Class I railroad-highway crossings within the state, track miles within the state and gross operating revenues derived within the state.

(b) The fees payable by other railroads shall not exceed thirty-five hundredths of one percent of any such railroad's gross operating revenues.

(5) Payment of each fee or portion thereof provided for in subsections (1) to (4) of this section shall be accompanied by a statement verified by the railroad involved showing its gross operating revenues upon which such fee or portion thereof is com-

puted. This statement shall be in such form and detail as the Department of Transportation shall prescribe and shall be subject to audit by the department. The Department of Transportation will consider the application of the railroad for a temporary exemption when accompanied by a full statement of the conditions existing and the reasons for the exemption. Any exemption so granted will be limited to a stated period of time. [Subsection (1) formerly 761.620; subsection (2) formerly 761.625]

824.106 Use of noncomplying caboose prohibited; equipment failure; repair. A caboose shall not be placed in service unless it is in compliance with all of the provisions of ORS 824.102 to 824.110 relating to required equipment and standards of maintenance. In the event a failure of required equipment or standards of maintenance occurs after a caboose has departed from a terminal and a member of the train crew has boarded the caboose, the railroad operating the caboose shall not be deemed to be in vi-

olation of ORS 824.102 to 824.110 if such failure of equipment or standard of maintenance is corrected at the first point at which maintenance supplies are available or, in the case of repairs, the first point at which repair facilities are available and repairs can reasonably be made or the defective equipment replaced. [Formerly 761.630; 1999 c.59 §247]

824.108 Register for reporting failures of equipment or maintenance standards; rules for use. A register for the reporting of failures of required equipment or standards of maintenance shall be maintained on all cabooses. The register shall contain sufficient space to record the dates and particulars of each failure. The Department of Transportation shall provide rules for the use of this register, including a requirement that the record of reported failures be maintained not less than 80 days from the date of the most recent failure. [Formerly 761.635]

824.110 Administrative authority of department; rules. The Department of Transportation shall regulate and enforce all sections of ORS 824.102 to 824.110 and shall promulgate all rules necessary for the enforcement of ORS 824.102 to 824.110. [Formerly 761.640; 1999 c.59 §248]

824.202 Policy; authority vested in state and department. It is the policy of this state to achieve uniform and coordinated regulation of railroad-highway crossings and to eliminate crossings at grade wherever possible. To these ends, authority to control and regulate the construction, alteration, and protection of railroad-highway crossings is vested exclusively in the state, and in the Department of Transportation as provided in ORS 824.200 to 824.256. [Formerly 763.013]

824.204 Authority to construct grade crossings; protective devices. (1) Except for the repair of lawfully existing roads and highways or the replacement of tracks, no highway shall be constructed across the track of any railroad company at grade, nor shall the track of any railroad company be constructed across a highway at grade, without having first secured the permission of the Department of Transportation.

(2) Whenever any railroad company desires to cross any established and existing highway at grade or any public authority desires to lay out and extend any highway over and across any established and existing railroad at grade, it shall file with the department its application setting forth the objections and difficulties of making such crossing either above or below the grade of the existing highway or railroad.

(3) Upon receipt of the above application the department, after hearing, unless a hearing is not required under ORS 824.214, shall:

(a) Determine whether the public safety, public convenience and general welfare require a grade separation; and

(b) In the event a grade separation is not required, determine whether the application should be refused or granted, and upon what terms and conditions.

(4) If the grade crossing is approved, the department shall determine and prescribe the manner of its construction, maintenance and use, the kind and location of protective devices to be installed, the allocation of costs and the place of the crossing. [Formerly 763.020]

824.206 Elimination, relocation or alteration of grade crossing; installation or alteration of protective devices. (1) The Department of Transportation may, upon its own motion or upon application by a railroad or the public authority in interest, subsequent to a hearing, unless a hearing is not required under ORS 824.214, and upon finding that such action is required by the public safety, necessity, convenience and general welfare:

(a) Eliminate a grade crossing by relocation of the highway;

(b) Alter or abolish any grade crossing or change the location thereof, or require a separation of grades at any such crossing;

(c) Alter or change any existing crossing at separated grades; and

(d) Require installation or alteration of protective devices.

(2) The department shall prescribe the time and manner of such alteration, change, installation or alteration, and the terms and conditions thereof. [Formerly 763.030; 1997 c.249 §250; 1997 c.275 §16]

824.208 Authority to fix speeds and regulate sounding of train warning devices at crossings. (1) The power to fix and regulate the speed of railway trains and to regulate the sounding of railway train warning devices at public railroad-highway crossings is vested exclusively in the state.

(2) Upon petition of any public authority in interest or of any railroad or upon the Department of Transportation’s own motion, the Department of Transportation shall, after due investigation and hearing, unless a hearing is not required under ORS 824.214 enter an order fixing and regulating the speed of railway trains or regulating the sounding of railway train warning devices.

(3) The speed limits fixed by the department shall be maximum speed limits and shall be commensurate with the hazards pre-

sented and the practical operation of the trains. [Formerly 763.035]

824.210 Construction and alteration of crossings above or below grade. No highway shall be constructed across the track of any railroad company above or below grade, nor shall the track of any railroad company be constructed across a highway above or below grade, without having first secured the permission of the Department of Transportation. If permission is granted, the department shall, after a hearing, unless hearing is not required under ORS 824.214, prescribe the terms and conditions upon which such crossing shall be made and shall allocate the cost of construction and maintenance. [Formerly 763.040]

824.212 Specifications for construction and maintenance of crossings; application of specifications; priorities; compliance. (1) The Department of Transportation shall adopt regulations prescribing specifications for the construction and maintenance of railroad-highway crossings, both at grade level and at separated grades. The specifications shall be developed in consultation with representatives of cities and counties and shall conform to nationally recognized and commonly used standards to ensure that the crossings are constructed and maintained in a manner that conforms to the public safety, necessity, convenience and general welfare, including but not limited to the projected transportation needs.

(2) Specifications for separate crossings adopted under subsection (1) of this section do not apply to crossings in existence on the effective date of the regulation prescribing the specifications. However, within a reasonable period after the effective date, crossings shall be altered or reconstructed to comply with the regulations in effect at the time of the alteration or reconstruction.

(3) Priorities for such alterations or reconstruction shall be established by the Department of Transportation, based upon the expressed need of the public authority in interest, and upon such other factors as danger or inconvenience to motorists, age of the structure, frequency of reported accidents and degree of noncompliance with regulations.

(4) If the public authority in interest or the railroad company fails to so alter or reconstruct a crossing, the department, after following the procedures specified in ORS chapter 183 for contested cases, may order the alteration or reconstruction and proceed in accordance with ORS 824.216. [Formerly 763.055; 1997 c.249 §251; 1997 c.275 §17]

If the final order of the department, in a proceeding initiated under ORS 824.206 or 824.226 by a city or county, is appealed and the city or county prevails, it shall be entitled to costs and reasonable attorney fees.

(2) The department may adopt rules to govern the procedure, and to regulate the mode and manner of all investigations under ORS 824.204, 824.206, 824.210 to 824.218, 824.224, 824.226 to 824.230, 824.238, 824.240 and 824.256.

(3) The authority granted the department by ORS 824.200 to 824.256 is in addition to and not in lieu of the authority of any city, county or other political subdivision of the state to use other remedies and procedures to provide public highways for the traveling public. [Formerly 763.080; 1997 c.249 §252; 1997 c.275 §18]

(1) The railroad company, public authority or person to whom an order of the Department of Transportation is directed under ORS 824.200 to 824.256 shall comply with such order within such reasonable time as may be prescribed by the department. In case of failure to comply, the department shall thereupon take proceedings to compel obedience to such order.

(2) The circuit court has power in case of all such orders by the department to compel obedience therewith by mandamus, brought in the name of the state, subject, however, to appeal to the Court of Appeals in the same manner and with like effect as provided in cases of appeal from the order of the circuit court. [Formerly 763.090; 1997 c.275 §19]

(b) Upon petition of a person, the department shall investigate and may hold a hearing and, following a hearing, may enter an order fixing and regulating the length of time a public railroad-highway grade crossing may be blocked by railroad equipment.

(3) The time limits fixed by the department shall be maximum time limits and shall be commensurate with reasonable requirements of train and vehicular traffic operations.

(4) Violation of a time limit fixed by the department under this section is punishable by a civil penalty of not less than \$100 nor more than \$3,000 for each offense. [Formerly 763.120; 2001 c.909 §1]

824.223 Authority to regulate distance from grade crossing at which railroad may stop or park equipment; penalty.

(1) The power to regulate the distance from a public railroad-highway grade crossing at which a railroad may stop or park equipment is vested exclusively in the state.

(2)(a) Upon petition of the public authority in interest, or of any railroad or upon the Department of Transportation's own motion, the department shall, after due investigation and hearing, unless hearing is not required under ORS 824.214, enter an order establishing a safe distance from a public railroad-highway grade crossing at which a railroad may stop or park equipment.

(b) Upon petition of a person, the department shall investigate and may hold a hearing and, following a hearing, may enter an order establishing a safe distance from a public railroad-highway grade crossing at which a railroad may stop or park equipment.

(3) In determining what constitutes a safe distance under subsection (2) of this section, the department shall consider issues including, but not limited to, hazards associated with public railroad-highway grade crossings that do not have active protective devices.

(4) Violation of an order issued under subsection (2) of this section is punishable

by a civil penalty of not less than \$100 nor more than \$3,000 for each offense. [2001 c.909 §3]

824.224 When stop signs are to be installed by railroad; exemption; grade crossing alteration, relocation or closure.

(1) At every farm or private grade crossing of a railroad where no automatic grade crossing protective device is installed, the railroad shall cause to be installed and maintained, as a means of protecting the crossing, one or more stop signs.

(2) The Department of Transportation shall, after hearing, unless hearing is not required under ORS 824.214, prescribe the number, type and location of the stop signs and may exempt a farm or private grade crossing if the department finds that the installation of such sign or signs at the crossing would create a hazard or dangerous condition that would not otherwise exist.

(3) After notice to any affected landowner and opportunity for a hearing, unless a hearing is not required under ORS 824.214, the Department of Transportation may alter, relocate or close any farm or private grade crossing on any line designated as a high speed rail system.

(4) If the department decides to alter, relocate or close a farm or private grade crossing in such a manner as to constitute a taking of private property, the department shall exercise its power of eminent domain to acquire such property as is necessary to carry out the decision. A department order under this subsection shall constitute a resolution of necessity for exercise of the department's power of eminent domain.

(5) If the department exercises its power of eminent domain under subsection (4) of this section, the department shall use any combination of state or federal funds allocated for high speed rail systems to pay any settlement with or judgment in favor of an owner of a farm or private grade crossing. The department shall have discretion to determine whether to reach a settlement with an owner of a farm or private grade crossing.

(6) The costs of implementing a department order issued under subsection (3) of this section shall be apportioned to any combination of state or federal funds specifically allocated for high speed rail systems as the department determines appropriate in order to eliminate farm or private grade crossings or to enhance safety at such crossings. [Formerly 763.130; 1997 c.249 §255; 1997 c.275 §20]

824.226 Dangerous grade crossings; notice; hearing; order to install protective devices; apportioning of cost.

(1) The Department of Transportation on its own motion may, or upon application by the com-

mon council or mayor of any city, or any county judge or county commissioner or county roadmaster, or by five or more residents and taxpayers in any city, county or road district to the effect that a public highway and a railroad cross one another in such city, county or road district at the same level, and that such grade crossing is unsafe and dangerous to travelers over such highway or railroad, shall, give notice to the railroad company, of the filing of such application, and furnish a copy of the same to the railroad company, and order a hearing thereon in the manner provided for contested case hearings under ORS chapter 183.

(2) If upon such hearing it appears to the satisfaction of the department that the crossing complained of is unsafe and dangerous to human life, the department may order the crossing closed or order and direct the railroad or public authority to install and maintain proper protective devices, and establish a date by which such devices are to be installed and placed into operation. The department shall apportion the installation and maintenance costs thereof in accordance with ORS 824.242 to 824.246, and, notwithstanding the provisions of ORS chapter 183, shall suspend the effective date of the order until the public authority in interest has consented to the apportionment and has agreed to comply therewith. [Formerly 763.170; 1997 c.275 §21]

824.228 Procedure for determining mode of track crossing of intersecting railroads. (1) Whenever it becomes necessary for the track of one railroad to cross the track of another railroad, the Department of Transportation shall ascertain and define either on the application of a railroad or on its own motion and after notice to the affected railroads, in the manner provided for contested cases in ORS chapter 183, the mode of such crossing that occasions the least probable injury upon the safety, welfare and interests of the public and the rights of the company owning the road that is intended to be crossed.

(2) The department shall also determine the compensation to be paid by the railroad so seeking to cross the other, if the railroads are unable to agree thereon, and the points and manner of such connection.

(3) If it appears to the department that it is reasonable and practicable to avoid a grade crossing, the department shall by order prevent the same, and shall prescribe the manner of such crossing.

(4) If any railroad seeks to cross at grade with its tracks the tracks of another railroad, the railroad seeking to cross at grade shall be compelled to pay all damages caused

by such crossing, and to interlock or protect such crossing by safety devices to be designated by the department, and to pay all costs of appliances, together with the expenses of putting them in and maintaining them. This requirement does not apply to crossings of sidetracks. [Formerly 763.180; 1997 c.275 §22]

824.230 Installation of protective devices where railroads intersect at grade.

(1) In any case where the tracks of two or more railroads cross each other at a common grade in this state, the railroads, when ordered by the Department of Transportation, shall protect such crossings by interlocking or other safety devices, under regulations to be designated by the department, to prevent trains colliding at such crossings. An order may be issued under this section only after notice to the affected railroads and a proceeding under ORS chapter 183 initiated by the department on its own motion or upon application by one of the railroads.

(2) The department in making such order shall designate the manner of such interlocking protection, and shall apportion the cost of installing and maintaining the same between the several railroads, if such railroads are unable to agree upon the same between themselves. [Formerly 763.190; 1997 c.275 §24]

824.232 Forfeiture for noncompliance.

Any company, corporation, person or receiver operating any railroad who neglects to comply with any order made by the Department of Transportation pursuant to ORS 824.228 or 824.230 shall forfeit and pay to the state a penalty of \$500 per week for each week of such neglect. [Formerly 763.200]

824.234 Use of findings of department regarding hazards at crossings. The terminations of the Department of Transportation under ORS 824.200 to 824.256 as to hazards at crossings shall not be admissible in any civil action for damages. [Formerly 763.210]

824.236 Protective devices at unauthorized railroad-highway crossing; apportionment to railroad; reimbursement; closure.

(1) Except as provided in subsection (2) of this section, the Department of Transportation may, under ORS 823.033, order a railroad to install and maintain protective devices at an unauthorized railroad-highway crossing and order the public authority in interest to install and maintain stop signs at and other protective devices in advance of an unauthorized railroad-highway crossing.

(2) The department may not order the railroad to install at an unauthorized railroad-highway crossing devices which are activated immediately in advance of, and during, each train movement over the crossing unless the department determines that

the railroad intentionally created the unauthorized crossing after June 2, 1995.

(3) Except as provided in subsection (4) of this section, in any proceeding under subsections (1) and (2) of this section, or unless the parties agree otherwise, installation and maintenance costs of protective devices shall be apportioned to the railroad.

(4) The railroad may seek reimbursement or indemnity from third parties.

(5) Under ORS 823.033, the department may open an investigation to consider closure of an unauthorized railroad-highway crossing. If the department decides to open an investigation, it shall post notice of the investigation at the crossing at least 30 days prior to opening the investigation. If the department is unable to complete an investigation within two years from the date it was opened, the department shall order the crossing closed within one year from the expiration of the two-year period allowed for investigation unless closure of the unauthorized railroad-highway crossing would remove the only access to any land. [Formerly 763.220; 2003 c.145 §3]

824.237 Prohibition on disbursement from Multimodal Transportation Fund to railroad that charges for easement across railroad crossing; Benton and Linn Counties. (1) Notwithstanding ORS 367.082, a railroad company may not receive, directly or indirectly, a grant or loan of moneys from the Multimodal Transportation Fund established in ORS 367.080 if the railroad company charges a landowner for an easement to cross a railroad that is necessary for the landowner to access the landowner's property.

(2)(a) This section applies only to a railroad company that operates a railroad located wholly within the boundaries of Benton and Linn Counties.

(b) The provisions of this section do not apply to a railroad company that was imposing and collecting the charge before January 1, 2013.

(3) Rules adopted by the Department of Transportation under ORS 367.082 relating to applications for grants or loans of moneys from the Multimodal Transportation Fund must provide for notice to applicants of the restrictions imposed by this section.

(4) If the department determines that a railroad company has charged a landowner for an easement in violation of this section, the department may not thereafter make any further grants or loans of moneys from the Multimodal Transportation Fund that would benefit the railroad company. [2013 c.765 §5]

COST APPORTIONMENTS

824.238 Division of costs between railroad and public authority. The following costs shall be divided between the railroad and the public authority in interest in such proportion as the Department of Transportation finds just and equitable under the circumstances in each case:

(2) Any public authority in interest acting through its governing body may, at its option, by agreement with the Department of Transportation, bear a share of the expense of constructing any railroad crossing above or below grade on a state highway.

(3) If federal funds allocated specifically for removal of hazards at hazardous railroad-highway crossings are available for any part of the work to be performed, the Department of Transportation shall cause such funds to be used for such purposes. [Formerly 763.260]

824.242 Apportionment of costs for installation of protective devices. In any grade crossing proceeding arising under ORS 824.204, 824.206 or 824.226, unless the parties agree otherwise, installation costs of protective devices shall be apportioned as follows:

(1) At an existing crossing, a crossing relocated pursuant to ORS 824.206 or 824.226, or a crossing previously closed by order of the Department of Transportation and reopened in a proceeding under ORS 824.204:

(a) For devices to be installed at or in advance of the crossing and which are activated immediately in advance of, and during, each train movement over the crossing:

(A) Seventy-five percent to the Grade Crossing Protection Account;

(B) Twenty-five percent to the public authority in interest for such devices to be installed by it at or in advance of the crossing; or

(C) Twenty-five percent to the railroad company for such devices to be installed by it at the crossing.

(2) Except as provided in subsection (4) of this section, at a new crossing requested by a public authority, 100 percent of the installation costs shall be paid by the public authority in interest.

(3) Except as provided in subsection (4) of this section, at a new crossing requested by a railroad company, 100 percent of the installation costs shall be paid by the railroad company.

(4) If the Department of Transportation converts an unauthorized railroad-highway crossing to a crossing authorized under ORS 824.204, the department shall apportion installation costs of protective devices as provided in subsection (1) of this section, or, if federal funds are available, installation costs may be apportioned as provided in ORS 824.250. [Formerly 763.271]

824.244 Apportionment of costs for maintenance of protective devices. Unless the parties agree otherwise, maintenance cost of protective devices at grade crossings installed pursuant to ORS 824.204, 824.206 or 824.226 shall be apportioned as follows:

(1) One hundred percent to the railroad company for devices at the crossing actually installed and maintained by the railroad.

(3) Fifty percent to the railroad company, and 50 percent to the public authority in interest, for devices at the crossing installed and maintained by the public authority which are primarily designed for the purpose of illuminating the crossing during hours of darkness and which are not activated immediately in advance of, or during, each train movement. [Formerly 763.273]

824.246 Apportionment of costs of crossing closure. If in any grade crossing proceeding arising under ORS 824.204, 824.206 or 824.226, the Department of Transportation requires the closure of any existing crossing within the jurisdiction of the public authority in interest, the department may apportion to the railroad company, for such crossing closed, an amount not to exceed five percent of the cost of installation of protective devices at any new or other existing crossing within the jurisdiction of the public authority in interest. Any additional costs paid by the railroad company shall reduce the share otherwise apportionable to the public authority in interest. [Formerly 763.275]

824.248 Apportionments for crossings above or below grade. In any proceeding involving a crossing above or below grade arising under ORS 824.206 or 824.210, unless the parties agree otherwise, the cost of construction, reconstruction, or alteration of such crossings shall be apportioned as follows:

In the event any protective device is to be installed or altered at an existing or relocated crossing or any reconstruction or alteration is made at an existing separation structure, with the aid of any federal funds administered by the Federal Highway Administration of the United States Department of Transportation, the Oregon Department of Transportation shall, unless the parties agree otherwise:

(1) Apportion the amount of such federal funds to payment of installation, reconstruction, or alteration costs; and

(2) Apportion the remaining costs of installation, reconstruction, alteration, and maintenance as provided by ORS 824.238 and 824.242 to 824.248; however, in a case where the federal fund assistance equals or exceeds 75 percent of the cost of installing, altering and reconstructing protective devices at an existing or relocated crossing, the remaining costs, except for maintenance costs, may be allocated entirely to the Grade Crossing Protection Account. [Formerly 763.290]

824.252 Procedure when disagreement as to apportionment exists. (1) In any proceeding under ORS 824.206 or 824.226, where the application to the Department of Transportation states that the parties are not in agreement as to apportionment of costs, but the applicant is willing to advance the amount of money reasonably necessary to enable the respondent to complete the work which must be done by it or the amount reasonably necessary is available and can be advanced from the Grade Crossing Protection Account, the department shall set the application for hearing as soon as the calendar of the department permits on the questions of:

- (a) The necessity for the project;
- (b) The approval of the location and the engineering plans, including provisions for handling traffic during construction and the work to be performed by each party; and
- (c) The sum to be advanced by the applicant or the account for the work to be done by the respondent.

(2) The Department of Transportation shall render as promptly as possible an interim order, effective within 20 days on such questions, reserving for later hearing and decision the question of the apportionment of costs. The interim order shall also direct the respondent to proceed upon receipt of the sum to be advanced by the applicant or the account without delay to perform the work to be done by respondent, integrating the work with that of the applicant or its contractor in such manner that neither will unreasonably obstruct or delay the work of the other, to the end that the people of the state may have the use of the project at the earliest possible date.

(3) In the final order apportioning costs, the sum advanced by the applicant or the account shall be credited against its share of the costs. In the final order there shall also be credited against applicant's share of the costs any increase in the costs found by the Department of Transportation to be directly attributable to respondent's willful failure or refusal, after the effective date of the interim order, to proceed with its own work or to integrate the work with that of applicant or its contractor. [Formerly 763.300]

824.254 Reimbursement procedure for railroad and public authority. (1) Upon issuance of an order apportioning costs to the Grade Crossing Protection Account, the railroad company or the public authority in interest may submit to the Department of Transportation progress claims, not to exceed 80 percent of the apportionment, for reimbursement for the cost of labor, and other services provided to date of billing, and for the costs of materials stockpiled at the project site or specifically purchased and delivered for use on the project. Upon completion of the construction, reconstruction or alteration of a crossing, or of the installation or alteration of grade crossing warning or safety devices at a crossing, the railroad company or the public authority in interest shall present to the department for approval its claim for reimbursement for the costs thereof in the amount apportioned to the Grade Crossing Protection Account less progress payments previously made. When a claim is approved, the department shall, as funds become available, order the claim paid from the account.

(2) The department may make such audit as the department considers necessary before or after each such disbursement for the purpose of determining that the money is expended for the purposes and under the conditions authorized by ORS 824.242 to 824.248. By presentation of its claim, the railroad company and the public authority consent to make pertinent records showing costs of labor and materials available to the department.

(3) Notwithstanding subsection (1) of this section, upon issuance of an order apportioning costs to the Grade Crossing Protection Account, and upon agreement with the Department of Transportation, the railroad company or public authority in interest shall submit an estimate of the costs of the project. The railroad company or public authority in interest may submit statements for lump-sum reimbursement from the account during and at the completion of the construction, reconstruction or alteration of a crossing, or of the installation or alteration of a grade crossing warning or safety device at a crossing. [Formerly 763.310; 1997 c.249 §256; 1999 c.596 §1]

824.256 Expense contributed by public held in trust by railroad company. Any portion of the cost or expense that is contributed or borne by any public authority under ORS 824.200, 824.204, 824.206, 824.210 to 824.218 and 824.226 shall forever be considered as held in trust by the railroad company receiving the same or the benefits thereof, and no part thereof shall be considered a part of the value of the property of

the railroad company upon which it is entitled to receive a return. [Formerly 763.320]

824.258 [Formerly 763.900; repealed by 1997 c.249 §257]

824.300 Required crews on trains; exception. No person or officer of court operating any railroad or railway in this state engaged as a common carrier in the transportation of freight or passengers shall operate over its road, or any part thereof, in excess of 15 continuous miles, or suffer or permit to be run over the same, outside of yard switching limits, any passenger, mail or express train propelled by any form of motive power and consisting of four or more cars with less than a full passenger crew consisting of one engineer, one apprentice engineer, one conductor, one brakeman and one flagger. None of said crew shall be required or permitted to perform the duties of train baggage handler or express messenger while on such road. This section shall not apply to operations in which lesser crew requirements are established by agreement between the common carrier and the organizations representing railroad employees. [Formerly 764.110; 1997 c.249 §258]

824.302 Qualification of flagger. The flagger in the crews required under ORS 824.300 shall have had at least six months' experience in train service. [Formerly 764.130; 1997 c.249 §259]

824.304 Guarding frogs, switches and guardrails. (1) Every person owning or operating a railroad in this state, shall so adjust, fill, block and securely guard the frogs, switches and guardrails of their roads as to protect and prevent the feet of employees and other persons from being caught therein.

(2) Any person owning or operating a railroad in this state shall be liable for any damage caused from a failure to comply with this section. [Formerly 764.140]

824.306 Shelter of car repairers. (1) No person owning, controlling or operating any line of railroad in this state shall build, construct, reconstruct or repair railroad car equipment or motive power in the state without first erecting and maintaining at every division terminal, or other point where five employees or more are regularly employed on such work, a shed over a sufficient portion of the tracks used for such work, so as to provide that all employees regularly employed in such work are sheltered and protected from rain and other inclement weather.

(2) This section does not apply at points where fewer than five employees are regularly employed in such work, nor at points

where it is necessary to make light repairs only on equipment or motive power, nor to equipment loaded with time or perishable freight, nor to equipment when trains are being held for the movement of equipment. As used in this subsection, "light repairs" does not include repairs usually made in roundhouse, shop or shed upon well-equipped railroads. [Formerly 764.150]

824.308 Railroads to provide first aid training for employees. (1) Every railroad operating in this state shall provide to any employee who is an engineer, conductor or yard foreman a first aid training course that conforms to standards at least equivalent to the American Red Cross eight-hour first aid training course and cardiopulmonary resuscitation course.

(2) Railroads shall bear all costs incurred for the first aid training course described in subsection (1) of this section and shall pay wages to employees who are attending the course. [Subsection (1) formerly 764.170; subsection (2) formerly 764.180]

824.310 Immunity from liability of persons providing first aid treatment. No person may recover in an action against a railroad or employee who has received the first aid training described in ORS 824.308 (1) for any damages directly or indirectly resulting from first aid treatment rendered by such employee unless the complaining party establishes that the treatment violates the standards of reasonable care under the circumstances including the existence of emergency conditions in which the treatment was rendered. [Formerly 764.190]

824.312 [Formerly 764.900; repealed by 1997 c.249 §260]

824.314 [Formerly 764.990; repealed by 1997 c.249 §260]

OREGON VEHICLE CODE

GENERAL PROVISIONS

825.005 Definitions. As used in this chapter:

(1) "Carrier" or "motor carrier" means for-hire carrier or private carrier.

(2) "Cartage carrier" means any person who undertakes to transport any class of property by motor vehicle for compensation when the transportation is performed wholly within an incorporated city or a commercial zone adjacent to an incorporated city.

(3) "Certificate" means an authority issued to a for-hire carrier under ORS 825.110.

(4) "Combined weight" means the weight of the motor vehicle plus the weight of the maximum load which the applicant has declared such vehicle will carry. Any declared combined weight is subject to audit and approval by the Department of Transportation. The combined weight of motor buses or bus trailers is the light weight of the vehicle plus the weight of the maximum seating capacity including the driver's seat estimated at 170 pounds per seat, exclusive of emergency seats, except that transit-type motor vehicles may use 150 pounds per seat in determining combined weight. In cases where a bus has a seating capacity which is not arranged for separate or individual seats, 18 lineal inches of such capacity shall be deemed the equivalent of a passenger seat.

(5) "Department" means the Department of Transportation.

(6) "Extreme miles" or "extreme mileage" means the total miles operated by a vehicle over the public highways, except the extra miles necessarily operated in traversing detours or temporary routes on account of road blockades in the state.

(7) "For-hire carrier" means:

(a) Any person who transports persons or property for hire or who publicly purports to be willing to transport persons or property for hire by motor vehicle; or

(b) Any person who leases, rents or otherwise provides a motor vehicle to the public and who in connection therewith in the regular course of business provides, procures or arranges for, directly, indirectly or by course of dealing, a driver or operator therefor.

(8) "Household goods" means the personal effects or other property used or to be used in a dwelling but does not include property transported from a store or factory or property exclusively for office use.

(9) "Motor vehicle" means any self-propelled vehicle and any such vehicle in combination with any trailing units, used or physically capable of being used upon any public highway in this state in the transportation of persons or property, except vehicles

operating wholly on fixed rails or tracks and electric trolley buses. "Motor vehicle" includes overdimension vehicles or vehicles permitted excessive weights pursuant to a special authorization issued by a city, county or the Department of Transportation.

(10) "Permit" means an authority issued to a carrier under ORS 825.102, 825.106, 825.108 or 825.127.

(11) "Private carrier" means any person who operates a motor vehicle over the public highways of this state for the purpose of transporting persons or property when the transportation is incidental to a primary business enterprise, other than transportation, in which such person is engaged.

(12) "Privilege taxes" means the weight-mile tax and fees prescribed in this chapter.

(13) "Property" includes, but is not limited to, permanent loads such as equipment, appliances, devices, or ballast that are attached to, carried on, or made a part of the vehicle and that are designed to serve some functional purpose.

(14) "Public highway" means every street, alley, road, highway and thoroughfare in this state used by the public or dedicated or appropriated to public use.

(15) "Safe for operation" means mechanical safety and compliance with rules regarding equipment and operation as are specified by law or by rule of the Department of Transportation.

(16) "Transit-type motor vehicle" means any passenger-carrying vehicle that does not have a separate space for transporting baggage or express.

(17) "Transporter" has the meaning given that term in ORS 466.005. [Formerly 767.005; 1997 c.275 §34; 2003 c.754 §1; 2007 c.465 §8; 2009 c.433 §1]

825.007 Policy. (1) The business of operating as a motor carrier of persons or property for hire upon the highways of this state is declared to be a business affected with the public interest. It is hereby declared to be the state transportation policy to do the following:

(a) Promote safe, adequate, economical and efficient service and to promote the conservation of energy.

(b) Promote sound, economic conditions in transportation.

(c) Encourage the establishment and maintenance of reasonable rates for transportation services, without unjust discriminations, undue preferences or advantages or unfair or destructive competitive practices.

(d) Provide specific state action immunity against all antitrust claims and prosecution in those instances when carriers lawfully de-

velop, publish and charge rates relating to the transportation of persons or household goods and joint line rates relating to the transportation of other property and provide services specifically prescribed and subject to regulation by the Department of Transportation and in those instances when carriers lawfully engage in prior consultation for purposes described in this paragraph.

(2) The volume of motor carrier traffic presents dangers and hazards on public highways and make it imperative that:

(a) Stringent rules be employed, to the end that the highways may be rendered safe for the use of the general public;

(b) The wear of such highways be controlled;

(c) A minimum of inconvenience to other users of the highways be effected;

(d) A minimum hindrance and stoppage to other users of the highways compatible with needs of the public for adequate transportation service, be effected;

(e) The highways be safeguarded from improper or unnecessary usage;

(f) Operation by irresponsible persons or any other operation threatening the safety of the public or detrimental to the general welfare be prevented;

(g) Congestion of traffic on the highways be minimized;

(h) The various transportation agencies of the state be adjusted and correlated so that public highways may serve the best interest of the general public; and

(i) A method of assessing privilege taxes be provided to enable the further construction of highways and to provide for the operation, preservation and maintenance of highways already built.

(3) The legislature hereby declares that to effect the ends and purposes listed in this section, this chapter is adopted. [Formerly 767.020]

825.010 Compliance with chapter required. No for-hire carrier or private carrier shall operate any motor vehicle for the transportation of persons or property, or both, on any public highway in this state except in accordance with the provisions of this chapter. [Formerly 767.040; 1997 c.275 §35]

ECONOMIC AND SAFETY REGULATION (Applicability)

825.015 Nonapplicability of chapter to certain vehicles used in nonprofit transportation of passengers. (1) Except as provided in ORS 825.030, this chapter does not apply to motor vehicles with a seating ca-

capacity of less than 16 persons while used in nonprofit operation for commuting to job, job training or educational facilities.

(2) For the purposes of this section, "nonprofit operation" means a voluntary commuter ridesharing arrangement that may charge a fee to defray expenses but remains nonprofit in its operation without reference to any entity that may sponsor it. In establishing the fee, the following items may be included as expenses:

(a) The cost of acquiring the vehicle;

(b) Insurance;

(c) Maintenance of the vehicle;

(d) Fuel; and

(e) Other reasonable expenses attributable to use of the vehicle for ridesharing purposes. [Formerly 767.022; 2007 c.31 §2]

825.017 Nonapplicability of chapter to certain persons and vehicles. Except as provided in ORS 825.026 and 825.030, this chapter does not apply to the persons or vehicles described in this section. The exemption under this section applies to the following persons and vehicles:

(1) Vehicles being used by, or under contract with, any school board, district or person responsible for the administration of elementary or secondary school activities, and engaged exclusively in transporting students or combinations of students and other persons to or from school, to or from authorized school activities or other activities sponsored by the State Board of Higher Education, or for purposes provided under ORS 332.427. This exemption shall not be affected by the charging of a fee to cover the costs of the transportation.

(2) Vehicles being used in a taxicab operation if the vehicle:

(a) Is a passenger vehicle with a passenger seating capacity that does not exceed five;

(b) Carries passengers for hire where the destination and route traveled may be controlled by a passenger and the fare is calculated on the basis of any combination of an initial fee, distance traveled or waiting time; and

(a) The applicant is not capable of conducting the transportation service contemplated, in compliance with the law and rules of the department.

(b) The applicant is or has been a repeated and intentional violator of the provisions of this chapter, of ORS chapter 818 or of the rules of the department. This paragraph does not apply to violations for which an applicant has been penalized under subsection (3) of this section.

(c) The information contained in the application pertaining to ownership, possession or control of the equipment or operation to be conducted is false.

(3) A person whose application has been denied under subsection (2) of this section is not eligible to renew the application or to operate or participate directly or indirectly in the proposed operation for a period of time ordered by the department. The period of time ordered by the department under this subsection shall in no event be less than a period of six months from the date application has been denied and shall continue until the applicant has complied with any other penalties ordered by the department under this or other provisions of this chapter. An applicant may renew an application without prejudice by past violations after the penalty period under this subsection.

(4) Upon request, any person whose application has been denied under subsection (2) of this section shall be granted a hearing. This subsection does not require a separate or additional hearing for applicants if the issues are addressed as part of any hearing on the application. After the hearing, the department shall grant or deny the application in conformity with the findings.

(5) Subsection (2) of this section shall be strictly construed for purposes described in this subsection and shall control over any other purposes or policy considerations under the laws relating to motor carriers. The department shall exercise the authority granted under subsection (2) of this section to assure that persons described in subsection (2)(b) of this section:

(a) Achieve an awareness of and respect for the provisions of this chapter, ORS chapter 818 and rules of the department.

(b) Do not legitimize activities that violate this chapter, ORS chapter 818 or the rules of the department by applying for and receiving any operating authority to continue previously unlawful activities.

(6) If the department determines that a carrier issued authority under this chapter is not providing requested transportation services that are within the authority of the carrier, the department shall limit the authority of the carrier to service that the carrier is actually providing unless the carrier provides full transportation services permitted under the carrier's authority. [Formerly 767.130; 1997 c.722 §4; 2009 c.433 §9]

825.137 Cancellation, revocation or suspension of authority, generally. (1) Certificates and permits when issued shall be valid until suspended or revoked when the carrier is found by the Department of Transportation to be in violation of this chapter or ORS chapter 818. A variance permit issued under ORS chapter 818 shall be valid for the length of time for which it is issued unless prior to that time the permit is suspended or revoked by the Department of Transportation for violation of this chapter or ORS chapter 818.

(2) Certificates or permits, or variance permits issued pursuant to ORS chapter 818, may be suspended or canceled by the department based upon the department's own motion after notice and hearing, when the certificate or permit holder:

(a) Or agents or employees of the holder have repeatedly violated this chapter or other highway or motor laws of this state. In applying this paragraph the department may consider violations by agents or employees of the holder that occurred prior to the time they became agents or employees of the

holder, but only if the agent or employee has a substantial interest or control, directly or indirectly, in or over the operation of the holder.

(b) Has repeatedly violated or avoided any order or rule of the department.

The department in these cases may also, in the discretion of the department, restrict the certificate to conform with operations performed that were required by the public convenience and necessity.

(f) Has not, except for reasons beyond the control of the holder, transported property or persons authorized by the permit for a period exceeding one year immediately preceding the filing of the complaint in the proceeding.

(h) Has failed to appear for hearing after notice that the certificate or permit is under investigation.

(i) Has filed with the department an application which is false with regard to the ownership, possession or control of the equipment being used or the operation being conducted.

(3) The department shall not suspend or revoke a certificate or permit of a vehicle or person described in ORS 825.020 unless the person or vehicle is in violation of this section and ORS 825.139, 825.141, 825.160, 825.164, 825.166, 825.168, 825.210 (1) and (3), 825.212, 825.450, 825.454, 825.470, 825.472, 825.474, 825.476, 825.480, 825.484, 825.488, 825.490, 825.492, 825.494, 825.496, 825.498, 825.504, 825.506, 825.507, 825.508 or 825.515. [Formerly 767.190; 1997 c.275 §37; 1997 c.722 §5; 1999 c.59 §249]

825.139 Suspension or cancellation of authority for tax delinquency or failure to file bond; notice; hearings. (1) A certificate or permit is subject to suspension or cancellation, if the holder thereof:

(a) Is delinquent in reporting or paying any fees, taxes or penalties due the Department of Transportation, whether imposed under this chapter or under ORS chapter 826; or

(b) Has refused or failed, within the time provided, to file a deposit or bond requested under ORS 825.506.

(2) A written 10-day notice of suspension shall be given to the certificate or permit holder and unless a hearing is requested within such time, the certificate or permit shall be deemed suspended without further notice or hearing until the report, payment, bond or deposit is filed with the department.

(3) Upon a written 10-day notice by the department, a certificate or permit may be suspended or canceled for any of the reasons set forth in subsection (1) of this section. If the certificate or permit is suspended, the filing of the report, payment, bond or deposit will not reinstate the authority until the suspension period has expired, except on order of the department. [Formerly 767.786; 1997 c.275 §38; 2001 c.567 §9]

In addition to any other requirements of this chapter, a carrier whose operating authority has been suspended shall pay a reinstatement fee of \$25 to the Department of Transportation before the operating authority may be reinstated, plus \$5 for each vehicle receipt outstanding under the carrier's authority at the time of suspension, if the suspension has been in effect more than 30 days. However, if the suspension has been in effect for 30 days or less, in addition to the reinstatement fee of \$25 the carrier only need pay \$5 for each receipt it does not surrender upon application for reinstatement of the authority. (Insurance)

825.160 Liability insurance of carriers.

(1) A person may not operate as a motor carrier on public highways of this state until the person has in effect a policy of public liability and property damage insurance.

(2) Insurance required under this section shall be provided at minimum limits the Department of Transportation by rule may prescribe, and upon such terms, conditions and provisions as the department may determine to be necessary for the reasonable indemnifi-

cation of the patrons of the applicant and of the public against damage and injury for which the applicant may be liable by reason of the operation of any motor vehicle. However, the insurance policy required of a carrier or persons engaged solely in interstate commerce need not provide for the protection of their patrons.

(3) In fixing the amount of the insurance policy the Department of Transportation shall give due consideration to the character and amount of traffic, the number of persons involved and the degree of danger which the proposed operation involves. [Formerly 767.195; 2007 c.465 §9]

825.162 Cargo insurance. (1) A certificate or permit may not be issued to any person to operate intrastate as a for-hire carrier of freight or express until the person has in effect cargo insurance in such penal sum as the Department of Transportation may deem necessary to protect adequately the interests of the public. This policy shall bind the assurer for loss of, or damage to, property carried in, upon or attached to the motor vehicles or other equipment operated by, for or under the control of the assured, or while in the care or custody of the assured.

(2) The department may waive the requirement of cargo insurance for any carrier whose service is limited to commodities not subject to material damage or loss through ordinary transportation hazards. [Formerly 767.200; 2011 c.73 §1]

825.164 Rules for compliance with ORS 825.160 and 825.162; notice prior to cancellation of insurance; suspension of authority when insurance inoperative. (1) The Department of Transportation by rule shall establish a system for determining how motor carriers demonstrate compliance with the insurance requirements of ORS 825.160 and 825.162. The system may require certification of compliance by the carrier or the filing of a policy with the department and may require different acts of compliance based on class of carrier or experience. The system shall also specify what acts constitute failure to comply for purposes of revocation or suspension of the carrier's authority.

(2) An insurance policy furnished under ORS 825.160 or 825.162 may not be canceled or otherwise terminated at any time prior to its expiration until the entity that executed the policy has filed with the department a notice of cancellation as provided in the policy. The cancellation is effective not less than 30 days from the date of receipt, and no agreement between the parties thereto shall operate to avoid this restriction upon cancellation.

(3) If any insurance policy required under ORS 825.160 or 825.162 becomes inoperative, the authority under the certificate or permit involved shall cease and be suspended insofar as it pertains to any affected vehicles until an insurance policy meeting the requirements of ORS 825.160 and 825.162 becomes effective and is accepted by the department. [Formerly 767.205; 2011 c.73 §2]

825.166 Deposit of securities or letter of credit. (1) In lieu of the insurance policy or surety bond, the holder of any certificate or permit may file with the Department of Transportation an irrevocable letter of credit issued by an insured institution, as defined in ORS 706.008, or money, bank or savings and loan savings certificates, or bonds, negotiable by delivery, of the State of Oregon, school districts therein, or of any county therein, or obligations of the United States, or obligations for which the faith of the United States is pledged for the payment of both the principal and interest, equal in amount to the amount of the insurance policy or bond required by the department.

(2) So long as the deposit remains unencumbered the depositor is entitled to collect the interest upon such securities.

(3) The department shall hold the securities or letter of credit upon such terms as the department shall designate and approve pursuant to the provisions of this chapter, and shall deliver such securities or letter of credit to the State Treasurer, who shall receive and hold them subject to the lawful orders of the department. The State Treasurer and the surety or letter of credit issuer of the treasurer shall be liable upon the official bond or letter of credit for their safekeeping. The depositors shall reimburse the State Treasurer for any expenses incurred by the treasurer in the mailing, insuring, shipping or delivering of any such securities or letter of credit, or of the interest coupons attached thereto as they mature.

(4) Such substituted security or letter of credit shall be subject to the liabilities imposed by the terms of the policy of insurance or surety bond or letter of credit then currently used by the department.

(5) If the securities or letter of credit provided for in this section are furnished in lieu of an insurance policy or bond, they shall not be subject to withdrawal or assignment by the holder of the certificate or permit, either voluntarily or by operation of law, until the expiration of one year after the holder of the certificate or permit, in connection with which they are furnished has:

(a) Substituted therefor a policy of insurance as provided in ORS 825.160 and 825.162;

(b) The certificate or permit canceled; or

(c) Surrendered such certificate or permit to the department for cancellation and has ceased operation thereunder.

(1) Any for-hire carrier, engaged in interstate or interstate and intrastate operations within the State of Oregon, which is or becomes qualified as a self-insurer with the United States Department of Transportation in accordance with laws of the United States applicable to self-insurance by motor carriers, is exempt, so long as such qualification remains effective, from the provisions of ORS 825.160 to 825.166.

(2) The Department of Transportation may require proof of the existence and continuation of exempt status to be made by affidavit of the carrier in a form and at the times as the department may prescribe. [Formerly 767.215; 2007 c.465 §10]

825.170 Prohibited indemnification provisions in motor carrier transportation contracts; exceptions. (1) Except as provided under subsections (2) and (3) of this section, any provision in a motor carrier transportation contract that requires either party or either party's surety or insurer to indemnify or hold harmless the other party against liability for death, personal injury or property damage caused in whole or in part by the negligence or intentional acts or omissions of the other party is void.

(2) This section does not affect any provision in a motor carrier transportation contract that requires either party or either party's surety or insurer to indemnify another person against liability for death, personal injury or property damage that arises out of the fault of the indemnitor, or the fault of the indemnitor's agents, representatives or subcontractors.

(3) This section does not apply to any Uniform Intermodal Interchange and Facilities Access Agreement administered by the Intermodal Association of North America or any other agreement providing for the interchange, use or possession of intermodal chassis, intermodal containers or other intermodal equipment.

(4) As used in this section, "motor carrier transportation contract" means any written agreement for:

(d) A person applying for a change in a permit shall pay a fee of \$50.

(e) A person applying for transfer of a certificate shall pay a fee of \$300.

(f) A person making an application under any provision of this chapter not specified in this subsection shall pay a fee of \$150 if the matter is set for a hearing.

(2) The Department of Transportation may refund the fees collected under this section if the applicant parties or their duly authorized representatives make written request therefor, if:

(a) Request for withdrawal of the application was received by the department no later than five days before the hearing date or if no hearing is required, such request must have been received prior to issuance of authority; and

(b) The department finds that:

(A) Applicant is not eligible to file application;

(B) Certificate authority is not needed for the service intended;

(C) Applicant's death or serious illness precludes conducting the operations for which application was made; or

(D) Transferor withdraws consent for transfer of certificate.

(3) When the department fixes a time and place for a hearing as required by ORS 825.110 (1), if any person who protested fails to appear at the hearing and failed to withdraw the protest at least five days before the date of the hearing, the department may require such person to pay a sum equal to the application fee required by this section.

Such carrier shall forthwith comply with such orders.

(f) The carrier's ability to render service would not be adversely affected; and

(g) It is not otherwise adverse to the public interest to exclude such area from regulation.

(2) If the department finds in a future rulemaking proceeding that adequate service is not being provided or that the public interest demands that the exemption be removed, the department shall remove the exemption and require the affected cartage carriers to comply with the provisions of this chapter.

(3) Within 90 days after the effective date of the order removing the exemption, carriers who operated within the local cartage area for at least six consecutive months immediately preceding the effective date of the order may file with the department an application for operating authority. The application shall be accompanied by evidence of qualified operations in the local cartage area. If the department finds that the applicant has engaged in qualified operations in the area, the department shall issue an appropriate certificate authorizing the carrier to provide service within the area. (2) The fee imposed under this section on each carrier may not exceed 0.1 percent of the carrier's gross operating revenue derived from transportation of household goods within this state in the prior calendar year, except that the fee may not be less than \$100. A for-hire carrier of household goods in

its first year of operation shall pay a fee of \$100.

825.480 Substitute taxes for certain vehicles. (1)(a) In lieu of other fees provided in ORS 825.474, carriers engaged in operating motor vehicles in the transportation of logs, poles, peeler cores or piling may pay annual fees for such operation computed at the rate of seven dollars and fifty-nine cents for each 100 pounds of declared combined weight.

(b) Any carrier electing to pay fees under this method may, as to vehicles otherwise exempt from taxation, elect to be taxed on the mileage basis for movements of such empty vehicles over public highways whenever operations are for the purpose of repair, maintenance, servicing or moving from one exempt highway operation to another.

(2) The annual fees provided in subsections (1), (4) and (5) of this section may be paid on a monthly basis. Any carrier electing to pay fees under this method may not change an election during the same calendar year in which the election is made, but may be relieved from the payment due for any month on a motor vehicle which is not operated. A carrier electing to pay fees under this method shall report and pay these fees on or before the 10th of each month for the preceding month's operations. A monthly report shall be made on all vehicles on the annual fee basis including any vehicle not operated for the month.

(3)(a) In lieu of the fees provided in ORS 825.470 to 825.474, motor vehicles described in ORS 825.024 with a combined weight of less than 46,000 pounds that are being operated under a permit issued under ORS 825.102 may pay annual fees for such opera-

tion computed at the rate of six dollars and twenty-three cents for each 100 pounds of declared combined weight.

(b) The annual fees provided in this subsection shall be paid in advance but may be paid on a monthly basis on or before the first day of the month. A carrier may be relieved from the fees due for any month during which the motor vehicle is not operated for hire if a statement to that effect is filed with the Department of Transportation on or before the fifth day of the first month for which relief is sought.

(4)(a) In lieu of other fees provided in ORS 825.474, carriers engaged in the operation of motor vehicles equipped with dump bodies and used in the transportation of sand, gravel, rock, dirt, debris, cinders, asphaltic concrete mix, metallic ores and concentrates or raw nonmetallic products, whether crushed or otherwise, moving from mines, pits or quarries may pay annual fees for such operation computed at the rate of seven dollars and fifty-three cents for each 100 pounds of declared combined weight.

(b) Any carrier electing to pay fees under this method may, as to vehicles otherwise exempt for taxation, elect to be taxed on the mileage basis for movements of such empty vehicles over public highways whenever operations are for the purpose of repair, maintenance, servicing or moving from one exempt highway operation to another.

(5)(a) In lieu of other fees provided in ORS 825.474, carriers engaged in operating motor vehicles in the transportation of wood chips, sawdust, barkdust, hog fuel or shavings may pay annual fees for such operation computed at the rate of thirty dollars and sixty-five cents for each 100 pounds of declared combined weight.

(b) Any carrier electing to pay under this method may, as to vehicles otherwise exempt from taxation, elect to be taxed on the mileage basis for movement of such empty vehicles over public highways whenever operations are for the purpose of repair, maintenance, service or moving from one exempt highway operation to another. 825.482 Review of flat fee rates. The Department of Transportation and the Oregon Transportation Commission shall review flat fee rates established under ORS 825.480 in each even-numbered year and shall recommend to the next following odd-numbered year regular session of the Legislative Assembly any adjustments to the flat fee rates that the department and the commission deem appropriate. [1989 c.992 §28; 2011 c.545 §67]

Note: 825.482 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 825 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

825.484 Effect of carrier tax law on other taxes; offset of fees or taxes erroneously paid. (1) The fees or taxes listed in ORS 825.474, 825.476 and 825.480 shall be in addition to, and not in lieu of, other fees and taxes of the state, county or municipality which may be imposed, levied, assessed or collected against the business or property of such carrier. This section does not authorize the imposition of license fees by municipalities upon intercity carriers, or deprive any city within which a passenger motor vehicle, having a seating capacity of not more than seven passengers, is principally operated for hire, from imposing and collecting license fees upon and from such motor vehicle, or the owner or operator thereof, as to such portion of its operations as are wholly within the corporate limits of such city.

(2) ORS 319.510 to 319.880 do not apply to vehicles or fuels used therein when the vehicles are subject to, and report and pay, the tax for the use of Oregon highways based upon the combined weight of the vehicle and in accordance with the weight group rates prescribed in ORS 825.474, 825.476 and 825.480.

(3) When an audit of the operations of a carrier shows that the use fuel taxes reported and paid under ORS chapter 319 should have been reported and paid under this chapter, or that fees or taxes reported and paid under this chapter should have been reported and paid under ORS chapter 319, the fees or taxes erroneously reported and paid under one chapter need not be refunded but may be considered an offset of fees or taxes due under the other chapter. [Formerly 767.830]

825.486 Credit for fuel tax. Any tax paid under ORS 319.010 to 319.430 or 319.510 to 319.880 on motor vehicle fuel or fuel as defined in ORS 319.520, either directly by the collection of the tax by the vendor from the consumer or indirectly by adding the amount of the tax to the price of the fuel paid by the customer, is a credit against the amount of tax otherwise due and payable to the state under ORS 825.474, 825.476 and 825.480. A credit under this section shall be allowed when the person claiming the credit submits to the Department of Transportation:

(1) A report under ORS 825.480, 825.490 or 825.492; and

(2) Satisfactory evidence along with the report showing the amount of tax paid by the person under ORS 319.010 to 319.430 or 319.510 to 319.880 during the period reported. [Formerly 767.832]

825.488 Fees required of interstate carriers. A person engaged exclusively in the conduct of interstate transportation shall currently pay to the Department of Transportation the road tax mileage fees prescribed by ORS 825.474, 825.476, 825.480, 825.484, 825.490, 825.494 and 825.496. [Formerly 767.835]

825.490 Due date of taxes and fees; penalty; deficiency assessments; refund of overpayment; limitation on audit. (1) On or before the last day of each month, except for the time of payment provided in ORS 825.480 and 825.492, all persons shall report and pay to the Department of Transportation the amount of taxes and fees due from them for the preceding calendar month. However, taxes and fees incurred after the 15th day of any month may be reported and paid to the department on or before the last day of the second calendar month following the month in which the taxes or fees were incurred. If no taxes or fees are due in any reporting period, the report shall so state. If payment is not made on or before the date it is due, there shall be added as a late payment charge a sum equal to 10 percent of the unpaid amount of the tax.

(2) The department may permit a person to report and pay motor carrier taxes and fees on a periodic basis other than the calendar-month basis prescribed in subsection (1) of this section, provided that the number of reporting periods in any 12-month period is not less than 12. If no taxes or fees are due in any reporting period, the report shall so state. If payment is not made on or before the date it is due, there shall be added as a late payment charge a sum equal to 10 percent of the unpaid amount of the tax.

(3) Whenever practicable, and in no event later than three years after any report of taxes or fees is filed, the department shall audit the report if the department deems such audit practicable. If the department is not satisfied with the report filed or amount of taxes or fees, including fees for temporary passes required under ORS 825.470, paid to the state by any person, the department may, not later than three years after the report was filed or the taxes or fees were paid, make a proposed assessment of additional taxes or fees due from such person based upon any information available to the department. There shall be added to each such assessment, as a late payment charge, a sum equal to 10 percent of the amount of additional taxes or fees due.

(4) Every such additional assessment shall bear interest at the rate of one percent per month, or fraction thereof, from the last day of the month following the close of the

month for which the additional assessment is imposed until paid.

(5) If the additional assessment imposed exceeds by at least five percent but not more than 15 percent the amount of taxes or fees reported or paid, a penalty of five percent of the amount of the additional assessment shall be added thereto in addition to the 10 percent late payment charge provided in subsection (3) of this section.

(6) If the additional assessment imposed exceeds by more than 15 percent the amount of taxes or fees reported or paid, a penalty of 20 percent of the amount of the additional assessment shall be added thereto in addition to the 10 percent late payment charge provided in subsection (3) of this section.

(7) The department shall give to the person concerned written notice of such additional assessment.

(8) Except as provided in ORS 825.484 (3), the department shall refund to any person the amount of any overpayment caused by any incorrect report.

(9) Whenever the department has made an assessment pursuant to this section that has become final the department may not reopen or reassess such taxes, interest or penalties unless the department is satisfied that the taxpayer fraudulently or with intent to evade taxation destroyed, concealed or withheld any books, accounts, papers, records or memoranda required to be maintained by the taxpayer pursuant to this chapter or the rules of the department. [Formerly 767.840; 2007 c.71 §246]

825.492 Annual and quarterly reports authorized. (1) Whenever in the judgment of the Department of Transportation the estimated annual tax payable by a carrier will be less than \$100, and the vehicles operated by the carrier are of less than 30,000 pounds combined weight, the department may authorize the carrier to file reports annually in lieu of monthly reports required by ORS 825.490 and 825.515. Annual reports and accompanying remittances shall be filed on or before the due date of February 28 for the preceding calendar year.

(2) At the request of a motor carrier, the department may authorize the carrier to file quarterly reports in lieu of monthly reports required by ORS 825.490 and 825.515. Quarterly reports and accompanying remittances due shall be filed on or before the due date as follows: First calendar quarter, May 31; second quarter, August 31; third quarter, November 30; fourth quarter, February 28.

(3) Such authorizations may be withdrawn at any time upon the mailing of notice to the carrier at the last address of record of the carrier with the department. Any pro-

visions of ORS 825.490 and 825.515 otherwise applicable to reports and remittances shall be applicable to reports and remittances under this section. [Formerly 767.845; 2001 c.567 §11]

825.494 Assessment by department upon failure to report tax or fee due. (1) If any person neglects or refuses to make a fee or tax report as required by this chapter, the Department of Transportation shall make a proposed assessment, based upon any information available to the department, for the period for which such person failed to make a report, of the amount of taxes and fees, including fees for temporary passes required under ORS 825.470, due for the period for which such proposed assessment is made.

(2) Each assessment shall bear interest at the rate of one percent per month, or fraction thereof, from the last day of the month following the close of the month for which the assessment is imposed until paid.

(3) There shall be added to every such assessment a penalty of 25 percent of the amount thereof.

(4) The department shall give to such person written notice of such assessment.

(5) Whenever the department has made an assessment pursuant to this section that has become final the department may not reopen or reassess such taxes, fees, interest or penalties unless the department is satisfied that the taxpayer fraudulently or with intent to evade taxation destroyed, concealed or withheld any books, accounts, papers, records or memoranda required to be maintained by a person subject to this chapter or the rules of the department. [Formerly 767.850; 2007 c.71 §247]

825.496 Reassessment waiver or reduction upon request; charge for failure to appear at hearing. (1) Any person against whom an assessment is made under ORS 825.490 or 825.494, may petition the Department of Transportation for a reassessment within 30 days after service upon the person of notice. If a petition is not filed within the 30-day period, the assessment becomes final. If a petition for reassessment is filed within the 30-day period the department shall reconsider the assessment and, if the person has requested in the petition, shall grant such person a hearing and give the person 10 days' notice of the time and place of the hearing. The department has power to continue the hearing from time to time as may be necessary. The decision of the department upon a petition for reassessment shall become final 30 days after service of notice upon the person concerned.

(2) The department may waive or reduce the interest and penalties provided in ORS 825.490 (1) to (6) or 825.494 (2) or (3) on those

terms as the department considers proper if request for waiver or reduction is made within 30 days after service of notice of assessment upon the person concerned, or as part of the pleas made in the department's reconsideration of the assessment.

(3) Every assessment made by the department under ORS 825.490 to 825.496 becomes due and payable at the time it becomes final and if not paid to the department when due and payable there shall be added to the assessment a penalty of 10 percent of the amount of the tax.

(4) If any person who has requested a hearing pursuant to this section fails to appear at the scheduled hearing and failed to withdraw the petition for reassessment at least five days before the date of the hearing, the department may require such person to pay a charge of \$150 in addition to any other fees, taxes and charges which may be imposed under this chapter. [Formerly 767.855]

825.498 Collection of fees, taxes and other moneys. All fees, taxes and charges imposed by this chapter and ORS chapter 826, all claims and penalties payable by any person under this chapter and ORS chapter 826 and all moneys collected under this chapter and ORS chapter 826, are the property of the state. The Department of Transportation shall collect and receive all fees, taxes, penalties and moneys due or to become due to the state under this chapter and ORS chapter 826 and, to that end, shall bring such actions or take such proceedings, including attachment and garnishment proceedings, in the name of the State of Oregon, as may be necessary. [Formerly 767.860]

825.500 Calculation of interest and penalties for delinquent road use assessment fees and single-use nondivisible load permits; audit. (1) Interest and penalties for delinquent payments of road use assessment fees payable pursuant to the provisions of ORS 818.225 and of single-trip nondivisible load permits shall be calculated in the same manner that interest and penalties are calculated under ORS 825.490 and 825.494.

(2) An audit conducted by the Department of Transportation pursuant to its authority under this chapter may include an examination of records of the carrier pertaining to the road use assessment fee imposed under ORS 818.225. If the audit shows that movement by a carrier exceeds the mileage authorized by a single-trip nondivisible load permit, the department shall determine the amount of the road use assessment fee that is due. The department shall collect the amount due and may impose any penalties or additional assessments authorized by this chapter for delinquent payment of taxes. [Formerly 767.862; 1997 c.275 §28]

825.502 Payment of taxes and fees by credit card; rules. For payment of any weight-mile taxes and fees, the Department of Transportation may:

(1) Accept payment of taxes and fees by credit card. Any payment made by credit card shall be for the full amount of the tax or fee, except that a surcharge may be added to the amount tendered by the customer to offset fees charged to the department for acceptance and use of the credit card.

(2) Adopt reasonable rules as necessary or proper for the administration of this section. [Formerly 767.863]

825.504 Warrant procedure for collecting tax, fee, penalty or assessment. (1) If any tax, or fee in lieu of tax, reported due, or any final assessment made by the Department of Transportation under ORS 825.490, 825.494 and 825.496, including any penalties or charges therein imposed, or any final penalty imposed under ORS 825.950, 825.955 or 825.960, is not paid in full, the department may issue a warrant for the amount of the tax, fee or assessment, with the added penalties or charges, interest and the cost of executing the warrant. A copy of the warrant shall be mailed or delivered to the taxpayer by the department at the taxpayer's last-known address.

(2) At any time after issuing a warrant under this section, the department may record the warrant in the County Clerk Lien Record of any county of this state. Recording of the warrant has the effect described in ORS 205.125. After recording a warrant, the department may direct the sheriff for the county in which the warrant is recorded to levy upon and sell the real and personal property of the taxpayer found within that county, and to levy upon any currency of the taxpayer found within that county, for the application of the proceeds or currency against the amount reflected in the warrant and the sheriff's cost of executing the warrant. The sheriff shall proceed on the warrant in the same manner prescribed by law for executions issued against property pursuant to a judgment, and is entitled to the same fees as provided for executions issued against property pursuant to a judgment. The fees of the sheriff shall be added to and collected as a part of the warrant liability.

(3) In the discretion of the department a warrant under this section may be directed to any agent authorized by the department to collect amounts under this section, and in the execution of the warrant the agent has all of the powers conferred by law upon sheriffs, but is entitled to no fee or compensation in excess of actual expenses paid in the performance of such duty.

(4) Until a warrant issued under this section is satisfied in full, the department has the same remedies to enforce the claim for the tax, fee or assessment as if the state had recovered judgment against the taxpayer for the amount of the tax, fee or assessment.

(5) The procedures authorized by this section may also be used for collection of any fees and penalties imposed on persons registering vehicles under ORS chapter 826. [Formerly 767.865; 1997 c.275 §29; 2003 c.576 §222; 2011 c.661 §12]

825.506 Deposit or bond to secure payment of fees, taxes, charges and penalties. (1) If the Department of Transportation finds it necessary in order to insure the collection of any fees, taxes, charges or penalties imposed upon a carrier pursuant to this chapter or ORS 818.225, the department may at the time and as a condition of granting a certificate or permit, or continuing the same, or as a condition of issuing a motor vehicle registration device, require a carrier to deposit and keep on deposit with the department a sum in an amount determined proper by the department, taking into account the nature and scope of the carrier's operations. Moneys deposited under this section shall be deposited with the State Treasurer in an account separate and distinct from the General Fund. Interest earned by the account shall be credited to the account. The deposit required may be increased or reduced by the department at any time. In determining the necessity for an applicant or carrier to maintain a deposit the department shall consider the applicant or carrier's financial capability and responsibility and the department's prior experience, if any, in collecting fees, taxes, charges or penalties from the applicant, carrier or any person having a substantial interest or control, directly or indirectly, in or over the operations conducted or to be conducted under the carrier's authority.

(2) To secure payment of sums payable by the carrier the department may accept in lieu of such deposit:

(a) A bond in the form prescribed by the department; or

(b) Bonds, negotiable by delivery, of the State of Oregon, school districts therein, or obligations of the United States, or obligations for which the faith of the United States is pledged for the payment of both principal and interest, equal in amount to the amount of the requested deposit.

(3) So long as the deposit remains unencumbered the depositor is entitled to collect the interest upon the securities described in subsection (2)(b) of this section. The department shall hold the securities upon such terms as the department shall designate and

approve pursuant to the provisions of this chapter, and shall deliver such securities to the State Treasurer, who shall receive and hold them subject to the lawful orders of the department. The State Treasurer and the surety of the treasurer shall be liable upon the official bond of the treasurer for their safekeeping. The depositors shall reimburse the State Treasurer for any expenses incurred by the treasurer in the mailing, insuring, shipping or delivering of any such securities, or of the interest coupons attached thereto as they mature.

(4) If a carrier ceases to be a carrier under this chapter, within a reasonable time of the receipt by the department of all payments due, the department shall refund or have returned to the carrier all deposits and securities remaining to the carrier's credit and shall release the surety on any bond given under this section.

(5) Any applicant or carrier required under this section to make a deposit to secure the payment of fees, taxes, charges or penalties may by proper petition demand a hearing on the necessity of such deposit or the reasonableness of the amount required. A hearing shall be granted and held within 10 days after the demand therefor. The decision of the department shall become final 10 days after service of the order upon the applicant or carrier concerned. [Formerly 767.870]

825.507 Limitations on cancellation of bond; suspension of authority. (1) No bond filed pursuant to ORS 825.506 may be canceled or otherwise terminated at any time prior to its expiration until the surety company which executed the same, has filed with the Department of Transportation a notice of cancellation as provided in such bond. Such cancellation shall be effective not less than 30 days from the date of receipt, and no agreement between the parties thereto shall operate to avoid this restriction upon cancellation.

(2) If any bond filed pursuant to ORS 825.506 becomes inoperative, the authority under the certificate or permit involved shall cease and be suspended insofar as it pertains to any affected vehicles until the requirements of ORS 825.506 have been met by the carrier. [Formerly 767.795]

825.508 Use of collection agency to obtain moneys due. (1) In carrying out the duties under ORS 825.498, the Department of Transportation may engage the services of a collection agency to collect any of the fees, taxes, penalties and moneys due to the state under this chapter and ORS chapter 826. The department may engage the services by entering into agreements to pay reasonable charges on a contingent fee or other basis.

(2) The department may assign to the collection agency, for collection purposes only, any of the fees, taxes, penalties and moneys due the state under this chapter and ORS chapter 826.

(3) The collection agency may bring such actions or take such proceedings, including attachment and garnishment proceedings, as may be necessary. [Formerly 767.875]

825.509 Writing off uncollected moneys due. (1) Any fee, tax, penalty or money due the state assigned to a collection agency pursuant to ORS 825.508 that remains uncollected for two years after the date of the assignment meets the criteria for uncollectibility formulated pursuant to ORS 293.240.

(2) ORS 293.245 applies to any fee, tax, penalty or money due the state and described in subsection (1) of this section. [Formerly 767.880; 2011 c.223 §4]

825.515 Daily records and monthly reports by carriers. (1) Every for-hire carrier and private carrier shall keep daily records, upon forms prescribed by the Department of Transportation, of all vehicles used during the current month.

(2) On or before the last day of the month following, except as otherwise permitted under ORS 825.492, they shall certify to the department, upon forms prescribed therefor, the true and correct summaries of their daily records which shall show the extreme miles traveled in this state during the preceding month, the amount of fuel tax paid to the state during the preceding month, and such other information as the department may require.

(3) The daily records shall be kept on file in the office of the carrier and thereafter preserved until written permission for their destruction is given by the department. [Formerly 767.905]

825.517 Certain records not public. (1) The following are not public records unless the public interest requires disclosure in the particular instance:

(a) Reports from motor carriers required to be filed with the Department of Transportation in connection with the imposition or collection of any tax.

(b) Information collected by the department from a motor carrier for the purpose of conducting a tax audit.

(2) A motor carrier to whom the information pertains, or a person who has written permission from the carrier, may inspect information described in subsection (1) of this section.

(3) The department, upon request or as required by law, shall disclose information from the records described in subsection (1) of this section to a government agency for use in carrying out its governmental functions. [1997 c.501 §2]

(Multijurisdictional Agreements)

825.550 Multijurisdictional agreement for collection of weight-mile taxes; rules.

(1) The Department of Transportation may enter into an agreement with the authorized representatives of any jurisdiction that imposes weight-mile taxes, in order to form a multijurisdictional agreement for the singular collection of the total weight-mile taxes claimed due by any of the jurisdictions that are party to the agreement. An agreement established under authority granted by this section:

(a) May allow motor carriers to pay the total weight-mile taxes that are claimed due to any jurisdiction that is a party to the agreement.

(b) May provide for collection of all weight-mile taxes claimed due by any party to the agreement, on vehicles that are engaged in interjurisdictional commerce or combined interjurisdictional and intrajurisdictional commerce.

(c) May include provisions necessary to facilitate the determination and distribution of weight-mile tax moneys among the various jurisdictions.

(d) May provide that the department may deny any person further benefits under the agreement until all taxes have been paid, if the department determines that the person should have paid additional taxes.

(e) May provide for arrangements with agencies of this state and other jurisdictions for joint audits of owners of vehicles availing themselves of this agreement and for the exchange of audit information on those owners.

(f) May authorize the department to suspend or cancel any benefits under the agreement, if the person violates any of the terms or conditions of the agreement or violates any law or rule of this state relating to vehicles.

(2) The department may adopt any rules the department deems necessary to effectuate and administer the provisions of an agreement entered into under this section. Nothing in an agreement shall affect the right of the department to adopt rules as described in this section.

(2) "Cargo temperature control unit" means any device used for controlling the temperature of a cargo transport area.

(3) "Commercial vehicle" means a commercial vehicle with a gross vehicle weight rating that is greater than 10,000 pounds.

(4) "Idle reduction technology" means any device or system of devices that is installed on a commercial vehicle and that is designed to provide heat, air conditioning or electricity that would otherwise require the operation of the primary engine.

(5) "Idling" means operation of the primary engine of a commercial vehicle while the vehicle is stationary.

(6) "Primary engine" means an internal combustion engine attached to a commercial vehicle that provides the power to propel the vehicle into motion and maintain motion. [2011 c.349 §3]

Note: 825.601 to 825.615 were added to and made a part of the Oregon Vehicle Code by legislative action but were not added to ORS chapter 825 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

825.605 Unlawfully idling the primary engine of a commercial vehicle; penalty.

(1) A person commits the offense of unlawfully idling the primary engine of a commercial vehicle if the person is operating a commercial vehicle and the person:

(a) Stops the commercial vehicle; and

(b) Allows the engine of the commercial vehicle to idle for more than five minutes in any continuous 60-minute period.

(2) For purposes of this section, a person is not idling a primary engine if the person:

(a) Operates an auxiliary power unit, generator set or other idle reduction technology as a means to heat, air condition or provide electrical power.

(b) Operates a cargo temperature control unit to maintain the cargo.

(3) A citation issued under this section may be issued to the person operating the commercial vehicle, the motor carrier as defined in ORS 825.005, or both.

Note: See note under 825.601.

825.610 Exemptions from requirements in ORS 825.605. ORS 825.605 does not apply to a commercial vehicle if it is necessary to idle the primary engine of the commercial vehicle:

(1) Due to traffic, a traffic control device or mechanical difficulties over which the operator has no control or at the direction of a law enforcement official or road authority.

(2) Due to the need to operate defrosters, heaters or air conditioners or installing equipment necessary to comply with manufacturers' operating requirements, specifications and warranties or with federal, state or local safety regulations.

(3) Because the commercial vehicle is a police, fire, ambulance, public safety, mili-

This subsection applies to a commercial vehicle with a sleeper berth compartment that is parked in any place that a commercial vehicle is legally permitted to park, including, but not limited to, a fleet trucking terminal, commercial vehicle stop or designated rest area. This exemption does not apply if the commercial vehicle is equipped with an auxiliary power unit or other suitable idle reduction technology, if the commercial vehicle is parked at a location equipped with suitable stationary idle reduction technology that is available for use, or during a rest or sleep period when the commercial vehicle is parked on or adjacent to a public or private educational institution offering education in all or part of kindergarten through grade 12, unless the outside temperature is greater than 75 degrees Fahrenheit and the auxiliary power unit provides heating only, in which case the person may idle the primary engine to provide air conditioning.

(10) In a commercial vehicle with a gross vehicle weight rating of more than 26,000 pounds, for purposes of air conditioning or heating while waiting to load or unload the commercial vehicle or while actually loading or unloading the commercial vehicle, and the outside temperature is less than 50 degrees or greater than 75 degrees Fahrenheit at the time. This exemption does not apply if the commercial vehicle is equipped with an aux-

iliary power unit or other suitable idle reduction technology, or if the commercial vehicle is parked at a location equipped with suitable stationary idle reduction technology that is available for use, unless the outside temperature is greater than 75 degrees Fahrenheit and the auxiliary power unit provides heating only, in which case the person may idle the primary engine to provide air conditioning.

(11) For a maximum of 30 minutes while waiting to load or unload the commercial vehicle or while actually loading or unloading the commercial vehicle during a single loading or unloading event. [2011 c.349 §5]

Note: See note under 825.601.

825.615 Preemption of local regulation of idling; exception. (1) The authority to regulate the idling of primary engines in commercial vehicles is vested solely in the Legislative Assembly. A city, county or other local government may not enact any charter provision, ordinance, resolution or other provision regulating the idling of primary engines in commercial vehicles.

(2) “Commercial vehicle” means a vehicle that:

(a) Is used for the transportation of persons for compensation or profit; or

(b) Is designed or used primarily for the transportation of property.

(3) “Department” means the Department of Transportation. [Formerly 768.001]

826.003 Rules. The Department of Transportation may adopt rules regarding registration records for vehicles registered under this chapter. [1995 c.733 §82b]

826.005 Authority for reciprocal registration agreements; permitted provisions; requirements; limitations. (1) The Department of Transportation may enter into agreements with the duly authorized representatives of any jurisdiction that issues registration to establish reciprocal privileges or registration exemptions for vehicles as described in this section. An agreement entered into by the department under the authority granted by this section may establish exemptions from proportional registration fees.

(2) An agreement shall only grant the privileges, benefits and exemptions to a vehicle or the registrant of a vehicle if the vehicle is any of the following:

(a) Registered in the jurisdiction where the person registering the vehicle has a legal residence.

(b) A commercial vehicle registered in a jurisdiction where the commercial enterprise in which the vehicle is used has a place of business. To qualify under this paragraph, the vehicle must be assigned to the place of business and the place of business must be the place from which or in which the vehicle is most frequently dispatched, garaged, serviced, maintained, operated or otherwise controlled.

(c) A commercial vehicle registered in a jurisdiction where the vehicle has been registered because of an agreement between two jurisdictions or a declaration issued by any jurisdiction.

(3) An agreement shall retain the right of the department to make the final determination as to the proper place of registration of a vehicle when there is a dispute or doubt concerning the proper place of registration. An agreement shall retain the right of the department to confer with the departments

of other jurisdictions affected when making a determination under this subsection.

(4) An agreement shall not provide for any benefit, exemption or privilege with respect to fuel taxes, use fuel taxes, weight mile taxes or any other fees or taxes levied or assessed against the use of highways or use or ownership of vehicles except registration taxes, fees and requirements.

(5) An agreement must provide that any vehicle registered in this state will receive a similar kind or degree of exemptions, benefits and privileges when operated in another jurisdiction that is party to the agreement as vehicles registered in the other jurisdiction receive when operated in this state.

(6) An agreement, in the judgment of the department, shall be in the best interest of this state and its citizens, shall be fair and equitable to this state and its citizens and shall be determined on the basis and recognition of benefits that accrue to the economy of this state from the uninterrupted flow of commerce.

(7) An agreement may authorize a vehicle that would otherwise be required to be registered in one jurisdiction to be registered in another jurisdiction without losing any benefit, exemption or privilege under the agreement if the vehicle is operated from a base located in the other jurisdiction.

(8) An agreement may allow the lessee or lessor of a vehicle, subject to the terms and conditions of the lease, to receive benefits, exemptions and privileges under the agreement.

(9) An agreement may authorize the department to suspend or cancel any exceptions, benefits or privileges granted to any person under the agreement if the person violates any of the terms or conditions of the agreement or violates any law or rule of this state relating to vehicles.

(10) All agreements shall be in writing and filed with the department within 10 days after execution or the effective date of the agreement, whichever is later.

(11) An agreement may be a limited type agreement with any state bordering this state as described in this subsection. An agreement described under this subsection is subject to all of the following:

(a) The benefits, exemptions and privileges under the agreement shall only be extended to vehicles or a class of vehicles as specified in the agreement.

(b) The agreement shall be applicable only within an area in each state that is situated along the boundary between the states and that is substantially equal in size.

(c) The usage permitted of the vehicles in the two areas shall be as substantially equal as may be practicable.

(d) The areas and usage subject to the agreement shall be described in the agreement.

(e) Proportional registration shall not be required under the agreement.

(f) The agreement shall comply with other mandatory provisions of this section and may contain any other provisions described under this section.

(g) A vehicle operating under the agreement may be required to obtain a permit under ORS 803.610.

(12) An agreement may require the display or submission of evidence of registration for any vehicle operating under the agreement. [Formerly 768.003]

826.007 Authority for proportional registration agreements; permitted provisions; requirements; limitations; rules. The Department of Transportation may enter into agreements with the duly authorized representatives of any jurisdiction that issues out-of-state registration to provide for proportional registration of vehicles and for the apportionment of registration fees and other fixed fees and taxes on vehicles proportionally registered in this state and the other jurisdiction. All of the following apply to an agreement established under authority granted by this section:

(1) An agreement may provide proportional registration only for commercial vehicles that are engaged in interjurisdictional commerce or combined interjurisdictional and intrajurisdictional commerce.

(2) An agreement may provide for proportional registration for vehicles individually or in fleets but must comply with the requirements for proportional registration under ORS 826.009 for all proportionally registered vehicles and with the requirements under ORS 826.011 for all proportionally registered fleets.

(3) An agreement may include provisions necessary to facilitate the administration of proportional registration.

(4) Any apportionment of registration fees and other fixed vehicle fees or taxes may be made on a basis commensurate with and determined on the miles traveled on and use made of the highways of this state as compared with the miles traveled on and use made of other jurisdictions' highways, or may be made on any other equitable basis of apportionment.

(5) No agreement shall contain any provision that requires a vehicle to be proportionally registered if the vehicle is:

(a) Registered by this state;

(b) Operating in this state under any vehicle permit that allows operation of an unregistered vehicle; or

(c) Legally operated in this state under an exemption provided under ORS 803.305.

(6) Nothing in an agreement shall affect the right of the department to adopt rules as described in this subsection. The department may adopt any rules the department deems necessary to effectuate and administer the provisions of the agreement.

(7) An agreement shall only provide for proportional registration of vehicles if the vehicle is any of the following:

(a) Registered in the jurisdiction where the person registering the vehicle has a legal residence.

(b) Registered in a jurisdiction where the commercial enterprise in which the vehicle is used has a place of business where the vehicle has been assigned and from which or in which the vehicle is most frequently dispatched, garaged, serviced, maintained, operated or otherwise controlled.

(c) Registered in a jurisdiction where the vehicle has been registered because of an agreement between two jurisdictions or a declaration issued by any jurisdiction.

(8) An agreement shall retain the right of the department to make the final determination as to the proper place of registration of a vehicle when there is a dispute or doubt concerning the proper place of registration. An agreement shall retain the right of the department to confer with the departments of other jurisdictions affected when making a determination under this subsection.

(9) An agreement may provide that the department may deny any person further benefits under the agreement until all fees or taxes have been paid if the department determines that the person should have proportionally registered more vehicles in this state or paid additional fees or taxes on vehicles proportionally registered in this state.

(10) An agreement may provide for arrangements with agencies of this state or other jurisdictions for joint audits of registrants of proportionally registered vehicles and for the exchange of audit information on persons who have proportionally registered vehicles.

(11) An agreement may authorize a vehicle that would otherwise be required to be registered in one jurisdiction to be registered in another jurisdiction without losing any benefits under the agreement if the vehicle is operated from a base located in the other jurisdiction.

(12) An agreement may allow the lessee or lessor of a vehicle, subject to the terms and conditions of the lease, to receive benefits of proportional registration under the agreement.

(13) An agreement may authorize the department to suspend or cancel any benefits under the agreement if the person violates any of the terms or conditions of the agreement or violates any law or rule of this state relating to vehicles.

(14) All agreements shall be in writing and shall be filed with the department within 10 days after execution or the effective date of the agreement, whichever is later.

(15) Vehicles that are proportionally registered under an agreement, whether individually or in a fleet, are fully registered in this state for purposes of ORS 803.300 and any other portion of the vehicle code and are accorded the same privileges and duties as other vehicles registered in this state even though the vehicle may have primary registration in some other jurisdiction. This subsection does not grant authority required for intrastate movement where such authority is required under ORS chapter 825. Such authority must be granted in accordance with ORS chapter 825.

(16) An agreement may only provide the benefits of proportional registration to a vehicle that is registered either proportionally or otherwise in at least one other jurisdiction in addition to this one.

(17) Nothing in an agreement shall affect the right of the department to act under this subsection. The department may refuse to issue proportional registration in this state for vehicles from jurisdictions that do not grant similar privileges for vehicles from this state.

(18) An agreement shall not provide for any benefit, exemption or privilege with respect to fuel taxes, use fuel taxes, weight mile taxes or any other fees or taxes levied or assessed against the use of highways or use or ownership of vehicles except registration taxes, fees and requirements.

(19) An agreement may control the requirements for type, manner of display, number and other provisions relating to registration plates, registration cards or other proof of registration for vehicles that are subject to the agreement. [Formerly 768.005]

826.008 Certain records not public. (1) The following are not public records unless the public interest requires disclosure in the particular instance:

(a) Mileage information required to be filed with the Department of Transportation under agreements authorized by ORS 826.007.

(b) Information collected by the department from a motor carrier for the purpose of conducting an audit under an agreement authorized by ORS 826.007.

(2) A motor carrier to whom the information pertains, or a person who has written permission from the carrier, may inspect information described in subsection (1) of this section.

(3) The department, upon request or as required by law, shall disclose information from the records described in subsection (1) of this section to a government agency for use in carrying out its governmental functions. [1997 c.501 §4]

826.009 Proportional registration of commercial vehicles. Proportional registration allows commercial vehicles to comply with registration requirements of more than one jurisdiction and to have registration fees, taxes or other fixed fees apportioned among the jurisdictions in which the vehicles are being operated. A vehicle may be registered under proportional registration if the vehicle qualifies for proportional registration under an agreement entered into under ORS 826.007. If a vehicle is going to be proportionally registered as part of a fleet, ORS 826.011 must be complied with in addition to this section. A vehicle is registered in this state if the vehicle is proportionally registered under this section. The following apply to proportional registration:

(1) The terms of an agreement established under ORS 826.007 control all of the provisions of proportional registration, including but not limited to the following, except as otherwise provided by this section:

(a) Qualification.

(b) Apportionment of fees, taxes and other fixed fees.

(c) Application and information required.

(d) Requirements for type, manner of display, number or any other provision relating to registration plates, registration cards and other proof of registration.

(e) Any other provision relating to the registration of proportionally registered vehicles.

(2) When initially registered, the registration fees for vehicles registered under this section may be reduced according to the schedule provided under ORS 826.021.

(3) The registration period for proportionally registered vehicles is a period of four consecutive quarters. The period begins on the first day of any calendar quarter and ends on the last day of the fourth consecutive quarter. All vehicles within a proportionally registered fleet shall be registered for the same registration period. Each car-

rier may select the calendar quarter in which the registration will begin except that, if necessary for administrative convenience, the Department of Transportation may require a carrier to adopt a registration year chosen by the department.

(4) The department may issue appropriate registration cards, stickers, permits, tabs, plates or other suitable identification devices the department considers convenient for proportionally registered vehicles. The fees for such stickers, permits, tabs or plates are as provided under ORS 826.023.

(5) Any applicant whose application for proportional registration under this section has been accepted by the department shall preserve the records on which the application is based for a period of four years following the year or the period upon which said application is based. Upon request of the department, the applicant shall make such records available to the department at its office for audit as to accuracy of mileage, number of vehicles, weights, computations and payment of fees or shall pay the reasonable costs of an audit at the home office of the applicant by a duly appointed representative of the department. An applicant shall comply with any audit provisions under the agreement allowing the registration.

(6) If a provision concerning the registration of vehicles is not provided under the agreement or under this section, provisions of the vehicle code applicable to registration shall be applicable to proportionally registered vehicles.

(7) If a vehicle qualifies for proportional registration, the department may issue temporary proportional registration permits under ORS 826.029 to allow operation of the vehicles pending issuance of evidence of proportional registration.

(8) The department may allow a carrier to operate on expired registration plates and registration for up to one extra quarter if the renewal application has been submitted and the required fees for registration have been paid on or before the last day of the registration period for the vehicles. The extension of time allowed by this subsection shall be granted only if the department determines that the extension is necessary for the administrative convenience of the department.

(9) Vehicles registered and identified under this section shall be deemed to be fully registered in this state for any type of movement or operation, except that in these instances in which a grant of authority is required for intrastate movement or operation, no such vehicle shall be operated in intrastate commerce in this state unless the owner thereof has been granted intrastate authority or right by the department and

unless said vehicle is being operated in conformity with such authority and rights.

(10) Registration cards may be issued for proportionally registered vehicles. Registration cards issued for proportionally registered vehicles shall be carried on the vehicle at all times or, in the case of a combination of vehicles, the registration card for a trailer may be carried in the vehicle supplying the motive power.

(11) In accordance with provisions of the agreement establishing proportional registration, the department may suspend or cancel the exemptions, benefits or privileges granted thereunder to a person who violates any of the conditions or terms of such agreements or arrangements or who violates the laws of this state relating to vehicles or regulations lawfully promulgated thereunder.

(12) A vehicle may be registered under this section prior to issuance of a certificate of title for the vehicle. [Formerly 768.007]

826.010 Quarterly payment of registration fees for vehicles registered under ORS 826.009. (1) Registration fees for commercial vehicles registered under the proportional registration provisions of ORS 826.009 may be paid quarterly provided that:

(a) The amount of Oregon apportioned registration fees for the carrier exceeds \$1,000 per year; and

(b) The registration fees are paid in equal quarterly installments.

(2) A carrier that pays in quarterly installments under this section shall pay a \$4 administrative processing fee with the first quarter payment for each year that the carrier pays in quarterly installments.

(3) Authorization for quarterly payment does not affect the registration period specified in ORS 826.009. [2003 c.618 §35]

826.011 Proportional fleet registration. Any registrant of a fleet of commercial vehicles that are operated in this state and in other jurisdictions may register the fleet under proportional fleet registration under this section in lieu of registering the vehicles as provided under the vehicle code if the fleet qualifies for proportional fleet registration under this section. Proportional fleet registration allows fleets of commercial vehicles to comply with registration requirements of more than one jurisdiction and to have registration fees, taxes or other fixed fees apportioned among the jurisdictions in which vehicles from the fleet are being operated. The following apply to proportional fleet registration:

(1) A vehicle may be registered under proportional fleet registration if the vehicle qualifies for proportional registration under

an agreement entered into under ORS 826.007 and if the vehicle is part of a fleet that qualifies under this section.

(2) Except as provided in this section, the terms of an agreement established under ORS 826.007 and the provisions of ORS 826.009 control all of the provisions of proportional fleet registration, including but not limited to, the following:

(a) Qualification.

(b) Apportionment of fees, taxes and other fixed fees.

(c) Application and information required.

(d) Requirements for type, manner of display, number or any other provision relating to registration plates, registration cards and other proof of registration.

(e) Any other provision relating to the registration or titling of proportionally registered vehicles.

(3) In order to register vehicles under proportional fleet registration under this section, the vehicles must be part of a fleet that includes one or more commercial vehicles as designated by the Department of Transportation.

(4) The initial application for proportional fleet registration shall be completed according to interstate agreements or administrative rules.

(5) The department may issue any distinctive proof of registration under this section the department considers convenient. The fee for the issuance of plates, stickers or other suitable identification for proportionally registered fleets is as provided under ORS 826.023.

(6) Vehicles acquired by the registrant after the commencement of the registration period and subsequently added to a proportionally registered fleet shall be proportionally registered according to interstate agreements or administrative rules.

(7) If any vehicle is withdrawn from a proportionally registered fleet, the registrant of such fleet shall so notify the department on appropriate forms to be prescribed by the department. The department may require the registrant to surrender proportional registration cards and such other identification devices issued with respect to such vehicle as the department may deem advisable. Procedures for obtaining credit for fees paid on vehicles that are withdrawn from a proportionally registered fleet are provided under ORS 826.027.

(8) In addition to any grounds for denial of proportional registration benefits under ORS 826.009, or an agreement under ORS 826.007, the department may deny the regis-

trant of a proportionally registered fleet the right of any further benefits under proportional registration if the department determines that the person should have prorated more vehicles in this state. The denial under this subsection may continue until the fees for such additional vehicle or vehicles that have been prorated have been paid. [Formerly 768.009]

826.013 Registration weight. (1) Vehicles registered under ORS 826.009, 826.011 or 826.031 are required to establish a registration weight.

(2) Registration weight is established for the following purposes:

(a) The registration weight is the weight used in the declaration of weight under ORS 826.015 to determine the registration fees under ORS 826.017 and ORS 803.420 for vehicles required to establish registration weight under this section.

(b) A vehicle that is required to establish registration weight by this section is in violation of ORS 803.315 if the vehicle is operated on a highway of this state at a weight in excess of the registration weight except when carrying a load:

(A) Under the provisions of ORS 376.305 to 376.390;

(B) Of over 105,500 pounds combined weight under a variance permit issued under ORS 818.200;

(C) Under a registration weight trip permit issued under ORS 803.600; or

(D) Consisting of towed motor vehicles.

(3) Registration weight is established at the time of registration and whenever the vehicle has been altered or reconstructed by furnishing a declaration of weight described under ORS 826.015 that contains a statement of the maximum combined gross weight at which the vehicle will be operated on the highways of this state except when carrying loads described under subsection (2)(b) of this section. The maximum registration weight for any vehicle required to establish a registration weight under this section is 105,500 pounds. Vehicles operating at weights above 105,500 pounds will operate under a variance permit issued under ORS 818.200.

(4) The weight of a camper, a trailing manufactured structure or the following trailing vehicles should not be included in the registration weight:

(a) Trailers with a loaded weight of 8,000 pounds or less.

(b) Special use trailers, travel trailers and fixed load vehicles.

(c) Towed motor vehicles. [Formerly 768.011; 2003 c.655 §142]

826.015 Declaration of weight. A declaration of weight required for purposes of determining vehicle registration fees shall contain the following:

(1) For vehicles registered under ORS 826.031 or under proportional registration pursuant to ORS 826.009 or 826.011, the declaration shall contain the combined weight of the vehicle.

(2) For commercial buses, the declaration shall contain the unloaded weight of the vehicle plus the unloaded weight of any bus trailer to be used in combination with the vehicle. The declaration shall also indicate the number of persons, including the driver, to be carried in the vehicle, plus the number of persons to be carried on any bus trailer to be used in combination with the vehicle. For purposes of determining the fee for registration of the vehicle under ORS 803.420, the Department of Transportation shall determine the weight of the vehicle by adding the unloaded weight of the vehicle, plus the unloaded weight of any bus trailer to be used in combination with the vehicle, to a weight determined by multiplying the maximum seating capacity of the vehicle plus the maximum seating capacity of any bus trailer to be used in combination with the vehicle, including the driver's seat but excluding emergency seats, times 170 pounds, if the vehicle has a separate compartment for transporting baggage or express, or 150 pounds, if the vehicle has no separate compartment for transporting baggage or express. If the vehicle has a seating capacity that is not arranged for separate or individual seating, 18 lineal inches shall be deemed the equivalent of a passenger seat. [Formerly 768.013]

826.017 Registration fees for proportionally registered vehicles. Registration fees for vehicles registered under ORS 826.009, 826.011 or 826.031 are as provided in ORS 803.420 for vehicles of the same class. The fees are for an entire registration period and are payable when a vehicle is registered and upon renewal of registration. The Department of Transportation shall apportion any fee under this section to reflect the number of quarters registered. [Formerly 768.015]

826.019 International Registration Plan fee. (1) In addition to any other fee collected for registration, the Department of Transportation shall collect an International Registration Plan fee from each applicant for proportional registration under this chapter.

(2) The amount of the fee required by this section shall be calculated annually by the department. The total fees collected by the department under this section may not exceed the amount of any annual fee for

membership in the International Registration Plan. The department shall determine the amount to be paid by each applicant by dividing the amount of any membership fee by the total number of applications for proportional registration submitted in the previous calendar year.

(3) Fees collected under this section shall be used to pay any membership fees required by the International Registration Plan agreement so long as the state is a signatory to the agreement. [1995 c.145 §2]

826.021 Proration of fees for proportionally registered vehicles; adjustment of fees and registration periods by department; rules. (1) For vehicles that are initially registered under proportional registration under ORS 826.009 or 826.011, the Department of Transportation shall prorate the fees as provided in this subsection according to the registration period elected by the registrant and approved by the department for the vehicle or fleet of vehicles. The proration of fees under this subsection shall be as follows except that in no case shall the fee on which Oregon fees are based be less than \$10:

(a) If the vehicle is registered after the expiration of the first quarter of the registration period, three-fourths of the fees shall be used to determine the Oregon fees.

(b) If the vehicle is registered after the expiration of the first half of the registration period, one-half of the fees shall be used to determine the Oregon fees.

(c) If the vehicle is registered after the expiration of three-fourths of the registration period, one-fourth of the fees shall be used to determine the Oregon fees.

(2) The department, by rule, may adjust registration fees or registration periods for a vehicle, as is administratively convenient for the department, if:

(a) The vehicle is changed from one type of registration to another type; or

(b) Any other change relating to the registration of the vehicle is made where it would be administratively convenient for the department to make such adjustments. [Formerly 768.017]

826.023 Fees for cards, plates and stickers. (1) The fee for issuance of a duplicate or replacement registration card is \$2.50.

(2) The fee for issuance of each original, replacement or duplicate registration plate is \$2.50 and includes a registration card and sticker.

(3) The fee for renewal of a registration plate is \$2.50 and includes a registration card and sticker.

(4) The fee for issuance of replacement registration stickers is \$2.50.

(5) If a second plate is required for one vehicle, the fee for the plate or for a sticker for the plate is \$2.50. [Formerly 768.021; 2003 c.753 §2]

826.025 Duplicate or replacement registration cards. The Department of Transportation may issue a duplicate or replacement registration card when:

(1) The department receives an application indicating the loss, mutilation or destruction of a registration card; and

(2) The fee for issuance of a duplicate or replacement card under ORS 826.023 is paid to the department. [Formerly 768.023]

826.027 Transfer of registration; withdrawal of vehicle from fleet. (1) The registrant of a vehicle which is proportionally registered under ORS 826.009 or 826.011 shall be permitted to transfer the registration plates from the vehicle to a like vehicle to be similarly used if the vehicle is destroyed or permanently withdrawn from service within this state. To make a transfer of registration under this section, the registrant of the vehicle shall pay the Department of Transportation a registration transfer fee established under ORS 826.023, file a written statement indicating the withdrawal or destruction with the department and surrender the registration card for the vehicle. The department shall issue a registration card without payment of further fee. If the weight on the certificate of weight of the vehicle receiving the transferred registration exceeds that of the vehicle destroyed or withdrawn, the registrant must pay registration fees on the increased weight.

(2) If a vehicle is permanently withdrawn from a fleet that is proportionally registered under ORS 826.009 or 826.011 because it has been destroyed, sold or otherwise completely removed from the service of the registrant, the department shall provide credit for the unused portion of the fees paid according to terms of interstate agreements or in a manner defined by rule. In no event shall any such amount be subject to refund. [Formerly 768.025]

826.029 Temporary proportional registration permits. The Department of Transportation may issue temporary proportional registration permits to qualifying persons pending registration of vehicles under proportional registration under ORS 826.009 or proportional fleet registration under ORS

826.011 and issuance of appropriate identification devices. [Formerly 768.027]

826.031 Registration for certain vehicles subject to weight mile tax and not otherwise registered. (1) The owner of a vehicle that is subject to the tax imposed under ORS 825.474 and that is not registered under the proportional registration provisions of this chapter and is not registered in any other jurisdiction shall register the vehicle with the Department of Transportation if the vehicle is to be operated in this state. Registration under this section is in lieu of registration under ORS chapter 803.

(2) The department shall determine the form of application for registration and renewal of registration and may require any information that it determines necessary to facilitate the registration process.

(3) A vehicle registered under this section is subject to the insurance requirements of ORS 825.160 and not to the financial responsibility requirements of ORS chapter 806. Certification of compliance with financial responsibility requirements as specified in ORS 803.460 is not required for renewal of registration of a vehicle under this section.

(4) A vehicle registered under this section shall be deemed to be fully registered in this state for any type of movement or operation, except that in those instances in which a grant of authority is required for intrastate movement or operation, no such vehicle shall be operated in intrastate commerce in this state unless the owner thereof has been granted intrastate authority or right by the department and unless the vehicle is being operated in conformity with such authority and rights.

(5) A vehicle may be registered under this section prior to a certificate of title being issued for the vehicle but nothing in this section affects any requirement that a certificate of title be issued. [Formerly 768.029; 1997 c.249 §269]

826.033 Application of other registration provisions of Oregon Vehicle Code to vehicles registered under this chapter. The provisions of ORS chapter 803 concerning the registration of vehicles apply to vehicles registered under this chapter, unless a specific provision of this chapter differs from a comparable provision of ORS chapter 803. [Formerly 768.031]

826.035 Registration identification devices and cards for vehicles registered under ORS 826.031. (1) The Department of Transportation may issue appropriate registration, stickers, plates or other suitable identification devices the department considers convenient for vehicles registered under ORS 826.031. The fees for such stickers or plates are as provided in ORS 826.023.

(2) Registration cards may be issued for vehicles registered under ORS 826.031. Registration cards issued for the vehicles shall be carried on the vehicle at all times. [Formerly 768.033]

826.037 Annual or quarterly registration under ORS 826.031. (1) Vehicles registered under ORS 826.031 may be registered under staggered registration.

(2) For purposes of this section, staggered registration starts on the first day of any calendar quarter and runs through the last day of the last calendar quarter in the registration period. The number of calendar quarters in a registration period is elected by the vehicle owner at the time of registration except that a person may not establish a staggered registration period of more than four quarters.

(3) The Department of Transportation may allow a carrier registered under ORS 826.031 to operate on expired registration plates and registration for up to one extra quarter if the renewal application has been submitted and the required fees for registration have been paid on or before the last day of the registration period for the vehicles. The extension of time allowed by this subsection shall be granted only if the department determines that the extension is necessary for the administrative convenience of the department.

(4) Nothing in this section requires the department to issue registration plates that are valid for less than a one-year period. An election by a carrier to operate in nonconsecutive quarters of a four-quarter period does not by itself require the carrier to renew registration plates. [Formerly 768.035]

826.039 Refund of certain registration fees. (1) The Department of Transportation shall grant a refund of that portion of the registration fee applicable to the unexpired portion of the registration period for a vehicle described in ORS 826.031 if the vehicle is sold and:

(a) The seller is an individual and does not intend to remain in, or within one year to reenter, business as a motor carrier;

(b) Neither the selling person if an individual nor substantially the same group of persons if a group intends to register, or within one year of the date of sale registers, an assumed business name under the provisions of ORS chapter 648 for the purpose of doing business as a motor carrier; or

(c) Neither the selling person if an individual nor substantially the same group of persons if a group intends to organize, or within one year from the date of sale organizes, as a corporation under the provisions of ORS chapter 60 for the purpose of doing business as a motor carrier.

(2) If the department grants a refund to a person or entity that attempts to reenter business as a motor carrier within one year of the date of the sale that led to the refund, the department may refuse to issue authority to the person or entity until the amount of the refund has been repaid. [Formerly 768.037]

826.041 Agents for issuance of registration and collection of fees. The Department of Transportation may appoint agents to issue registration and to collect any fees required by this chapter. The department shall prescribe the duties and compensation of such agents and may require them to give bonds, in such amount as the department determines appropriate, conditioned upon the faithful performance of their duties. [Formerly 768.039]

(2) The presumptive fine for a specific fine violation is:

(a) The amount specified by statute as the presumptive fine for the violation; or

(b) An amount equal to the greater of 20 percent of the maximum fine prescribed for the violation, or the minimum fine prescribed by statute for the violation. [2011 c.597 §2]

153.020 Presumptive fines; highway work zones, school zones and safety corridors. If a person is charged with a traffic violation, as defined in ORS 801.557, and the enforcement officer issuing the citation notes on the citation that the offense occurred in a highway work zone and is subject to the provisions of ORS 811.230, occurred in a posted school zone and is subject to the provisions of ORS 811.235, or occurred in a safety corridor and is subject to the provisions of ORS 811.483, the presumptive fine for the violation is:

(1) \$870 for a Class A violation.

(2) \$520 for a Class B violation.

(3) \$320 for a Class C violation.

(4) \$220 for a Class D violation. [2011 c.597 §3; 2012 c.89 §10]

153.021 Minimum fines; audit of court. (1) Except as otherwise provided by law, a court may not defer, waive, suspend or otherwise reduce the fine for a violation that is subject to the presumptive fines established by ORS 153.019 (1) or 153.020 to an amount that is less than:

(a) \$220 for a Class A violation.

(b) \$130 for a Class B violation.

(c) \$80 for a Class C violation.

(d) \$60 for a Class D violation.

(2) Except as otherwise provided by law, a court may not defer, waive, suspend or otherwise reduce the fine for a specific fine violation to an amount that is less than 20 percent of the presumptive fine for the violation.

(3) This section does not affect the manner in which a court imposes or reduces monetary obligations other than fines.

(4) The Department of Revenue or Secretary of State may audit any court to determine whether the court is complying with the requirements of this section. In addition, the Department of Revenue or Secretary of State may audit any court to determine whether the court is complying with the requirements of ORS 137.145 to 137.159 and 153.640 to 153.680. The Department of Revenue or Secretary of State may file an action under ORS 34.105 to 34.240 to enforce the requirements of this section and of ORS

137.145 to 137.159 and 153.640 to 153.680.
[2011 c.597 §4; 2012 c.89 §11]

153.022 Authority of agency to specify rule violation as particular level of violation. If a statute provides that violation of the rules of an agency constitutes an offense, as described in ORS 161.505, the agency may by rule specify that violation of a specific rule of the agency is subject to a specific fine, or a specific maximum fine, that is less in amount than the maximum fine for the offense specified by the statute. In addition, the agency may specify that violation of the specific rule is a Class A, B, C or D violation under the provisions of ORS 153.012 as long as the class specified in the rule is lower than the statutory classification for the offense. [1999 c.1051 §76]

153.025 Authority of political subdivision to specify ordinance violation as particular level of violation. (1) If a statute provides that violation of the ordinances of a political subdivision of this state constitutes an offense, as described in ORS 161.505, the political subdivision may by ordinance specify that violation of a specific ordinance of the political subdivision is subject to a specific fine, or a specific maximum fine, that is less in amount than the maximum fine for the offense specified by the statute. In addition, the political subdivision may specify that violation of the specific ordinance is a Class A, B, C or D violation under the provisions of ORS 153.012 as long as the class specified in the ordinance is lower than the statutory classification for the offense.

(2) Nothing in this section requires a political subdivision to use the classifications established by ORS 153.012 or to use the presumptive fines established under ORS 153.019 and 153.020 for violations of ordinances adopted by the political subdivision. [1999 c.1051 §78; 2011 c.597 §111]

(Procedures)

153.030 Applicability; statute of limitations. (1) The procedures provided for in this chapter apply to violations described in ORS 153.008. Except as specifically provided in this chapter, the criminal procedure laws of this state applicable to crimes also apply to violations.

(2) Notwithstanding subsection (1) of this section, ORS 153.633 and all other provisions of this chapter and of the criminal procedure laws of this state do not apply to violations that govern the parking of vehicles and that are created by ordinance or by agency rule.

(3) The statute of limitations for proceedings under this chapter is as provided in ORS 131.125.

(4) This chapter does not affect the ability of a city described in ORS 3.136 (1) to engage in the activities described in ORS 3.136 (3). Nothing in this chapter affects the ability of any other political subdivision of this state to provide for the administrative enforcement of the charter, ordinances, rules and regulations of the political subdivision, including enforcement through imposition of monetary penalties. Except for ordinances governing the parking of vehicles, administrative enforcement as described in this subsection may not be used for any prohibition designated as an offense.

(5) Nothing in this chapter affects the ability of any political subdivision of this state to establish rules relating to administrative enforcement as described in subsection (4) of this section, including rules providing for the use of citations or other procedures for initiating administrative enforcement proceedings.

(6) Nothing in this chapter affects the ability of any political subdivision of this state to conduct hearings for administrative enforcement as described in subsection (4) of this section, either before a hearing officer or before the governing body of the political subdivision.

(7) Nothing in this chapter affects the ability of any political subdivision to bring a civil action to enforce the charter, ordinances, rules and regulations of the political subdivision, or to bring a civil action to enforce any order for administrative enforcement as described in subsection (4) of this section.

(8) Nothing in ORS 153.042 affects the authority of any political subdivision of this state to provide for issuance of citations for violation of offenses created by ordinance on the same basis as the political subdivision could under the law in effect immediately before January 1, 2000. [1999 c.1051 §7; 2011 c.597 §111a; 2012 c.89 §3]

153.033 Rules of procedure. The Supreme Court may adopt rules for the conduct of violation proceedings. Rules adopted by the Supreme Court under this section must be consistent with the provisions of this chapter. Rules adopted under this section supersede any local rule of a state court to the extent the local rule is inconsistent with the rule adopted by the Supreme Court. All city ordinances and municipal court rules must conform to any rules adopted by the Supreme Court under this section. [1999 c.1051 §8]

153.036 Venue. (1) A violation proceeding may be commenced in:

(a) The county in which the violation was committed; or

(b) Any other county whose county seat is a shorter distance by road from the place where the violation was committed than is the county seat of the county in which the violation was committed.

(2)(a) If a violation proceeding is commenced in the county in which the violation was committed, the proceeding may be commenced in a circuit or justice court of the county or, if the violation was committed within a city, in the municipal court.

(b) If a violation proceeding is commenced in a county other than the county in which the violation was committed, the proceeding may be commenced:

(A) In a circuit court;

(B) Notwithstanding the provisions of ORS 51.050 that limit the jurisdiction of justice courts to offenses committed within the county, in a justice court; or

(C) If the violation was committed within a city, in the municipal court of the city.

(3)(a) Except as otherwise provided in paragraph (b) of this subsection, if a violation proceeding is commenced in a county other than the county in which the violation was committed, at the request of the defendant the place of trial may be changed to the county in which the violation was committed. A request for a change of the place of trial shall be made prior to the date set for the trial and shall be governed by the provisions of ORS 131.305 to 131.415 relating to change of venue.

(b) A defendant may not request that the place of trial be changed if the violation was committed within a city and the proceeding is commenced in the municipal court of the city.

(4) Except as specifically provided in this section, venue in violation proceedings in circuit courts is governed by ORS 131.305 to 131.415. [1999 c.1051 §12; 1999 c.1051 §12a; 2003 c.528 §1]

153.039 Stop and detention for violation. (1) An enforcement officer may not arrest, stop or detain a person for the commission of a violation except to the extent provided in this section and ORS 810.410.

(2) An enforcement officer may stop and detain any person if the officer has reasonable grounds to believe that the person has committed a violation. An enforcement officer may stop and detain any employee, agent or representative of a firm, corporation or other organization if the officer has reasonable grounds to believe that the firm, corporation or other organization has committed a violation.

(3) Except as provided in subsection (4) of this section, the period of detention may be only as long as is necessary to:

(a) Establish the identity of the person, firm, corporation or organization believed to have committed the violation;

(b) Conduct any investigation reasonably related to the violation; and

(c) Issue a citation for the violation.

(4) The authority of an enforcement officer to stop and detain a person for a traffic violation as defined by ORS 801.557 is governed by ORS 810.410. [1999 c.1051 §10]

153.042 Citations; issuance. (1) Except as provided in ORS 810.410 for issuance of a citation based on a traffic violation, as that term is defined in ORS 801.557, or as otherwise specifically provided by law, an enforcement officer may issue a violation citation only if the conduct alleged to constitute a violation takes place in the presence of the enforcement officer and the enforcement officer has reasonable grounds to believe that the conduct constitutes a violation.

(2) If the person receiving the citation is a firm, corporation or other organization, the citation may be issued to an employee, agent or representative of the firm, corporation or organization. [1999 c.1051 §9]

153.045 Citation; requirements. (1) Except as provided in subsection (5) of this section, a citation conforming to the requirements of this section must be used by enforcement officers for all violations. The citation may contain other language in addition to the language specified in this section.

(2) Uniform citation forms for violations shall be adopted by the Supreme Court under ORS 1.525. In adopting those forms, the Supreme Court may combine the requirements for violation citations under this section and the requirements for criminal citations under ORS 133.066. More than one violation may be charged on a single citation form, but a crime and a violation may not be charged on the same citation form.

(3) A violation citation shall consist of at least four parts. Additional parts may be inserted for administrative use. The required parts are:

(a) A complaint in the form prescribed by ORS 153.048.

(b) The abstract of court record.

(c) The police record.

(d) A summons in the form prescribed by ORS 153.051.

(4) Each of the parts shall contain the information or blanks required by rules of the Supreme Court under ORS 1.525.

(5) The complaint shall contain a form of certificate in which the enforcement officer must certify, under the penalties provided in ORS 153.990, that the enforcement officer has sufficient grounds to believe, and does believe, that the person named in the complaint committed the violation specified in the complaint. A certificate conforming to this subsection shall be deemed equivalent of a sworn complaint. [1999 c.1051 §13; 2005 c.566 §2]

153.048 Complaint; requirements. (1) The complaint in a violation citation must contain at least the following:

(a) The name of the court, the name of the state or of the city or other public body in whose name the action is brought and the name of the defendant.

(b) A statement or designation of the violation that can be readily understood by a person making a reasonable effort to do so and the date, time and place at which the violation is alleged to have been committed.

(c) A certificate under ORS 153.045 (5) signed by the enforcement officer.

(2) If the complaint does not conform to the requirements of this section, the court shall set the complaint aside upon motion of the defendant made before the entry of a plea. A pretrial ruling on a motion to set aside may be appealed by the state.

(3) A court may amend a complaint in its discretion. [1999 c.1051 §14]

153.051 Summons; requirements. A summons in a violation citation is sufficient if it contains the following:

(1) The name of the court, the name of the person cited, the date on which the citation was issued, the name of the enforcement officer issuing the citation, and the time and place at which the person cited is to appear in court.

(2) A statement or designation of the violation that can be readily understood by a person making a reasonable effort to do so and the date, time and place at which the violation is alleged to have been committed.

(3) A notice to the person cited that a complaint will be filed with the court based on the violation.

(4) The amount of the presumptive fine, if any, fixed for the violation.

(5) A statement notifying the person that a monetary judgment may be entered against the person for up to the maximum amount of fines, restitution and other costs allowed by law for the violation if the person fails to make all required appearances at the proceedings.

(6) A statement notifying the person that, if the person pleads no contest and delivers to the court the amount of the presumptive fine indicated on the citation, and the court accepts the plea, the amount of the fine imposed against the defendant may not exceed the amount of the presumptive fine indicated on the citation.

(7) A statement notifying the person that, if the person pleads no contest and delivers to the court the amount of the presumptive fine indicated on the citation:

(a) The person may submit an explanation of the circumstances of the violation; and

(b) The court may consider the explanation in establishing the amount of the fine, but in no event can the court impose a fine that is less than the minimum fine established under ORS 153.021.

(8) A statement notifying the person that, if the person pleads not guilty and requests a trial, the court cannot impose a fine that is less than the minimum fine established under ORS 153.021 unless the person is found not guilty, in which case no fine will be imposed. [1999 c.1051 §15; 2011 c.597 §23]

153.054 Service and filing. Except as provided in ORS 810.439, 811.590, 811.615 or 811.617 or other law, an enforcement officer issuing a violation citation shall cause the summons to be delivered to the person cited and shall cause the complaint and abstract of court record to be delivered to the court. [1999 c.1051 §16]

153.058 Initiation of violation proceeding by private party. (1) A person other than an enforcement officer may commence a violation proceeding by filing a complaint with a court that has jurisdiction over the alleged violation. The filing of the complaint is subject to ORS 153.048. The complaint shall be entered by the court in the court record.

(2) A complaint under this section must contain:

(a) The name of the court, the name and address of the person bringing the action and the name and address of the defendant.

(b) A statement or designation of the violation that can be readily understood by a person making a reasonable effort to do so and the date, time and place at which the violation is alleged to have occurred.

(c) A certificate signed by the complainant stating that the complainant believes that the named defendant committed the violation specifically identified in the complaint and that the complainant has reasonable grounds for that belief. A certificate conforming to this section shall be deemed

equivalent of a sworn complaint. Complaints filed under this section are subject to the penalties provided in ORS 153.990.

(3) Upon the filing of a complaint under this section, the court shall cause a summons to be delivered to the defendant and shall deliver a copy of the complaint to the district attorney for the county in which the complaint is filed. The court may require any enforcement officer to serve the summons.

(4) If the complaint does not conform to the requirements of this section, the court shall set it aside upon motion of the defendant made before the entry of a plea. A pre-trial ruling on a motion to set aside may be appealed by the state.

(5) A court may, acting in its sole discretion, amend a complaint filed under the provisions of this section.

(6) A court shall dismiss a complaint filed under this section upon the motion of the district attorney for the county or of the city attorney for a city if:

(a) The district attorney or city attorney has brought a proceeding against the defendant named in the complaint or intends to bring a proceeding against the defendant named in the complaint; and

(b) The proceeding is brought by the district attorney or city attorney by reason of the same conduct alleged in the complaint.

(7) Any political subdivision of this state may require by ordinance that violation proceedings for the purpose of enforcing the charter or ordinances of the political subdivision may not be commenced in the manner provided by this section and that those proceedings may be commenced only by enforcement officers.

(8) A person other than an enforcement officer may commence a violation proceeding under this section only for:

(a) Boating violations under ORS chapter 830, or any violation of rules adopted pursuant to ORS chapter 830 if the violation constitutes an offense;

(b) Traffic violations under ORS chapters 801 to 826, or any violation of rules adopted pursuant to those chapters if the violation constitutes an offense;

(c) Violations under the wildlife laws, as described in ORS 496.002, or any violation of rules adopted pursuant to those laws if the violation constitutes an offense;

(d) Violations under the commercial fishing laws, as described in ORS 506.001, or any violation of rules adopted pursuant to those laws if the violation constitutes an offense; or

(e) Violations of ORS 618.121 to 618.161, and violation of rules adopted pursuant to those laws if the violation constitutes an offense. [1999 c.1051 §11]

153.061 Appearance by defendant. (1) Except as provided in subsection (2) of this section, a defendant who has been issued a violation citation must either:

(a) Make a first appearance by personally appearing in court at the time indicated in the summons; or

(b) Make a first appearance in the manner provided in subsection (3) of this section before the time indicated in the summons.

(2) If a defendant is issued a violation citation for careless driving under ORS 811.135 on which a police officer noted that the offense contributed to an accident and that the cited offense appears to have contributed to the serious physical injury or death of a vulnerable user of a public way, the officer may not enter the amount of the presumptive fine on the summons and the defendant must make a first appearance by personally appearing in court at the time indicated in the summons.

(3) Except as provided in this section, a defendant who has been issued a violation citation may make a first appearance in the matter before the time indicated in the summons by one of the following means:

(a) The defendant may submit to the court a written or oral request for a trial.

(b) The defendant may enter a plea of no contest by delivering to the court the summons and a check or money order in the amount of the presumptive fine set forth in the summons. The entry of a plea under the provisions of this paragraph constitutes a waiver of trial and consent to the entry of a judgment forfeiting the presumptive fine. A no contest plea under this section is not subject to the requirements of ORS chapter 135 relating to the entry of pleas and, upon receipt of the plea, the court may enter judgment against the defendant without taking further evidence.

(4) The court may require that a defendant requesting a trial under subsection (3) of this section deposit an amount equal to the presumptive fine established under ORS 153.019 and 153.020 or such other amount as the court determines appropriate if the defendant has failed to appear in any court on one or more other charges in the past. If the defendant does not deposit the amount specified by the court, the defendant must personally appear in court at the time indicated in the summons. The amount deposited by the defendant may be applied against any fine imposed by the court, and any amount

not so applied shall be refunded to the defendant at the conclusion of the proceedings.

(5) The court may require a defendant to appear personally in any case, or may require that all defendants appear in specified categories of cases.

(6) If a defendant has entered a no contest plea in the manner provided in subsection (3) of this section, and the court determines that the presumptive fine is not adequate by reason of previous convictions of the defendant, the nature of the offense charged or other circumstances, the court may require that a trial be held unless an additional fine amount is paid by the defendant before a specified date. Notice of an additional fine amount under this subsection may be given to the defendant by mail. In no event may the court require a total fine amount in excess of the maximum fine established for the violation by statute.

(7) If a defendant fails to make a first appearance on a citation for a traffic violation, as defined by ORS 801.557, fails to make a first appearance on a citation for a violation of ORS 471.430, or fails to appear at any other subsequent time set for trial or other appearance, the driving privileges of the defendant are subject to suspension under ORS 809.220. [1999 c.1051 §17; 2001 c.817 §2; 2007 c.784 §5; 2011 c.597 §§25,313; 2012 c.89 §4]

153.064 Warrant for arrest upon failure to appear. (1) Except as provided in subsection (2) of this section, a warrant for arrest may be issued against a person who fails to make a first appearance on a citation for a violation, or fails to appear at any other subsequent time set for trial or other appearance, only if the person is charged with failure to appear in a violation proceeding under ORS 153.992.

(2) If a person fails to make a first appearance on a citation for a violation, or fails to appear at any other subsequent time set for trial or other appearance, the court may issue an order that requires the defendant to appear and show cause why the defendant should not be held in contempt. The show cause order may be mailed to the defendant by certified mail, return receipt requested. If service cannot be accomplished by mail, the defendant must be personally served. If the defendant is served and fails to appear at the time specified in the show cause order, the court may issue an arrest warrant for the defendant for the purpose of bringing the defendant before the court. [1999 c.1051 §18]

(Trial)

153.070 When trial required. The court may require that a trial be held in any violation proceeding. If the defendant requests a trial under ORS 153.061, or a trial is required by the court or by law, the court shall set a date, time and place for the trial. [1999 c.1051 §19; 2001 c.19 §2; 2003 c.518 §1]

153.073 Time and place. Unless notice is waived by the defendant, the court shall mail or otherwise provide to the defendant notice of the date, time and place at least five days before the date set for trial under ORS 153.070. If the citation is for a traffic violation, or is for a violation of ORS 471.430, the notice must contain a warning to the defendant that if the defendant fails to appear at the trial, the driving privileges of the defendant are subject to suspension under ORS 809.220. [1999 c.1051 §20; 2001 c.817 §3; 2003 c.518 §1a]

153.076 Conduct of trial. (1) Violation proceedings shall be tried to the court sitting without jury. The trial in a violation proceeding may not be scheduled fewer than seven days after the date that the citation is issued unless the defendant waives the seven-day period.

(2) The state, municipality or political subdivision shall have the burden of proving the charged violation by a preponderance of the evidence.

(3) The pretrial discovery rules in ORS 135.805 to 135.873 apply in violation proceedings.

(4) The defendant may not be required to be a witness in the trial of any violation.

(5) Defense counsel shall not be provided at public expense in any proceeding in which only violations are charged.

(6) A district attorney or city attorney may aid in preparing evidence and obtaining witnesses but, except upon good cause shown to the court, shall not appear in violation proceedings unless counsel for the defendant appears. The court shall ensure that the district attorney or city attorney is given timely notice if defense counsel is to appear at trial. [1999 c.1051 §21]

153.080 Testimony by affidavit. Notwithstanding any other provision of law, the court may admit as evidence in any trial in a violation proceeding the affidavit of a witness in lieu of taking the testimony of the witness orally and in court. The authority granted under this section is subject to all of the following:

(1) Testimony may not be presented by affidavit under the provisions of this section unless the court has adopted rules authorizing the use of affidavits and providing proce-

dures for the introduction and use of the testimony.

(2) The court shall allow testimony by affidavit under this section only upon receiving a signed statement from the defendant waiving the right to have the testimony presented orally in court.

(3) Testimony by affidavit under this section is not subject to objection as hearsay.

(4) A statement signed by the defendant under subsection (2) of this section does not constitute a waiver of trial unless the affidavit specifically so provides.

(5) Nothing in this section requires that the defendant or any other witness waive the right to appear if other testimony is introduced by affidavit as provided in this section. [1999 c.1051 §22]

153.083 Role of peace officer. Notwithstanding ORS 9.160 and 9.320, in any trial of a violation, whether created by ordinance or statute, in which a city attorney or district attorney does not appear, the peace officer who issued the citation for the offense may present evidence, examine and cross-examine witnesses and make arguments relating to:

(1) The application of statutes and rules to the facts in the case;

(2) The literal meaning of the statutes or rules at issue in the case;

(3) The admissibility of evidence; and

(4) Proper procedures to be used in the trial. [1999 c.805 §1; 1999 c.805 §2; 2003 c.305 §1]

Note: 153.083 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 153 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

(Judgment)

153.090 Provisions of judgment. (1) Judgments entered under this chapter may include:

(a) Imposition of a sentence to pay a fine;

(b) Costs and restitution authorized by law;

(c) A requirement that the fine, costs and restitution, if any, be paid out of the presumptive fine;

(d) Remission of any balance of a presumptive fine to the defendant; and

(e) Any other provision authorized by law.

(2) Notwithstanding ORS 137.106, if the court orders restitution in a default judgment entered under ORS 153.102, a defendant may allege an inability to pay the full amount of monetary sanctions imposed, including restitution, and request a hearing to determine whether the defendant is unable

to pay or to establish a payment schedule by filing a written request with the court within one year after the entry of the judgment. The court shall set a hearing on the issue of the defendant's ability to pay upon receipt of the request and shall give notice to the district attorney. The district attorney shall give notice to the victim of the date, time and place of the hearing. The court may determine a payment schedule for monetary sanctions imposed, including restitution ordered under this subsection, if the defendant establishes at the hearing that the defendant is unable to pay the ordered restitution in full.

(3) If a trial is held in a violation proceeding, or a default judgment is entered against the defendant under ORS 153.102, the court may impose any fine within the statutory limits for the violation. If a defendant pleads no contest under ORS 153.061 (3) and the court accepts the plea and enters judgment against the defendant, the amount of the fine imposed against the defendant by the court may not exceed the presumptive fine established for the violation under ORS 153.019 and 153.020.

(4) A judge may suspend operation of any part of a judgment entered under this chapter upon condition that the defendant pay the nonsuspended portion of a fine within a specified period of time. If the defendant fails to pay the nonsuspended portion of the fine within the specified period of time, the suspended portion of the judgment becomes operative without further proceedings by the court and the suspended portion of the fine becomes immediately due and payable.

(5) The court may not issue notice to the Department of Transportation to suspend the defendant's driving privileges unless a trial has been required. The failure of the defendant to appear at the trial does not prevent the court from issuing notice to the department to suspend the defendant's driving privileges.

(6) Entry of a default judgment under ORS 153.102 does not preclude the arrest and prosecution of the defendant for the crime of failure to appear in a violation proceeding under ORS 153.992.

(7) If a person holds a commercial driver license, a court may not defer entry of a judgment or allow an individual to enter into a diversion program that would prevent a conviction for a traffic offense from appearing on the driving record of the holder. This subsection applies to all traffic offenses, whether committed while driving a motor vehicle or a commercial motor vehicle, but does not apply to parking violations. For purposes of this subsection, a person holds a commercial driver license if on the date of the commission of the offense the person

holds a commercial driver license issued by the department or the licensing agency of another jurisdiction that is:

(a) Not expired or if expired, expired less than one year; or

(b) Suspended, but not canceled or revoked. [1999 c.1051 §25; 2003 c.670 §3; 2005 c.649 §30; 2007 c.122 §12; 2007 c.784 §7; 2009 c.395 §4; 2011 c.355 §18; 2011 c.597 §27; 2012 c.89 §5]

Note: The amendments to 153.090 by section 30, chapter 237, Oregon Laws 2013, become operative July 8, 2015. See section 50 (1), chapter 237, Oregon Laws 2013. The text that is operative on and after July 8, 2015, is set forth for the user's convenience.

153.090. (1) Judgments entered under this chapter may include:

- (a) Imposition of a sentence to pay a fine;
- (b) Costs and restitution authorized by law;
- (c) A requirement that the fine, costs and restitution, if any, be paid out of the presumptive fine;
- (d) Remission of any balance of a presumptive fine to the defendant; and
- (e) Any other provision authorized by law.

(2) Notwithstanding ORS 137.106, if the court orders restitution in a default judgment entered under ORS 153.102, a defendant may allege an inability to pay the full amount of monetary sanctions imposed, including restitution, and request a hearing to determine whether the defendant is unable to pay or to establish a payment schedule by filing a written request with the court within one year after the entry of the judgment. The court shall set a hearing on the issue of the defendant's ability to pay upon receipt of the request and shall give notice to the district attorney. The district attorney shall give notice to the victim of the date, time and place of the hearing. The court may determine a payment schedule for monetary sanctions imposed, including restitution ordered under this subsection, if the defendant establishes at the hearing that the defendant is unable to pay the ordered restitution in full.

(3) If a trial is held in a violation proceeding, or a default judgment is entered against the defendant under ORS 153.102, the court may impose any fine within the statutory limits for the violation. If a defendant pleads no contest under ORS 153.061 (3) and the court accepts the plea and enters judgment against the defendant, the amount of the fine imposed against the defendant by the court may not exceed the presumptive fine established for the violation under ORS 153.019 and 153.020.

(4) A judge may suspend operation of any part of a judgment entered under this chapter upon condition that the defendant pay the nonsuspended portion of a fine within a specified period of time. If the defendant fails to pay the nonsuspended portion of the fine within the specified period of time, the suspended portion of the judgment becomes operative without further proceedings by the court and the suspended portion of the fine becomes immediately due and payable.

(5) The court may not issue notice to the Department of Transportation to suspend the defendant's driving privileges unless a trial has been required. The failure of the defendant to appear at the trial does not prevent the court from issuing notice to the department to suspend the defendant's driving privileges.

(6) Entry of a default judgment under ORS 153.102 does not preclude the arrest and prosecution of the defendant for the crime of failure to appear in a violation proceeding under ORS 153.992.

(7) If a person held commercial driving privileges as described in ORS 807.018 at the time the offense was committed, a court may not defer entry of a judgment

or allow an individual to enter into a diversion program that would prevent a conviction for a traffic offense from appearing on the driving record of the holder. This subsection applies to all traffic offenses, whether committed while driving a motor vehicle or a commercial motor vehicle, but does not apply to parking violations.

153.093 [1999 c.1095 §3; 1999 c.1095 §5; 2003 c.14 §61; 2003 c.737 §104; repealed by 2011 c.597 §5]

153.096 Suspension of fine in certain cases. (1) In any proceeding for a violation under ORS 830.990 or 830.997, the court may conditionally suspend all or part of any fine or penalty to be imposed on the defendant if the defendant appears personally and agrees to complete at the defendant's own expense a Safe Boating Education Course approved by the State Marine Board under ORS 830.110 (18), within time limits imposed by the court.

(2) In any proceeding for a violation under ORS 830.990 or 830.997, the court shall notify the State Marine Board if the defendant fails to appear at any time as required by law or the court, or fails to comply with any order of the court. [1999 c.1051 §96b]

153.099 Entry; nondefault cases. (1) If a trial is held in a violation proceeding, the court shall enter a judgment based on the evidence presented at the trial.

(2) If the defendant appears and enters a plea of no contest in the manner described in ORS 153.061 (3) and a trial is not otherwise required by the court or by law, the court shall make a decision based on the citation. The court may consider any statement of explanation submitted with the plea. [1999 c.1051 §23; 2007 c.784 §8; 2011 c.597 §25a; 2012 c.89 §6]

153.102 Entry; default cases. (1) If the defendant in a violation proceeding does not make a first appearance in the manner required by ORS 153.061 within the time allowed, and a trial is not otherwise required by the court or by law, the court may enter a default judgment based on the complaint and any other evidence the judge determines appropriate.

(2) If the defendant makes a first appearance in the manner required by ORS 153.061 within the time allowed and requests a trial, and the defendant subsequently fails to appear at the date, time and place set for any trial or other appearance in the matter, and if a trial is not otherwise required by the court or by law, the court shall enter a judgment based on the complaint and any other evidence the judge determines appropriate. [1999 c.1051 §24]

153.105 Relief from default judgment. If a default judgment is entered against a defendant under ORS 153.102, the court may relieve a defendant from the judgment upon a showing that the failure of the defendant

to appear was due to mistake, inadvertence, surprise or excusable neglect. A motion for relief under this section must be made by the defendant within a reasonable time, and in no event may a motion under this section be made more than one year after entry of judgment. [1999 c.1051 §26]

153.108 Effect of judgment. (1) Notwithstanding ORS 131.505 to 131.535, if a person commits both a crime and a violation as part of the same criminal episode, the prosecution for one offense shall not bar the subsequent prosecution for the other. However, evidence of the first conviction shall not be admissible in any subsequent prosecution for the other offense.

(2) Notwithstanding ORS 43.130 and 43.160, a plea, finding or judgment in a violation proceeding, or the fact that a violation proceeding has been brought against a defendant, may not be used for the purpose of res judicata or collateral estoppel, or be admitted as evidence in any civil proceeding. [1999 c.1051 §27; 2011 c.597 §29]

153.110 [1981 c.692 §11; repealed by 1999 c.1051 §32]

153.111 Distribution of abstracts of convictions. (1) Upon entry of a conviction for a traffic offense, the court shall forward to the Department of Transportation an abstract of conviction in the manner required by ORS 810.375, and a copy of the judgment, if required, under the provisions of ORS 810.375.

(2) Upon entry of a conviction for violation of any provision of the wildlife laws or commercial fishing laws, or any rule promulgated pursuant to those laws, the court that enters the judgment of conviction shall forward to the Department of State Police an abstract of conviction.

(3) Upon entry of a conviction for a compulsory school attendance violation under ORS 339.095, the court shall forward to the Department of Education an abstract of conviction.

(4) Upon entry of a conviction for violation of a weights and measures law subject to penalty under ORS 618.991, the court shall forward to the State Department of Agriculture an abstract of conviction.

(5) Upon entry of a conviction of a boating offense, as defined in ORS 830.005, the court shall forward to the State Marine Board an abstract of conviction.

(6) A court may destroy any abstract not required to be forwarded to an agency under the provisions of this section. [1999 c.1051 §51]

153.120 [1981 c.692 §12; repealed by 1999 c.1051 §32]

153.121 Appeal. An appeal from a judgment in a violation proceeding may be taken by either party as follows:

(1) From a proceeding in justice court or municipal court, as provided in ORS 138.057 for appeals of violations.

(2) From a proceeding in circuit court, as provided in ORS chapter 19, except that the standard of review is the same as for an appeal from a judgment in a proceeding involving a misdemeanor or felony. [1999 c.1051 §28; 2005 c.266 §1]

The complaint and summons in a citation issued for the charges specified in this section shall specify the speed at which the defendant is alleged to have driven and the posted speed, the speed limit or the speed that constitutes prima facie evidence of violation of the basic speed rule, as appropriate, for the district or location. This section applies to the following charges:

- (1) Violating the basic speed rule under ORS 811.100.
- (2) Violating a speed limit under ORS 811.111. [Formerly 484.175; 1987 c.5 §7; 1987 c.887 §14; 1999 c.1051 §79; 2003 c.819 §12]

(2) Notwithstanding ORS 133.065 and 153.054, a summons may be delivered to a defendant personally or by mail addressed to the defendant's last-known address if:

MISCELLANEOUS

153.770 Electronic filing of complaint for offenses subject to citation by uniform citation. (1) Notwithstanding ORS 1.525, 153.045, 221.333 and 810.425, a law enforcement officer or a person authorized to enforce parking ordinance violations, following procedures established by court rule, may file a complaint with the court by electronic means, without an actual signature of the officer, in lieu of using a written uniform citation. Law enforcement officers who file complaints under this section will be deemed to certify to the complaint and will continue to have the same rights, responsibilities and liabilities in relation to those complaints as to complaints that are certified by an actual signature.

(2) A court may allow electronic filing of complaints as described under subsection (1) of this section. Procedures established to allow electronic filing of complaints under this

section shall be established by court rule and shall include procedures necessary to ensure that:

(a) The information electronically filed includes all information required on a uniform citation adopted by the Supreme Court under ORS 1.525, or as required under ORS 221.333 and 810.425 for parking ordinance violations.

(b) The complaint filed electronically is verifiable as being filed by a specific law enforcement officer or, for parking ordinance violations, by a person authorized to enforce parking ordinance violations.

(c) Members of the public can obtain copies of and review complaints that are electronically filed and maintained under this section in the same manner as for complaints filed on paper. [1995 c.781 §53; 1999 c.1051 §129; 2001 c.911 §2]

153.772 Suspension of driving privileges for failure to appear; limitation on district attorney's authority. When the court issues a notice under ORS 809.220 to suspend the driving privileges of a person for failure to appear on a citation for a violation of ORS 471.430, the district attorney may not file an accusatory instrument charging the person with violating ORS 153.992. [2001 c.817 §9]

Note: 153.772 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 153 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

VIOLATIONS BUREAU

153.800 Violations Bureau; uniform fine schedule. (1) Any court of this state may establish a Violations Bureau and designate the clerk or deputy clerk of the court or any other appropriate person to act as a violations clerk for the Violations Bureau. The violations clerk shall serve under the direction and control of the court appointing the clerk.

(2) A violations clerk may exercise authority over any violation. A justice or municipal court establishing a Violations Bureau shall by order specify the violations that are subject to the authority of the violations clerk.

(3) Except as provided in subsection (6) of this section, the violations clerk shall accept:

(a) Written appearance, waiver of trial, plea of no contest and payment of fine, costs and assessments for violations that are subject to the authority of the violations clerk; or

(b) Payment of presumptive fine amounts for violations that are subject to the authority of the violations clerk.

(4)(a) Courts other than circuit courts shall establish schedules, within the limits prescribed by law, of the amounts of penalties to be imposed for first, second and subsequent violations, designating each violation specifically or by class. The order of the court establishing the schedules shall be prominently posted in the place where penalties established under the schedule are paid.

(b) The Chief Justice of the Supreme Court shall establish a uniform fine schedule for violations prosecuted in circuit courts. The schedule must specify the violations that are subject to the authority of the violations clerk.

(c) All amounts must be paid to, receipted by and accounted for by the violations clerk in the same manner as other payments on money judgments are received by the court.

(5) Any person charged with a violation within the authority of the violations clerk may:

(a) Upon signing an appearance, plea of no contest and waiver of trial, pay the clerk the penalty established for the violation charged, including any costs and assessments authorized by law.

(b) Pay the clerk the presumptive fine amount established for the violation. Payment of the presumptive fine amount under this paragraph constitutes consent to forfeiture of the presumptive fine amount and disposition of the violation by the clerk as provided by the rules of the court. Payment of the presumptive fine amount under this paragraph is not consent to forfeiture of the presumptive fine amount if the payment is accompanied by a plea of not guilty or a request for hearing.

(6) A person who has been found guilty of, or who has signed a plea of no contest to, one or more previous offenses in the preceding 12 months within the jurisdiction of the court may not appear before the violations clerk unless the court, by general order applying to certain specified offenses, permits such appearance. [1995 c.292 §1; 1997 c.801 §149; 1999 c.59 §30; 1999 c.1051 §130; 2011 c.597 §149; 2012 c.89 §8]

153.808 [Formerly 136.753; repealed by 1999 c.1051 §32]

MULTNOMAH COUNTY PARKING VIOLATION PROCEDURES

153.820 Special procedures for parking violations in Multnomah County. (1) A court may use the procedure provided in this section only in a county with a population of more than 500,000.

(2) The court may proceed to make a determination without a hearing on a citation for a parking violation if:

(a) None of the registered owners of the vehicle appears within the time allowed at the court specified in the citation;

(b) Notice of the citation and the provisions of this section are mailed to the registered owner or owners of the vehicle at the address or addresses reflected in the records of the Department of Transportation; and

(c) No request for hearing or other appearance is filed with the court within 60 days after the mailing date of the notice required by paragraph (b) of this subsection.

(3) The court may proceed to make a determination without a hearing on a citation for a parking violation if at least one of the registered owners of the vehicle appears within the time allowed at the court specified in the citation and requests a hearing, but thereafter fails to appear at the time, date and court set for any subsequent hearing in the matter. If a determination is made under the provisions of this subsection, the court shall mail notice of any sentence and judgment to the registered owner or owners of the vehicle at the address or addresses reflected in the records of the Department of Transportation.

(4) A determination under this section shall be on the citation and on any evidence that the court may, in its discretion, determine to be appropriate.

(5) Upon making a determination under this section, the court may enter judgment and, if the determination is one of conviction, may impose a sentence of a fine within the limits established for the parking violation along with a money award for costs, assessments and other amounts authorized by law.

(6) A sentence to pay a fine under this section does not prevent:

(a) Taking any other action against the person as permitted by law for the person's failure to comply, including, but not limited to, sentencing the person further as permitted by law after the person is brought to hearing.

(b) Following any procedures established by law when the person fails to appear.

(7) On motion and upon such terms as are just, the court may relieve a person from a judgment entered under this section upon a showing that the failure of the person to appear was due to mistake, inadvertence, surprise or excusable neglect. The motion must be made within a reasonable time, and in no event more than one year after entry of judgment in the matter.

(8) A judgment may be entered under this section only if the citation issued to the person contains a statement notifying the person that a judgment may be entered against the person up to the maximum amount of fines, assessments and other costs allowed by law for the parking violation if the person fails to appear at the time, date and court specified in the citation or fails to appear at subsequently scheduled hearings in the matter.

(9) Notwithstanding any other provision of law, a judgment entered under this section does not create a judgment lien and cannot become a judgment lien by any means. [1997 c.801 §98; 2003 c.576 §172]

PENALTIES

153.990 Penalty for false certification.

Any person who in connection with the issuance of a citation, or the filing of a complaint, under this chapter, knowingly certifies falsely to the matters set forth therein commits a Class A misdemeanor. [1981 c.692 §14; 1999 c.1051 §31]

(4) The Employment Department shall be exempt from the provisions of this chapter to the extent that a formal finding of the United States Secretary of Labor is made that such provision conflicts with the terms of the federal law, acceptance of which by

the state is a condition precedent to continued certification by the United States Secretary of Labor of the state's law.

(5) The provisions of ORS 183.415 to 183.430, 183.440 to 183.460, 183.470 to 183.485 and 183.490 to 183.500 do not apply to orders issued to persons who:

(Adoption of Rules)

183.325 Delegation of rulemaking authority to named officer or employee. Unless otherwise provided by law, an agency may delegate its rulemaking authority to an officer or employee within the agency. A delegation of authority under this section must be made in writing and filed with the Secretary of State before the filing of any rule adopted pursuant to the delegation. A delegation under this section may be made only to one or more named individuals. The delegation of authority shall reflect the name of the authorized individual or individuals, and be signed in acknowledgment by the named individuals. Any officer or employee to whom rulemaking authority is delegated under this section is an "agency" for the purposes of the rulemaking requirements of this chapter. [1979 c.593 §10; 1993 c.729 §1]

183.330 Description of organization; service of order; rules coordinator; effect of not putting order in writing. (1) In addition to other rulemaking requirements imposed by law, each agency shall publish a description of its organization and the methods whereby the public may obtain information or make submissions or requests.

(a) Maintain copies of all rules adopted by the agency and be able to provide information to the public about the status of those rules;

(b) Provide information to the public on all rulemaking proceedings of the agency; and

(c) Keep and make available the mailing list required by ORS 183.335 (8).

(3) An order shall not be effective as to any person or party unless it is served upon the person or party either personally or by mail. This subsection is not applicable in favor of any person or party who has actual knowledge of the order.

(4) An order is not final until it is reduced to writing. [1957 c.717 §2; 1971 c.734 §4; 1975 c.759 §3; 1979 c.593 §8; 1993 c.729 §2; 2001 c.220 §3]

183.332 Policy statement; conformity of state rules with equivalent federal laws and rules. It is the policy of this state that agencies shall seek to retain and promote the unique identity of Oregon by considering local conditions when an agency adopts policies and rules. However, since there are many federal laws and regulations that apply to activities that are also regulated by the state, it is also the policy of this state that agencies attempt to adopt rules that correspond with equivalent federal laws and rules unless:

(1) There is specific statutory direction to the agency that authorizes the adoption of the rule;

(2) A federal waiver has been granted that authorizes the adoption of the rule;

(3) Local or special conditions exist in this state that warrant a different rule;

(4) The state rule has the effect of clarifying the federal rules, standards, procedures or requirements;

(5) The state rule achieves the goals of the federal and state law with the least impact on public and private resources; or

(6) There is no corresponding federal regulation. [1997 c.602 §2]

183.333 Policy statement; public involvement in development of policy and drafting of rules; advisory committees. (1) The Legislative Assembly finds and declares that it is the policy of this state that whenever possible the public be involved in the development of public policy by agencies and in the drafting of rules. The Legislative Assembly encourages agencies to seek public input to the maximum extent possible before giving notice of intent to adopt a rule. The agency may appoint an advisory committee that will represent the interests of persons likely to be affected by the rule, or use any other means of obtaining public views that will assist the agency in drafting the rule.

(2) Any agency in its discretion may develop a list of interested parties and inform those parties of any issue that may be the subject of rulemaking and invite the parties to make comments on the issue.

(3) If an agency appoints an advisory committee for consideration of a rule under subsection (1) of this section, the agency shall seek the committee's recommendations on whether the rule will have a fiscal impact, what the extent of that impact will be and whether the rule will have a significant adverse impact on small businesses. If the committee indicates that the rule will have a significant adverse impact on small businesses, the agency shall seek the committee's recommendations on compliance with ORS 183.540.

(4) An agency shall consider an advisory committee's recommendations provided under subsection (3) of this section in preparing the statement of fiscal impact required by ORS 183.335 (2)(b)(E).

(5) If an agency does not appoint an advisory committee for consideration of a permanent rule under subsection (1) of this section and 10 or more persons likely to be affected by the rule object to the agency's statement of fiscal impact as required by ORS 183.335 (2)(b)(E) or an association with at least 10 members likely to be affected by the rule objects to the statement, the agency shall appoint a fiscal impact advisory committee to provide recommendations on whether the rule will have a fiscal impact and what the extent of that impact will be. An objection under this subsection must be made not later than 14 days after the notice required by ORS 183.335 (1) is given. If the agency determines that the statement does not adequately reflect the rule's fiscal impact, the agency shall extend the period for submission of data or views under ORS 183.335 (3)(a) by at least 20 days. The agency shall include any recommendations from the committee in the record maintained by the agency for the rule.

(6) Subsection (5) of this section does not apply to any rule adopted by an agency to comply with a judgment or a settlement of a judicial proceeding.

(7) If an agency is required by law to appoint an advisory committee under this section, the agency may not appoint an officer, employee or other agent of the agency to serve as a member of the advisory committee. [2003 c.749 §4; 2005 c.807 §4; 2013 c.273 §1]

Note: Section 2, chapter 273, Oregon Laws 2013, provides:

Sec. 2. The amendments to ORS 183.333 by section 1 of this 2013 Act apply to advisory committees appointed for proposed rules for which notice is given under ORS 183.335 (1) on or after the effective date of this 2013 Act [January 1, 2014]. [2013 c.273 §2]

183.335 Notice; content; public comment; temporary rule adoption, amendment or suspension; substantial compliance required. (1) Prior to the adoption, amendment or repeal of any rule, the agency shall give notice of its intended action:

(a) In the manner established by rule adopted by the agency under ORS 183.341 (4), which provides a reasonable opportunity for interested persons to be notified of the agency's proposed action;

(b) In the bulletin referred to in ORS 183.360 at least 21 days prior to the effective date;

(c) At least 28 days before the effective date, to persons who have requested notice pursuant to subsection (8) of this section; and

(2)(a) The notice required by subsection (1) of this section must include:

(B) An objective, simple and understandable statement summarizing the subject matter and purpose of the intended action in sufficient detail to inform a person that the person's interests may be affected, and the time, place and manner in which interested persons may present their views on the intended action.

(b) The agency shall include with the notice of intended action given under subsection (1) of this section:

(A) A citation of the statutory or other legal authority relied upon and bearing upon the promulgation of the rule;

(C) A statement of the need for the rule and a statement of how the rule is intended to meet the need;

(D) A list of the principal documents, reports or studies, if any, prepared by or relied upon by the agency in considering the need for and in preparing the rule, and a statement of the location at which those documents are available for public inspection. The list may be abbreviated if necessary, and if so abbreviated there shall be identified the location of a complete list;

(E) A statement of fiscal impact identifying state agencies, units of local government and the public that may be economically affected by the adoption, amendment or repeal of the rule and an estimate of that economic impact on state agencies, units of local government and the public. In considering the economic effect of the proposed action on the public, the agency shall utilize available information to project any significant economic effect of that action on businesses which shall include a cost of compliance effect on small businesses affected. For an agency specified in ORS 183.530, the statement of fiscal impact shall also include a housing cost impact statement as described in ORS 183.534;

(F) If an advisory committee is not appointed under the provisions of ORS 183.333, an explanation as to why no advisory committee was used to assist the agency in drafting the rule; and

(G) A request for public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.

(c) The Secretary of State may omit the information submitted under paragraph (b) of this subsection from publication in the bulletin referred to in ORS 183.360.

(d) When providing notice of an intended action under subsection (1)(c) of this section, the agency shall provide a copy of the rule that the agency proposes to adopt, amend or repeal, or an explanation of how the person may acquire a copy of the rule. The copy of an amended rule shall show all changes to the rule by striking through material to be deleted and underlining all new material, or by any other method that clearly shows all new and deleted material.

(3)(a) When an agency proposes to adopt, amend or repeal a rule, it shall give interested persons reasonable opportunity to submit data or views. Opportunity for oral hearing shall be granted upon request received from 10 persons or from an associ-

ation having not less than 10 members before the earliest date that the rule could become effective after the giving of notice pursuant to subsection (1) of this section. An agency holding a hearing upon a request made under this subsection shall give notice of the hearing at least 21 days before the hearing to the person who has requested the hearing, to persons who have requested notice pursuant to subsection (8) of this section and to the persons specified in subsection (15) of this section. The agency shall publish notice of the hearing in the bulletin referred to in ORS 183.360 at least 14 days before the hearing. The agency shall consider fully any written or oral submission.

(b) If an agency is required to conduct an oral hearing under paragraph (a) of this subsection, and the rule for which the hearing is to be conducted applies only to a limited geographical area within this state, or affects only a limited geographical area within this state, the hearing shall be conducted within the geographical area at the place most convenient for the majority of the residents within the geographical area. At least 14 days before a hearing conducted under this paragraph, the agency shall publish notice of the hearing in the bulletin referred to in ORS 183.360 and in a newspaper of general circulation published within the geographical area that is affected by the rule or to which the rule applies. If a newspaper of general circulation is not published within the geographical area that is affected by the rule or to which the rule applies, the publication shall be made in the newspaper of general circulation published closest to the geographical area.

(c) Notwithstanding paragraph (a) of this subsection, the Department of Corrections and the State Board of Parole and Post-Prison Supervision may adopt rules limiting participation by inmates in the proposed adoption, amendment or repeal of any rule to written submissions.

(d) If requested by at least five persons before the earliest date that the rule could become effective after the agency gives notice pursuant to subsection (1) of this section, the agency shall provide a statement that identifies the objective of the rule and a statement of how the agency will subsequently determine whether the rule is in fact accomplishing that objective.

(e) An agency that receives data or views concerning proposed rules from interested persons shall maintain a record of the data or views submitted. The record shall contain:

(A) All written materials submitted to an agency in response to a notice of intent to adopt, amend or repeal a rule.

(B) A recording or summary of oral submissions received at hearings held for the purpose of receiving those submissions.

(C) Any public comment received in response to the request made under subsection (2)(b)(G) of this section and the agency's response to that comment.

(D) Any statements provided by the agency under paragraph (d) of this subsection.

(4) Upon request of an interested person received before the earliest date that the rule could become effective after the giving of notice pursuant to subsection (1) of this section, the agency shall postpone the date of its intended action no less than 21 nor more than 90 days in order to allow the requesting person an opportunity to submit data, views or arguments concerning the proposed action. Nothing in this subsection shall preclude an agency from adopting a temporary rule pursuant to subsection (5) of this section.

(5) Notwithstanding subsections (1) to (4) of this section, an agency may adopt, amend or suspend a rule without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable, if the agency prepares:

(b) A citation of the statutory or other legal authority relied upon and bearing upon the promulgation of the rule;

(c) A statement of the need for the rule and a statement of how the rule is intended to meet the need;

(6)(a) A rule adopted, amended or suspended under subsection (5) of this section is temporary and may be effective for a period of not longer than 180 days. The adoption of a rule under this subsection does not preclude the subsequent adoption of an identical rule under subsections (1) to (4) of this section.

(b) A rule temporarily suspended shall regain effectiveness upon expiration of the temporary period of suspension unless the

rule is repealed under subsections (1) to (4) of this section.

(7) Notwithstanding subsections (1) to (4) of this section, an agency may amend a rule without prior notice or hearing if the amendment is solely for the purpose of:

(a) Changing the name of an agency by reason of a name change prescribed by law;

(b) Changing the name of a program, office or division within an agency as long as the change in name does not have a substantive effect on the functions of the program, office or division;

(c) Correcting spelling;

(d) Correcting grammatical mistakes in a manner that does not alter the scope, application or meaning of the rule;

(e) Correcting statutory or rule references; or

(f) Correcting addresses or telephone numbers referred to in the rules.

(8)(a) Any person may request in writing that an agency send to the person copies of the agency's notices of intended action issued under subsection (1) of this section. The person must provide an address where the person elects to receive notices. The address provided may be a postal mailing address or, if the agency provides notice by electronic mail, may be an electronic mailing address.

(b) A request under this subsection must indicate that the person requests one of the following:

(A) The person may request that the agency mail paper copies of the proposed rule and other information required by subsection (2) of this section to the postal mailing address.

(B) If the agency posts notices of intended action on a website, the person may request that the agency mail the information required by subsection (2)(a) of this section to the postal mailing address with a reference to the website where electronic copies of the proposed rule and other information required by subsection (2) of this section are posted.

(C) The person may request that the agency electronically mail the information required by subsection (2)(a) of this section to the electronic mailing address, and either provide electronic copies of the proposed rule and other information required by subsection (2) of this section or provide a reference to a website where electronic copies of the proposed rule and other information required by subsection (2) of this section are posted.

(c) Upon receipt of any request under this subsection, the agency shall acknowledge the request, establish a mailing list and

maintain a record of all mailings made pursuant to the request. Agencies may establish procedures for establishing the mailing lists and keeping the mailing lists current. Agencies by rule may establish fees necessary to defray the costs of mailings and maintenance of the lists.

(d) Members of the Legislative Assembly who receive notices under subsection (15) of this section may request that an agency furnish paper copies of the notices.

(9) This section does not apply to rules establishing an effective date for a previously effective rule or establishing a period during which a provision of a previously effective rule will apply.

(10) This section does not apply to ORS 279.835 to 279.855, 279A.140 to 279A.155, 279A.250 to 279A.290, 279A.990, 279B.050 to 279B.085, 279B.200 to 279B.240, 279B.270, 279B.275, 279B.280, 279C.360, 279C.365, 279C.370, 279C.375, 279C.380, 279C.385, 279C.500 to 279C.530, 279C.540, 279C.545, 279C.550 to 279C.570, 279C.580, 279C.585, 279C.590, 279C.600 to 279C.625, 279C.650 to 279C.670 and 279C.800 to 279C.870 relating to public contracts and purchasing.

(11)(a) Except as provided in paragraph (c) of this subsection, a rule is not valid unless adopted in substantial compliance with the provisions of this section in effect on the date that the notice required under subsection (1) of this section is delivered to the Secretary of State for the purpose of publication in the bulletin referred to in ORS 183.360.

(b) In addition to all other requirements with which rule adoptions must comply, a rule is not valid if the rule has not been submitted to the Legislative Counsel in the manner required by ORS 183.715.

(c) A rule is not subject to judicial review or other challenge by reason of failing to comply with subsection (2)(a)(A) of this section.

(12)(a) Notwithstanding the provisions of subsection (11) of this section, but subject to paragraph (b) of this subsection, an agency may correct its failure to substantially comply with the requirements of subsections (2) and (5) of this section in adoption of a rule by an amended filing, as long as the non-compliance did not substantially prejudice the interests of persons to be affected by the rule.

(b) An agency may use an amended filing to correct a failure to include a fiscal impact statement in a notice of intended action, as required by subsection (2)(b)(E) of this section, or to correct an inaccurate fiscal impact statement, only if the agency developed the fiscal impact statement with the assist-

ance of an advisory committee or fiscal impact advisory committee appointed under ORS 183.333.

(13) Unless otherwise provided by statute, the adoption, amendment or repeal of a rule by an agency need not be based upon or supported by an evidentiary record.

(14) When an agency has established a deadline for comment on a proposed rule under the provisions of subsection (3)(a) of this section, the agency may not extend that deadline for another agency or person unless the extension applies equally to all interested agencies and persons. An agency shall not consider any submission made by another agency after the final deadline has passed.

(15) The notices required under subsections (1) and (3) of this section must be given by the agency to the following persons:

(a) If the proposed adoption, amendment or repeal results from legislation that was passed within two years before notice is given under subsection (1) of this section, notice shall be given to the legislator who introduced the bill that subsequently was enacted into law, and to the chair or cochair of all committees that reported the bill out, except for those committees whose sole action on the bill was referral to another committee.

(b) If the proposed adoption, amendment or repeal does not result from legislation that was passed within two years before notice is given under subsection (1) of this section, notice shall be given to the chair or cochair of any interim or session committee with authority over the subject matter of the rule.

(c) If notice cannot be given under paragraph (a) or (b) of this subsection, notice shall be given to the Speaker of the House of Representatives and to the President of the Senate who are in office on the date the notice is given.

(1) Notwithstanding ORS 183.335, when an agency is required to adopt rules or regulations promulgated by an agency of the federal government and the agency has no authority to alter or amend the content or language of those rules or regulations prior to their adoption, the agency may adopt those rules or regulations under the procedure prescribed in this section.

(2) Prior to the adoption of a federal rule or regulation under subsection (1) of this section, the agency shall give notice of the adoption of the rule or regulation, the effective date of the rule or regulation in this state and the subject matter of the rule or regulation in the manner established in ORS 183.335 (1).

(3) After giving notice the agency may adopt the rule or regulation by filing a copy with the Secretary of State in compliance with ORS 183.355. The agency is not required to conduct a public hearing concerning the adoption of the rule or regulation.

Notice of such adoption shall be filed with the Secretary of State in the manner provided by ORS 183.355 for the filing of rules. The model rules may be amended from time to time by an adopting agency or the Attorney General after notice and opportunity for hearing as required by rulemaking procedures under this chapter.

(2) Except as provided in ORS 183.630, all agencies shall adopt rules of procedure to be utilized in the adoption of rules and conduct of proceedings in contested cases or, if exempt from the contested case provisions of this chapter, for the conduct of proceedings.

(3) The Secretary of State shall publish in the Oregon Administrative Rules:

(a) The Attorney General's model rules adopted under subsection (1) of this section;

(b) The procedural rules of all agencies that have not adopted the Attorney General's model rules; and

(c) The notice procedures required by ORS 183.335 (1).

(4) Agencies shall adopt rules of procedure which will provide a reasonable opportunity for interested persons to be notified of the agency's intention to adopt, amend or repeal a rule.

(5) No rule adopted after September 13, 1975, is valid unless adopted in substantial compliance with the rules adopted pursuant to subsection (4) of this section. [1975 c.759 §6 (enacted in lieu of 183.340); 1979 c.593 §12; 1997 c.837 §1; 1999 c.849 §§24,25; 2003 c.75 §28]

183.350 [1957 c.717 §3 (1), (2); repealed by 1971 c.734 §21]

183.355 Filing and taking effect of rules; filing of executive orders; copies; fees. (1)(a) Each agency shall file in the office of the Secretary of State a certified copy of each rule adopted by it.

(b) Notwithstanding the provisions of paragraph (a) of this subsection, an agency adopting a rule incorporating published standards by reference is not required to file a copy of those standards with the Secretary of State if:

(A) The standards adopted are unusually voluminous and costly to reproduce; and

(B) The rule filed with the Secretary of State identifies the location of the standards

so incorporated and the conditions of their availability to the public.

(2) Each rule is effective upon filing as required by subsection (1) of this section, except that:

(a) If a later effective date is required by statute or specified in the rule, the later date is the effective date.

(b) A temporary rule becomes effective upon filing with the Secretary of State, or at a designated later date, only if the statement required by ORS 183.335 (5) is filed with the rule. The agency shall take appropriate measures to make temporary rules known to the persons who may be affected by them.

(3) When a rule is amended or repealed by an agency, the agency shall file a certified copy of the amendment or notice of repeal with the Secretary of State who shall appropriately amend the compilation required by ORS 183.360 (1).

(4) A certified copy of each executive order issued, prescribed or promulgated by the Governor shall be filed in the office of the Secretary of State.

(5) No rule of which a certified copy is required to be filed shall be valid or effective against any person or party until a certified copy is filed in accordance with this section. However, if an agency, in disposing of a contested case, announces in its decision the adoption of a general policy applicable to such case and subsequent cases of like nature the agency may rely upon such decision in disposition of later cases.

(6) The Secretary of State shall, upon request, supply copies of rules, or orders or designated parts of rules or orders, making and collecting therefor fees prescribed by ORS 177.130. All receipts from the sale of copies shall be deposited in the State Treasury to the credit of the Secretary of State Miscellaneous Receipts Account established under ORS 279A.290.

(7) The Secretary of State shall establish and collect fees from agencies filing rules under this section. The fees shall be established in amounts calculated to be necessary to generate revenues adequate to pay costs incurred by the Secretary of State in performing the following duties that are not paid for by subscriber fees or other fees prescribed by law:

(a) Publication of the compilation referred to in ORS 183.360 (1);

(b) Publication of the bulletin referred to in ORS 183.360 (3); and

(c) Electronic publication of rules and other information relating to rules under ORS 183.365.

(8) All fees collected under subsection (7) of this section shall be deposited in the State Treasury to the credit of the Secretary of State Miscellaneous Receipts Account established under ORS 279A.290. [1971 c.734 §5; 1973 c.612 §2; 1975 c.759 §7; 1977 c.798 §2b; 1979 c.593 §13; 1991 c.169 §2; 2003 c.794 §207; 2009 c.289 §1]

183.360 Publication of rules and orders; exceptions; requirements; bulletin; judicial notice; citation. (1) The Secretary of State shall compile, index and publish all rules adopted by each agency. The compilation shall be supplemented or revised as often as necessary and at least once every six months. Such compilation supersedes any other rules. The Secretary of State may make such compilations of other material published in the bulletin as are desirable. The Secretary of State may copyright the compilations prepared under this subsection, and may establish policies for the revision, clarification, classification, arrangement, indexing, printing, binding, publication, sale and distribution of the compilations.

(2)(a) The Secretary of State has discretion to omit from the compilation rules the publication of which would be unduly cumbersome or expensive if the rule in printed or processed form is made available on application to the adopting agency, and if the compilation contains a notice summarizing the omitted rule and stating how a copy thereof may be obtained. In preparing the compilation the Secretary of State shall not alter the sense, meaning, effect or substance of any rule, but may renumber sections and parts of sections of the rules, change the wording of headnotes, rearrange sections, change reference numbers to agree with renumbered chapters, sections or other parts, substitute the proper subsection, section or chapter or other division numbers, change capitalization for the purpose of uniformity, and correct manifest clerical or typographical errors.

(b) The Secretary of State may by rule prescribe requirements, not inconsistent with law, for the manner and form for filing of rules adopted or amended by agencies. The Secretary of State may refuse to accept for filing any rules which do not comply with those requirements.

(3) The Secretary of State shall publish at least at monthly intervals a bulletin which:

(a) Briefly indicates the agencies that are proposing to adopt, amend or repeal a rule, the subject matter of the rule and the name, address and telephone number of an agency officer or employee from whom information and a copy of any proposed rule may be obtained;

(b) Contains the text or a brief description of all rules filed under ORS 183.355 since the last bulletin indicating the effective date of the rule;

(c) Contains executive orders of the Governor; and

(d) Contains orders issued by the Director of the Department of Revenue under ORS 305.157 extending tax statutes of limitation.

(4) Courts shall take judicial notice of rules and executive orders filed with the Secretary of State.

(5) The compilation required by subsection (1) of this section shall be titled Oregon Administrative Rules and may be cited as "OAR" with appropriate numerical indications.

(6) The Secretary of State may publish the compilation and bulletin required by this section in print, or by placing the compilation and bulletin on the Internet. [1957 c.717 §4 (1),(2),(3); 1961 c.464 §1; 1971 c.734 §7; 1973 c.612 §4; 1975 c.759 §7a; 1977 c.394 §2; 1979 c.593 §16; 1993 c.729 §13; 1995 c.79 §62; 2001 c.104 §63; 2003 c.168 §3; 2009 c.289 §2]

183.362 Program for biennial publication of Oregon Administrative Rules. (1) Notwithstanding ORS 183.360, the Secretary of State may implement a program for the publication of the Oregon Administrative Rules not less than once every two years with annual supplements. The Secretary of State may implement a program under this section only if the Secretary of State publishes the full text of proposed administrative rules in the manner specified by this section.

(2) Except as provided in subsection (3) of this section, upon implementing a program under this section the Secretary of State shall require that an agency submit the full text of the proposed rule in addition to information required to be published under the provisions of ORS 183.335 (1). Except as provided in subsection (3) of this section, the Secretary of State shall publish the full text of the proposed rule in the bulletin referred to in ORS 183.360.

(3) The Secretary of State may waive the submission of the full text of a proposed administrative rule and decline to publish the full text of the proposed rule in the bulletin referred to in ORS 183.360 if:

(a) The proposed rule is unusually voluminous; and

(b) In addition to the information provided by the agency under the provisions of ORS 183.335 (2) the agency identifies a location where the rule is available for inspection and copying.

(4) If the adopted rule submitted to the Secretary of State under the provisions of ORS 183.355 is different from the proposed

rule submitted to the Secretary of State under a program implemented under this section, the Secretary of State shall publish in the bulletin referred to in ORS 183.360 either the full text of the rule as adopted or a list of the changes made in the proposed rule before the agency adopted the rule. [1993 c.729 §12]

Note: 183.362 was added to and made a part of ORS chapter 183 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

183.365 Publication of administrative rules in electronic form. (1) Pursuant to ORS 183.360, the Secretary of State shall publish in electronic form administrative rules adopted or amended by state agencies and make the information available to the public and members of the Legislative Assembly.

(2) The Secretary of State shall determine the most cost-effective format and procedures for the timely release of the information described in subsection (1) of this section in electronic form.

(3) Pursuant to ORS 183.360 (2)(b), the Secretary of State shall establish requirements for filing administrative rules adopted or amended by state agencies for entry into computer networks for the purpose of subsection (1) of this section.

(4) Although each state agency is responsible for its information resources, centralized information resource management must also exist to:

(a) Provide public access to the information described in subsection (1) of this section;

(b) Provide technical assistance to state agencies; and

(c) Ensure that the information resources needed to implement subsection (1) of this section are addressed along with the needs of the individual agencies.

(5) Personal information concerning a person who accesses the information identified in subsection (1) of this section may be maintained only for the purpose of providing service to the person.

(6) No fee or other charge may be imposed by the Secretary of State as a condition of accessing the information identified in subsection (1) of this section.

(7) No action taken pursuant to this section shall be deemed to alter or relinquish any copyright or other proprietary interest or entitlement of the State of Oregon relative to any of the information made available pursuant to subsection (1) of this section. [1995 c.614 §5]

Note: 183.365 was enacted into law by the Legislative Assembly but was not added to or made a part of

ORS chapter 183 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

183.370 Distribution of published rules.

The bulletins and compilations may be distributed by the Secretary of State free of charge as provided for the distribution of legislative materials referred to in ORS 171.236. Other copies of the bulletins and compilations shall be distributed by the Secretary of State at a cost determined by the Secretary of State. Any agency may compile and publish its rules or all or part of its rules for purpose of distribution outside of the agency only after it proves to the satisfaction of the Secretary of State that agency publication is necessary. [1957 c.717 §4(4); 1959 c.260 §1; 1969 c.174 §4; 1975 c.759 §8; 1977 c.394 §3]

183.380 [1957 c.717 §4 (5); repealed by 1971 c.734 §21]

183.390 Petitions requesting adoption of rules.

(1) An interested person may petition an agency requesting the promulgation, amendment or repeal of a rule. The Attorney General shall prescribe by rule the form for such petitions and the procedure for their submission, consideration and disposition. Not later than 90 days after the date of submission of a petition, the agency either shall deny the petition in writing or shall initiate rulemaking proceedings in accordance with ORS 183.335.

(2) If a petition requesting the amendment or repeal of a rule is submitted to an agency under this section, the agency shall invite public comment upon the rule, and shall specifically request public comment on whether options exist for achieving the rule's substantive goals in a way that reduces the negative economic impact on businesses.

(3) In reviewing a petition subject to subsection (2) of this section, the agency shall consider:

(a) The continued need for the rule;

(b) The nature of complaints or comments received concerning the rule from the public;

(c) The complexity of the rule;

(d) The extent to which the rule overlaps, duplicates or conflicts with other state rules or federal regulations and, to the extent feasible, with local government regulations;

(e) The degree to which technology, economic conditions or other factors have changed in the subject area affected by the rule; and

(f) The statutory citation or legal basis for the rule. [1957 c.717 §5; 1971 c.734 §8; 2003 c.749 §6]

183.400 Judicial determination of validity of rule.

(1) The validity of any rule may be determined upon a petition by any person to the Court of Appeals in the man-

ner provided for review of orders in contested cases. The court shall have jurisdiction to review the validity of the rule whether or not the petitioner has first requested the agency to pass upon the validity of the rule in question, but not when the petitioner is a party to an order or a contested case in which the validity of the rule may be determined by a court.

(2) The validity of any applicable rule may also be determined by a court, upon review of an order in any manner provided by law or pursuant to ORS 183.480 or upon enforcement of such rule or order in the manner provided by law.

(3) Judicial review of a rule shall be limited to an examination of:

- (a) The rule under review;
- (b) The statutory provisions authorizing the rule; and
- (c) Copies of all documents necessary to demonstrate compliance with applicable rulemaking procedures.

(4) The court shall declare the rule invalid only if it finds that the rule:

- (a) Violates constitutional provisions;
- (b) Exceeds the statutory authority of the agency; or
- (c) Was adopted without compliance with applicable rulemaking procedures.

(5) In the case of disputed allegations of irregularities in procedure which, if proved, would warrant reversal or remand, the Court of Appeals may refer the allegations to a master appointed by the court to take evidence and make findings of fact. The court's review of the master's findings of fact shall be de novo on the evidence.

(6) The court shall not declare a rule invalid solely because it was adopted without compliance with applicable rulemaking procedures after a period of two years after the date the rule was filed in the office of the Secretary of State, if the agency attempted to comply with those procedures and its failure to do so did not substantially prejudice the interests of the parties. [1957 c.717 §6; 1971 c.734 §9; 1975 c.759 §9; 1979 c.593 §17; 1987 c.861 §3]

183.405 Agency review of rules. (1) Not later than five years after adopting a rule, an agency shall review the rule for the purpose of determining:

- (a) Whether the rule has had the intended effect;
- (b) Whether the anticipated fiscal impact of the rule was underestimated or overestimated;
- (c) Whether subsequent changes in the law require that the rule be repealed or amended; and

(d) Whether there is continued need for the rule.

(2) An agency shall utilize available information in complying with the requirements of subsection (1) of this section.

(3) If an agency appoints an advisory committee pursuant to ORS 183.333 for consideration of a rule subject to the requirements of this section, the agency shall provide the advisory committee with a report on a review of the rule conducted under this section.

(4) The provisions of this section do not apply to the amendment or repeal of a rule.

(5) The provisions of this section do not apply to:

- (a) Rules adopted to implement court orders or the settlement of civil proceedings;
- (b) Rules that adopt federal laws or rules by reference;
- (c) Rules adopted to implement legislatively approved fee changes; or
- (d) Rules adopted to correct errors or omissions. [2005 c.807 §3]

Note: 183.405 was added to and made a part of 183.325 to 183.410 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

183.410 Agency determination of applicability of rule or statute to petitioner; effect; judicial review. On petition of any interested person, any agency may in its discretion issue a declaratory ruling with respect to the applicability to any person, property, or state of facts of any rule or statute enforceable by it. A declaratory ruling is binding between the agency and the petitioner on the state of facts alleged, unless it is altered or set aside by a court. However, the agency may, where the ruling is adverse to the petitioner, review the ruling and alter it if requested by the petitioner. Binding rulings provided by this section are subject to review in the Court of Appeals in the manner provided in ORS 183.480 for the review of orders in contested cases. The Attorney General shall prescribe by rule the form for such petitions and the procedure for their submission, consideration and disposition. The petitioner shall have the right to submit briefs and present oral argument at any declaratory ruling proceeding held pursuant to this section. [1957 c.717 §7; 1971 c.734 §10; 1973 c.612 §5]

(Contested Cases)

183.411 Delegation of final order authority. Unless otherwise provided by law, an agency may delegate authority to enter a final order in a proceeding or class of proceedings to an officer or employee of the agency, or to a class of officers or employees

of the agency. A delegation of authority under this section must be made in writing before the issuance of any order pursuant to the delegation and must be retained in the agency's records. [2007 c.116 §2]

Note: 183.411 was added to and made a part of ORS chapter 183 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

183.413 Notice to parties before hearing of rights and procedure; failure to provide notice. (1) The Legislative Assembly finds that parties to a contested case hearing have a right to be informed as to the procedures by which contested cases are heard by state agencies, their rights in hearings before state agencies, the import and effect of hearings before state agencies and their rights and remedies with respect to actions taken by state agencies. Accordingly, it is the purpose of subsections (2) and (3) of this section to set forth certain requirements of state agencies so that parties to contested case hearings shall be fully informed as to these matters when exercising their rights before state agencies.

(2) Prior to the commencement of a contested case hearing before any agency including those agencies identified in ORS 183.315, the agency shall serve personally or by mail a written notice to each party to the hearing that includes the following:

(a) The time and place of the hearing.

(b) A statement of the authority and jurisdiction under which the hearing is to be held.

(c) A statement that generally identifies the issues to be considered at the hearing.

(d) A statement indicating that the party may be represented by counsel and that legal aid organizations may be able to assist a party with limited financial resources.

(e) A statement that the party has the right to respond to all issues properly before the presiding officer and present evidence and witnesses on those issues.

(f) A statement indicating whether discovery is permitted and, if so, how discovery may be requested.

(g) A general description of the hearing procedure including the order of presentation of evidence, what kinds of evidence are admissible, whether objections may be made to the introduction of evidence and what kind of objections may be made and an explanation of the burdens of proof or burdens of going forward with the evidence.

(h) Whether a record will be made of the proceedings and the manner of making the record and its availability to the parties.

(i) The function of the record-making with respect to the perpetuation of the testimony and evidence and with respect to any appeal from the determination or order of the agency.

(j) Whether an attorney will represent the agency in the matters to be heard and whether the parties ordinarily and customarily are represented by an attorney.

(k) The title and function of the person presiding at the hearing with respect to the decision process, including, but not limited to, the manner in which the testimony and evidence taken by the person presiding at the hearing are reviewed, the effect of that person's determination, who makes the final determination on behalf of the agency, whether the person presiding at the hearing is or is not an employee, officer or other representative of the agency and whether that person has the authority to make a final independent determination.

(L) In the event a party is not represented by an attorney, whether the party may during the course of proceedings request a recess if at that point the party determines that representation by an attorney is necessary to the protection of the party's rights.

(m) Whether there exists an opportunity for an adjournment at the end of the hearing if the party then determines that additional evidence should be brought to the attention of the agency and the hearing reopened.

(n) Whether there exists an opportunity after the hearing and prior to the final determination or order of the agency to review and object to any proposed findings of fact, conclusions of law, summary of evidence or recommendations of the officer presiding at the hearing.

(o) A description of the appeal process from the determination or order of the agency.

(p) A statement that active duty servicemembers have a right to stay proceedings under the federal Servicemembers Civil Relief Act and may contact the Oregon State Bar or the Oregon Military Department for more information. The statement must include the toll-free telephone numbers for the Oregon State Bar and the Oregon Military Department and the Internet address for the United States Armed Forces Legal Assistance Legal Services Locator website.

(3) The failure of an agency to give notice of any item specified in subsection (2) of this section does not invalidate any determination or order of the agency unless upon an appeal from or review of the determination or order a court finds that the failure affects the substantial rights of the complaining party. In the event of such a finding, the

court shall remand the matter to the agency for a reopening of the hearing and shall direct the agency as to what steps it shall take to remedy the prejudice to the rights of the complaining party. [1979 c.593 §§37,38,39; 1995 c.79 §63; 2007 c.288 §1; 2013 c.295 §1]

Note: Section 2, chapter 295, Oregon Laws 2013, provides:

Sec. 2. (1) An agency that, prior to the effective date of this 2013 Act [September 1, 2013], provided notice of rights under the federal Servicemembers Civil Relief Act to each party to a contested case under ORS 183.413 is not required to provide the specific information described in ORS 183.413 (2)(p) in the notice so long as the agency continues to provide notice in the same manner as it was previously provided.

(2) An agency that, prior to the effective date of this 2013 Act, had preprinted forms used for providing notice under ORS 183.413 (2) is not required to provide the specific information required in ORS 183.413 (2)(p) until the supply of preprinted forms has been exhausted. [2013 c.295 §2]

183.415 Notice of right to hearing. (1) The Legislative Assembly finds that persons affected by actions taken by state agencies have a right to be informed of their rights and remedies with respect to the actions.

(2) In a contested case, all parties shall be afforded an opportunity for hearing after reasonable notice, served personally or by registered or certified mail.

(3) Notice under this section must include:

(a) A statement of the party's right to hearing, with a description of the procedure and time to request a hearing, or a statement of the time and place of the hearing;

(b) A statement of the authority and jurisdiction under which the hearing is to be held;

(c) A reference to the particular sections of the statutes and rules involved;

(d) A short and plain statement of the matters asserted or charged;

(e) A statement indicating whether and under what circumstances an order by default may be entered; and

(f) A statement that active duty servicemembers have a right to stay proceedings under the federal Servicemembers Civil Relief Act and may contact the Oregon State Bar or the Oregon Military Department for more information. The statement must include the toll-free telephone numbers for the Oregon State Bar and the Oregon Military Department and the Internet address for the United States Armed Forces Legal Assistance Legal Services Locator website. [1971 c.734 §13; 1979 c.593 §18; 1985 c.757 §1; 1997 c.837 §2; 1999 c.849 §§27,28; 2003 c.75 §29; 2007 c.288 §2; 2013 c.295 §3]

Note: Section 4, chapter 295, Oregon Laws 2013, provides:

Sec. 4. (1) An agency that, prior to the effective date of this 2013 Act [September 1, 2013], provided notice

of rights under the federal Servicemembers Civil Relief Act to each party to a contested case under ORS 183.415 is not required to provide the specific information described in ORS 183.415 (2)(f) in the notice so long as the agency continues to provide notice in the same manner as it was previously provided.

(2) An agency that, prior to the effective date of this 2013 Act, had preprinted forms used for providing notice under ORS 183.415 (2) is not required to provide the specific information required in ORS 183.415 (2)(f) until the supply of preprinted forms has been exhausted. [2013 c.295 §4]

183.417 Procedure in contested case hearing. (1) In a contested case proceeding, the parties may elect to be represented by counsel and to respond and present evidence and argument on all issues properly before the presiding officer in the proceeding.

(2) Agencies may adopt rules of procedure governing participation in contested case proceedings by persons appearing as limited parties.

(3)(a) Unless prohibited by law, informal disposition may be made of any contested case by stipulation, agreed settlement, consent order or default. Informal settlement may be made in license revocation proceedings by written agreement of the parties and the agency consenting to a suspension, fine or other form of intermediate sanction.

(b) Any informal disposition of a contested case, other than an informal disposition by default, must be in writing and signed by the party or parties to the contested case. The agency shall incorporate that disposition into a final order. An order under this paragraph is not subject to ORS 183.470. The agency shall deliver or mail a copy of the order to each party and to the attorney of record if the party is represented. An order that incorporates the informal disposition is a final order in a contested case, but is not subject to judicial review. A party may petition the agency to set aside a final order that incorporates the informal disposition on the ground that the informal disposition was obtained by fraud or duress.

(4) An order adverse to a party may be issued upon default only if a prima facie case is made on the record. The record on a default order includes all materials submitted by the party. The record on a default order may be made at the time of issuance of the order. If the record on the default order consists solely of an application and other materials submitted by the party, the agency shall so note in the order.

(5) At the commencement of a contested case hearing, the officer presiding at the hearing shall explain the issues involved in the hearing and the matters that the parties must either prove or disprove.

(6) Testimony at a contested case hearing shall be taken upon oath or affirmation of

the witness. The officer presiding at the hearing shall administer oaths or affirmations to witnesses.

(7) The officer presiding at the hearing shall place on the record a statement of the substance of any written or oral ex parte communication on a fact in issue made to the officer during the pendency of the proceeding and notify the parties of the communication and of their right to rebut the communication. If an ex parte communication is made to an administrative law judge assigned from the Office of Administrative Hearings established under ORS 183.605, the administrative law judge must comply with ORS 183.685.

(8) The officer presiding at the hearing shall ensure that the record developed at the hearing shows a full and fair inquiry into the facts necessary for consideration of all issues properly before the presiding officer in the case and the correct application of the law to those facts.

(9) The record in a contested case shall include:

- (a) All pleadings, motions and intermediate rulings.
- (b) Evidence received or considered.
- (c) Stipulations.
- (d) A statement of matters officially noticed.
- (e) Questions and offers of proof, objections and rulings thereon.
- (f) A statement of any ex parte communication that must be disclosed under subsection (7) of this section and that was made to the officer presiding at the hearing.
- (g) Proposed findings and exceptions.
- (h) Any proposed, intermediate or final order prepared by the agency or an administrative law judge.

(10) A verbatim oral, written or mechanical record shall be made of all motions, rulings and testimony in a contested case proceeding. The record need not be transcribed unless requested for purposes of rehearing or court review. The agency may charge the party requesting transcription the cost of a copy of transcription, unless the party files an appropriate affidavit of indigency. Upon petition, a court having jurisdiction to review under ORS 183.480 may reduce or eliminate the charge upon finding that it is equitable to do so, or that matters of general interest would be determined by review of the order of the agency. [2007 c.288 §4]

183.418 [1973 c.386 §6; 1989 c.224 §11; 1991 c.750 §5; repealed by 1999 c.1041 §9]

183.420 [1957 c.717 §8 (1); repealed by 1971 c.734 §21]

183.421 [1991 c.750 §4; repealed by 1999 c.1041 §9]

183.425 Depositions or subpoena of material witness; discovery. (1) On petition of any party to a contested case, or upon the agency's own motion, the agency may order that the testimony of any material witness may be taken by deposition in the manner prescribed by law for depositions in civil actions. Depositions may also be taken by the use of audio or audio-visual recordings. The petition shall set forth the name and address of the witness whose testimony is desired, a showing of the materiality of the testimony of the witness, and a request for an order that the testimony of such witness be taken before an officer named in the petition for that purpose. If the witness resides in this state and is unwilling to appear, the agency may issue a subpoena as provided in ORS 183.440, requiring the appearance of the witness before such officer.

(2) An agency may, by rule, prescribe other methods of discovery which may be used in proceedings before the agency. [1971 c.734 §14; 1975 c.759 §11; 1979 c.593 §19; 1997 c.837 §6]

183.430 Hearing on refusal to renew license; exceptions. (1) In the case of any license which must be periodically renewed, where the licensee has made timely application for renewal in accordance with the rules of the agency, such license shall not be deemed to expire, despite any stated expiration date thereon, until the agency concerned has issued a formal order of grant or denial of such renewal. In case an agency proposes to refuse to renew such license, upon demand of the licensee, the agency must grant hearing as provided by this chapter before issuance of order of refusal to renew. This subsection does not apply to any emergency or temporary permit or license.

(2) In any case where the agency finds a serious danger to the public health or safety and sets forth specific reasons for such findings, the agency may suspend or refuse to renew a license without hearing, but if the licensee demands a hearing within 90 days after the date of notice to the licensee of such suspension or refusal to renew, then a hearing must be granted to the licensee as soon as practicable after such demand, and the agency shall issue an order pursuant to such hearing as required by this chapter confirming, altering or revoking its earlier order. Such a hearing need not be held where the order of suspension or refusal to renew is accompanied by or is pursuant to, a citation for violation which is subject to judicial determination in any court of this state, and the order by its terms will terminate in case of final judgment in favor of the licensee. [Formerly 670.285]

183.440 Subpoenas in contested cases.

(1) An agency may issue subpoenas on its own motion in a contested case. In addition, an agency or hearing officer in a contested case may issue subpoenas upon the request of a party to a contested case upon a showing of general relevance and reasonable scope of the evidence sought. A party entitled to have witnesses on behalf of the party may have subpoenas issued by an attorney of record of the party, subscribed by the signature of the attorney. Witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the agency, shall receive fees and mileage as prescribed by law for witnesses in ORS 44.415 (2).

(2) If any person fails to comply with any subpoena so issued or any party or witness refuses to testify on any matters on which the party or witness may be lawfully interrogated, the judge of the circuit court of any county, on the application of the hearing officer, the agency or the party requesting the issuance of or issuing the subpoena, shall compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein. [1957 c.717 §8 (2); 1971 c.734 §12; 1979 c.593 §20; 1981 c.174 §4; 1989 c.980 §10a; 1997 c.837 §3; 1999 c.849 §30]

A subpoena issued by an attorney of record may be enforced in the same manner as a subpoena issued by the agency.

(2) In any proceeding before an agency not subject to ORS 183.440 in which a party is entitled to have subpoenas issued by the agency to compel the appearance of witnesses on behalf of the party, the agency may issue subpoenas on its own motion. [1981 c.174 §6; 1997 c.837 §4; 1999 c.849 §32]

183.450 Evidence in contested cases. In contested cases:

(1) Irrelevant, immaterial or unduly repetitious evidence shall be excluded but erroneous rulings on evidence shall not preclude agency action on the record unless shown to have substantially prejudiced the rights of a party. All other evidence of a type commonly relied upon by reasonably prudent persons in conduct of their serious affairs shall be admissible. Agencies and hearing officers shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record. Any part of the evidence may be received in written form.

(2) All evidence shall be offered and made a part of the record in the case, and except for matters stipulated to and except as provided in subsection (4) of this section no other factual information or evidence shall be considered in the determination of the case. The burden of presenting evidence to support a fact or position in a contested case rests on the proponent of the fact or position.

(3) Every party shall have the right of cross-examination of witnesses who testify and shall have the right to submit rebuttal evidence. Persons appearing in a limited party status shall participate in the manner and to the extent prescribed by rule of the agency.

(4) The hearing officer and agency may take notice of judicially cognizable facts, and may take official notice of general, technical or scientific facts within the specialized knowledge of the hearing officer or agency. Parties shall be notified at any time during the proceeding but in any event prior to the final decision of material officially noticed and they shall be afforded an opportunity to contest the facts so noticed. The hearing officer and agency may utilize the hearing officer's or agency's experience, technical competence and specialized knowledge in the evaluation of the evidence presented.

(5) No sanction shall be imposed or order be issued except upon consideration of the whole record or such portions thereof as may be cited by any party, and as supported by, and in accordance with, reliable, probative and substantial evidence. [1957 c.717 §9; 1971 c.734 §15; 1975 c.759 §12; 1977 c.798 §3; 1979 c.593 §21; 1987 c.833 §1; 1995 c.272 §5; 1997 c.391 §1; 1997 c.801 §76; 1999 c.448 §5; 1999 c.849 §34]

(6) The Attorney General may prepare model rules for agency representatives authorized under this section. [1999 c.448 §3]

Whenever in a contested case a majority of the officials of the agency who are to render the final order have not heard the case or considered the record, the order, if adverse to a party other than the agency itself, shall not be made until a proposed order, including findings of fact and conclusions of law, has been served upon the parties and an opportunity has been afforded to each party adversely affected to file exceptions and present argument to the officials who are to render the decision. [1957 c.717 §10; 1971 c.734 §16; 1975 c.759 §13]

183.462 Agency statement of ex parte communications; notice. The agency shall place on the record a statement of the substance of any written or oral ex parte communications on a fact in issue made to the agency during its review of a contested case. (2) An agency may by rule specify a period of time after which a proposed order will become final that is different from that specified in subsection (1) of this section.

(3) If an agency determines that additional time will be necessary to allow the agency adequately to review a proposed order in a contested case, the agency may extend the time after which the proposed order will become final by a specified period of time. (2) The Oregon State Bar may request that an agency provide the Oregon State Bar, or its designee, with electronic copies of final orders issued by the agency in contested cases. The request must be in writing. No later than 30 days after receiving the request, the agency, subject to ORS 192.501 to 192.505, shall provide the Oregon State Bar, or its designee, with an electronic copy of all final orders identified in the request.

(3) Notwithstanding ORS 192.440, an agency may not charge a fee for the first two requests submitted under this section in a

calendar year. For any subsequent request, an agency may impose a fee in accordance with ORS 192.440 to reimburse the agency for the actual costs of complying with the request.

(4) For purposes of this section, a final order entered in a contested case by an administrative law judge under ORS 183.625 (3) is a final order issued by the agency that authorized the administrative law judge to conduct the hearing.

(Judicial Review)

183.480 Judicial review of agency orders. (1) Except as provided in ORS 183.417 (3)(b), any person adversely affected or aggrieved by an order or any party to an agency proceeding is entitled to judicial review of a final order, whether such order is affirmative or negative in form. A petition for rehearing or reconsideration need not be filed as a condition of judicial review unless

specifically otherwise provided by statute or agency rule.

(2) Judicial review of final orders of agencies shall be solely as provided by ORS 183.482, 183.484, 183.490 and 183.500.

(3) No action or suit shall be maintained as to the validity of any agency order except a final order as provided in this section and ORS 183.482, 183.484, 183.490 and 183.500 or except upon showing that the agency is proceeding without probable cause, or that the party will suffer substantial and irreparable harm if interlocutory relief is not granted.

(4) Judicial review of orders issued pursuant to ORS 813.410 shall be as provided by ORS 813.410. [1957 c.717 §12; 1963 c.449 §1; 1971 c.734 §18; 1975 c.759 §14; 1979 c.593 §23; 1983 c.338 §901; 1985 c.757 §4; 1997 c.837 §5; 2007 c.288 §11]

183.482 Jurisdiction for review of contested cases; procedure; scope of court authority. (1) Jurisdiction for judicial review of contested cases is conferred upon the Court of Appeals. Proceedings for review shall be instituted by filing a petition in the Court of Appeals. The petition shall be filed within 60 days only following the date the order upon which the petition is based is served unless otherwise provided by statute. If a petition for rehearing has been filed, then the petition for review shall be filed within 60 days only following the date the order denying the petition for rehearing is served. If the agency does not otherwise act, a petition for rehearing or reconsideration shall be deemed denied the 60th day following the date the petition was filed, and in such cases, petition for judicial review shall be filed within 60 days only following such date. Date of service shall be the date on which the agency delivered or mailed its order in accordance with ORS 183.470.

(2) The petition shall state the nature of the order the petitioner desires reviewed, and shall state whether the petitioner was a party to the administrative proceeding, was denied status as a party or is seeking judicial review as a person adversely affected or aggrieved by the agency order. In the latter case, the petitioner shall, by supporting affidavit, state the facts showing how the petitioner is adversely affected or aggrieved by the agency order. Before deciding the issues raised by the petition for review, the Court of Appeals shall decide, from facts set forth in the affidavit, whether or not the petitioner is entitled to petition as an adversely affected or an aggrieved person. Copies of the petition shall be served by registered or certified mail upon the agency, and all other parties of record in the agency proceeding.

(3)(a) The filing of the petition shall not stay enforcement of the agency order, but the agency may do so upon a showing of:

(A) Irreparable injury to the petitioner; and

(B) A colorable claim of error in the order.

(b) When a petitioner makes the showing required by paragraph (a) of this subsection, the agency shall grant the stay unless the agency determines that substantial public harm will result if the order is stayed. If the agency denies the stay, the denial shall be in writing and shall specifically state the substantial public harm that would result from the granting of the stay.

(c) When the agency grants a stay, the agency may impose such reasonable conditions as the giving of a bond, irrevocable letter of credit or other undertaking and that the petitioner file all documents necessary to bring the matter to issue before the Court of Appeals within specified reasonable periods of time.

(d) Agency denial of a motion for stay is subject to review by the Court of Appeals under such rules as the court may establish.

(4) Within 30 days after service of the petition, or within such further time as the court may allow, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review, but, by stipulation of all parties to the review proceeding, the record may be shortened. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record when deemed desirable. Except as specifically provided in this subsection, the cost of the record shall not be taxed to the petitioner or any intervening party. However, the court may tax such costs and the cost of agency transcription of record to a party filing a frivolous petition for review.

(5) If, on review of a contested case, before the date set for hearing, application is made to the court for leave to present additional evidence, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good and substantial reasons for failure to present it in the proceeding before the agency, the court may order that the additional evidence be taken before the agency upon such conditions as the court deems proper. The agency may modify its findings and order by reason of the additional evidence and shall, within a time to be fixed by the court, file with the reviewing court, to become a part of the record, the additional evidence, together with any modifications or new findings or orders, or its certificate that the agency elects to stand on its original findings and order, as the case may be.

(6) At any time subsequent to the filing of the petition for review and prior to the date set for hearing the agency may withdraw its order for purposes of reconsideration. If an agency withdraws an order for purposes of reconsideration, the agency shall, within such time as the court may allow, affirm, modify or reverse its order. If the petitioner is dissatisfied with the agency action after withdrawal for purposes of reconsideration, the petitioner may refile the petition for review and the review shall proceed upon the revised order. An amended petition for review shall not be required if the agency, on reconsideration, affirms the order or modifies the order with only minor changes. If an agency withdraws an order for purposes of reconsideration and modifies or reverses the order in favor of the petitioner, the court shall allow the petitioner costs, but not attorney fees, to be paid from funds available to the agency.

(7) Review of a contested case shall be confined to the record, and the court shall not substitute its judgment for that of the agency as to any issue of fact or agency discretion. In the case of disputed allegations of irregularities in procedure before the agency not shown in the record which, if proved, would warrant reversal or remand, the Court of Appeals may refer the allegations to a master appointed by the court to take evidence and make findings of fact upon them. The court shall remand the order for further agency action if the court finds that either the fairness of the proceedings or the correctness of the action may have been impaired by a material error in procedure or a failure to follow prescribed procedure, including a failure by the presiding officer to comply with the requirements of ORS 183.417 (8).

(8)(a) The court may affirm, reverse or remand the order. If the court finds that the agency has erroneously interpreted a provision of law and that a correct interpretation compels a particular action, the court shall:

(A) Set aside or modify the order; or

(B) Remand the case to the agency for further action under a correct interpretation of the provision of law.

(b) The court shall remand the order to the agency if the court finds the agency's exercise of discretion to be:

(A) Outside the range of discretion delegated to the agency by law;

(B) Inconsistent with an agency rule, an officially stated agency position, or a prior agency practice, if the inconsistency is not explained by the agency; or

(C) Otherwise in violation of a constitutional or statutory provision.

(c) The court shall set aside or remand the order if the court finds that the order is not supported by substantial evidence in the record. Substantial evidence exists to support a finding of fact when the record, viewed as a whole, would permit a reasonable person to make that finding. [1975 c.759 §15; 1977 c.798 §4; 1979 c.593 §24; 1985 c.757 §2; 1989 c.453 §1; 1991 c.331 §44; 2007 c.659 §§2,5]

183.484 Jurisdiction for review of orders other than contested cases; procedure; scope of court authority. (1) Jurisdiction for judicial review of orders other than contested cases is conferred upon the Circuit Court for Marion County and upon the circuit court for the county in which the petitioner resides or has a principal business office. Proceedings for review under this section shall be instituted by filing a petition in the Circuit Court for Marion County or the circuit court for the county in which the petitioner resides or has a principal business office.

(2) Petitions for review shall be filed within 60 days only following the date the order is served, or if a petition for reconsideration or rehearing has been filed, then within 60 days only following the date the order denying such petition is served. If the agency does not otherwise act, a petition for rehearing or reconsideration shall be deemed denied the 60th day following the date the petition was filed, and in such case petition for judicial review shall be filed within 60 days only following such date. Date of service shall be the date on which the agency delivered or mailed its order in accordance with ORS 183.470.

(3) The petition shall state the nature of the petitioner's interest, the facts showing how the petitioner is adversely affected or aggrieved by the agency order and the ground or grounds upon which the petitioner contends the order should be reversed or remanded. The review shall proceed and be conducted by the court without a jury.

(4) At any time subsequent to the filing of the petition for review and prior to the date set for hearing, the agency may withdraw its order for purposes of reconsideration. If an agency withdraws an order for purposes of reconsideration, it shall, within such time as the court may allow, affirm, modify or reverse its order. If the petitioner is dissatisfied with the agency action after withdrawal for purposes of reconsideration, the petitioner may refile the petition for review and the review shall proceed upon the revised order. An amended petition for review shall not be required if the agency, on reconsideration, affirms the order or modifies

the order with only minor changes. If an agency withdraws an order for purposes of reconsideration and modifies or reverses the order in favor of the petitioner, the court shall allow the petitioner costs, but not attorney fees, to be paid from funds available to the agency.

(5)(a) The court may affirm, reverse or remand the order. If the court finds that the agency has erroneously interpreted a provision of law and that a correct interpretation compels a particular action, it shall:

(A) Set aside or modify the order; or

(B) Remand the case to the agency for further action under a correct interpretation of the provision of law.

(b) The court shall remand the order to the agency if it finds the agency's exercise of discretion to be:

(A) Outside the range of discretion delegated to the agency by law;

(B) Inconsistent with an agency rule, an officially stated agency position, or a prior agency practice, if the inconsistency is not explained by the agency; or

(C) Otherwise in violation of a constitutional or statutory provision.

(c) The court shall set aside or remand the order if it finds that the order is not supported by substantial evidence in the record. Substantial evidence exists to support a finding of fact when the record, viewed as a whole, would permit a reasonable person to make that finding.

(6) In the case of reversal the court shall make special findings of fact based upon the evidence in the record and conclusions of law indicating clearly all aspects in which the agency's order is erroneous. [1975 c.759 §16; 1979 c.284 §121; 1979 c.593 §25a; 1985 c.757 §3; 1999 c.113 §1]

183.485 Decision of court on review of contested case. (1) The court having jurisdiction for judicial review of contested cases shall direct its decision, including its judgment, to the agency issuing the order being reviewed and may direct that its judgment be delivered to the circuit court for any county designated by the prevailing party for entry in the circuit court's register.

(2) Upon receipt of the court's decision, including the judgment, the clerk of the circuit court shall enter a judgment in the register of the court pursuant to the direction of the court to which the appeal is made. [1973 c.612 §7; 1981 c.178 §11; 1985 c.540 §39; 2003 c.576 §193]

183.486 Form and scope of decision of reviewing court. (1) The reviewing court's decision under ORS 183.482 or 183.484 may be mandatory, prohibitory, or declaratory in

form, and it shall provide whatever relief is appropriate irrespective of the original form of the petition. The court may:

(a) Order agency action required by law, order agency exercise of discretion when required by law, set aside agency action, remand the case for further agency proceedings or decide the rights, privileges, obligations, requirements or procedures at issue between the parties; and

(b) Order such ancillary relief as the court finds necessary to redress the effects of official action wrongfully taken or withheld.

(2) If the court sets aside agency action or remands the case to the agency for further proceedings, it may make such interlocutory order as the court finds necessary to preserve the interests of any party and the public pending further proceedings or agency action.

(3) Unless the court finds a ground for setting aside, modifying, remanding, or ordering agency action or ancillary relief under a specified provision of this section, it shall affirm the agency action. [1979 c.593 §27]

183.490 Agency may be compelled to act. The court may, upon petition as described in ORS 183.484, compel an agency to act where it has unlawfully refused to act or make a decision or unreasonably delayed taking action or making a decision. [1957 c.717 §13; 1979 c.593 §28]

183.495 [1975 c.759 §16a; repealed by 1985 c.757 §7]

183.497 Awarding costs and attorney fees when finding for petitioner. (1) In a judicial proceeding designated under subsection (2) of this section the court:

(a) May, in its discretion, allow a petitioner reasonable attorney fees and costs if the court finds in favor of the petitioner.

(b) Shall allow a petitioner reasonable attorney fees and costs if the court finds in favor of the petitioner and determines that the state agency acted without a reasonable basis in fact or in law; but the court may withhold all or part of the attorney fees from any allowance to a petitioner if the court finds that the state agency has proved that its action was substantially justified or that special circumstances exist that make the allowance of all or part of the attorney fees unjust.

(2) The provisions of subsection (1) of this section apply to an administrative or judicial proceeding brought by a petitioner against a state agency, as defined in ORS 291.002, for:

(a) Judicial review of a final order as provided in ORS 183.480 to 183.484;

(b) Judicial review of a declaratory ruling provided in ORS 183.410; or

(c) A judicial determination of the validity of a rule as provided in ORS 183.400.

(3) Amounts allowed under this section for reasonable attorney fees and costs shall be paid from funds available to the state agency whose final order, declaratory ruling or rule was reviewed by the court. [1981 c.871 §1; 1985 c.757 §5]

Note: 183.497 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 183 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

(1) Unless otherwise prohibited by law, agencies may use alternative means of dispute resolution in rulemaking proceedings, contested case proceedings, judicial proceedings in which the agency is a party, and any other decision-making process in which conflicts may arise. The alternative means of dispute resolution may be arbitration, mediation or any other collaborative problem-solving process designed to encourage parties to work together to develop mutually agreeable solutions to disputes. Use of alternative means of dispute resolution by an agency does not affect the application of ORS 192.410 to 192.505 to the agency, or the application of ORS 192.610 to 192.690 to the agency.

(2) An agency that elects to utilize alternative means of dispute resolution shall inform and may consult with the Mark O. (4) When an agency reviews the standard agreements, forms for contracts and forms for applying for grants or other assistance used by the agency, the agency shall determine whether the agreements and forms should be amended to authorize and encourage the use of alternative means of dispute resolution in disputes that arise under the agreement, contract or application.

(5) The Department of Justice, the Mark O. Hatfield School of Government, the Oregon Department of Administrative Services and the Governor shall collaborate to increase the use of alternative dispute resolution to resolve disputes involving the State of Oregon by:

(a) Assisting agencies to develop a policy for alternative means of dispute resolution;

(b) Assisting agencies to develop or expand flexible and diverse agency programs that provide alternative means of dispute resolution; and

(c) Providing assistance in the efficient and effective selection of mediators or facilitators.

Hatfield School of Government, the Oregon Department of Administrative Services and the Department of Justice shall enter into an interagency agreement that includes, but is not limited to, provisions on appropriate roles, reporting requirements and coordination of services provided to state agencies by the Mark O. Hatfield School of Government pursuant to ORS 36.179.

(c) Before providing dispute resolution services in a specific matter to a state agency under ORS 36.179, the Mark O. Hatfield School of Government shall notify the Department of Justice of any proposal to provide such services.

(7) Agencies with alternative dispute resolution programs shall seek to identify cases appropriate for mediation and other means of alternative dispute resolution and to design systems and procedures to resolve those cases.

(8) The purpose of the agency alternative dispute resolution programs is to:

(a) Increase agency efficiency;

(b) Increase public and agency satisfaction with the process and results of dispute resolution; and

(c) Decrease the cost of resolving disputes.

(9) An agency may use the services of an employee of another agency or of the federal government to serve as a mediator or facilitator, and may provide the services of an agency employee to another agency or to the federal government to serve as a mediator or facilitator. An agency may enter into an agreement with another agency or with the federal government to determine reimbursement for services of an employee acting as a mediator or facilitator under the provisions of this subsection. This subsection does not apply to mediation under ORS 243.650 to 243.782. 183.715 Submission of adopted rule to Legislative Counsel required; exception.

(1) A state agency that adopts a rule shall submit a copy of the adopted rule to the Legislative Counsel within 10 days after the agency files a certified copy of the rule in the office of the Secretary of State as provided in ORS 183.355 (1). The copy of an amended rule that is submitted to the Legislative Counsel must show all changes to the rule by striking through material to be deleted and underlining all new material, or by any other method that clearly shows all new and deleted material.

(2) Notwithstanding subsection (1) of this section, an agency adopting a rule incorporating published standards or a specialty code by reference is not required to file a copy of those standards with the Legislative Counsel if:

(a) The standards or a specialty code adopted are unusually voluminous and costly to reproduce; and

(2) The Legislative Counsel may review an adopted rule of a state agency upon the written request of any person affected by the rule. The Legislative Counsel shall review a proposed or adopted rule of a state agency upon the written request of any member of the Legislative Assembly. (a) Determine whether the rule appears to be within the intent and scope of the enabling legislation purporting to authorize its adoption; and

(b) Determine whether the rule raises any constitutional issue other than described in paragraph (a) of this subsection, and if so, the nature of the issue.

(4) In making a determination under subsection (3)(a) of this section, the Legislative Counsel shall, wherever possible, follow generally accepted principles of statutory construction.

(5) The Legislative Counsel shall prepare written findings on a rule reviewed, setting forth the determinations made under subsection (3) of this section.

(6) When a review of a rule is made by the Legislative Counsel, the Legislative Counsel shall send a copy of the determinations made under subsection (3) of this section to the appropriate interim committee or, if the review was requested by a member of the Legislative Assembly or by a person affected by the rule, to the person requesting

the review. If the Legislative Council determines that a rule is not within the intent and scope of the enabling legislation purporting to authorize the state agency's adoption of the rule, or that the rule raises a constitutional issue, the Legislative Council shall also send a copy of the determination to the agency. The Legislative Council may request that the state agency respond in writing to the determinations or appear at the meeting of the interim committee at which the committee will consider the determinations. The interim committee may direct the Legislative Council to send a copy of the determinations to the presiding officer of a house of the Legislative Assembly, who may refer the determinations to any legislative committee concerned.

(7)(a) A member of the Legislative Assembly may request that Legislative Council prepare a report on a rule adopted by a state agency that the member asserts is duplicative of or conflicts with another rule. A person affected by a rule adopted by a state agency may request that Legislative Council prepare a report on the rule if the person asserts that the rule is duplicative of or conflicts with another rule. A request for a report must be in writing and contain copies of the two rules that are claimed to be duplicative or conflicting. The second rule may be either a rule adopted by a state agency or a rule or regulation adopted by a federal agency.

(b)(A) Upon receipt of a written request by a member of the Legislative Assembly, the Legislative Council shall prepare a report to the interim committee that contains:

(i) A copy of the request, including copies of the two rules that the member asserts are conflicting or duplicative; and

(ii) Legislative Council's analysis of the requirements of the two rules.

(B) Upon receipt of a written request by a person affected by a rule adopted by a state agency, the Legislative Council may prepare a written report to the person and each state agency concerned that contains the Legislative Council's analysis of the requirements of the two rules.

(8) Upon receipt of a report under subsection (7)(b)(A) of this section, the interim committee may issue a determination that a rule is duplicative of or conflicts with the other cited rule.

(9) When a report on a rule is made by the Legislative Council under subsection (7)(b)(A) of this section, the Legislative Council shall send a copy of the report and any determinations made under subsection (8) of this section to each state agency concerned. The interim committee may direct

183.722 Required agency response to Legislative Council determination; consideration of determination by interim committee. (1)(a) If the Legislative Council determines under ORS 183.720 (3) that a proposed or adopted rule is not within the intent and scope of the enabling legislation purporting to authorize the rule's adoption, or that the rule is not constitutional, and the Legislative Council has provided a copy of that determination to the state agency pursuant to 183.720 (6), the agency shall either make a written response to the determination or appear at the meeting of the interim committee at which the committee will consider the determinations. The response of the state agency shall indicate if the agency intends to repeal, amend or take other action with respect to the rule.

(b) The interim committee shall consider the Legislative Council determination described in paragraph (a) of this subsection and any state agency response to the determination. If the interim committee adopts the Legislative Council determination, the Legislative Council shall post the determination on the Legislative Council website. Adopted determinations that are posted on the website shall be organized by OAR number and shall remain on the website until the earlier of the date that:

(A) The rule is modified and the Legislative Council determines that the modified rule is within the intent and scope of the enabling legislation;

(B) A court makes a final determination that the rule is within the intent and scope of the enabling legislation and is otherwise constitutional, all appeals of the court's determination are exhausted and the state agency notifies the Legislative Council of the determination; or

(C) The Legislative Assembly modifies the enabling legislation so as to bring the rule within the intent and scope of the enabling legislation, any other constitutional defect in the rule is cured and the state agency notifies the Legislative Council of the modification or cure.

(2) If the Legislative Council determines under ORS 183.720 (3) that a proposed or adopted rule is not within the intent and scope of the enabling legislation purporting to authorize the rule's adoption, or that the rule is not constitutional, and the interim

committee is not satisfied with the response to those issues made by the state agency, the committee may request that one or more representatives of the agency appear at a subsequent meeting of the committee along with a representative of the Oregon Department of Administrative Services for the purpose of further explaining the position of the agency.

(3) If a state agency is requested under subsection (2) of this section to appear at a subsequent meeting of the interim committee along with a representative of the Oregon Department of Administrative Services, the agency shall promptly notify the department of the request. The notification to the department must be in writing, and must include a copy of the determinations made by the Legislative Counsel and a copy of any written response made by the state agency to the determinations. [1997 c.602 §7; 1999 c.31 §2; 2009 c.81 §5]

The Legislative Counsel shall assign all state agencies to at least one interim committee. The Legislative Counsel may modify the list to reflect changes in interim committees. The Legislative Counsel shall distribute the list to all state agencies whenever the list is developed or modified.

(2) If an interim committee of one house of the Legislative Assembly has overlapping subject-matter jurisdiction with an interim committee of the other house, the Legislative Counsel may assign a state agency to either committee or to both committees. The Legislative Counsel shall strive to assign state agencies so as to ensure that the rule review workload is approximately equally distributed between the interim committees of both houses of the Legislative Assembly.

(3) The consideration of the written findings prepared by the Legislative Counsel on a rule by any one interim committee of either house of the Legislative Assembly satisfies the requirements of ORS 183.710 to 183.725. [2009 c.81 §3; 2011 c.545 §13]

319.020 Monthly statement by dealer; license tax imposed; rules. (1) Subject to subsections (2) to (4) of this section, in addition to the taxes otherwise provided for by law, every dealer engaging in the dealer's own name, or in the name of others, in the first sale, use or distribution of motor vehicle fuel or aircraft fuel or withdrawal of motor vehicle fuel or aircraft fuel for sale, use or distribution within areas in this state within which the state lacks the power to tax the sale, use or distribution of motor vehicle fuel or aircraft fuel, shall:

(a) Not later than the 25th day of each calendar month, render a statement to the Department of Transportation of all motor vehicle fuel or aircraft fuel sold, used, distributed or so withdrawn by the dealer in the State of Oregon as well as all such fuel sold, used or distributed in this state by a purchaser thereof upon which sale, use or distribution the dealer has assumed liability for the applicable license tax during the preceding calendar month. The dealer shall render the statement to the department in the manner provided by the department by rule.

(b) Except as provided in ORS 319.270, pay a license tax computed on the basis of 30 cents per gallon on the first sale, use or distribution of such motor vehicle fuel or aircraft fuel so sold, used, distributed or withdrawn as shown by such statement in the manner and within the time provided in ORS 319.010 to 319.430.

(2) When aircraft fuel is sold, used or distributed by a dealer, the license tax shall be computed on the basis of nine cents per gallon of fuel so sold, used or distributed, except that when aircraft fuel usable in aircraft operated by turbine engines (turbo-prop or jet) is sold, used or distributed, the tax rate shall be one cent per gallon.

(3) In lieu of claiming refund of the tax paid on motor vehicle fuel consumed by such dealer in nonhighway use as provided in ORS 319.280, 319.290 and 319.320, or of any prior erroneous payment of license tax made to the state by such dealer, the dealer may show such motor vehicle fuel as a credit or deduction on the monthly statement and payment of tax.

(4) The license tax computed on the basis of the sale, use, distribution or withdrawal of motor vehicle or aircraft fuel may not be imposed wherever such tax is prohibited by the Constitution or laws of the United States with respect to such tax. [Amended by 1955 c.730 §2; 1959 c.505 §2; 1967 c.463 §1; 1973 c.376 §1; 1977 c.293 §1; 1981 c.698 §1; 1983 c.727 §§1,5; 1985 c.209 §12; 1987 c.610 §2; 1987 c.899 §§8,10, 14; 1989 c.664 §2; 1989 c.865 §1; 1991 c.497 §§6,7; 1999 c.1037 §§1,3; 2009 c.865 §48; 2011 c.101 §1]

319.030 License required to be dealer in motor vehicle fuel. No dealer shall sell, use or distribute any motor vehicle fuel until the dealer has secured a dealer's license as required by ORS 319.010 to 319.430.

319.040 Application for and issuance of dealer's license. (1) Every person, before becoming a dealer in motor vehicle fuel in this state, shall make an application to the Department of Transportation for a license authorizing such person to engage in business as a dealer.

(2) Applications for the license must be made on forms prescribed, prepared and furnished by the department.

(3) The applications shall be accompanied by a duly acknowledged certificate containing:

(a) The name under which the dealer is transacting business within Oregon.

(b) The places of business and location of distributing stations of the dealer in Oregon.

(c) The name and address of the managing agent, the names and addresses of the several persons constituting the firm or partnership and, if a corporation, the corporate name under which it is authorized to transact business and the names and addresses of its principal officers and registered agent.

(4) If the dealer is an association of persons, firm, partnership or corporation organized under the laws of another state, territory or country, if it has not already done so, it must first comply with the laws of Oregon relating to the transaction of its appropriate business in Oregon.

(5) The application for a motor vehicle fuel dealer's license having been accepted for filing, and the bond required by ORS 319.050 having been accepted and approved, the department may issue to the dealer a license in such form as the department may prescribe to transact business as a dealer in the State of Oregon. The license so issued is not assignable, and is valid only for the dealer in whose name issued.

(6) The department shall keep and file all applications and bonds with an alphabetical index thereof, together with a record of all licensed dealers. [Amended by 1957 c.209 §2; 1999 c.769 §18]

319.042 Grounds for refusal to issue dealer license; hearing; records inspection. (1) The Department of Transportation may refuse to issue a dealer license to a person who applies as provided in ORS 319.040 if the department finds that the person:

(a) Was the holder of a license revoked under ORS 319.100;

(b) Is applying for a license on behalf of a real party in interest whose license was revoked under ORS 319.100;

(c) Was an officer, director, owner or managing employee of a nonindividual licensee whose license was revoked under ORS 319.100;

(d) Owes a debt to the state under ORS 319.010 to 319.430;

(e) Had a license issued by a jurisdiction other than Oregon to sell or buy untaxed motor vehicle fuel that was revoked or canceled for cause, whether the license was held by the person as an individual or as an officer, director, owner or managing employee or on behalf of a real party in interest;

(f) In any jurisdiction, pleaded guilty to or was convicted of a crime directly related to the sale, use or distribution of motor vehicle fuel, whether as an individual or as an officer, director, owner or managing employee of a business engaged in the sale or distribution of motor vehicle fuel;

(g) Had a civil judgment imposed for conduct involving fraud, misrepresentation, conversion or dishonesty, as an individual or as an officer, director, owner or managing employee of a business engaged in the sale or distribution of motor vehicle fuel;

(h) Misrepresented or concealed a material fact in obtaining a license or in the reinstatement thereof;

(i) Violated a statute or administrative rule regarding fuel taxation or distribution;

(j) Failed to cooperate with the department's investigations by:

(A) Not furnishing requested documents;

(B) Not furnishing when requested to do so a full and complete written explanation of a matter under investigation by the department; or

(C) Not responding to a subpoena issued by the department; or

(k) Failed to comply with an order issued by the department.

(2) In addition to refusal of a license for reasons specified in subsection (1) of this section, the department may refuse to issue a dealer license for any other reason the department deems sufficient.

(3) Before refusing to issue a license under this section, the department shall grant the applicant a hearing and shall give the applicant at least 10 days' written notice of the time and place of the hearing. The hearing shall be a contested case hearing under the provisions of ORS chapter 183.

(4) For purpose of consideration of an application for a license, the department may inspect or investigate the records of this state or of any other jurisdiction to verify the information on the application and to verify the applicant's criminal and licensing history. [1999 c.769 §17]

Note: 319.042 was added to and made a part of 319.010 to 319.430 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

319.050 Performance bond; hearing. (1)

At the time of filing the certificate and application for a dealer's license, the Department of Transportation shall require the dealer to file with the department, in a form prepared by the department, a bond executed by the dealer as principal with a corporate surety authorized to transact business in this state. The bond shall be payable to the State of Oregon conditioned upon performance of all the requirements of ORS 319.010 to 319.430, including the payment of all taxes, penalties and other obligations of the dealer arising out of ORS 319.010 to 319.430.

(2) Except as provided in ORS 319.051, 319.052 and 319.053, a bond under subsection (1) of this section shall be in an amount that is equivalent to twice the dealer's estimated monthly license tax, as determined by the department, or \$250,000, whichever is less.

(3) The department may reduce or increase the required amount for a bond as provided in ORS 319.051 and 319.052.

(4) A bond given in connection with ORS 319.010 to 319.430 is a continuing instrument and covers any and all periods of time including the first and all subsequent periods for which a license may be granted in consequence of the giving of the bond. The liability of the surety on the bond for the aggregate of all claims that arise under the bond may not exceed the amount of the penalty of the bond. No recoveries on any bond or any execution of any new bond may invalidate any bond, but the total recoveries under any one bond may not exceed the amount of the bond.

(5) A dealer required under this section to obtain a bond may demand by proper petition a hearing on the necessity of the bond or the reasonableness of the amount required. The department shall grant the petition for a hearing and shall hold the hearing within 10 days after the demand for the hearing. The decision of the department becomes final 10 days after service of the order on the dealer. The hearing is not subject to the requirements of ORS 183.413 to 183.470. [Amended by 1967 c.359 §690; 1999 c.769 §12; 2003 c.52 §1]

319.051 Conditions for reduced bond amount. (1) For a dealer described in subsection (2) of this section, the bond required by the Department of Transportation under ORS 319.050 shall be in an amount that is equivalent to twice the dealer's estimated monthly license tax, as determined by the department, or \$100,000, whichever is less.

(2) The provisions of subsection (1) of this section apply to a dealer who held a valid dealer's license on October 23, 1999, issued under ORS 319.010 to 319.430, and who, since October 23, 1999, has:

(a) Not been required to file a bond greater than \$100,000; and

(b) Performed, as determined by the department, the requirements of ORS 319.010 to 319.430, including the payment of all taxes, penalties and other obligations of the dealer arising out of ORS 319.010 to 319.430. [2003 c.52 §3]

Note: 319.051 to 319.053 were added to and made a part of 319.010 to 319.430 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

319.052 Conditions for increased bond amount; request and conditions for reduction; rules. (1) The Department of Transportation shall increase a dealer's bond filed under ORS 319.050 to an amount that is equivalent to twice the dealer's estimated monthly license tax, as determined by the department, or \$1 million, whichever is less, if, within a 24-month period, the dealer:

(a) Was late three or more times in filing reports or making payments to the department;

(b) Had three or more checks or electronic funds transfers to the department dishonored for lack of funds or credit;

(c) Failed to maintain or make available a record of all purchases, receipts, sales and distribution of motor vehicle fuel as required under ORS 319.390; or

(d) Had a motor vehicle fuel dealer license issued in this state or another jurisdiction revoked.

(2) The department may waive an increase in the bond amount under subsection (1) of this section if the department determines that the dealer did not intend to avoid payment of license taxes when the dealer engaged in the conduct described in subsection (1)(a), (b) or (c) of this section or when the dealer engaged in the conduct that led to the license revocation described in subsection (1)(d) of this section. If the department waives an increase in the bond amount, the bond shall remain at an amount that is:

(a) Required under ORS 319.051 for a dealer described in ORS 319.051; or

(b) Required under ORS 319.050.

(3) If the department increases the bond amount as provided in subsection (1) of this section, the dealer may, after 24 months, request in writing that the department reduce the bond amount. The department shall reduce the bond amount if the department determines that the dealer, in the 24 months prior to the dealer's written request:

(a) Filed timely reports and made timely payments;

(b) Had no checks or electronic funds transfers to the department dishonored for lack of funds or credit;

(c) Maintained and made available a record of all purchases, receipts, sales and distribution of motor vehicle fuel as required under ORS 319.390; and

(d) Did not have a motor vehicle fuel dealer license issued in this state or another jurisdiction revoked.

(4) If the department determines that the dealer met all of the requirements under subsection (3) of this section, the department shall reduce the bond required of a dealer described in ORS 319.050 or a dealer described in ORS 319.051 to an amount that is equivalent to twice the dealer's estimated monthly license tax, as determined by the department, or \$250,000, whichever is less.

(5) If the department determines that the dealer failed to meet the requirements under subsection (3) of this section and that the failure was not due to the dealer's intent to avoid payment of license taxes, the department may reduce the bond required of a dealer described in ORS 319.050 or a dealer described in ORS 319.051 to an amount that is equivalent to twice the dealer's estimated monthly license tax, as determined by the department, or \$250,000, whichever is less.

(6) For purposes of this section, the department shall adopt rules establishing what constitutes evidence that a dealer did not intend to avoid payment of license taxes. [2003 c.52 §4]

Note: See note under 319.051.

319.053 Amount of bond when twice license tax is less than \$1,000. If the amount that is equivalent to twice the amount of a dealer's estimated monthly license tax, as determined by the Department of Transportation, is an amount that is less than \$1,000, the bond amount required by ORS 319.050, 319.051 or 319.052 shall be \$1,000. [2003 c.52 §5]

Note: See note under 319.051.

319.060 Deposit in lieu of bond. In lieu of the bond or bonds in total amount as fixed under ORS 319.050, 319.051, 319.052 or 319.053, any dealer may deposit with the State Treasurer, under such terms and con-

ditions as the Department of Transportation may prescribe, a like amount of lawful money of the United States or bonds or other obligations of the United States, the State of Oregon, or any county of this state, of an actual market value not less than the amount so fixed by the department. [Amended by 2003 c.52 §7]

319.070 Release of surety. Any surety on a bond furnished by a dealer as provided in ORS 319.050 shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of 30 days from the date upon which the surety has lodged with the Department of Transportation a written request to be released and discharged, but this provision shall not operate to relieve, release or discharge the surety from any liability already accrued or which accrues before the expiration of the 30-day period. The department shall promptly, upon receiving the request, notify the dealer who furnished the bond, and unless the dealer, on or before the expiration of the 30-day period, files a new bond, or makes a deposit in accordance with the requirements of ORS 319.050 and 319.060, the department forthwith shall cancel the dealer's license.

319.080 Additional bond or deposit. The Department of Transportation may require a dealer to give a new or additional surety bond or to deposit additional securities of the character specified in ORS 319.060 if, in its opinion, the security of the surety bond theretofore filed by the dealer, or the market value of the properties deposited as security by the dealer, becomes impaired or inadequate. Upon failure of the dealer to give the new or additional surety bond or to deposit additional securities within 10 days after being requested so to do by the department, the department forthwith shall cancel the license of the dealer.

319.090 Immediate collection of tax and interest; penalties; waiver. (1) If any dealer sells, distributes or uses any motor vehicle fuel without first filing the certificate and bond and securing the license required by ORS 319.030, the license tax provided in ORS 319.020 shall immediately be due and payable on account of all motor vehicle fuel so sold, distributed or used.

(2) Except as otherwise provided in this subsection, the Department of Transportation shall proceed forthwith to determine, from the best available sources, the amount of such tax, and it shall immediately assess the tax and interest in the amount found due, together with a penalty of 100 percent of the tax, and shall make its certificate of such assessment and penalty. The department may waive all or part of a penalty imposed under

this subsection if the department determines that a violation of the requirement under this section to file the certificate and bond or to secure the license was due to reasonable cause and without intent to avoid payment of the tax. In any suit or proceeding to collect such tax, interest or penalty, the certificate is prima facie evidence that the dealer therein named is indebted to the State of Oregon in the amount of the tax, interest and penalty therein stated. [Amended by 1981 c.396 §1; 1989 c.664 §3; 1999 c.769 §5]

319.096 Suspension of license; liability for tax; reinstatement. (1) The Department of Transportation may, prior to a hearing, suspend the license of a motor vehicle fuel dealer who refuses or neglects to comply with the provisions of ORS 319.010 to 319.430 until the dealer complies with the provisions of ORS 319.010 to 319.430.

(2) Upon suspension of a dealer's license under subsection (1) of this section, the department shall immediately notify:

(a) The dealer by certified mail of the dealer's license suspension and the dealer's right to request an immediate hearing to contest the license suspension; and

(b) All other licensed motor vehicle fuel dealers by a method determined under ORS 319.102 that the authority of the dealer to purchase tax-deferred motor vehicle fuel has been suspended.

(3) If a licensed motor vehicle fuel dealer sells tax-deferred motor vehicle fuel to a dealer whose license has been suspended under subsection (1) of this section after the third day after the selling dealer receives notice of the suspension under subsection (2) of this section, the selling dealer and the suspended dealer are jointly and severally liable for the tax owed on the sale of the fuel.

(4)(a) Notwithstanding the joint and several liability of the selling dealer and the suspended dealer under subsection (3) of this section, the department shall attempt to collect from the suspended dealer the tax owed on the fuel for a period of 45 days from the date of the sale to the suspended dealer.

(b) After the expiration of the 45-day period under this subsection, the department shall collect from the selling dealer any tax not collected from the suspended dealer under this subsection.

(5) The department shall waive the liability of a selling dealer under subsection (3) of this section if the selling dealer establishes to the satisfaction of the department that:

(a) The sale of the motor vehicle fuel to the suspended dealer was due to circumstances that were beyond the control of the selling dealer; or

(b) The dealer whose license was suspended engaged in fraud or deceit to avoid timely payment of the tax to the selling dealer.

(6) When a dealer whose license has been suspended under subsection (1) of this section complies with the provisions of ORS 319.010 to 319.430, the department shall reinstate the dealer's license and shall notify by a method determined under ORS 319.102 all licensed motor vehicle fuel dealers that the dealer's license has been reinstated and that the dealer is authorized to purchase tax-deferred fuel.

(7) If the department determines that a dealer whose license has been suspended under subsection (1) of this section is unwilling or unable to comply with the provisions of ORS 319.010 to 319.430, the department shall revoke the license of the dealer as provided in ORS 319.100. [2003 c.113 §2]

Note: 319.096, 319.098 and 319.102 were added to and made a part of 319.010 to 319.430 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

319.098 Contesting license suspension. A dealer whose license has been suspended by the Department of Transportation under ORS 319.096 may contest the suspension as provided in ORS chapter 183. [2003 c.113 §3]

Note: See note under 319.096.

319.100 Revocation of license. (1) The Department of Transportation shall revoke the license of any dealer whose license has been suspended under ORS 319.096 and who the department determines is unwilling or unable to comply with the provisions of ORS 319.010 to 319.430.

(2) The department shall mail by certified mail addressed to the dealer at the last-known address in the files of the department, a notice of intention to revoke the dealer's license. The notice shall give the reason for the revocation of the license.

(3) The license revocation becomes effective without further notice if within 10 days from the mailing of the notice the dealer has not complied with the provisions of ORS 319.010 to 319.430.

(4) The department shall provide notice of the revocation of the license of a dealer under this section to all other licensed motor vehicle fuel dealers by a method determined under ORS 319.102. [1989 c.664 §4; 2003 c.113 §4]

319.102 Notice to dealers of suspension or revocation of another dealer's license; rules. The Department of Transportation shall establish by rule the most efficient method of notifying licensed motor vehicle fuel dealers as required under ORS 319.096 and 319.100 that a dealer's license has been

suspended, revoked or reinstated. The possible methods may include, but need not be limited to, notice by telephone, electronic mail or regular mail. [2003 c.113 §5]

Note: See note under 319.096.

319.110 Cancellation of license on request of dealer or when licensee no longer a dealer. (1) The Department of Transportation may, upon written request of a dealer, cancel any license issued to such dealer, the cancellation to become effective 30 days from the date of receipt of the written request.

(2) If the department ascertains and finds that the person to whom a license has been issued is no longer engaged in the business of a dealer, the department may cancel the license of such dealer upon investigation after 30 days' notice has been mailed to the last-known address of the dealer.

319.120 Remedies cumulative. Except as otherwise provided in ORS 319.180 and 319.200, the remedies of the state provided in ORS 319.090, 319.100 and 319.110 are cumulative. No action taken pursuant to those statutes shall relieve any person from the penal provisions of ORS 319.010 to 319.430 and 319.990. [Amended by 1967 c.54 §1; 1999 c.769 §7]

319.125 Change of ownership; cancellation of license. A licensed dealer who has a change of ownership shall notify the Department of Transportation immediately of the change. Upon notification, the department shall immediately cancel the motor vehicle fuel dealer license of the dealer. No license may be issued to any successor of the dealer until the successor completes an application and certificate and supplies the department with an adequate bond. For purposes of this section:

(1) In the case of a corporation with more than 100 stockholders, transfer of stock in normal trading is not considered a change in ownership.

(2) In the case of a corporation with 100 or fewer stockholders, transfer of less than 50 percent of the stock in any period of 12 consecutive months is not considered a change in ownership. [1987 c.610 §21]

Note: 319.125 was added to and made a part of 319.010 to 319.430 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

319.130 [Repealed by 1987 c.610 §23]

319.140 [Amended by 1959 c.505 §3; 1987 c.158 §50a; 1987 c.610 §3; repealed by 1989 c.664 §6]

319.150 [Repealed by 1989 c.664 §6]

319.160 [Amended by 1957 c.209 §3; 1959 c.505 §4; 1967 c.359 §691; 1987 c.610 §4; repealed by 1989 c.664 §6]

319.170 [Amended by 1987 c.610 §5; repealed by 1989 c.664 §6]

319.180 Payment of tax; delinquency penalty; interest rates. (1) The license tax imposed by ORS 319.020 shall be paid on or before the 25th day of each month to the Department of Transportation which, upon request, shall receipt the dealer therefor.

(2) Except as provided in subsection (4) of this section, to any license tax not paid as required by subsection (1) of this section there shall be added a penalty of one percent of such license tax.

(3) Except as provided in subsection (4) of this section, if the tax and penalty required by subsection (2) of this section are not received on or before the close of business on the last day of the month in which the payment is due, a further penalty of 10 percent shall be paid in addition to the penalty provided for in subsection (2) of this section.

(4) If the department determines that the delinquency was due to reasonable cause and without any intent to avoid payment, the penalties provided by subsections (2) and (3) of this section may be waived. Penalties imposed by this section shall not apply when the penalty provided in ORS 319.090 has been assessed and paid.

(5)(a) If the license tax imposed by ORS 319.020 is not paid as required by subsection (1) of this section, interest shall be charged at the rate of 0.0329 percent per day until the tax and interest have been paid in full.

(b) If the license tax imposed by ORS 319.020 is overpaid, the department may credit interest to the account of the taxpayer in the amount of 0.0329 percent per day up to a maximum amount that equals any interest assessed against the taxpayer under paragraph (a) of this subsection in any given audit period.

(6) No dealer who incurs a tax liability as provided for in ORS 319.010 to 319.430, shall knowingly and willfully fail to report and pay the same to the department as required by ORS 319.010 to 319.430. [Amended by 1955 c.730 §3; 1957 c.209 §4; 1959 c.505 §5; 1963 c.226 §2; 1967 c.54 §2; 1979 c.344 §4; 1987 c.610 §6; 1989 c.664 §5; 1999 c.769 §6]

319.182 Collection of delinquent tax, interest or penalty; warrant; judgment lien. (1) If a person fails to pay in full any tax, interest or penalty due under ORS 319.010 to 319.430, the Department of Transportation may issue a warrant for the amount due, with the added penalties or charges, interest and the cost of executing the warrant. A copy of the warrant shall be mailed or delivered to the taxpayer by the department at the taxpayer's last-known address.

(2) At any time after issuing a warrant under this section, the department may record the warrant in the County Clerk Lien Record of any county of this state. Recording of the warrant has the effect described in ORS 205.125. After recording a warrant, the department may direct the sheriff for the county in which the warrant is recorded to levy upon and sell the real and personal property of the taxpayer found within that county, and to levy upon any currency of the taxpayer found within that county, for the application of the proceeds or currency against the amount reflected in the warrant and the sheriff's cost of executing the warrant. The sheriff shall proceed on the warrant in the same manner prescribed by law for executions issued against property pursuant to a judgment, and is entitled to the same fees as provided for executions issued against property pursuant to a judgment. The fees of the sheriff shall be added to and collected as a part of the warrant liability.

(3) In the discretion of the department a warrant under this section may be directed to any agent authorized by the department to collect taxes, and in the execution of the warrant the agent has all of the powers conferred by law upon sheriffs, but is entitled to no fee or compensation in excess of actual expenses paid in the performance of such duty. [1999 c.769 §2; 2003 c.576 §200; 2011 c.661 §3]

Note: 319.182, 319.184 and 319.186 were added to and made a part of 319.010 to 319.430 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

319.184 Use of collection agency. (1) The Department of Transportation may engage the services of a collection agency to collect any of the taxes, interest and penalties due to the state under ORS 319.010 to 319.430. The department may engage the services by entering into agreements to pay reasonable charges on a contingent fee or other basis.

(2) The department may assign to the collection agency, for collection purposes only, any of the taxes, interest and penalties due the state under ORS 319.010 to 319.430.

(3) The collection agency may bring such actions or take such proceedings, including attachment and garnishment proceedings, as may be necessary. [1999 c.769 §3]

Note: See note under 319.182.

319.186 Uncollectible tax, interest or penalty. (1) Any tax, interest or penalty due the state assigned to a collection agency pursuant to ORS 319.184 that remains uncollected for two years after the date of the assignment meets the criteria for uncollectibility formulated pursuant to ORS 293.240.

(2) ORS 293.245 applies to any tax, interest or penalty due the state and described in subsection (1) of this section. [1999 c.769 §4; 2011 c.223 §2]

Note: See note under 319.182.

319.190 Monthly statement of dealer; penalty; rules. (1) Every dealer in motor vehicle fuel shall render to the Department of Transportation, on or before the 25th day of each month, on forms prescribed, prepared and furnished by the department, and in the manner provided by the department by rule, a signed statement of the number of gallons of motor vehicle fuel sold, distributed or used by the dealer during the preceding calendar month. The statement shall be signed by one of the principal officers, or by an authorized agent in case of a corporation; or by the managing agent or owner in case of a firm or association.

(2) The signed statement filed with the department as required by this section is a public record. All other documents, including supporting schedules and information received from other taxing jurisdictions and entities, shall be kept confidential and exempt from public inspection except that such information may be shared with tax collecting entities in other jurisdictions on the condition that the receiving jurisdiction agrees to keep such information confidential. If a statement is not received on or before the 25th day of each month, a penalty shall be assessed pursuant to ORS 319.180 or, if the department determines that no tax is due, a penalty of \$25 shall be assessed. [Amended by 1955 c.730 §4; 1957 c.209 §5; 1987 c.610 §7; 2011 c.101 §2]

319.192 Refund to dealer of uncollectible taxes; rules. (1) Upon application to the Department of Transportation, a motor vehicle fuel dealer may obtain a refund of the tax paid to the department on sales of motor vehicle fuel if:

(a) The dealer has received less than full consideration for the fuel from or on behalf of a purchaser;

(b) The account has been declared by the dealer to be an uncollectible account receivable and meets all applicable standards for deductibility for federal income tax purposes pursuant to the Internal Revenue Code; and

(c) The dealer has not previously received a refund from the department for motor vehicle fuel taxes not paid by the same purchaser.

(2) For purposes of determining the amount of a refund due under this section, the amount of consideration received by the motor vehicle fuel dealer shall be apportioned between the charges for the motor vehicle fuel and the tax for the fuel. The

amount of the tax refunded may not exceed the amount of tax paid under ORS 319.020.

(3) If the motor vehicle fuel dealer who receives a refund under this section subsequently collects any amount from any source for the account declared uncollectible, the amount collected shall be apportioned between the charges for the motor vehicle fuel and the corresponding tax for the fuel. The motor vehicle fuel tax collected shall be returned to the department.

(4) The department shall adopt rules governing the process of applying for and receiving refunds under this section. [2003 c.307 §2]

Note: 319.192 was added to and made a part of 319.010 to 319.430 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

319.200 Assessing tax and penalty where dealer fails to report. If any dealer, except one subject to ORS 319.090, fails to file the report required by ORS 319.190, the Department of Transportation shall proceed forthwith to determine from the best available source the amount of motor vehicle fuel sold, distributed or used by such dealer for the period unreported, and such determination shall be prima facie evidence of the amount of such fuel sold, distributed or used. The department immediately shall assess the license tax in the amount so determined, adding thereto a penalty of 10 percent for failure to report. The penalty shall be cumulative of other penalties provided in ORS 319.010 to 319.430 and 319.990. In any suit brought to enforce the rights of the state under this section, the certificate of the department showing the amount of taxes, penalties, interest and costs unpaid by any dealer and that the same are due and unpaid to the state is prima facie evidence of the facts as shown. [Amended by 1967 c.54 §3; 1987 c.610 §8]

319.210 Billing purchasers. Bills shall be rendered to all purchasers of motor vehicle fuel by dealers in motor vehicle fuel. The bills shall separately state and describe to the satisfaction of the Department of Transportation the different products shipped thereunder and shall be serially numbered except where other sales invoice controls acceptable to the department are maintained. [Amended by 1955 c.730 §5; 1987 c.610 §9]

319.220 Receipt, payment or sale of motor vehicle fuel without invoice or delivery tag prohibited. No person shall receive and accept any shipment of motor vehicle fuel from any dealer, or pay for the same, or sell or offer the shipment for sale, unless the shipment is accompanied by an invoice or delivery tag showing the date upon which shipment was delivered and the

name of the dealer in motor vehicle fuel. [Amended by 1955 c.730 §6; 1987 c.610 §10]

319.230 Transporting motor vehicle fuel in bulk. Every person operating any conveyance for the purpose of hauling, transporting or delivering motor vehicle fuel in bulk shall, before entering upon the public highways of this state with such conveyance, have and possess during the entire time of hauling or transporting such motor vehicle fuel an invoice, bill of sale or other written statement showing the number of gallons, the true name and address of the seller or consignor, and the true name and address of the buyer or consignee, if any, of the same. The person hauling such motor vehicle fuel shall at the request of any sheriff, deputy sheriff, constable, state police or other officer authorized by law to inquire into or investigate such matters, produce and offer for inspection the invoice, bill of sale or other statement. [Amended by 1957 c.209 §6]

319.240 Exemption of export fuel. (1) The license tax imposed by ORS 319.020 may not be imposed on motor vehicle fuel that is exported by a dealer:

(a) From this state to another state, territory or country, not including a federally recognized Indian reservation located wholly or partially within the borders of this state, where the motor vehicle fuel is unloaded; and

(b) Who has a valid motor vehicle fuel dealer's license or its equivalent issued by the state, territory or country to which the fuel is exported and where it is unloaded.

(2) In support of any exemption from license taxes claimed under this section other than in the case of stock transfers or deliveries in equipment, every dealer must execute and file with the Department of Transportation an export certificate in such form as shall be prescribed, prepared and furnished by the department, containing a statement, made by some person having actual knowledge of the fact of such exportation, that the motor vehicle fuel has been exported from the State of Oregon, and giving such details with reference to such shipment as the department may require. All export certificates in support of shipments to other states, territories or countries must be completed and on file in the principal office of the dealer in this state within three months after the close of the calendar month in which the shipments to which they relate are made, unless the state, territory or country of destination would not be prejudiced with respect to its collection of taxes thereon if the certificate is not filed within such time. The department may demand of any dealer such additional data as is deemed necessary in support of any such certificate,

and failure to supply such data will constitute a waiver of all right to exemption claimed by virtue of such certificate. The department may, in a case where it believes no useful purpose would be served by filing of an export certificate, waive the certificate.

(3) Any motor vehicle fuel carried from this state in the fuel tank of a motor vehicle shall not be considered as exported from this state, except that a refund of the tax may be paid on such fuel as provided in ORS 319.280 (1)(d).

(4) No person shall, through false statement, trick or device, or otherwise, obtain motor vehicle fuel for export upon which the Oregon tax has not been paid and fail to export the same, or any portion thereof, or cause the motor vehicle fuel or any portion thereof not to be exported, or shall divert the motor vehicle fuel or any portion thereof, or shall cause it to be diverted from interstate or foreign transit begun in this state, or shall unlawfully return the motor vehicle fuel or any portion thereof to be used or sold in this state and fail to notify the department and the dealer from whom the motor vehicle fuel was originally purchased of the person's act.

(5) No dealer or other person shall conspire with any person to withhold from export, or divert from interstate or foreign transit begun in this state, or to return motor vehicle fuel to this state for sale or use so as to avoid any of the taxes imposed by ORS 319.010 to 319.430. [Amended by 1953 c.82 §2; 1955 c.730 §7; 1959 c.186 §1; 1963 c.257 §1; 1987 c.610 §11; 2003 c.56 §1]

319.250 Certain sales to Armed Forces exempted; reports. The license tax imposed by ORS 319.020 shall not be imposed on any aircraft or motor vehicle fuel sold to the Armed Forces of the United States for use in ships, aircraft or for export from this state; but every dealer shall be required to report such sales to the Department of Transportation in such detail as may be required. A certificate by an authorized officer of such Armed Forces shall be accepted by the dealer as sufficient proof that the sale is for the purpose specified in the certificate. [Amended by 1955 c.730 §8; 1959 c.186 §2; 1961 c.43 §1; 1987 c.610 §12]

319.260 Fuel in vehicles coming into or leaving state not taxed. Any person coming into or leaving Oregon in a motor vehicle may transport in the fuel tank of such vehicle motor vehicle fuel for the purpose of operating such motor vehicle, without complying with any of the provisions imposed upon dealers by ORS 319.010 to 319.430. However, if motor vehicle fuel so brought into the state is removed from the fuel tank of the vehicle or used for any purpose other than the propulsion of the vehicle,

the person so importing the fuel into this state shall be subject to all the provisions of ORS 319.010 to 319.430 and 319.990 applying to dealers. [Amended by 1987 c.610 §12a]

319.270 Fuel sold or distributed to dealers. (1) Notwithstanding ORS 319.020, if the first sale, use or distribution of motor vehicle fuel or aircraft fuel is from one licensed dealer to another licensed dealer, the selling or distributing dealer is not required to pay the license tax imposed by ORS 319.020. When the purchasing or receiving dealer first sells, uses or distributes the fuel, that dealer shall pay the license tax regardless of whether the sale, use or distribution is to another licensed dealer.

(2) A dealer who renders monthly statements to the Department of Transportation as required by ORS 319.020 and 319.190 shall show separately the number of gallons of motor vehicle fuel sold or delivered to dealers. [Amended by 1987 c.610 §13]

319.275 Liability for taxes, interest and penalties when person importing fuel does not hold license. (1) A person who is not a licensed dealer shall not accept or receive motor vehicle or aircraft fuel in this state from a person who imports motor vehicle or aircraft fuel who does not hold a valid motor vehicle fuel dealer license in this state. If a person who is not a licensed dealer accepts or receives motor vehicle fuel or aircraft fuel from a person who imports motor vehicle fuel or aircraft fuel and does not hold a valid motor vehicle fuel dealer license in this state, the purchaser or receiver shall be liable for all taxes, interest and penalties contained in ORS 319.010 to 319.430.

(2) A licensed dealer who accepts or receives motor vehicle fuel or aircraft fuel in this state from a person who imports motor vehicle or aircraft fuel who does not hold a valid dealer license in this state shall pay the tax imposed by ORS 319.020 to the Department of Transportation upon the first sale, use or distribution of the motor vehicle fuel or aircraft fuel. [1987 c.610 §22; 1991 c.863 §§18a,21a]

319.280 Refunds generally. (1) Any person who has paid any tax on motor vehicle fuel levied or directed to be paid by ORS 319.010 to 319.430 either directly by the collection of the tax by the vendor from the consumer, or indirectly by adding the amount of the tax to the price of the fuel and paid by the consumer, shall be reimbursed and repaid the amount of such tax paid, except as provided in ORS 319.290 to 319.330, if such person has:

(a) Purchased and used such fuel for the purpose of operating or propelling a stationary gas engine, a tractor or a motor boat, if

the motor boat is used for commercial purposes at any time during the period for which the refund is claimed;

(b) Purchased and used such fuel for cleaning or dyeing or other commercial use, except when used in motor vehicles operated upon any highway;

(c) Purchased and exported such fuel from this state, in containers other than fuel supply tanks of motor vehicles, provided that the person:

(A) Exports the motor vehicle fuel from this state to another state, territory or country, not including a federally recognized Indian reservation located wholly or partially within the borders of this state, where the motor vehicle fuel is unloaded; and

(B) Has a valid motor vehicle fuel dealer's license or its equivalent issued by the state, territory or country to which the fuel is exported and where it is unloaded;

(d) Purchased and exported such fuel in the fuel supply tank of a motor vehicle and has used such fuel to operate the vehicle upon the highways of another state, if the user has paid to the other state a similar motor vehicle fuel tax on the same fuel, or has paid any other highway use tax the rate for which is increased because such fuel was not purchased in, and the tax thereon paid, to such state; or

(e) Purchased and used such fuel for small engines that are not used to propel motor vehicles on highways, including but not limited to those that power lawn mowers, leaf blowers, chain saws and similar implements.

(2) When a motor vehicle with auxiliary equipment uses fuel and there is no auxiliary motor for such equipment or separate tank for such a motor, a refund may be claimed and allowed as provided by subsection (4) of this section, except as otherwise provided by this subsection, without the necessity of furnishing proof of the amount of fuel used in the operation of the auxiliary equipment. The person claiming the refund may present to the Department of Transportation a statement of the claim and be allowed a refund as follows:

(a) For fuel used in pumping aircraft fuel, motor vehicle fuel, fuel or heating oils or other petroleum products by a power take-off unit on a delivery truck, refund shall be allowed claimant for tax paid on fuel purchased at the rate of three-fourths of one gallon for each 1,000 gallons of petroleum products delivered.

(b) For fuel used in operating a power take-off unit on a cement mixer truck or on a garbage truck, claimant shall be allowed a

refund of 25 percent of the tax paid on all fuel used in such a truck.

(3) When a person purchases and uses motor vehicle fuel in a vehicle equipped with a power take-off unit, a refund may be claimed for fuel used to operate the power take-off unit provided the vehicle is equipped with a metering device approved by the department and designed to operate only while the vehicle is stationary and the parking brake is engaged; the quantity of fuel measured by the metering device shall be presumed to be the quantity of fuel consumed by the operation of the power take-off unit.

(4) Before any such refund may be granted, the person claiming such refund must present to the department a statement, accompanied by the original invoices, or reasonable facsimiles approved by the department, showing such purchases; provided that in lieu of original invoices or facsimiles, refunds submitted under subsection (1)(d) of this section shall be accompanied by information showing source of the fuel used and evidence of payment of tax to the state in which the fuel was used. The statement shall be made over the signature of the claimant, and shall state the total amount of such fuel for which the claimant is entitled to be reimbursed under subsection (1) of this section. The department upon the presentation of the statement and invoices or facsimiles, or other required documents, shall cause to be repaid to the claimant from the taxes collected on motor vehicle fuel such taxes so paid by the claimant. [Amended by 1959 c.186 §3; 1963 c.257 §2; 1969 c.465 §1; 1971 c.163 §1; 1973 c.135 §1; 1985 c.152 §1; 1997 c.364 §1; 2001 c.820 §4; 2003 c.56 §2]

Note: The amendments to 319.280 by section 19, chapter 781, Oregon Laws 2013, become operative July 1, 2015. See section 27, chapter 781, Oregon Laws 2013. The text that is operative on and after July 1, 2015, is set forth for the user's convenience.

319.280. (1) Any person who has paid any tax on motor vehicle fuel levied or directed to be paid by ORS 319.010 to 319.430 either directly by the collection of the tax by the vendor from the consumer, or indirectly by adding the amount of the tax to the price of the fuel and paid by the consumer, shall be reimbursed and repaid the amount of such tax paid, except as provided in ORS 319.290 to 319.330, if such person has:

(a) Purchased and used such fuel for the purpose of operating or propelling a stationary gas engine, a tractor or a motor boat, if the motor boat is used for commercial purposes at any time during the period for which the refund is claimed;

(b) Purchased and used such fuel for cleaning or dyeing or other commercial use, except when used in motor vehicles operated upon any highway;

(c) Purchased and exported such fuel from this state, in containers other than fuel supply tanks of motor vehicles, provided that the person:

(A) Exports the motor vehicle fuel from this state to another state, territory or country, not including a federally recognized Indian reservation located wholly or partially within the borders of this state, where the motor vehicle fuel is unloaded; and

(B) Has a valid motor vehicle fuel dealer's license or its equivalent issued by the state, territory or country to which the fuel is exported and where it is unloaded;

(d) Purchased and exported such fuel in the fuel supply tank of a motor vehicle and has used such fuel to operate the vehicle upon the highways of another state, if the user has paid to the other state a similar motor vehicle fuel tax on the same fuel, or has paid any other highway use tax the rate for which is increased because such fuel was not purchased in, and the tax thereon paid, to such state;

(e) Purchased and used such fuel for small engines that are not used to propel motor vehicles on highways, including but not limited to those that power lawn mowers, leaf blowers, chain saws and similar implements; or

(f) Purchased and used such fuel for operating a motor vehicle the metered use of which is subject to the per-mile road usage charge imposed under ORS 319.885, if the person has paid the charge.

(2) When a motor vehicle with auxiliary equipment uses fuel and there is no auxiliary motor for such equipment or separate tank for such a motor, a refund may be claimed and allowed as provided by subsection (5) of this section, except as otherwise provided by this subsection, without the necessity of furnishing proof of the amount of fuel used in the operation of the auxiliary equipment. The person claiming the refund may present to the Department of Transportation a statement of the claim and be allowed a refund as follows:

(a) For fuel used in pumping aircraft fuel, motor vehicle fuel, fuel or heating oils or other petroleum products by a power take-off unit on a delivery truck, refund shall be allowed claimant for tax paid on fuel purchased at the rate of three-fourths of one gallon for each 1,000 gallons of petroleum products delivered.

(b) For fuel used in operating a power take-off unit on a cement mixer truck or on a garbage truck, claimant shall be allowed a refund of 25 percent of the tax paid on all fuel used in such a truck.

(3) When a person purchases and uses motor vehicle fuel in a vehicle equipped with a power take-off unit, a refund may be claimed for fuel used to operate the power take-off unit provided the vehicle is equipped with a metering device approved by the department and designed to operate only while the vehicle is stationary and the parking brake is engaged; the quantity of fuel measured by the metering device shall be presumed to be the quantity of fuel consumed by the operation of the power take-off unit.

(4)(a) The department may provide by rule that a refund under subsection (1)(f) of this section be granted as a credit against future per-mile road usage charges incurred by the person under ORS 319.885.

(b)(A) The department may provide by rule for refund thresholds that are met by aggregating refund amounts or by estimating motor vehicle fuel tax refunds by vehicle type, at the option of the person claiming the refund.

(B) If the person claiming the refund opts for an estimated refund based on vehicle type, the requirement under subsection (5) of this section that the person claiming the refund must present original invoices or reasonable facsimiles showing motor vehicle fuel purchases does not apply.

(5) Before any such refund may be granted, the person claiming such refund must present to the department a statement, accompanied by the original invoices, or reasonable facsimiles approved by the department, showing such purchases; provided that in lieu of original invoices or facsimiles, refunds submitted under subsection (1)(d) of this section shall be accompanied by information showing source of the fuel used and evidence of payment of tax to the state in which the

fuel was used. The statement shall be made over the signature of the claimant, and shall state the total amount of such fuel for which the claimant is entitled to be reimbursed under subsection (1) of this section. The department upon the presentation of the statement and invoices or facsimiles, or other required documents, shall cause to be repaid to the claimant from the taxes collected on motor vehicle fuel such taxes so paid by the claimant.

319.290 Limitation on applications for refunds. Applications for refunds made under ORS 319.280, 319.320 and 319.330 must be filed with the Department of Transportation before the expiration of 15 months from the date of purchase or invoice, except that unused fuel reported as an ending inventory on any claim may be included in a subsequent claim if presented not later than 15 months from the filing date of the claim which established the inventory. All applications for refunds based upon exportation of motor vehicle fuel from this state in the fuel supply tank of a motor vehicle must be filed with the department before the expiration of 15 months from the last day of the month in which the fuel was used, or before the expiration of 15 months from the date of an assessment for unpaid tax by the state in which the fuel was used. [Amended by 1955 c.730 §9; 1963 c.257 §3; 1979 c.344 §5]

319.300 Seller to give invoice for each purchase made by person entitled to refund. (1) When motor vehicle fuel is sold to a person who claims to be entitled to a refund of the tax imposed, the seller of the motor vehicle fuel shall make and deliver at the time of the sale separate invoices for each purchase in such form and containing any information prescribed by the Department of Transportation.

(2) The invoices shall be legibly written and shall be void if any corrections or erasures appear on the face thereof. Any person who alters any part of any invoice that will tend to give to the claimant an illegal gain, shall have the entire claim invalidated. The seller shall for a period of at least 18 months retain copies of all invoices and make them available to the department upon request. [Amended by 1953 c.77 §2; 1955 c.730 §10; 1957 c.209 §7]

319.310 Claims for refunds may be required to be under oath; investigation of claims. (1) The Department of Transportation may require any person who makes claim for refund of tax upon motor vehicle fuel to furnish a statement, under oath, giving the occupation, description of the machines or equipment in which the motor vehicle fuel was used, the place where used and such other information as the department may require.

(2) The department may investigate claims and gather and compile such information in regard to the claims as it considers

necessary to safeguard the state and prevent fraudulent practices in connection with tax refunds and tax evasions. The department may, in order to establish the validity of any claim, examine the books and records of the claimant for such purposes. The records shall be sufficient to substantiate the accuracy of the claim and shall be in such form and contain such information as the department may require. Failure of the claimant to maintain such records or to accede to the demand for such examination constitutes a waiver of all rights to the refund claimed on account of the transaction questioned. [Amended by 1959 c.186 §4]

319.320 Refund of tax on fuel used in operation of vehicles over certain roads or private property. (1) Upon compliance with subsection (2) or (3) of this section the Department of Transportation shall refund, in the manner provided in subsection (2) or (3) of this section, the tax on motor vehicle fuel that is used in the operation of a motor vehicle:

(a) By any person on any road, thoroughfare or property in private ownership.

(b) By any person on any road, thoroughfare or property, other than a state highway, county road or city street, for the removal of forest products, as defined in ORS 321.005, or the products of such forest products converted to a form other than logs at or near the harvesting site, or for the construction or maintenance of the road, thoroughfare or property, pursuant to a written agreement or permit authorizing the use, construction or maintenance of the road, thoroughfare or property, with or by:

(A) An agency of the United States;

(B) The State Board of Forestry;

(C) The State Forester; or

(D) A licensee of an agency named in subparagraph (A), (B) or (C) of this paragraph.

(c) By an agency of the United States or of this state or of any county, city or port of this state on any road, thoroughfare or property, other than a state highway, county road or city street.

(d) By any person on any county road for the removal of forest products, as defined in ORS 321.005, or the products of such forest products converted to a form other than logs at or near the harvesting site, if:

(A) The use of the county road is pursuant to a written agreement entered into with, or to a permit issued by, the State Board of Forestry, the State Forester or an agency of the United States, authorizing such person to use such road and requiring such person

to pay for or to perform the construction or maintenance of the county road;

(B) The board, officer or agency that entered into the agreement or granted the permit, by contract with the county court or board of county commissioners, has assumed the responsibility for the construction or maintenance of such county road; and

(C) Copies of the agreements or permits required by subparagraphs (A) and (B) of this paragraph are filed with the department.

(2) Except for a farmer subject to subsection (3) of this section, the person or agency, as the case may be, who has paid any tax on such motor vehicle fuels levied or directed to be paid, as provided by ORS 319.010 to 319.430, is entitled to claim a refund of the tax so paid on such fuels or for the proportionate part of tax paid on fuels used in the operation of such vehicles, when part of the operations are over such roads, thoroughfares or property. The proportionate part shall be based upon the number of miles traveled by any such vehicle over such roads, thoroughfares or property as compared to the total number of miles traveled by such vehicle. To be eligible to claim such refund the person or agency, as the case may be, shall first establish and maintain a complete record of the operations, miles traveled, gallons of fuel used and other information, in such form and in such detail as the department may prescribe and require, the source of supply of all fuels purchased or used, and the particular vehicles or equipment in which used. Whenever any such claim is received and approved by the department, it shall cause the refund of tax to be paid to the claimant in like manner as provided for paying of other refund claims.

(3) A farmer who has paid any tax on motor vehicle fuels levied or directed to be paid, as provided in ORS 319.010 to 319.430, is entitled to claim a refund of the tax paid on such fuels used in farming operations in the operation of any motor vehicle on any road, thoroughfare or property in private ownership. To be eligible to claim such refund a farmer shall maintain in such form and in such detail as the department may prescribe and require, a record, supported by purchase invoices, of all such motor vehicle fuel purchased (including fuel purchased to operate any motor vehicle on the highway) and, for each and every motor vehicle operated on the highway, a record of all fuel used and of all miles traveled on the highway. Whenever any such claim is received and approved by the department, it shall cause the refund of tax to be paid to the claimant in like manner as provided for paying of other refund claims.

(4) As used in subsections (2) and (3) of this section, "farmer" includes any person who manages or conducts a farm for the production of livestock or crops but does not include a person who manages or conducts a farm for the production of forest products, as defined in ORS 321.005, or the products of such forest products converted to a form other than logs at or near the harvesting site, or of forest trees unless the production of such forest products or forest trees is only incidental to the primary purpose of the farming operation. [Amended by 1961 c.368 §1; 1965 c.64 §1; 1965 c.425 §2; 1967 c.367 §2; 1979 c.344 §6]

319.330 Refunds to purchasers of fuel for aircraft. (1) Whenever any statement and invoices are presented to the Department of Transportation showing that motor vehicle fuel or aircraft fuel has been purchased and used in operating aircraft engines and upon which the full tax for motor vehicle fuel has been paid, the department shall refund the tax paid, but only after deducting from the tax paid nine cents for each gallon of such fuel so purchased and used, except that when such fuel is used in operating aircraft turbine engines (turbo-prop or jet) the deduction shall be one cent for each gallon. No deduction provided under this subsection shall be made on claims presented by the United States or on claims presented where a satisfactory showing has been made to the department that such aircraft fuel has been used solely in aircraft operations from a point within the State of Oregon directly to a point not within any state of the United States. The amount so deducted shall be paid on warrant of the Oregon Department of Administrative Services to the State Treasurer, who shall credit the amount to the State Aviation Account for the purpose of carrying out the provisions of the state aviation law. Moneys credited to the account under this section are continuously appropriated to the Oregon Department of Aviation.

(2) If satisfactory evidence is presented to the Department of Transportation showing that aircraft fuel upon which the tax has been paid has been purchased and used solely in aircraft operations from a point within the State of Oregon directly to a point not within any state of the United States, the department shall refund the tax paid. [Amended by 1959 c.505 §6; 1973 c.575 §1; 1977 c.293 §2; 1999 c.935 §26; 1999 c.1037 §§2,4; 2005 c.755 §16]

319.340 [Amended by 1959 c.203 §1; repealed by 1979 c.344 §11]

319.350 [Amended by 1971 c.118 §1; repealed by 1979 c.344 §11]

319.360 [Amended by 1957 c.209 §8; repealed by 1979 c.344 §11]

319.370 Examinations and investigations; correcting reports and payments. The Department of Transportation, or its duly authorized agents, may make any examination of the accounts, records, stocks, facilities and equipment of dealers, brokers, service stations and other persons engaged in storing, selling or distributing motor vehicle fuel or other petroleum product or products within this state, and such other investigations as it considers necessary in carrying out the provisions of ORS 319.010 to 319.430. If the examinations or investigations disclose that any reports of dealers or other persons theretofore filed with the department pursuant to the requirements of ORS 319.010 to 319.430, have shown incorrectly the amount of gallonage of motor vehicle fuel distributed or the tax, penalty or interest accruing thereon, the department may make such changes in subsequent reports and payments of such dealers or other persons, or may make such refunds, as may be necessary to correct the errors disclosed by its examinations or investigations. [Amended by 1987 c.610 §14]

319.375 Limitation on credit for or refund of overpayment and on assessment of additional tax. (1) Except as otherwise provided in ORS 319.010 to 319.430, any credit for erroneous overpayment of tax made by a dealer taken on a subsequent return or any claim for refund of tax erroneously overpaid filed by a dealer must be so taken or filed within three years after the date on which the overpayment was made to the state.

(2) Except in the case of a fraudulent report or neglect to make a report, every notice of additional tax proposed to be assessed under ORS 319.010 to 319.430 shall be served on dealers within three years from the date upon which such additional taxes become due. [1955 c.730 §14; 1987 c.610 §15]

319.380 Examining books and accounts of carrier of motor vehicle fuel. The Department of Transportation or its duly authorized agents may at any time during normal business hours examine the books and accounts of any carrier of motor vehicle fuel operating within this state for the purpose of checking shipments or use of motor vehicle fuel, detecting diversions thereof or evasion of taxes on same in enforcing the provisions of ORS 319.010 to 319.430.

319.382 Agreements for refunds to Indian tribes. Notwithstanding any other provision of law, the Department of Transportation may enter into agreements with the governing body of any Indian tribe residing on a reservation in Oregon to provide refunds to the tribe of state motor vehicle fuel taxes for fuel purchased on the

reservation and used by tribal members on tribal reservation lands, other than for motor vehicle fuel used on state highways, county roads or city streets supported by the State Highway Fund. [1993 c.706 §2]

Note: 319.382 was added to and made a part of 319.010 to 319.430 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

319.390 Records to be kept by dealers; inspection of records. Every dealer in motor vehicle fuel shall keep a record in such form as may be prescribed by the Department of Transportation of all purchases, receipts, sales and distribution of motor fuel. The records shall include copies of all invoices or bills of all such sales and shall at all times during the business hours of the day be subject to inspection by the department or its deputies or other officers duly authorized by the department. Upon request from the officials to whom is entrusted the enforcement of the motor fuel tax law of another state, territory, country or the federal government, the department shall forward to such officials any information which it may have relative to the import or export of any motor vehicle fuel by any dealer, provided such other state, territory, country or federal government furnishes like information to this state. [Amended by 1955 c.730 §11; 1987 c.610 §16]

319.400 Records to be kept three years. Every dealer shall maintain and keep, within the State of Oregon, for a period of three years, all records of motor vehicle fuel used, sold and distributed within this state by such dealer, together with stock records, invoices, bills of lading and other pertinent papers as may be required by the Department of Transportation. [Amended by 1955 c.730 §12; 1987 c.610 §17]

319.410 Disposition of tax moneys. (1) The Department of Transportation shall promptly turn over the license tax to the State Treasurer to be disposed of as provided in ORS 802.110.

(2) The revenue from the license tax collected from the use, sale or distribution of aircraft fuel as imposed by ORS 319.020 (2) shall be transferred upon certification of the department to the State Treasurer, who shall credit the certified amount to the State Aviation Account for the purpose of carrying out the provisions of the state aviation laws. [Amended by 1955 c.287 §20; 1961 c.146 §2; 1963 c.226 §3; 1969 c.70 §1; 1983 c.338 §909; 1993 c.741 §29; 1999 c.935 §27; 2005 c.755 §17]

319.415 Estimate of tax on fuel used for boats; transfer to Boating Safety, Law Enforcement and Facility Account; use. (1) On or before July 15 of each year, the Oregon Department of Administrative Services, after consultation with the Department of Transportation and the State Marine

Board, shall determine the amount of the motor vehicle fuel tax imposed under ORS 319.010 to 319.430 during the preceding fiscal year with respect to fuel purchased and used to operate or propel motor boats. The amount determined shall be reduced by the amount of any refunds for motor boats used for commercial purposes actually paid during the preceding year on account of ORS 319.280 (1)(a).

(2)(a) The Oregon Department of Administrative Services shall estimate the amount of fuel described in subsection (1) of this section that is used to operate or propel motor boats by conducting a statistically valid, unbiased, independent survey of boat owners. The survey shall be conducted once every four years and shall be designed to estimate the average daily fuel consumption by motor boats and the total days of motor boat use per year. The survey shall be used to determine the amount of the transfer required by subsection (3) of this section for the first transfer that occurs after the survey is completed. If the tax rate changes during the fiscal year, the amount of tax to be transferred shall be prorated based on the percentage of total motor boat use taking place during each tax period.

(b) In years when no survey is conducted, the amount to be transferred under subsection (3) of this section shall be calculated by multiplying the per boat fuel consumption factors from the preceding survey by the number of motor boats as shown by the annual actual count of boat registrations. The resulting amount, in gallons per year, shall be the basis for the determination of the amount to be transferred.

(c) The survey required by paragraph (a) of this subsection shall be developed by a research department within the Oregon University System, in consultation with the State Marine Board and the Department of Transportation. The Oregon Department of Administrative Services shall contract for the development and conduct of the survey, and the costs shall be paid by the Department of Transportation. Costs paid by the Department of Transportation may be deducted from the amount transferred to the State Marine Board under subsection (3) of this section.

(3) The Oregon Department of Administrative Services shall certify the amount of the estimate made under subsection (1) of this section, as reduced by refunds, to the Department of Transportation, to the State Marine Board and to the State Treasurer. Thereupon, that amount shall be transferred from the Department of Transportation Driver and Motor Vehicle Suspense Account

to the Boating Safety, Law Enforcement and Facility Account created under ORS 830.140, and is continuously appropriated to the State Marine Board for the purposes for which the moneys in the Boating Safety, Law Enforcement and Facility Account are appropriated. [1985 c.152 §4; 1993 c.741 §30; 1999 c.296 §1; 2005 c.22 §227]

319.417 Estimate of tax on fuel used in aircraft; transfer to State Aviation Account; use. (1) On or after October 3, 1989, and on or before July 15 of each year thereafter, the Oregon Department of Administrative Services, after consultation with the Department of Transportation and the Director of the Oregon Department of Aviation shall estimate, using a methodology approved by the Oregon Transportation Commission, the amount of the motor vehicle fuel tax imposed under ORS 319.010 to 319.430 during the preceding fiscal year with respect to motor vehicle fuel purchased and used in operating aircraft engines and upon which the full tax for motor vehicle fuel has been paid. The estimate shall be reduced by the amount of any refunds actually paid on motor vehicle fuel, excluding those paid on aviation gasoline or jet fuel, during the preceding fiscal year pursuant to ORS 319.330 (1).

(2) The Oregon Department of Administrative Services shall certify the amount of the estimate made under subsection (1) of this section to the Department of Transportation, the Director of the Oregon Department of Aviation and the State Treasurer. Thereupon, the amount of the estimate shall be transferred from the Department of Transportation Driver and Motor Vehicle Suspense Account to the State Aviation Account and is continuously appropriated to the Oregon Department of Aviation to carry out the purposes of ORS chapters 835, 836 and 837. [1989 c.101 §2; 1993 c.741 §31; 1999 c.935 §28]

319.420 ORS 319.510 to 319.880 not affected. ORS 319.010 to 319.410 do not affect or repeal any of the provisions of ORS 319.510 to 319.880.

319.430 Savings clause. All rights and obligations arising under the provisions of the statutes repealed in section 38, chapter 413, Oregon Laws 1945, shall not in any way be affected by such repeal. Such statutes shall be considered in full force and effect for the purpose of carrying out all duties and obligations contracted or arising under such statutes, prior to June 16, 1945.

319.550. (1) Except as provided in this section, a person may not use fuel in a motor vehicle in this state unless the person holds a valid user's license.

(2) A nonresident may use fuel in a motor vehicle not registered in Oregon for a period not exceeding 30 days without obtaining a user's license or the emblem issued under ORS 319.600, if, for all fuel used in a motor vehicle in this state, the nonresident pays to a seller, at the time of the sale, the tax provided in ORS 319.530.

(3) A user's license is not required for a person who uses fuel in a motor vehicle with a combined weight of 26,000 pounds or less if, for all fuel used in a motor vehicle in this state, the person pays to a seller, at the time of the sale, the tax provided in ORS 319.530.

(4)(a) A user's license is not required for a person who uses fuel as described in ORS 319.520 (7) in the vehicles specified in this subsection if the person pays to a seller, at the time of the sale, the tax provided in ORS 319.530.

(b) Paragraph (a) of this subsection applies to the following vehicles:

(A) Motor homes as defined in ORS 801.350.

(B) Recreational vehicles as defined in ORS 446.003.

(5) A user's license is not required for a person who uses fuel in a motor vehicle:

(a) Metered use by which is subject to the per-mile road usage charge imposed under ORS 319.885; and

(b) That also uses fuels subject to ORS 319.510 to 319.880.

319.560 Application for and issuance of user's license. A user of fuel in a motor vehicle required to be licensed under ORS 319.550 shall apply to the Department of Transportation for a user's license upon forms prescribed by the department and shall set forth such information as the department may require. On receipt of the application, the department may issue to the applicant a user's license without charge authorizing the applicant to use fuel in a motor vehicle in this state. The license is valid only for the person in whose name it is issued and is valid until canceled or revoked. [Amended by 1959 c.188 §4; 1977 c.429 §3; 1999 c.769 §21]

319.570 Faithful performance bond. (1) At the time of filing the application for a user's license, the Department of Transport-

tation may require the user of fuel in a motor vehicle to file with the department, in such form as shall be prepared by the department, a bond duly executed by the user as principal with a corporate surety authorized to transact business in this state. The bond shall be payable to the State of Oregon conditioned upon faithful performance of all the requirements of ORS 319.510 to 319.880, including the payment of all taxes, penalties and other obligations of such user arising out of ORS 319.510 to 319.880 and 319.990 (4).

(2) The total amount of the bond or bonds required of any user of fuel in a motor vehicle shall be fixed by the department and may be increased or reduced by the department at any time subject to the limitations provided in this section. The total amount of the bond or bonds required of any user of fuel in a motor vehicle shall be equivalent to twice the estimated monthly tax of the user, determined in such manner as the department considers proper. However, the total amount of the bond or bonds required of any user of fuel in a motor vehicle shall never be less than \$10. Any bond given in connection with ORS 319.510 to 319.880 shall be a continuing instrument and shall cover any and all periods of time including the first and all subsequent periods for which a license may be granted in consequence of the giving of the bond. The liability of the surety on the bond for the aggregate of all claims which arise thereunder shall not exceed the amount of the penalty of the bond. No recovery on any bond or any execution of any new bond shall invalidate any bond, but the total recoveries under any one bond shall not exceed the amount of the bond. [Amended by 1959 c.188 §5; 1967 c.359 §692]

319.580 Deposit in lieu of bond. In lieu of any bond or bonds in total amount as fixed under ORS 319.570, any user may deposit with the Department of Transportation, under such terms and conditions as the department may prescribe, a like amount of lawful money of the United States or negotiable bonds or other obligations of the United States, the State of Oregon, or any county of this state, of an actual market value not less than the amount so fixed by the department. The department shall turn over to the State Treasurer for safekeeping all such deposits so received.

319.590 Release of surety. Any surety on a bond furnished by a user as provided in ORS 319.570 shall be released and discharged from any and all liability to the state accruing on the bond after the expiration of 60 days from the date upon which the surety has lodged with the Department of Transportation a written request to be released and discharged, but this provision shall not

operate to relieve, release or discharge the surety from any liability already accrued or which accrues before the expiration of the 60-day period. The department shall promptly, upon receiving the request, notify the user who furnished the bond, and unless the user, on or before the expiration of the 60-day period files a new bond, or makes a deposit in accordance with the requirements of ORS 319.580, the department forthwith shall cancel the user's license.

319.600 Display of emblem. Except as provided in ORS 319.550, a user of fuel in a motor vehicle shall display an emblem in a conspicuous place on each motor vehicle in connection with which fuel is used. Each such emblem shall be issued without charge by the Department of Transportation upon application by a person holding an uncancelled or unrevoked user's license and shall be displayed only upon the motor vehicle with respect to which it is issued. [Amended by 1959 c.188 §6]

319.610 [Repealed by 1959 c.188 §44]

319.611 Penalty for unlicensed use of fuel or nondisplay of authorization or emblem; waiver. (1) If any person required to be licensed under ORS 319.550 uses fuel in a motor vehicle in this state at a time when the person does not hold a valid user's license or does not display a valid authorization or user's emblem issued by the Department of Transportation, a penalty of 25 percent of the tax applicable to the fuel so used shall be imposed. The penalty so imposed shall be in addition to any other penalty imposed under the provisions of ORS 319.510 to 319.990.

(2) The department may waive any penalty provided by subsection (1) of this section that is imposed after January 1, 1998, if the department determines that there was reasonable cause for the failure to hold a valid user's license or display a valid authorization or user's emblem issued by the department and finds that there was no intent to avoid payment. [1959 c.188 §8; 1977 c.429 §4; 1997 c.275 §2; 1999 c.769 §13]

319.620 [Amended by 1955 c.476 §1; repealed by 1959 c.188 §44]

(3) The department may require an applicant for a seller's license to file with the de-

partment a bond or deposit of not less than \$100 under the same terms and conditions prescribed for users in ORS 319.570, 319.580 and 319.590. [Formerly 319.670]

(C) Not responding to a subpoena issued by the department; or

(k) Failed to comply with an order issued by the department.

(2) In addition to refusal of a license for reasons specified in subsection (1) of this section, the department may refuse to issue a user's license or seller's license for any other reason the department deems sufficient.

(3) Before refusing to issue a license under this section, the department shall grant the applicant a hearing and shall give the applicant at least 10 days' written notice of the time and place of the hearing. The hearing shall be a contested case hearing under the provisions of ORS chapter 183.

(4) For purpose of consideration of an application for a license, the department may inspect or investigate the records of this state or of any other jurisdiction to verify the information on the application and to verify the applicant's criminal and licensing history. [1999 c.769 §20]

319.630 Revocation of license; reissue of license. (1) The Department of Transportation may revoke the license of a user or seller if the user or seller fails to comply with any provision of ORS 319.510 to 319.880 or any rule or regulation adopted under ORS 319.510 to 319.880. Before revoking the license the department shall serve written notice on the person ordering the person to appear before the department at a time not less than 10 days after such service and show cause why the license should not be revoked. The notice shall be served in the manner prescribed by ORS 319.760 (3).

(2) A new license shall not be issued to a person whose license has been revoked unless it appears to the satisfaction of the department that the person will comply with the provisions of ORS 319.510 to 319.880 and the rules and regulations adopted under ORS 319.510 to 319.880. [Amended by 1959 c.188 §10]

On receipt of the request the department shall cancel the license.

319.650 Notifying department upon ceasing to use fuel in connection with motor vehicle. If any person ceases using fuel within this state in connection with a motor vehicle with respect to which an emblem has been issued pursuant to ORS 319.600 but continues using fuel within this state in connection with another motor vehicle or other motor vehicles, the person shall immediately notify the Department of Transportation.

319.660 Removal of emblem. Any person whose license has been revoked or canceled pursuant to ORS 319.630 or 319.640, or who is required by ORS 319.650 to notify the Department of Transportation that such person has ceased using fuel within this state in connection with a motor vehicle, immediately shall remove from the motor vehicle on which it is displayed and shall destroy or, if the department so requests, shall return to the department each emblem issued to such person under ORS 319.600 or the emblem issued with respect to the motor vehicle in connection with which such person has ceased using fuel within this state, as the case may be.

(a) The vehicle into which the seller delivers or places the fuel bears a valid permit or user's emblem issued by the Department of Transportation.

(b) The fuel is dispensed at a nonretail facility, in which case the seller shall collect any tax owed at the same time the seller collects the purchase price from the person to whom the fuel was dispensed at the nonretail facility. A seller is not required to collect the tax under this paragraph from a person who certifies to the seller that the use of the fuel is exempt from the tax imposed under ORS 319.530.

(c) A cardlock card is used for purchase of the fuel at an attended portion of a retail facility equipped with a cardlock card reader, in which case the cardlock card issuer licensed in this state is responsible for collecting and remitting the tax unless the person making the purchase certifies to the seller that the use of the fuel is exempt from the tax imposed under ORS 319.530.

(2) If a cardlock card is used for purchase of fuel at an attended portion of a retail facility equipped with a cardlock card reader, the seller at the retail facility may deduct fuel purchases made with a cardlock card from the seller's retail transactions if the seller provides the department with the following information:

(a) A monthly statement from a cardlock card issuer that details the cardlock card purchases at the retail facility; and

(b) A listing of cardlock card issuers and gallons of fuel purchased at the retail facility by the issuers' customers.

(3) The department shall supply each seller of fuel for use in a motor vehicle with

a chart which sets forth the tax imposed on given quantities of fuel. [1959 c.188 §12; 1971 c.149 §1; 1977 c.429 §5; 1997 c.275 §3; 2003 c.99 §2; 2008 c.44 §2]

Note: The amendments to 319.665 by section 17, chapter 781, Oregon Laws 2013, become operative July 1, 2015. See section 27, chapter 781, Oregon Laws 2013. The text that is operative on and after July 1, 2015, is set forth for the user's convenience.

319.665. (1) The seller of fuel for use in a motor vehicle shall collect the tax provided by ORS 319.530 at the time the fuel is sold, unless one of the following situations applies:

(a) The vehicle into which the seller delivers or places the fuel bears a valid permit or user's emblem issued by the Department of Transportation.

(b) The fuel is dispensed at a nonretail facility, in which case the seller shall collect any tax owed at the same time the seller collects the purchase price from the person to whom the fuel was dispensed at the nonretail facility. A seller is not required to collect the tax under this paragraph from a person who certifies to the seller that the use of the fuel is exempt from the tax imposed under ORS 319.530.

(c) A cardlock card is used for purchase of the fuel at an attended portion of a retail facility equipped with a cardlock card reader, in which case the cardlock card issuer licensed in this state is responsible for collecting and remitting the tax unless the person making the purchase certifies to the seller that the use of the fuel is exempt from the tax imposed under ORS 319.530.

(d) Metered use by the vehicle is subject to the per-mile road usage charge imposed under ORS 319.885.

(2) If a cardlock card is used for purchase of fuel at an attended portion of a retail facility equipped with a cardlock card reader, the seller at the retail facility may deduct fuel purchases made with a cardlock card from the seller's retail transactions if the seller provides the department with the following information:

(a) A monthly statement from a cardlock card issuer that details the cardlock card purchases at the retail facility; and

(b) A listing of cardlock card issuers and gallons of fuel purchased at the retail facility by the issuers' customers.

(3) The department shall supply each seller of fuel for use in a motor vehicle with a chart which sets forth the tax imposed on given quantities of fuel.

319.670 [Amended by 1959 c.188 §9; renumbered 319.621]

319.671 When invoices required; contents. (1) The seller of fuel for any purpose shall make a duplicate invoice for every sale of fuel for any purpose and shall retain one copy and give the other copy to the user. The Department of Transportation may prescribe the form of the invoice. The invoice shall show:

(a) The seller's name and address;

(b) The date;

(c) The amount of the sale in gallons; and

(d) The name and address of the user.

(2) In addition to the invoice entries listed in subsection (1) of this section, the seller of fuel for use in a motor vehicle shall indicate on the invoice the amount of the tax collected, if any, and:

(a) The identification plate number, if the vehicle bears an identification plate issued by the department;

(b) The emblem number, if the vehicle bears a user's emblem;

(c) The temporary pass number or the receipt number, if the vehicle bears no valid user's emblem or identification plate issued by the department; or

(d) The license plate number if the vehicle bears no valid user's emblem or permit issued by the department.

(3) Notwithstanding subsection (1) of this section, this section does not require any invoice to be prepared for any sale where fuel is delivered into the fuel tank of a vehicle described in this subsection unless the operator of the vehicle requests an invoice. If an invoice is prepared under this subsection, the name and address of a user is not required to be shown on the invoice for sales where the fuel is delivered into the fuel tanks of vehicles described in this subsection. This subsection applies to vehicles:

(a) That have a combined weight of 26,000 pounds or less; and

(b) For which the tax under ORS 319.530 must be paid at the time of sale under ORS 319.665. [1959 c.188 §13; 1981 c.433 §1; 1989 c.992 §26; 1991 c.284 §9; 1997 c.275 §4; 2001 c.567 §2]

319.675 Seller's report to department; rules. Except as provided in ORS 319.692, the seller of fuel for use in a motor vehicle shall report to the Department of Transportation on or before the 20th day of each month, the amount of fuel sold, during the preceding calendar month, subject to the tax provided by ORS 319.530 and such other information pertaining to fuel handled as the department may require. The department may prescribe the form of the report. The seller shall deliver the report to the department in the manner provided by the department by rule. [1959 c.188 §14; 1963 c.226 §6; 2011 c.101 §3]

319.680 [Repealed by 1959 c.188 §44]

319.681 Payment of tax by seller. The seller of fuel for use in a motor vehicle shall remit to the Department of Transportation with each report required by ORS 319.675 all the tax due on the amount of fuel sold less four percent, which the seller shall retain. [1959 c.188 §15; 1977 c.429 §6]

319.690 Monthly report of user; remittance; credit against taxes; annual reports of certain users; rules. (1) Except as provided in subsection (2) of this section and ORS 319.692, each user of fuel in a motor vehicle required to be licensed under ORS 319.550 shall, on or before the 20th day of each month, file with the Department of Transportation a report showing the amount

of fuel used during the immediately preceding calendar month by the user and such other information as the department may require for the purposes of ORS 319.510 to 319.880. The department shall prescribe the form of the report. The user shall file the report with the department in the manner provided by the department by rule. Each report shall be accompanied by a remittance payable to the department for the amount of all the tax shown by the report to be due and payable. Any tax paid to a seller is a credit against the amount of tax otherwise due and payable to the state under ORS 319.510 to 319.880 or 825.474, 825.476 and 825.480. Also, when filing a monthly tax report, a user may, in lieu of claiming a refund, take a deduction or credit for the tax on any fuel which would otherwise be subject to refund under ORS 319.831 (1).

(2) Each user of fuel in a motor vehicle with a light weight of less than 8,000 pounds required to be licensed under ORS 319.550 may file an annual report of all fuel used upon Oregon highways. The report for each calendar year shall be filed on or before March 1 of the year following and shall be accompanied by a remittance payable to the department of all the tax shown to be due and payable on the amount of fuel used. [Amended by 1959 c.188 §16; 1963 c.226 §7; 1971 c.149 §2; 1977 c.429 §7; 2011 c.101 §4]

319.692 Quarterly reports if average monthly tax under \$300; when annual reports authorized. (1) Whenever in the judgment of the Department of Transportation the average monthly tax to be paid by a use fuel seller or user will be less than \$300, the department may authorize the seller or user to file quarterly tax reports in lieu of the monthly tax reports required by ORS 319.675 and 319.690. The quarterly reports so authorized, and accompanying remittances as shown thereon to be due and payable, shall be filed on or before the due dates as follows: First quarter, April 20; second quarter, July 20; third quarter, October 20; fourth quarter, January 20. Any provisions of ORS 319.675 and 319.690 otherwise applicable to the filing of monthly reports and remittances shall be applicable to the quarterly filings.

(2) Whenever in the judgment of the department the average annual tax to be paid by a use fuel seller or user will be less than \$100, the department may authorize the seller or user to file annual tax reports in lieu of the monthly tax reports required by ORS 319.675 and 319.690. The annual reports authorized by this subsection, and accompanying remittances as shown on the reports to be due and payable, shall be filed on or before January 20 following the year for which the reports are filed. Any provisions of ORS 319.675 and 319.690 otherwise appli-

cable to the filing of monthly reports and remittances shall be applicable to the annual filings. [1963 c.226 §5; 1985 c.265 §2; 1989 c.992 §27]

319.694 Penalty for delinquency in remitting tax; waiver; interest rates. (1) Except as provided in subsection (2) of this section, if any user or seller is delinquent in remitting the tax provided by ORS 319.530 on the date specified in ORS 319.690, 319.675, 319.681 or 319.692, a penalty of 10 percent of the amount of the tax due shall be added to the amount due and the total shall immediately be due and payable.

(2) If the Department of Transportation determines that the delinquency was due to reasonable cause and without any intent to avoid payment, the penalty provided by subsection (1) of this section may be waived.

(3)(a) If the excise tax imposed by ORS 319.530 is not paid as required by ORS 319.690, 319.675, 319.681 or 319.692, interest shall be charged at the rate of 0.0329 percent per day until the tax and interest have been paid in full.

(b) If the excise tax imposed by ORS 319.530 is overpaid, the department may credit interest to the account of the taxpayer in the amount of 0.0329 percent per day up to a maximum amount that equals any interest assessed against the taxpayer under paragraph (a) of this subsection in any given audit period.

(4) No seller or user who incurs a tax liability as provided in ORS 319.510 to 319.880 shall knowingly and willfully fail to report and pay the tax liability to the department as required by ORS 319.510 to 319.880. [1959 c.188 §18; 1963 c.226 §8; 1971 c.149 §3; 1987 c.158 §51; 1987 c.610 §18; 1999 c.769 §14]

319.697 Records required of sellers and users; alternative records for certain users. (1) Every user of fuel in a motor vehicle required to be licensed under ORS 319.550 shall keep a record of fuel used and be prepared to prove that all the tax due and payable on fuel used has been paid. An invoice, described in ORS 319.671, properly filled out, is proof that any tax due which is shown on the invoice as paid was paid for the fuel covered by the invoice. The user's record of fuel used for any purpose, other than fuel obtained from a seller who collected the tax, shall indicate the date the fuel was obtained, the name and address of the seller from whom the fuel was obtained, and the amount of fuel obtained, in gallons.

(2) In lieu of maintaining an actual record of fuel used, a user required to be licensed under ORS 319.550 who operates a motor vehicle with a light weight of less than 8,000 pounds may maintain an accurate record of miles operated upon Oregon high-

ways. The gallons of taxable fuel used shall be computed by applying a reasonable miles per gallon figure to the Oregon miles operated. The Department of Transportation shall determine whether the miles per gallon figure is reasonable and its decision shall be final.

(3) Every seller of fuel for any purpose shall keep a record of fuel sold for any purpose and shall be prepared to prove that all the tax provided by ORS 319.530 has been remitted to the department. The department may specify the form of the seller's record.

(4) Every seller, and every user of fuel in a motor vehicle required to be licensed under ORS 319.550 shall preserve in this state for a period of three years all records of fuel used or fuel sold, together with invoices and any other relevant records or papers which may be specified by the department.

(5) The department or its authorized agent may examine every user's or seller's records and papers required to be preserved by subsection (4) of this section at any time during normal business hours. [1959 c.188 §§19,20,21,22; 1971 c.149 §4; 1977 c.429 §8]

319.700 Tax as lien. The tax and the penalty imposed upon a user of fuel in a motor vehicle by ORS 319.510 to 319.880 shall constitute a lien upon, and shall have the effect of an execution duly levied against, any motor vehicle in connection with which the taxable use is made, attaching at the time of such use. The lien shall not be removed until the tax has been paid or the motor vehicle subject to the lien has been sold in payment of such tax. The lien is paramount to all private liens or encumbrances of whatever character upon the motor vehicle and to the rights of any conditional vendor or any other holder of the legal title in or to the motor vehicle. [Amended by 1959 c.188 §23]

319.710 [Repealed by 1959 c.188 §44]

319.720 Delinquency in payment; notice to debtors of user or seller; report to department. If a user or seller is delinquent in the payment of any obligation imposed under ORS 319.510 to 319.880, the Department of Transportation may give notice of the amount of such delinquency by registered or certified mail to all persons having in their possession or under their control any credits or other personal property belonging to the user or seller, or owing any debts to such user or seller, at the time of the receipt by them of the notice. Thereafter any person so notified shall neither transfer nor make other disposition of such credits, personal property or debts until the department has consented to a transfer or other disposition or until 30 days have elapsed from and after the receipt of the notice. All persons so no-

tified shall, within five days after the receipt of the notice, advise the department of all such credits, personal property or debts in their possession, under their control or owing by them, as the case may be. [Amended by 1959 c.188 §24]

319.730 Collection of delinquent payment by seizure and sale of motor vehicle. (1) Whenever any user is delinquent in the payment of any obligation imposed under ORS 319.510 to 319.880, the Department of Transportation may proceed to collect the amount due from the user in the manner prescribed in this section.

(2) The department shall seize any motor vehicle subject to the lien provided for by ORS 319.700 and thereafter sell it at public auction to pay such obligation and any and all costs that may have been incurred on account of the seizure and sale.

(3) Notice of the intended sale and the time and place thereof shall be given to the delinquent user and to all persons appearing of record to have an interest in the motor vehicle. The notice shall be given in writing at least 10 days before the date set for the sale by enclosing it in an envelope addressed to the user at the address as it appears in the records of the department and, in the case of any person appearing of record to have an interest in the motor vehicle, addressed to the person at the last-known residence or place of business, and depositing the envelope in the United States mail, postage prepaid. (6) Any other information and data the authority may reasonably require. [Amended by 1965 c.376 §4; 1983 c.45 §3; 1985 c.279 §7; 2009 c.595 §806]

For the purposes of claims under ORS 445.110 and 445.120, an indigent patient who is not otherwise able to pay the charges for care supplied shall not be deemed to be able to pay them because a third person might be held liable in an action to recover damages on account of the motor vehicle injury, if an action has not been commenced. If an action has been commenced, the claim shall show that fact. In that event the Oregon Health Authority may suspend the determination of the claim until the action has been terminated and from time to time require the claimant to supply such further information and data in respect of the action as the authority may deem necessary in order to determine the ultimate ability of the patient to pay the charges for which the claim is filed. [Amended by 1985 c.279 §8; 2009 c.595 §807]

445.140 Audit and determination of validity of claims. The Oregon Health Authority shall examine and audit each claim filed with it under this chapter. From the information and data contained in the claim, the reports of the claimant, the documents so accompanying and supporting the claim and such other evidence as it may reasonably require or itself adduce, the authority shall find and determine:

(1) Whether or not the claim has been filed within the time limited in ORS 445.090.

(2) Whether or not the claim is predicated upon care supplied to a person suffering from a motor vehicle injury.

(3) Whether or not the injured person is unable to pay the charges for which the claim is filed, within the meaning of ORS 445.020.

445.150 Order allowing or rejecting claim; notice. (1) If, in the matter of the claim, the Oregon Health Authority finds and determines in the affirmative in respect of items listed in ORS 445.140, the authority shall, by its order made and filed in the matter, allow the claim in such amount, not exceeding the limitations in ORS 445.060 and

445.070, less such amount as has been paid on the account.

(2) If in its judgment the maintenance of the solvency of the Motor Vehicle Accident Fund so requires, the authority may make payment in monthly installments of any claim which has been allowed by it, or finally adjudged affirmatively by a court on appeal.

(3) If the authority finds and determines in the negative in respect of any item listed in ORS 445.140, the authority shall, by its order made and filed therein, reject the claim.

(4) The authority promptly shall serve the claimant with a copy of its order, addressed to the claimant at the claimant's last-known post-office address as shown by the records and files of the authority. [Amended by 1983 c.45 §5; 1983 c.740 §116; 1985 c.279 §10; 2009 c.595 §809]

445.180 Reassignment of rights to claimant on notice of finding person liable for care. (1) If it comes to the knowledge of a claimant who has received payment of a claim under this chapter that the patient in respect of whom the claim has been paid, or any other person chargeable by law with the care or support of the patient, has been paid, or is able to pay, the amount of the claim, the claimant shall diligently pursue such payment.

(2) A claimant who has received payment of a claim from the Oregon Health Authority under this chapter shall inform the authority promptly and in writing if:

(a) The claimant receives any payment from or on behalf of the patient in respect of whom the claim has been paid or from any person chargeable by law with the care or support of the patient;

(b) The claimant knows or has reason to believe that the patient or any person chargeable by law with the care or support of the patient is able to pay the amount of the claim or any part thereof; or

(c) The claimant or any person on behalf of the claimant institutes an action against the patient or any person chargeable by law with the care or support of the patient to recover all or part of the amount of the claim.

(3) All moneys paid to or for the use or benefit of the claimant by or on behalf of the patient shall, after deduction of the reasonable cost of recovering them, be paid to the authority for deposit in the Motor Vehicle Accident Fund. [Amended by 1985 c.279 §11; 2009 c.595 §810]

445.185 When deduction may be made from payments on claim. When a claimant fails to pursue payment as required by ORS 445.180 or to pay to the Oregon Health Authority the amount required by ORS 445.180 to be paid, the authority shall, after 60 days, deduct the amount paid by it on the claim from any subsequent payment made to the claimant unless it is made to appear to the satisfaction of the authority that:

(1) Upon due and diligent search and inquiry neither the patient nor any person chargeable by law with the care or support of the patient can be found;

CITATION AND PETITION FORMS

1.525 Uniform citation and petition forms for certain offenses. (1) The Supreme Court shall adopt one or more forms for the following purposes:

(a) A form of uniform violation citation for the purposes of ORS 153.045;

(b) A form of uniform criminal citation without complaint for the purposes of ORS 133.068;

(c) A form of uniform criminal citation with complaint for the purposes of ORS 133.069;

(d) Any form of uniform citation for categories of offenses as the court finds necessary or convenient; and

(e) A uniform petition for a driving while under the influence of intoxicants diversion agreement for the purposes of ORS 813.210.

(2) If changes are made to a uniform citation form under this section, the Supreme Court shall make a reasonable effort to minimize the financial impact of the changes on the state agencies and political subdivisions of this state that use the uniform citation form. Where possible, the effort to minimize the financial impact shall include a reasonable time for the state agencies and political subdivisions to exhaust their existing supplies of the citation form before the changes become effective.

(3) Except as provided in subsection (4) of this section, the uniform citation forms adopted by the Supreme Court under this section must be used by all enforcement officers, as defined in ORS 153.005, when issuing a violation citation or criminal citation.

(4) The uniform citation forms adopted by the Supreme Court under this section need not be used for:

(a) Offenses created by ordinance or agency rule governing parking of vehicles; or

(b) Offenses created by the ordinances of political subdivisions. [1979 c.477 §3; 1981 c.692 §5; 1981 c.803 §1; 1983 c.338 §879; 1985 c.725 §9; 1999 c.1051 §73]

Chapter 10

CIRCUIT COURT JURY LIST

10.215 Master jury list; sources; contents. (1) The State Court Administrator shall cause to be prepared at least once each year a master jury list containing names selected at random from the source lists. The

source lists are the most recent list of electors of the county, the records furnished by the Department of Transportation as provided in ORS 802.260 (2) and any other sources approved by the Chief Justice of the Supreme Court that will furnish a fair cross section of the citizens of the county. The State Court Administrator and circuit courts may use source lists obtained from any person or public body, and jury lists containing names selected from a source list, only for purposes consistent with administering the selection and summoning of persons for service as jurors, the drawing of names of jurors, and other tasks necessary to accomplish those functions. Source lists may not contain and the State Court Administrator is not required to obtain information about individuals who are participants in the Address Confidentiality Program under ORS 192.820 to 192.868. Except as specifically provided by law, the State Court Administrator and circuit courts may not disclose source lists obtained from any person or public body, and jury lists containing names selected from a source list, to any other person or public body.

(2) A public body having custody, possession or control of any list that may be used as a source list for preparation of a master jury list, upon written request by the State Court Administrator, shall make its list available at any reasonable time and, except as otherwise provided in ORS 802.260, without charge to the State Court Administrator for inspection or copying. The public body, upon written request by the State Court Administrator, shall provide a copy of its list for the date and in the form requested to the State Court Administrator. Except as otherwise provided in ORS 802.260, the copy shall be provided without charge.

(3) The number of names placed on a master jury list shall be sufficient to meet the projected need for grand jurors and trial jurors in the circuit court in the county, but the total number may not be less than two percent of the population of the county according to the latest federal decennial census.

(4) A master jury list shall contain the first name, the surname, the place of residence and, if assigned, the juror identification number of each person whose name is placed thereon.

(5) A master jury list for a circuit court shall be certified by the State Court Administrator to have been prepared in compliance with the requirements of this section. A certified copy of the master jury list shall be provided to the circuit court for the county as soon as possible after the list is prepared.

(6) A newly filed master jury list shall be maintained separately from the previously filed master jury list. The presiding judge shall designate when a newly filed master jury list becomes effective. After a newly filed master jury list becomes effective, names of persons for a jury list for a panel or term must be selected for a jury list for a panel or term from the newly filed master jury list and from names of any persons from the previously filed master jury list whose service was deferred. When a newly filed master jury list becomes effective, all orders, records and papers prepared in connection with the selection process based on the previously filed master jury list shall be preserved by the trial court administrator and State Court Administrator for the period prescribed by the State Court Administrator under ORS 8.125.

(7) The State Court Administrator may make adjustments to the master jury list, and may authorize the presiding judge of a judicial district to make adjustments to a jury list for a panel or term, for the purpose of updating the addresses of persons appearing on the lists and removing the names of persons who are deceased, permanently ineligible for jury service or permanently excused from jury service. The State Court Administrator shall ensure that a record is maintained of all adjustments to jury lists made under this subsection.

(8) For the purposes of this section, “public body” has the meaning given that term in ORS 174.109. [1985 c.703 §13; 1987 c.681 §3; 1995 c.273 §6; 1995 c.781 §24a; 1997 c.872 §15; 2001 c.779 §14; 2003 c.803 §18; 2005 c.385 §5; 2007 c.542 §14; 2013 c.2 §4]

Chapter 25

SUSPENSION OF OCCUPATIONAL AND DRIVER LICENSES

25.750 Suspension of licenses, certificates, permits and registrations; when authorized; rules. (1) All licenses, certificates, permits or registrations that a person is required by state law to possess in order to engage in an occupation or profession or to use a particular occupational or professional title, all annual licenses issued to individuals by the Oregon Liquor Control Commission, all driver licenses or permits issued by the Department of Transportation and recreational hunting and fishing licenses, as defined by rule of the Department of Justice, are subject to suspension by the respective issuing entities upon certification to the issuing entity by the administrator that a child support case record is being maintained by the Department of Justice,

that the case is being enforced by the administrator under the provisions of ORS 25.080 and that one or both of the following conditions apply:

(a) That the party holding the license, certificate, permit or registration is in arrears under any child support judgment or order, in an amount equal to the greater of three months of support or \$2,500, and:

(A) Has not entered into an agreement with the administrator with respect to the child support obligation; or

(B) Is not in compliance with an agreement entered into with the administrator; or

(b) That the party holding the license, certificate, permit or registration has failed, after receiving appropriate notice, to comply with a subpoena or other procedural order relating to a paternity or child support proceeding and:

(A) Has not entered into an agreement with the administrator with respect to compliance; or

(B) Is not in compliance with such an agreement.

(2) The Department of Justice by rule shall specify the conditions and terms of agreements, compliance with which precludes the suspension of the license, certificate, permit or registration. [1993 c.365 §2; 1995 c.620 §1; 1995 c.750 §7; 1997 c.704 §37; 1999 c.80 §11; 2001 c.323 §1; 2001 c.455 §14; 2003 c.73 §43; 2009 c.209 §1]

25.756 Identifying persons holding licenses, certificates, permits and registrations. The Department of Justice shall enter into agreements regarding the identification of persons who are subject to the provisions of ORS 25.750 to 25.783 and who hold licenses, certificates, permits or registrations with:

(1) The Oregon Liquor Control Commission;

(2) All entities that issue licenses, certificates, permits or registrations that a person is required by state law to possess to engage in an occupation, profession or recreational hunting or fishing or to use a particular occupational or professional title; and

(3) The Department of Transportation. [1993 c.365 §4; 1995 c.620 §2; 1995 c.750 §8; 1997 c.704 §38; 1999 c.80 §12]

25.771 Obligor holding more than one license, certificate, permit or registration. In the event that an obligor holds more than one license, certificate, permit or registration described in ORS 25.750, any determination regarding suspension of one license, certificate, permit or registration is sufficient to suspend any other license, certificate, permit or registration described in ORS 25.750. [1993 c.365 §9; 1995 c.620 §6]

25.774 Reinstatement. When, at any time after suspension under ORS 25.750 to 25.783, the conditions resulting in the suspension no longer exist, the administrator shall so notify the issuing entity and shall confirm that the license, certificate, permit or registration may be reinstated contingent upon the requirements of the issuing entity. Until the issuing entity receives notice under this section, the issuing entity may not reinstate, reissue, renew or otherwise make the license, certificate, permit or registration available to the holder of the suspended license, certificate, permit or registration. [1993 c.365 §10; 1995 c.620 §7; 1999 c.80 §16; 2001 c.323 §6]

25.777 Reimbursing issuing entities for costs incurred. The Department of Justice shall enter into agreements to reimburse issuing entities for their costs of compliance with ORS 25.750 to 25.783 to the extent that those costs are eligible for Federal Financial Participation under Title IV-D of the Social Security Act. [1993 c.365 §11; 1995 c.620 §8; 2001 c.323 §7]

25.780 Other licenses, certificates, permits and registrations subject to suspension. In addition to any other grounds for suspension provided by law:

(1) The Oregon Liquor Control Commission and any entity that issues licenses, certificates, permits or registrations that a person is required by state law to possess to engage in an occupation, profession or recreational hunting or fishing or to use a particular occupational or professional title shall suspend without further hearing the licenses, certificates, permits or registrations of a person upon certification by the administrator that the person is subject to an order suspending the license, certificate, permit or registration. The certification must include the information specified in ORS 25.750 (1).

(2) The Department of Transportation shall suspend without further hearing the driver license or driver permit of a person upon certification by the administrator that the person is subject to an order suspending the license or permit. The certification must include the information specified in ORS 25.750 (1). [1993 c.365 §13; 1995 c.620 §9; 1995 c.750 §5; 1999 c.80 §17; 2001 c.323 §8]

25.783 Confidentiality of information. Any entity described in ORS 25.756 that receives an inquiry as to the status of a person who has had a license, certificate, permit or registration suspended under ORS 25.750 to 25.783 shall respond only that the license, certificate, permit or registration was suspended pursuant to ORS 25.750 to 25.783. The entity shall not release or make other use of information that it receives pursuant to ORS 25.750 to 25.783. [1993 c.365 §14; 1995 c.620 §10]

25.785 Issuing entities to require Social Security number. (1) Any state agency, board or commission that is authorized to issue an occupational, professional, recreational or driver license, certificate, permit or registration subject to suspension under ORS 25.750 to 25.783 shall require that an individual's Social Security number be recorded on an application for, or form for renewal of, a license, certificate, permit or registration and to the maximum extent feasible shall include the Social Security number in automated databases containing information about the individual.

(2) A state agency, board or commission described in subsection (1) of this section may accept a written statement from an individual who has not been issued a Social Security number by the United States Social Security Administration to fulfill the requirement in subsection (1) of this section.

(3) An individual may not submit to a state agency, board or commission a written statement described in subsection (2) of this section knowing the statement to be false. [1997 c.746 §117; 1999 c.80 §93; 2003 c.610 §1; 2005 c.22 §17]

Note: 25.785 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 25 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

Chapter 30

ACTIONS AND SUITS IN PARTICULAR CASES

Actions by Guest Passengers

30.115 Aircraft and watercraft guest passengers; definitions. No person transported by the owner or operator of an aircraft or a watercraft as a guest without payment for such transportation, shall have a cause of action for damages against the owner or operator for injury, death or loss, in case of accident, unless the accident was intentional on the part of the owner or operator or caused by the gross negligence or intoxication of the owner or operator. As used in this section:

(1) "Payment" means a substantial benefit in a material or business sense conferred upon the owner or operator of the conveyance and which is a substantial motivating factor for the transportation, and it does not include a mere gratuity or social amenity.

(2) "Gross negligence" refers to negligence which is materially greater than the mere absence of reasonable care under the circumstances, and which is characterized by conscious indifference to or reckless disre-

gard of the rights of others. [1961 c.578 §2 (30.115 enacted in lieu of 30.110 and 30.120); 1979 c.866 §7]

30.130 Public carriers by aircraft and prospective aircraft purchasers. ORS 30.115 shall not relieve a public carrier by aircraft, or any owner or operator of aircraft while the same is being demonstrated to a prospective purchaser, of responsibility for any injuries sustained by a passenger.

Dishonored Check Fees

30.701 Actions against maker of dishonored check; statutory damages and attorney fees; handling fee. (1) In any action against a maker of a dishonored check, a payee may recover from the maker statutory damages in an amount equal to \$100 or triple the amount for which the check is drawn, whichever is greater. Statutory damages awarded under this subsection are in addition to the amount for which the check was drawn and may not exceed by more than \$500 the amount for which the check was drawn. The court shall allow reasonable attorney fees at trial and on appeal to the prevailing party in an action on a dishonored check and in any action on a check that is not paid because payment has been stopped.

(2) Statutory damages and attorney fees under subsection (1) of this section may be awarded only if the payee made written demand of the maker of the check not less than 30 days before commencing the action and the maker failed to tender to the payee before the commencement of the action an amount of money not less than the amount for which the check was drawn, all interest that has accrued on the check under ORS 82.010 as of the date of demand and any charges imposed under subsection (5) of this section.

(3) Statutory damages under subsection (1) of this section shall not be awarded by the court if after the commencement of the action but before trial the defendant tenders to the plaintiff an amount of money equal to the amount for which the check was drawn, all interest that has accrued on the check under ORS 82.010 as of the date of payment, any charges imposed under subsection (5) of this section, costs and disbursements and the plaintiff's reasonable attorney fees incurred as of the date of the tender.

(4) If the court or jury determines that the failure of the defendant to satisfy the dishonored check at the time demand was made under subsection (2) of this section was due to economic hardship, the court or jury has the discretion to waive all or part of the statutory damages provided for in subsection (1) of this section. If all or part of the statutory damages are waived under this subsection, judgment shall be entered in favor of

the plaintiff for the amount of the dishonored check, all interest that has accrued on the check under ORS 82.010, any charges imposed under subsection (5) of this section, the plaintiff's reasonable attorney fees and costs and disbursements.

(5) If a check is dishonored, the payee may collect from the maker a fee not to exceed \$35. Any award of statutory damages under subsection (1) of this section must be reduced by the amount of any charges imposed under this subsection that have been paid by the maker or that are entered as part of the judgment.

(6) The provisions of this section apply only to a check that has been dishonored because of a lack of funds or credit to pay the check, because the maker has no account with the drawee or because the maker has stopped payment on the check without good cause. A plaintiff is entitled to the remedies provided by this section without regard to the reasons given by the drawee for dishonoring the check.

(7) For the purposes of this section:

(a) "Check" means a check, draft or order for the payment of money.

(b) "Drawee" has that meaning given in ORS 73.0103.

(c) "Payee" means a payee, holder or assignee of a check. [1997 c.182 §2 (enacted in lieu of 30.700); 1999 c.707 §1; 2011 c.449 §1]

Chapter 45

INTERPRETERS

45.272 Definitions for ORS 45.272 to 45.297. As used in ORS 45.272 to 45.297:

(1) "Adjudicatory proceeding" means:

(a) Any contested case hearing conducted under ORS chapter 183; or

(b) Any hearing conducted by an agency in which the individual legal rights, duties or privileges of specific parties are determined if that determination is subject to judicial review by a circuit court or by the Court of Appeals.

(2) "Agency" has that meaning given in ORS 183.310. [1999 c.1041 §3]

45.273 Policy. (1) It is declared to be the policy of this state to secure the constitutional rights and other rights of persons who are unable to readily understand or communicate in the English language because of a non-English-speaking cultural background or a disability, and who as a result cannot be fully protected in administrative and court proceedings unless qualified interpreters are available to provide assistance.

(2) It is the intent of the Legislative Assembly in passing ORS 45.272 to 45.297 to provide a procedure for the qualification and use of court interpreters. Nothing in ORS 45.272 to 45.297 abridges the rights or obligations of parties under other laws or court rules. [1993 c.687 §1; 1999 c.1041 §1]

45.275 Appointment of interpreter for non-English-speaking party or witness; substitution; payment of costs. (1) The court shall appoint a qualified interpreter in a civil or criminal proceeding, and a hearing officer or the designee of a hearing officer shall appoint a qualified interpreter in an adjudicatory proceeding, whenever it is necessary:

(a) To interpret the proceedings to a non-English-speaking party;

(b) To interpret the testimony of a non-English-speaking party or witness; or

(c) To assist the court, agency or hearing officer in performing the duties and responsibilities of the court, agency or hearing officer.

(2) A fee may not be charged to any person for the appointment of an interpreter to interpret testimony of a non-English-speaking party or witness, or to assist the court, agency or hearing officer in performing the duties and responsibilities of the court, agency or hearing officer. A fee may not be charged to a non-English-speaking party who is unable to pay for the appointment of an interpreter to interpret the proceedings to the non-English-speaking party. A fee may not be charged to any person for the appointment of an interpreter if appointment is made to determine whether the person is unable to pay or non-English-speaking for the purposes of this section.

(3) A non-English-speaking party is considered unable to pay for an interpreter for the purposes of this section if:

(a) The party makes a verified statement and provides other information in writing under oath showing financial inability to pay for a qualified interpreter, and provides any other information required by the court or agency concerning the inability to pay for such an interpreter; and

(b) It appears to the court or agency that the party is in fact unable to pay for a qualified interpreter.

(4) Fair compensation for the services of an interpreter appointed under this section shall be paid:

(a) By the county, subject to the approval of the terms of the contract by the governing body of the county, in a proceeding in a county or justice court.

(b) By the city, subject to the approval of the terms of the contract by the governing body of the city, in a proceeding in a municipal court.

(c) By the state in a proceeding in a circuit court. Amounts payable by the state are not payable from the Public Defense Services Account established by ORS 151.225 or from moneys appropriated to the Public Defense Services Commission. Fees of an interpreter necessary for the purpose of communication between appointed counsel and a client or witness in a criminal case are payable from the Public Defense Services Account or from moneys appropriated to the Public Defense Services Commission.

(d) By the agency in an adjudicatory proceeding.

(5) If a party or witness is dissatisfied with the interpreter appointed by the court, the hearing officer or the designee of the hearing officer, the party or witness may request the appointment of a different certified interpreter. A request under this subsection must be made in a manner consistent with the policies and notice requirements of the court or agency relating to the appointment and scheduling of interpreters. If the substitution of another interpreter will delay the proceeding, the person making the request must show good cause for the substitution. Any party may object to use of any interpreter for good cause. Unless the court, hearing officer or the designee of the hearing officer has appointed a different interpreter for cause, the party using any interpreter other than the interpreter originally appointed by the court, hearing officer or the designee of the hearing officer shall bear any additional costs beyond the amount required to pay the original interpreter.

(6) A judge or hearing officer, on the judge's or hearing officer's own motion, may substitute a different interpreter for the interpreter initially appointed in a proceeding. A judge or hearing officer may make a substitution under this subsection at any time and for any reason.

(7) A court may allow as costs reasonable expenses incurred by a party in employing the services of an interpreter in civil proceedings in the manner provided by ORCP 68.

(8) A court, a hearing officer or the designee of a hearing officer shall require any person serving as an interpreter for the court or agency to state the person's name on the record and whether the person is certified under ORS 45.291. If the person is certified under ORS 45.291, the interpreter need not make the oath or affirmation required by ORS 40.325 or submit the interpreter's qualifications on the record. If the person is not

certified under ORS 45.291, the interpreter must make the oath or affirmation required by ORS 40.325 and submit the interpreter's qualifications on the record.

(9) For the purposes of this section:

(a) "Hearing officer" includes an administrative law judge.

(b) "Non-English-speaking person" means a person who, by reason of place of birth or culture, speaks a language other than English and does not speak English with adequate ability to communicate effectively in the proceedings.

(c) "Qualified interpreter" means a person who is readily able to communicate with the non-English-speaking person and who can orally transfer the meaning of statements to and from English and the language spoken by the non-English-speaking person. A qualified interpreter must be able to interpret in a manner that conserves the meaning, tone, level, style and register of the original statement, without additions or omissions. "Qualified interpreter" does not include any person who is unable to interpret the dialect, slang or specialized vocabulary used by the party or witness. [1991 c.750 §2; 1993 c.687 §8; 1995 c.273 §16; 1997 c.872 §18; 1999 c.1041 §4; 2001 c.242 §1; 2001 c.962 §§65,66; 2003 c.75 §§77,78; 2005 c.385 §2; 2012 c.107 §39]

45.285 Appointment of interpreter for party or witness with disability; provision of assistive communication device. (1) For the purposes of this section:

(a) "Assistive communication device" means any equipment designed to facilitate communication by a person with a disability.

(b) "Hearing officer" includes an administrative law judge.

(c) "Person with a disability" means a person who cannot readily understand the proceedings because of deafness or a physical hearing impairment, or cannot communicate in the proceedings because of a physical speaking impairment.

(d) "Qualified interpreter" means a person who is readily able to communicate with the person with a disability, interpret the proceedings and accurately repeat and interpret the statements of the person with a disability to the court.

(2) In any civil action, adjudicatory proceeding or criminal proceeding, including a court-ordered deposition if no other person is responsible for providing an interpreter, in which a person with a disability is a party or witness, the court, hearing officer or the designee of the hearing officer shall appoint a qualified interpreter and make available appropriate assistive communication devices whenever it is necessary to interpret the proceedings to the person with a disability,

or to interpret the testimony of the person with a disability.

(3) A fee may not be charged to the person with a disability for the appointment of an interpreter or use of an assistive communication device under this section. A fee may not be charged to any person for the appointment of an interpreter or the use of an assistive communication device if appointment or use is made to determine whether the person has a disability for the purposes of this section.

(4) Fair compensation for the services of an interpreter or the cost of an assistive communication device under this section shall be paid:

(a) By the county, subject to the approval of the terms of the contract by the governing body of the county, in a proceeding in a county or justice court.

(b) By the city, subject to the approval of the terms of the contract by the governing body of the city, in a proceeding in a municipal court.

(c) By the state in a proceeding in a circuit court. Amounts payable by the state are not payable from the Public Defense Services Account established by ORS 151.225 or from moneys appropriated to the Public Defense Services Commission. SECURED TRANSACTIONS

Perfection and Priority

79.0303 UCC 9-303. Law governing perfection and priority of security interests in goods covered by a certificate of title. (1) This section applies to goods covered by a certificate of title, even if there is no other relationship between the jurisdiction under whose certificate of title the goods are covered and the goods or the debtor.

(2) Goods become covered by a certificate of title when a valid application for the certificate of title and the applicable fee are delivered to the appropriate authority. Goods cease to be covered by a certificate of title at the earlier of the time the certificate of title ceases to be effective under the law of the issuing jurisdiction or the time the goods become covered subsequently by a certificate of title issued by another jurisdiction.

(3) The local law of the jurisdiction under whose certificate of title the goods are covered governs perfection, the effect of perfection or nonperfection, and the priority of a security interest in goods covered by a certificate of title from the time the goods become covered by the certificate of title until the goods cease to be covered by the certificate of title. [2001 c.445 §23]

(4) A secured party that removes collateral shall promptly reimburse any encumbrancer or owner of the real property, other than the debtor, for the cost of repair of any physical injury caused by the removal. The secured party need not reimburse the encumbrancer or owner for any diminution in value of the real property caused by the absence of the goods removed or by any necessity of replacing them. [1975 c.648 §3]

87.156 Innkeeper's lien. (1) Except as provided in subsection (2) of this section, the keeper of an inn, hotel or motel has a lien on the chattels brought into the inn, hotel or motel belonging to or under the control of a guest or boarder for the reasonable or agreed charges due the keeper from the guest or boarder for accommodation, board and lodging, services, money, labor and materials furnished at the request of the guest or boarder by the keeper. The keeper may retain possession of the chattels until those charges are paid.

(2)(a) The keeper may not retain prescription or nonprescription medications, medical equipment or apparatus, food or children's clothing or accessories after the guest or boarder requests return of the property.

(b) If the keeper retains property in violation of this subsection, the keeper waives any claim to unpaid charges against the guest or boarder.

(c) In any action brought by the guest or boarder to compel the return of the property or to recover damages based on its retention, the prevailing party may recover attorney fees. [1975 c.648 §4; 1989 c.590 §2; 2009 c.599 §16]

87.162 Landlord's lien. Except as provided in ORS 87.156 and 90.120, a landlord has a lien on all chattels, except wearing apparel as defined in ORS 18.345 (1), owned by a tenant or occupant legally responsible for rent, brought upon the leased premises, to secure the payment of rent and such advances as are made on behalf of the tenant. The landlord may retain the chattels until the amount of rent and advances is paid. [1975 c.648 §5; 1981 c.258 §1; 1997 c.374 §8]

87.166 Attachment of liens. (1) Except as provided in subsection (2) of this section, the liens created by ORS 87.152 to 87.162 attach to the chattels described in those sections when:

(a) The services or labor are performed or the materials or money are furnished by the lien claimant to the lien debtor; and

(b) The charges for the services or labor performed and materials or money furnished are due and the lien debtor either knows or should reasonably know that the charges are due.

(2) The lien created by ORS 87.162 attaches to the chattels described in that section on the 20th day after rents or advances occur or attaches when the occupant or tenant attempts to remove the chattels from the premises while there are unpaid rents or advances. A person claiming a lien under ORS 87.162 may take the chattels subject to that lien into the possession of the person when the lien attaches or at any time thereafter. [1975 c.648 §6]

87.172 Time period before foreclosure allowed. (1) Except as otherwise provided in this section, a person claiming a lien under ORS 87.152 to 87.162 must retain the chattel that is subject to the lien for at least 60 days after the lien attaches to the chattel before foreclosing the lien.

(2) Except as otherwise provided in this subsection, a person claiming a lien under ORS 87.152 for cost of care, materials and services bestowed on an animal must retain the animal for at least 30 days after the lien attaches to the animal before foreclosing the lien. If the lien is for veterinary services to a domestic animal, the person must retain the animal for at least five days after the lien attaches to the animal before foreclosing the lien. As used in this subsection, "domestic animal" means an animal that is not livestock as defined in ORS 72.1030 and for which the veterinary services were requested by an owner or other person with apparent authority regarding care of the animal.

(3) A person claiming a lien under ORS 87.152 for the cost of removing, towing or storage of a vehicle that is appraised by a person who holds a certificate issued under ORS 819.480 to have a value of:

(a) \$1,000 or less but more than \$500, must retain the vehicle at least 30 days after the lien attaches to the vehicle before foreclosing the lien.

(b) \$500 or less, must retain the vehicle at least 15 days after the lien attaches to the vehicle before foreclosing the lien. [1975 c.648 §7; 1979 c.401 §1; 1981 c.861 §1; 1983 c.338 §881; 1993 c.326 §9; 1995 c.758 §18; 2005 c.738 §7; 2011 c.399 §2]

87.176 Fees for storage of chattel; notice to lien debtor; effect of failure to comply. (1) When the lien claimed under ORS 87.152 to 87.162 is for other than the storage of a chattel, if the lien claimant incurs expenses in storing the chattel prior to foreclosure, the lien claimant may charge reasonable fees for the storage of the chattel for a period not exceeding six months from the date that the lien attaches to the chattel. A lien claimant seeking to recover storage fees for storage expenses incurred prior to foreclosure shall send a written notice, within 20 days from the date that the storage fees began to accrue, to the lien debtor and every other person that requires notification under ORS 87.196. The claimant shall transmit the notice by certified mail. A person notified under ORS 87.196 need not receive the notice within the 20-day period, but within a reasonable time. If the lien claimant fails to comply with the notice requirements of this subsection, the lien claimant is limited to recovering reasonable fees for the storage of the chattel prior to foreclosure for a period of time not exceeding 20 days from the date that the lien attached to the chattel.

(2) When the lien claimed under ORS 87.152 to 87.162 is for the storage of a chattel, the lien claimant shall send a written notice stating that storage fees are accruing, within 20 days after the chattel has been placed in storage, to the lien debtor and every other person that requires notification under ORS 87.196. The claimant shall transmit the notice by certified mail. A person notified under ORS 87.196 need not receive the notice within the 20-day period, but within a reasonable time. If the claimant fails to comply with the notice requirements of this subsection, the amount of the claimant's lien shall be limited to a sum equal to the reasonable storage expenses incurred within the 20-day period. [1975 c.648 §8; 1993 c.385 §1]

87.177 Bond or deposit of money for lien for storage of chattel; amount; notice to lien claimant; filing affidavit with county officer. (1) When a lien claimed under ORS 87.152 to 87.162 is for the storage of a chattel and the amount of the lien claimed is \$750 or more, the lien debtor, or any other interested person, may file with the recording officer of the county in which the lien claimant obtained possession of the chattel subject to the lien from the lien debtor a bond executed by a corporation authorized to issue surety bonds in the State of Oregon to the effect that the principal or principals on the bond shall pay the amount of the claim and all costs and attorney fees that are awarded against the chattel on account of the lien. The bond shall be in an amount not less than 200 percent of the

amount claimed under the lien for the storage of the chattel.

(2)(a) In lieu of the surety bond provided for in subsection (1) of this section, when a lien claimed under ORS 87.152 to 87.162 is for the storage of a chattel and the amount of the lien claimed is \$750 or more, the lien debtor, or any other interested person, may deposit with the treasurer of the county in which the lien claimant obtained possession of the chattel subject to the lien from the lien debtor a sum of money or its equivalent equal in value to 200 percent of the amount claimed under the lien for the storage of the chattel.

(b) The court in which any proceeding to foreclose the lien for the storage of the chattel may be brought may, upon notice and upon motion by a person who makes a deposit under paragraph (a) of this subsection, order the money invested in such manner as the court may direct. A person who makes a deposit under paragraph (a) of this subsection shall be entitled to any income from the investments and the treasurer of the county shall pay the income when received to the depositor without order.

(3) A bond or money may be filed or deposited under subsection (1) or (2) of this section at any time after a lien for the storage of a chattel is claimed under ORS 87.152 to 87.162 and the amount of the lien claimed is \$750 or more.

(4) A person who files a bond or deposits money under subsections (1) to (3) of this section shall cause to be served upon the lien claimant a notice of the filing or deposit. If the person files a bond, the notice shall include a copy of the bond. The notice shall be filed not later than 20 days after the filing or deposit and shall state the location and time of the filing or deposit.

(5) If a person does not notify the lien claimant as required by subsection (4) of this section, the filing of the bond or the deposit of money is of no effect and the provisions of subsections (1) to (3) of this section do not apply in a suit to foreclose the lien for which the filing or deposit is made.

(6) When a person files a bond with the recording officer of a county under subsections (1) to (3) of this section and serves notice of the filing upon the lien claimant under subsections (4) and (5) of this section, the person shall file with the same recording officer an affidavit stating that the notice was served.

(7) When a person deposits money with the treasurer of a county under subsections (1) to (3) of this section and serves notice of the deposit upon the lien claimant under subsections (4) and (5) of this section, the

person shall file with the recording officer of the same county an affidavit stating that the deposit was made and notice was served. [2003 c.193 §§2,3,4]

Note: 87.177 to 87.181 were added to and made a part of 87.152 to 87.212 by legislative action but were not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

87.178 Foreclosure after filing of bond or deposit of money; effect of filing or deposit; disposition of bond or money. (1) When a lien claimed under ORS 87.152 to 87.162 is for the storage of a chattel and the amount of the lien claimed is \$750 or more, any suit to foreclose the lien that is commenced or pending after the filing of a bond or deposit of money under ORS 87.177 (1) to (3) shall proceed as if no filing or deposit had been made except that the lien shall attach to the bond or money upon the filing or deposit and the service of notice of the filing or deposit upon the lien claimant. The chattel described in the claim of lien shall thereafter be entirely free of the lien and shall in no way be involved in subsequent proceedings.

(2) When a bond is filed or money is deposited and, in a suit to enforce the lien for which the filing or deposit is made, the court allows the lien, the lien shall be satisfied out of the bond or money. The court shall include as part of its judgment an order for the return to the person who deposited the money of any amount remaining after the lien for the storage of the chattel is satisfied.

(3) When a bond is filed or money is deposited and, in a suit to enforce the lien for which the filing or deposit is made, the court disallows the lien, the court shall include as part of its judgment an order for the return of the bond or money to the person who filed the bond or deposited the money. [2003 c.193 §5]

Note: See note under 87.177.

87.179 Determination of adequacy of bond. (1) If a lien claimant considers the bond filed with a recording officer of a county under ORS 87.177 (1) to (3) inadequate to protect the claim of the lien claimant for some reason other than the amount of the bond, the lien claimant may petition the court in which the suit to foreclose the lien for the storage of the chattel may be brought for a determination of the adequacy of the bond. The petition must be filed within 10 days of receipt of the notice of the filing of the bond under ORS 87.177 (4) and (5). The petition must describe in detail the reasons for the inadequacy.

(2) Not later than two days after the filing of the petition with the court, the lien claimant shall send a notice of the filing and a copy of the petition by registered or certi-

fied mail to the person who filed the bond. After a hearing, if the court determines that the bond is inadequate for one or more of the reasons described by the lien claimant, the court shall order such action as shall make the bond adequate to protect the claim of lien. [2003 c.193 §6]

Note: See note under 87.177.

87.181 Release of lien or return of money. The county recording officer shall record a written release of the lien for the storage of the chattel or the county treasurer in whose office money is deposited under ORS 87.177 (1) to (3) shall return the money to the person who made the deposit when:

(1) The person who filed the bond or deposited the money presents a certified copy of a court's order for the release of the bond or all or some of the money to that person; or

(2) The person who filed the bond or deposited the money presents a written release of lien signed by the lien claimant. [2003 c.193 §7]

Note: See note under 87.177.

87.182 Effect of prior security interest on method of foreclosure. (1) When a lien created by ORS 87.162 is subordinate to a prior duly perfected security interest in a chattel as provided in ORS 87.146, the lien created by ORS 87.162 shall be foreclosed by suit as provided in ORS chapter 88.

(2) Except as provided in subsection (1) of this section, liens created by ORS 87.152 to 87.162 may be foreclosed by suit as provided in ORS chapter 88, or by sale of the chattel subject to the lien at public auction to the highest bidder for cash. [1975 c.648 §9]

87.186 Location of foreclosure sale. Foreclosure of liens created by ORS 87.152 to 87.162 by public sale shall occur in the county in which the lien claimant obtained possession of the chattel subject to the lien from the lien debtor. [1975 c.648 §11]

87.192 Notice of foreclosure sale to lien debtor; public notice. (1) Before a lien claimant forecloses a lien created by ORS 87.152 to 87.162 by sale, the lien claimant shall give notice of the foreclosure sale to the lien debtor by first class mail with certificate of mailing, registered mail or certified mail sent to the lien debtor at the lien debtor's last-known address. The lien claimant shall give notice of the foreclosure sale to the lien debtor:

(a) Except as otherwise provided in this subsection, at least 30 days before the foreclosure sale.

(b) If the lien is for the cost of removing, towing or storage of a vehicle that is ap-

praised at a value of \$500 or less by a person who holds a certificate issued under ORS 819.480, at least 15 days before the foreclosure sale.

(c) If the lien is for the cost of removing, towing or storage of a vehicle that is appraised at a value of \$1,000 or less but more than \$500 by a person who holds a certificate issued under ORS 819.480, at least 15 days before the foreclosure sale.

(d) If the lien is for the cost of removing, towing or storage of a vehicle that is appraised at a value of more than \$1,000 by a person who holds a certificate issued under ORS 819.480, at least 30 days before the foreclosure sale.

(2) The lien claimant shall give public notice of the foreclosure sale by posting notice of it in a public place at or near the front door of the county courthouse of the county in which the sale is to be held and, except as provided in paragraph (b) of this subsection, in a public place at the location where the lien claimant obtained possession of the chattel to be sold from the lien debtor. The following apply to notice under this subsection:

(a) Notice under this subsection must be given no later than the time required for notice to a lien debtor under subsection (1) of this section.

(b) This subsection does not require posting of notice at the location where the chattel was obtained if the chattel is a vehicle required to obtain a certificate of title issued under ORS chapter 803.

(3) If the chattel to be sold at a foreclosure sale is something other than an abandoned vehicle and has a fair market value of \$1,000 or more, or if the chattel to be sold is an abandoned vehicle and has a fair market value of \$2,500 or more, the lien claimant, in addition to the notice required by subsection (2) of this section, shall have a notice of foreclosure sale printed once a week for two successive weeks in a daily or weekly newspaper, as defined in ORS 193.010, published in the county in which the sale is held or, if there is none, in a daily or weekly newspaper, as defined in ORS 193.010, generally circulated in the county in which the sale is held.

(4) The notice of foreclosure sale required under this section shall contain a particular description of the property to be sold, the name of the owner or reputed owner thereof, the amount due on the lien, the time and the place of the sale and the name of the person foreclosing the lien. [1975 c.648 §10; 1981 c.861 §2; 1983 c.436 §1; 1983 c.338 §882; 1993 c.326 §10; 1995 c.758 §19; 2005 c.738 §8]

87.196 Notice of foreclosure sale to secured parties; effect of notice; effect of failure to give notice. (1) A lien claimant who forecloses a lien created by ORS 87.152 to 87.162 by sale shall give notice of the foreclosure sale by first class, registered or certified mail. The following apply:

(a) Notice shall be given to all persons with a security interest in the chattel to be sold who have filed a financing statement perfecting that security interest in the office of the Secretary of State or in the office of the appropriate county officer of the county in which the sale is held.

(b) Notwithstanding paragraph (a) of this subsection if the chattel to be sold at the foreclosure sale is a chattel, other than part of the motor vehicle inventory of a dealer issued a vehicle dealer certificate under ORS 822.020, for which a certificate of title is required by the laws of this state, notice need only be given to persons who the certificate of title indicates have a security interest or lien in the chattel.

(c) Notice under this subsection shall be given at least 30 days prior to the foreclosure sale. However, if the lien is claimed under ORS 87.152, the lien claimant shall give the notice required by this subsection:

(A) Not later than the 20th day after the date on which the storage charges begin;

(B) If no storage charges are imposed, not later than the 30th day after the date on which the services provided are completed;

(C) At least 15 days prior to the foreclosure sale if the lien is for the cost of removing, towing or storage of a vehicle that is appraised at a value of \$1,000 or less but more than \$500 by a person who holds a certificate issued under ORS 819.480; and

(D) At least 15 days prior to the foreclosure sale if the lien is for the cost of removing, towing or storage of a vehicle that is appraised at a value of \$500 or less by a person who holds a certificate issued under ORS 819.480.

(2) A person notified under subsection (1) of this section may discharge the lien and preserve the person's security interest in the chattel by paying the lien claimant the amount of the lien claim and reasonable expenses actually incurred in foreclosing the lien claim. If the person does not so discharge the lien before the day of the foreclosure sale, the person's security interest in the chattel is extinguished on the day the foreclosure sale is completed.

(3) If the chattel to be sold at a foreclosure sale is a chattel for which a certificate of title is required by the laws of this state and if the lien claimant does not notify a

person as required by this section, the chattel remains subject to that security interest or lien and the buyer of the chattel at a foreclosure sale held under ORS 87.142 to 87.490 or 87.700 to 87.736 takes the chattel subject to the security interest or lien.

(4) If a lien claimant does not notify a person, other than a person indicated on a certificate of title as a secured party or lienholder, who claims a security interest or lien on the chattel sold at a foreclosure sale as required by subsection (1) of this section, the lien claimant is liable to that person for a sum equal to the fair market value of the chattel sold at the foreclosure sale or the amount due that person under the security agreement or lien at the time of the foreclosure sale, whichever amount is less. The secured party or other lien claimant may recover that sum by an action at law. [1975 c.648 §14; 1981 c.861 §3; 1983 c.338 §883; 1993 c.326 §11; 1995 c.758 §20; 2005 c.86 §1; 2005 c.738 §9]

87.202 Statement of account of foreclosure sale. (1) A person that forecloses a lien created under ORS 87.152 to 87.162 by sale shall file a statement of account that the person verifies by oath with the recording officer of the county in which the sale took place if:

(a) The chattel sold at the foreclosure sale has a fair market value of \$1,000 or more; or

(b) The chattel sold at the foreclosure sale is an animal that bears a brand or other mark recorded with the State Department of Agriculture under ORS chapter 604.

(2) The statement of account required under subsection (1) of this section must show:

(a) The amount of the lien claim and the cost of foreclosing the lien;

(b) A copy of the published or posted notice of foreclosure sale;

(c) The amount received for the chattel sold at the sale; and

(d) The name of each person that received proceeds from the foreclosure sale as described in ORS 87.206 and the amount each person received.

(3) A person that files a statement of account under this section shall send a copy of the statement by registered or certified mail to the last-known address of the owner of the chattel sold at the foreclosure sale. If the chattel sold at a foreclosure sale is an animal that bears a brand or other mark recorded with the State Department of Agriculture under ORS chapter 604, a person that files a statement of account under this section shall send a copy of the statement to the State Department of Agriculture. [1975 c.648 §13; 2005 c.86 §2; 2013 c.206 §1]

87.206 Disposition of proceeds of foreclosure sale. (1) The proceeds of a sale to foreclose a lien created by ORS 87.152 to 87.162 shall be applied in the following order:

(a) To the payment of the reasonable and necessary expenses of the sale;

(b) To satisfy the indebtedness secured by the lien under which the sale is made;

(c) Subject to subsection (2) of this section, to satisfy the indebtedness secured by any subordinate lien or security interest, in order of priority, in the chattel; and

(d) To the treasurer of the county in which the foreclosure sale is made. The payment to the treasurer must be accompanied by a copy of the statement of account described in ORS 87.202.

(2) Proceeds may be applied under subsection (1)(c) of this section if the person who forecloses a lien created by ORS 87.152 to 87.162 by sale receives a written request for proceeds from the holder of any subordinate lien or security interest before the day of the foreclosure sale. The person foreclosing the lien may require the holder of the subordinate lien or security interest to furnish reasonable proof of the existence of the security interest or lien. If the person foreclosing the lien does not receive proof of the existence of the subordinate security interest or lien, the person is not required to apply proceeds of the sale to satisfy the indebtedness secured by the subordinate security interest or lien.

(3) If a county treasurer receives proceeds under subsection (1) of this section, the county treasurer shall credit the proceeds to the general revenue fund of the county, subject to the right of the lien debtor or the representative of the lien debtor, to reclaim the proceeds at any time within three years of the date of deposit with the treasurer. If the proceeds are not demanded and claimed within the three-year period, the proceeds become the property of the county. [1975 c.648 §12; 2005 c.86 §3]

87.212 Liability for improper sale of fungible chattels. A person claiming a lien under ORS 87.152 to 87.162 for the storage of fungible chattels shall not sell more of those chattels than is necessary to pay charges due that person for the storage. If a person unnecessarily sells fungible chattels without the consent of the owner thereof, the person shall, for each offense, forfeit to the owner of the chattels a sum equal to the fair market value of the chattels unnecessarily sold and 50 percent of the fair market value in addition as a penalty. The owner shall recover such value and penalty by an action at law. [1975 c.648 §15]

Nonpossessory Chattel Liens

87.216 Nonpossessory lien for labor or material expended on chattel. A person who makes, alters, repairs, transports, stores, provides services for or performs labor on a chattel at the request of the owner of the chattel has a lien on that chattel for the reasonable or agreed charges for the labor or services the person performs and for the materials the person furnishes in connection therewith. [1975 c.648 §16]

(1) If a tenancy is for the occupancy of a recreational vehicle in a manufactured dwelling park, mobile home park or recreational vehicle park, all as defined in ORS 197.492, the landlord shall provide a written rental agreement for a month-to-month, week-to-week or fixed-term tenancy. The rental agreement must state:

(a) If applicable, that the tenancy may be terminated by the landlord under ORS 90.427 without cause upon 30 or 60 days' written notice for a month-to-month tenancy or upon 10 days' written notice for a week-to-week tenancy.

(3) If the occupancy fails at any time to comply with the requirements of ORS 197.493 (1) for exemption from placement and occupancy restrictions, and a state agency or local government requires the tenant to move as a result of the noncompliance, the tenant may recover the tenant's actual damages or twice the periodic rent, whichever is greater. This subsection does not apply if the noncompliance was caused by the tenant.

(4) This section does not apply to a vacation occupancy. [2005 c.619 §14; 2011 c.42 §1a]

Landlord Remedies

90.425 Disposition of personal property abandoned by tenant; notice; sale; limitation on landlord liability; tax cancellation; storage agreements; hazardous property. (1) As used in this section:

(a) “Current market value” means the amount in cash, as determined by the county assessor, that could reasonably be expected to be paid for a manufactured dwelling or floating home by an informed buyer to an informed seller, each acting without compulsion in an arm’s-length transaction occurring on the assessment date for the tax year or on the date of a subsequent reappraisal by the county assessor.

(b) “Dispose of the personal property” means that, if reasonably appropriate, the landlord may throw away the property or may give it without consideration to a non-profit organization or to a person unrelated to the landlord. The landlord may not retain the property for personal use or benefit.

(c) “Goods” includes those goods left inside a recreational vehicle, manufactured dwelling or floating home or left upon the rental space outside a recreational vehicle, manufactured dwelling or floating home, whether the recreational vehicle, dwelling or home is located inside or outside of a facility.

(d) “Lienholder” means any lienholder of an abandoned recreational vehicle, manufactured dwelling or floating home, if the lien is of record or the lienholder is actually known to the landlord.

(e) “Of record” means:

(A) For a recreational vehicle that is not a manufactured structure as defined in ORS 446.561, that a security interest has been properly recorded with the Department of Transportation pursuant to ORS 802.200 (1)(a)(A) and 803.097.

(B) For a manufactured dwelling or recreational vehicle that is a manufactured structure as defined in ORS 446.561, that a security interest has been properly recorded for the manufactured dwelling or recreational vehicle in the records of the Department of Consumer and Business Services pursuant to ORS 446.611 or on a certificate of title issued by the Department of Transportation prior to May 1, 2005.

(C) For a floating home, that a security interest has been properly recorded with the State Marine Board pursuant to ORS 830.740 to 830.755 for a home registered and titled with the board pursuant to ORS 830.715.

(f) “Owner” means any owner of an abandoned recreational vehicle, manufactured dwelling or floating home, if different from the tenant and either of record or actually known to the landlord.

(g) “Personal property” means goods, vehicles and recreational vehicles and includes manufactured dwellings and floating homes not located in a facility. “Personal property” does not include manufactured dwellings and floating homes located in a facility and therefore subject to being stored, sold or disposed of as provided under ORS 90.675.

(2) A landlord is responsible for abandoned personal property and shall store, sell or dispose of abandoned personal property as provided by this section. This section governs the rights and obligations of landlords, tenants and any lienholders or owners in any personal property abandoned or left upon the premises by the tenant or any lienholder or owner in the following circumstances:

(a) The tenancy has ended by termination or expiration of a rental agreement or by relinquishment or abandonment of the premises and the landlord reasonably believes under all the circumstances that the tenant has left the personal property upon the premises with no intention of asserting any further claim to the premises or to the personal property;

(b) The tenant has been absent from the premises continuously for seven days after termination of a tenancy by a court order that has not been executed; or

(c) The landlord receives possession of the premises from the sheriff following restitution pursuant to ORS 105.161.

(3) Prior to storing, selling or disposing of the tenant’s personal property under this section, the landlord must give a written notice to the tenant that must be:

(a) Personally delivered to the tenant; or

(b) Sent by first class mail addressed and mailed to the tenant at:

(A) The premises;

(B) Any post-office box held by the tenant and actually known to the landlord; and

(C) The most recent forwarding address if provided by the tenant or actually known to the landlord.

(4)(a) In addition to the notice required by subsection (3) of this section, in the case of an abandoned recreational vehicle, manufactured dwelling or floating home, a landlord shall also give a copy of the notice described in subsection (3) of this section to:

(A) Any lienholder of the recreational vehicle, manufactured dwelling or floating home;

(B) Any owner of the recreational vehicle, manufactured dwelling or floating home;

(C) The tax collector of the county where the manufactured dwelling or floating home is located; and

(D) The assessor of the county where the manufactured dwelling or floating home is located.

(b) The landlord shall give the notice copy required by this subsection by personal delivery or first class mail, except that for any lienholder, mail service must be both by first class mail and by certified mail with return receipt requested.

(c) A notice to lienholders under paragraph (a)(A) of this subsection must be sent to each lienholder at each address:

(A) Actually known to the landlord;

(B) Of record; and

(C) Provided to the landlord by the lienholder in a written notice that identifies the personal property subject to the lien and that was sent to the landlord by certified mail with return receipt requested within the preceding five years. The notice must identify the personal property by describing the physical address of the property.

(5) The notice required under subsection (3) of this section must state that:

(a) The personal property left upon the premises is considered abandoned;

(b) The tenant or any lienholder or owner must contact the landlord by a specified date, as provided in subsection (6) of this section, to arrange for the removal of the abandoned personal property;

(c) The personal property is stored at a place of safekeeping, except that if the property includes a manufactured dwelling or floating home, the dwelling or home must be stored on the rented space;

(d) The tenant or any lienholder or owner, except as provided by subsection (18) of this section, may arrange for removal of the personal property by contacting the landlord at a described telephone number or address on or before the specified date;

(e) The landlord shall make the personal property available for removal by the tenant or any lienholder or owner, except as provided by subsection (18) of this section, by appointment at reasonable times;

(f) If the personal property is considered to be abandoned pursuant to subsection (2)(a) or (b) of this section, the landlord may require payment of removal and storage charges, as provided by subsection (7)(d) of this section, prior to releasing the personal property to the tenant or any lienholder or owner;

(g) If the personal property is considered to be abandoned pursuant to subsection (2)(c) of this section, the landlord may not require payment of storage charges prior to releasing the personal property;

(h) If the tenant or any lienholder or owner fails to contact the landlord by the specified date, or after that contact, fails to remove the personal property within 30 days for recreational vehicles, manufactured dwellings and floating homes or 15 days for all other personal property, the landlord may sell or dispose of the personal property. If the landlord reasonably believes that the personal property will be eligible for disposal pursuant to subsection (10)(b) of this section and the landlord intends to dispose of the property if the property is not claimed, the notice shall state that belief and intent; and

(i) If the personal property includes a recreational vehicle, manufactured dwelling or floating home and if applicable, there is a lienholder or owner that has a right to claim the recreational vehicle, dwelling or home, except as provided by subsection (18) of this section.

(6) For purposes of subsection (5) of this section, the specified date by which a tenant, lienholder or owner must contact a landlord to arrange for the disposition of abandoned personal property is:

(a) For abandoned recreational vehicles, manufactured dwellings or floating homes, not less than 45 days after personal delivery or mailing of the notice; or

(b) For all other abandoned personal property, not less than five days after personal delivery or eight days after mailing of the notice.

(7) After notifying the tenant as required by subsection (3) of this section, the landlord:

(a) Shall store any abandoned manufactured dwelling or floating home on the rented space and shall exercise reasonable care for the dwelling or home;

(b) Shall store all other abandoned personal property of the tenant, including goods left inside a recreational vehicle, manufactured dwelling or floating home or left upon the rented space outside a recreational vehicle, dwelling or home, in a place of safekeeping and shall exercise reasonable care for the personal property, except that the landlord may:

(A) Promptly dispose of rotting food; and

(B) Allow an animal control agency to remove any abandoned pets or livestock. If an animal control agency will not remove the abandoned pets or livestock, the landlord shall exercise reasonable care for the animals given all the circumstances, including

the type and condition of the animals, and may give the animals to an agency that is willing and able to care for the animals, such as a humane society or similar organization;

(c) Except for manufactured dwellings and floating homes, may store the abandoned personal property at the dwelling unit, move and store it elsewhere on the premises or move and store it at a commercial storage company or other place of safekeeping; and

(d) Is entitled to reasonable or actual storage charges and costs incidental to storage or disposal, including any cost of removal to a place of storage. In the case of an abandoned manufactured dwelling or floating home, the storage charge may be no greater than the monthly space rent last payable by the tenant.

(8) If a tenant, lienholder or owner, upon the receipt of the notice provided by subsection (3) or (4) of this section or otherwise, responds by actual notice to the landlord on or before the specified date in the landlord's notice that the tenant, lienholder or owner intends to remove the personal property from the premises or from the place of safekeeping, the landlord must make that personal property available for removal by the tenant, lienholder or owner by appointment at reasonable times during the 15 days or, in the case of a recreational vehicle, manufactured dwelling or floating home, 30 days following the date of the response, subject to subsection (18) of this section. If the personal property is considered to be abandoned pursuant to subsection (2)(a) or (b) of this section, but not pursuant to subsection (2)(c) of this section, the landlord may require payment of removal and storage charges, as provided in subsection (7)(d) of this section, prior to allowing the tenant, lienholder or owner to remove the personal property. Acceptance by a landlord of such payment does not operate to create or reinstate a tenancy or create a waiver pursuant to ORS 90.412 or 90.417.

(9) Except as provided in subsections (18) to (20) of this section, if the tenant, lienholder or owner of a recreational vehicle, manufactured dwelling or floating home does not respond within the time provided by the landlord's notice, or the tenant, lienholder or owner does not remove the personal property within the time required by subsection (8) of this section or by any date agreed to with the landlord, whichever is later, the tenant's, lienholder's or owner's personal property is conclusively presumed to be abandoned. The tenant and any lienholder or owner that have been given notice pursuant to subsection (3) or (4) of this section shall, except with regard to the distribution of sale proceeds pursuant to subsection (13) of this sec-

tion, have no further right, title or interest to the personal property and may not claim or sell the property.

(10) If the personal property is presumed to be abandoned under subsection (9) of this section, the landlord then may:

(a) Sell the personal property at a public or private sale, provided that prior to the sale of a recreational vehicle, manufactured dwelling or floating home:

(A) The landlord may seek to transfer ownership of record of the personal property by complying with the requirements of the appropriate state agency; and

(B) The landlord shall:

(i) Place a notice in a newspaper of general circulation in the county in which the recreational vehicle, manufactured dwelling or floating home is located. The notice shall state:

(I) That the recreational vehicle, manufactured dwelling or floating home is abandoned;

(II) The tenant's and owner's name, if of record or actually known to the landlord;

(III) The address and any space number where the recreational vehicle, manufactured dwelling or floating home is located, and any plate, registration or other identification number for a recreational vehicle or floating home noted on the certificate of title, if actually known to the landlord;

(IV) Whether the sale is by private bidding or public auction;

(V) Whether the landlord is accepting sealed bids and, if so, the last date on which bids will be accepted; and

(VI) The name and telephone number of the person to contact to inspect the recreational vehicle, manufactured dwelling or floating home;

(ii) At a reasonable time prior to the sale, give a copy of the notice required by sub-subparagraph (i) of this subparagraph to the tenant and to any lienholder and owner, by personal delivery or first class mail, except that for any lienholder, mail service must be by first class mail with certificate of mailing;

(iii) Obtain an affidavit of publication from the newspaper to show that the notice required under sub-subparagraph (i) of this subparagraph ran in the newspaper at least one day in each of two consecutive weeks prior to the date scheduled for the sale or the last date bids will be accepted; and

(iv) Obtain written proof from the county that all property taxes and assessments on the manufactured dwelling or floating home have been paid or, if not paid, that the

county has authorized the sale, with the sale proceeds to be distributed pursuant to subsection (13) of this section;

(b) Destroy or otherwise dispose of the personal property if the landlord determines that:

(A) For a manufactured dwelling or floating home, the current market value of the property is \$8,000 or less as determined by the county assessor; or

(B) For all other personal property, the reasonable current fair market value is \$1,000 or less or so low that the cost of storage and conducting a public sale probably exceeds the amount that would be realized from the sale; or

(c) Consistent with paragraphs (a) and (b) of this subsection, sell certain items and destroy or otherwise dispose of the remaining personal property.

(11)(a) A public or private sale authorized by this section must:

(A) For a recreational vehicle, manufactured dwelling or floating home, be conducted consistent with the terms listed in subsection (10)(a)(B)(i) of this section. Every aspect of the sale including the method, manner, time, place and terms must be commercially reasonable; or

(B) For all other personal property, be conducted under the provisions of ORS 79.0610.

(b) If there is no buyer at a sale of a manufactured dwelling or floating home, the personal property is considered to be worth \$8,000 or less, regardless of current market value, and the landlord shall destroy or otherwise dispose of the personal property.

(12) Notwithstanding ORS 446.155 (1) and (2), unless a landlord intentionally misrepresents the condition of a manufactured dwelling or floating home, the landlord is not liable for the condition of the dwelling or home to:

(a) A buyer of the dwelling or home at a sale pursuant to subsection (10)(a) of this section, with or without consideration; or

(b) A person or nonprofit organization to whom the landlord gives the dwelling or home pursuant to subsection (1)(b), (10)(b) or (11)(b) of this section.

(13)(a) The landlord may deduct from the proceeds of the sale:

(A) The reasonable or actual cost of notice, storage and sale; and

(B) Unpaid rent.

(b) If the sale was of a manufactured dwelling or floating home, after deducting the amounts listed in paragraph (a) of this subsection, the landlord shall remit the re-

maining proceeds, if any, to the county tax collector to the extent of any unpaid property taxes and assessments owed on the dwelling or home.

(c) If the sale was of a recreational vehicle, manufactured dwelling or floating home, after deducting the amounts listed in paragraphs (a) and (b) of this subsection, if applicable, the landlord shall remit the remaining proceeds, if any, to any lienholder to the extent of any unpaid balance owed on the lien on the recreational vehicle, dwelling or home.

(d) After deducting the amounts listed in paragraphs (a), (b) and (c) of this subsection, if applicable, the landlord shall remit to the tenant or owner the remaining proceeds, if any, together with an itemized accounting.

(e) If the tenant or owner cannot after due diligence be found, the landlord shall deposit the remaining proceeds with the county treasurer of the county in which the sale occurred. If not claimed within three years, the deposited proceeds revert to the general fund of the county and are available for general purposes.

(14) The county tax collector shall cancel all unpaid property taxes and assessments owed on a manufactured dwelling or floating home, as provided under ORS 311.790, only under one of the following circumstances:

(a) The landlord disposes of the manufactured dwelling or floating home after a determination described in subsection (10)(b) of this section.

(b) There is no buyer of the manufactured dwelling or floating home at a sale described under subsection (11) of this section.

(c)(A) There is a buyer of the manufactured dwelling or floating home at a sale described under subsection (11) of this section;

(B) The current market value of the manufactured dwelling or floating home is \$8,000 or less; and

(C) The proceeds of the sale are insufficient to satisfy the unpaid property taxes and assessments owed on the dwelling or home after distribution of the proceeds pursuant to subsection (13) of this section.

(d)(A) The landlord buys the manufactured dwelling or floating home at a sale described under subsection (11) of this section;

(B) The current market value of the manufactured dwelling or floating home is more than \$8,000;

(C) The proceeds of the sale are insufficient to satisfy the unpaid property taxes and assessments owed on the manufactured dwelling or floating home after distribution of the proceeds pursuant to subsection (13) of this section; and

(D) The landlord disposes of the manufactured dwelling or floating home.

(15) The landlord is not responsible for any loss to the tenant, lienholder or owner resulting from storage of personal property in compliance with this section unless the loss was caused by the landlord's deliberate or negligent act. In the event of a deliberate and malicious violation, the landlord is liable for twice the actual damages sustained by the tenant, lienholder or owner.

(16) Complete compliance in good faith with this section shall constitute a complete defense in any action brought by a tenant, lienholder or owner against a landlord for loss or damage to such personal property disposed of pursuant to this section.

(17) If a landlord does not comply with this section:

(a) The tenant is relieved of any liability for damage to the premises caused by conduct that was not deliberate, intentional or grossly negligent and for unpaid rent and may recover from the landlord up to twice the actual damages sustained by the tenant;

(b) A lienholder or owner aggrieved by the noncompliance may recover from the landlord the actual damages sustained by the lienholder or owner. ORS 90.255 does not authorize an award of attorney fees to the prevailing party in any action arising under this paragraph; and

(c) A county tax collector aggrieved by the noncompliance may recover from the landlord the actual damages sustained by the tax collector, if the noncompliance is part of an effort by the landlord to defraud the tax collector. ORS 90.255 does not authorize an award of attorney fees to the prevailing party in any action arising under this paragraph.

(18) In the case of an abandoned recreational vehicle, manufactured dwelling or floating home, the provisions of this section regarding the rights and responsibilities of a tenant to the abandoned vehicle, dwelling or home also apply to any lienholder except that the lienholder may not sell or remove the vehicle, dwelling or home unless:

(a) The lienholder has foreclosed its lien on the recreational vehicle, manufactured dwelling or floating home;

(b) The tenant or a personal representative or designated person described in subsection (20) of this section has waived all rights under this section pursuant to subsection (26) of this section; or

(c) The notice and response periods provided by subsections (6) and (8) of this section have expired.

(19)(a) In the case of an abandoned manufactured dwelling or floating home but not

including a dwelling or home abandoned following a termination pursuant to ORS 90.429 and except as provided by subsection (20)(d) and (e) of this section, if a lienholder makes a timely response to a notice of abandoned personal property pursuant to subsections (6) and (8) of this section and so requests, a landlord shall enter into a written storage agreement with the lienholder providing that the dwelling or home may not be sold or disposed of by the landlord for up to 12 months. A storage agreement entitles the lienholder to store the personal property on the previously rented space during the term of the agreement, but does not entitle anyone to occupy the personal property.

(b) The lienholder's right to a storage agreement arises upon the failure of the tenant, owner or, in the case of a deceased tenant, the personal representative, designated person, heir or devisee to remove or sell the dwelling or home within the allotted time.

(c) To exercise the right to a storage agreement under this subsection, in addition to contacting the landlord with a timely response as described in paragraph (a) of this subsection, the lienholder must enter into the proposed storage agreement within 60 days after the landlord gives a copy of the agreement to the lienholder. The landlord shall give a copy of the proposed storage agreement to the lienholder in the same manner as provided by subsection (4)(b) of this section. The landlord may include a copy of the proposed storage agreement with the notice of abandoned property required by subsection (4) of this section. A lienholder enters into a storage agreement by signing a copy of the agreement provided by the landlord and personally delivering or mailing the signed copy to the landlord within the 60-day period.

(d) The storage agreement may require, in addition to other provisions agreed to by the landlord and the lienholder, that:

(A) The lienholder make timely periodic payment of all storage charges, as described in subsection (7)(d) of this section, accruing from the commencement of the 45-day period described in subsection (6) of this section. A storage charge may include a utility or service charge, as described in ORS 90.532, if limited to charges for electricity, water, sewer service and natural gas and if incidental to the storage of personal property. A storage charge may not be due more frequently than monthly;

(B) The lienholder pay a late charge or fee for failure to pay a storage charge by the date required in the agreement, if the amount of the late charge is no greater than for late charges described in the rental

agreement between the landlord and the tenant; and

(C) The lienholder maintain the personal property and the space on which the personal property is stored in a manner consistent with the rights and obligations described in the rental agreement between the landlord and the tenant.

(e) During the term of an agreement described under this subsection, the lienholder has the right to remove or sell the property, subject to the provisions of the lien. Selling the property includes a sale to a purchaser who wishes to leave the dwelling or home on the rented space and become a tenant, subject to any conditions previously agreed to by the landlord and tenant regarding the landlord's approval of a purchaser or, if there was no such agreement, any reasonable conditions by the landlord regarding approval of any purchaser who wishes to leave the dwelling or home on the rented space and become a tenant. The landlord also may condition approval for occupancy of any purchaser of the property upon payment of all unpaid storage charges and maintenance costs.

(f)(A) If the lienholder violates the storage agreement, the landlord may terminate the agreement by giving at least 90 days' written notice to the lienholder stating facts sufficient to notify the lienholder of the reason for the termination. Unless the lienholder corrects the violation within the notice period, the agreement terminates as provided and the landlord may sell or dispose of the dwelling or home without further notice to the lienholder.

(B) After a landlord gives a termination notice pursuant to subparagraph (A) of this paragraph for failure of the lienholder to pay a storage charge and the lienholder corrects the violation, if the lienholder again violates the storage agreement by failing to pay a subsequent storage charge, the landlord may terminate the agreement by giving at least 30 days' written notice to the lienholder stating facts sufficient to notify the lienholder of the reason for termination. Unless the lienholder corrects the violation within the notice period, the agreement terminates as provided and the landlord may sell or dispose of the property without further notice to the lienholder.

(C) A lienholder may terminate a storage agreement at any time upon at least 14 days' written notice to the landlord and may remove the property from the rented space if the lienholder has paid all storage charges and other charges as provided in the agreement.

(g) Upon the failure of a lienholder to enter into a storage agreement as provided

by this subsection or upon termination of an agreement, unless the parties otherwise agree or the lienholder has sold or removed the manufactured dwelling or floating home, the landlord may sell or dispose of the property pursuant to this section without further notice to the lienholder.

(20) If the personal property is a manufactured dwelling or floating home and is considered abandoned as a result of the death of a tenant who was the only tenant and who owned the dwelling or home, this section applies, except as follows:

(a) The following persons have the same rights and responsibilities regarding the abandoned dwelling or home as a tenant:

(A) Any personal representative named in a will or appointed by a court to act for the deceased tenant.

(B) Any person designated in writing by the tenant to be contacted by the landlord in the event of the tenant's death.

(b) The notice required by subsection (3) of this section must be:

(A) Sent by first class mail to the deceased tenant at the premises; and

(B) Personally delivered or sent by first class mail to any personal representative or designated person, if actually known to the landlord.

(c) The notice described in subsection (5) of this section must refer to any personal representative or designated person, instead of the deceased tenant, and must incorporate the provisions of this subsection.

(d) If a personal representative, designated person or other person entitled to possession of the property, such as an heir or devisee, responds by actual notice to a landlord within the 45-day period provided by subsection (6) of this section and so requests, the landlord shall enter into a written storage agreement with the representative or person providing that the dwelling or home may not be sold or disposed of by the landlord for up to 90 days or until conclusion of any probate proceedings, whichever is later. A storage agreement entitles the representative or person to store the personal property on the previously rented space during the term of the agreement, but does not entitle anyone to occupy the personal property. If such an agreement is entered, the landlord may not enter a similar agreement with a lienholder pursuant to subsection (19) of this section until the agreement with the personal representative or designated person ends.

(e) If a personal representative or other person requests that a landlord enter into a storage agreement, subsection (19)(c), (d) and

(f)(C) of this section applies, with the representative or person having the rights and responsibilities of a lienholder with regard to the storage agreement.

(f) During the term of an agreement described under paragraph (d) of this subsection, the representative or person has the right to remove or sell the dwelling or home, including a sale to a purchaser or a transfer to an heir or devisee where the purchaser, heir or devisee wishes to leave the dwelling or home on the rented space and become a tenant, subject to any conditions previously agreed to by the landlord and tenant regarding the landlord's approval for occupancy of a purchaser, heir or devisee or, if there was no such agreement, any reasonable conditions by the landlord regarding approval for occupancy of any purchaser, heir or devisee who wishes to leave the dwelling or home on the rented space and become a tenant. The landlord also may condition approval for occupancy of any purchaser, heir or devisee of the dwelling or home upon payment of all unpaid storage charges and maintenance costs.

(g) If the representative or person violates the storage agreement, the landlord may terminate the agreement by giving at least 30 days' written notice to the representative or person stating facts sufficient to notify the representative or person of the reason for the termination. Unless the representative or person corrects the violation within the notice period, the agreement terminates as provided and the landlord may sell or dispose of the dwelling or home without further notice to the representative or person.

(h) Upon the failure of a representative or person to enter into a storage agreement as provided by this subsection or upon termination of an agreement, unless the parties otherwise agree or the representative or person has sold or removed the manufactured dwelling or floating home, the landlord may sell or dispose of the property pursuant to this section without further notice to the representative or person.

(21) If the personal property is other than a manufactured dwelling or floating home and is considered abandoned as a result of the death of a tenant who was the only tenant and who owned the personal property, this section applies except as follows:

(a) The following persons have the same rights and responsibilities regarding the abandoned personal property as a tenant:

(A) An heir or devisee.

(B) Any personal representative named in a will or appointed by a court to act for the deceased tenant.

(C) Any person designated in writing by the tenant to be contacted by the landlord in the event of the tenant's death.

(b) The notice required by subsection (3) of this section must be:

(A) Sent by first class mail to the deceased tenant at the premises;

(B) Personally delivered or sent by first class mail to any heir, devisee, personal representative or designated person, if actually known to the landlord; and

(C) Sent by first class mail to the attention of an estate administrator of the Department of State Lands.

(c) The notice described in subsection (5) of this section must refer to the heir, devisee, personal representative, designated person or estate administrator of the department, instead of the deceased tenant, and must incorporate the provisions of this subsection.

(d) The landlord shall allow a person that is an heir, devisee or personal representative of the tenant, or an estate administrator of the department, to remove the personal property if the person contacts the landlord within the period provided by subsection (6) of this section, complies with the requirements of this section and provides the landlord with reasonable evidence that the person is an heir, devisee or personal representative, or an estate administrator of the department.

(e) If neither an heir, devisee nor personal representative of the tenant, nor an estate administrator of the department, contacts the landlord within the time period provided by subsection (6) of this section, the landlord shall allow removal of the personal property by the designated person of the tenant, if the designated person contacts the landlord within that period and complies with the requirements of this section and provides the landlord with reasonable evidence that the person is the designated person.

(f) A landlord who allows removal of personal property under this subsection is not liable to another person that has a claim or interest in the personal property.

(22) If a governmental agency determines that the condition of a manufactured dwelling, floating home or recreational vehicle abandoned under this section constitutes an extreme health or safety hazard under state or local law and the agency determines that the hazard endangers others in the immediate vicinity and requires quick removal of the property, the landlord may sell or dispose of the property pursuant to this subsection. The landlord shall comply with all provisions of this section, except as follows:

(a) The date provided in subsection (6) of this section by which a tenant, lienholder, owner, personal representative or designated person must contact a landlord to arrange for the disposition of the property must be not less than 15 days after personal delivery or mailing of the notice required by subsection (3) of this section.

(b) The date provided in subsections (8) and (9) of this section by which a tenant, lienholder, owner, personal representative or designated person must remove the property must be not less than seven days after the tenant, lienholder, owner, personal representative or designated person contacts the landlord.

(c) The notice required by subsection (3) of this section must be as provided in subsection (5) of this section, except that:

(A) The dates and deadlines in the notice for contacting the landlord and removing the property must be consistent with this subsection;

(B) The notice must state that a governmental agency has determined that the property constitutes an extreme health or safety hazard and must be removed quickly; and

(C) The landlord shall attach a copy of the agency's determination to the notice.

(d) If the tenant, a lienholder, owner, personal representative or designated person does not remove the property within the time allowed, the landlord or a buyer at a sale by the landlord under subsection (11) of this section shall promptly remove the property from the facility.

(e) A landlord is not required to enter into a storage agreement with a lienholder, owner, personal representative or designated person pursuant to subsection (19) of this section.

(23)(a) If an official or agency referred to in ORS 453.876 notifies the landlord that the official or agency has determined that all or part of the premises is unfit for use as a result of the presence of an illegal drug manufacturing site involving methamphetamine, and the landlord complies with this subsection, the landlord is not required to comply with subsections (1) to (22) and (24) to (27) of this section with regard to personal property left on the portion of the premises that the official or agency has determined to be unfit for use.

(b) Upon receiving notice from an official or agency determining the premises to be unfit for use, the landlord shall promptly give written notice to the tenant as provided in subsection (3) of this section. The landlord shall also attach a copy of the notice in a secure manner to the main entrance of the dwelling unit. The notice to the tenant shall

include a copy of the official's or agency's notice and state:

(A) That the premises, or a portion of the premises, has been determined by an official or agency to be unfit for use due to contamination from the manufacture of methamphetamine and that as a result subsections (1) to (22) and (24) to (27) of this section do not apply to personal property left on any portion of the premises determined to be unfit for use;

(B) That the landlord has hired, or will hire, a contractor to assess the level of contamination of the site and to decontaminate the site;

(C) That upon hiring the contractor, the landlord will provide to the tenant the name, address and telephone number of the contractor; and

(D) That the tenant may contact the contractor to determine whether any of the tenant's personal property may be removed from the premises or may be decontaminated at the tenant's expense and then removed.

(c) To the extent consistent with rules of the Department of Human Services, the contractor may release personal property to the tenant.

(d) If the contractor and the department determine that the premises or the tenant's personal property is not unfit for use, upon notification by the department of the determination, the landlord shall comply with subsections (1) to (22) and (24) to (27) of this section for any personal property left on the premises.

(e) Except as provided in paragraph (d) of this subsection, the landlord is not responsible for storing or returning any personal property left on the portion of the premises that is unfit for use.

(24) In the case of an abandoned recreational vehicle, manufactured dwelling or floating home that is owned by someone other than the tenant, the provisions of this section regarding the rights and responsibilities of a tenant to the abandoned vehicle, dwelling or home also apply to that owner, with regard only to the vehicle, dwelling or home, and not to any goods left inside or outside the vehicle, dwelling or home.

(25) In the case of an abandoned motor vehicle, the procedure authorized by ORS 98.830 and 98.835 for removal of abandoned motor vehicles from private property may be used by a landlord as an alternative to the procedures required in this section.

(26)(a) A landlord may sell or dispose of a tenant's abandoned personal property without complying with subsections (1) to (25) and (27) of this section if, after termi-

nation of the tenancy or no more than seven days prior to the termination of the tenancy, the following parties so agree in a writing entered into in good faith:

(A) The landlord;

(B) The tenant, or for an abandonment as the result of the death of a tenant who was the only tenant, the personal representative, designated person or other person entitled to possession of the personal property, such as an heir or devisee, as described in subsection (20) or (21) of this section; and

(C) In the case of a manufactured dwelling, floating home or recreational vehicle, any owner and any lienholder.

(b) A landlord may not, as part of a rental agreement, require a tenant, a personal representative, a designated person or any lienholder or owner to waive any right provided by this section.

(27) Until personal property is conclusively presumed to be abandoned under subsection (9) of this section, a landlord does not have a lien pursuant to ORS 87.152 for storing the personal property. Manufactured Dwelling and Floating Home Spaces

90.675 Disposition of manufactured dwelling or floating home left in facility; notice; sale; limitation on landlord liability; tax cancellation; storage agreements; hazardous property. (1) As used in this section:

(a) "Current market value" means the amount in cash, as determined by the county assessor, that could reasonably be expected to be paid for personal property by an informed buyer to an informed seller, each acting without compulsion in an arm's-length transaction occurring on the assessment date for the tax year or on the date of a subsequent reappraisal by the county assessor.

(b) "Dispose of the personal property" means that, if reasonably appropriate, the landlord may throw away the property or may give it without consideration to a non-profit organization or to a person unrelated to the landlord. The landlord may not retain the property for personal use or benefit.

(c) "Lienholder" means any lienholder of abandoned personal property, if the lien is of record or the lienholder is actually known to the landlord.

(d) "Of record" means:

(A) For a manufactured dwelling, that a security interest has been properly recorded

in the records of the Department of Consumer and Business Services pursuant to ORS 446.611 or on a certificate of title issued by the Department of Transportation prior to May 1, 2005.

(B) For a floating home, that a security interest has been properly recorded with the State Marine Board pursuant to ORS 830.740 to 830.755 for a home registered and titled with the board pursuant to ORS 830.715.

(e) "Personal property" means only a manufactured dwelling or floating home located in a facility and subject to ORS 90.505 to 90.840. "Personal property" does not include goods left inside a manufactured dwelling or floating home or left upon a rented space and subject to disposition under ORS 90.425.

(2) A landlord is responsible for abandoned personal property and shall store, sell or dispose of abandoned personal property as provided by this section. This section governs the rights and obligations of landlords, tenants and any lienholders in any personal property abandoned or left upon the premises by the tenant or any lienholder in the following circumstances:

(a) The tenancy has ended by termination or expiration of a rental agreement or by relinquishment or abandonment of the premises and the landlord reasonably believes under all the circumstances that the tenant has left the personal property upon the premises with no intention of asserting any further claim to the premises or to the personal property;

(b) The tenant has been absent from the premises continuously for seven days after termination of a tenancy by a court order that has not been executed; or

(c) The landlord receives possession of the premises from the sheriff following restitution pursuant to ORS 105.161.

(3) Prior to storing, selling or disposing of the tenant's personal property under this section, the landlord must give a written notice to the tenant that must be:

(a) Personally delivered to the tenant; or

(b) Sent by first class mail addressed and mailed to the tenant at:

(A) The premises;

(B) Any post-office box held by the tenant and actually known to the landlord; and

(C) The most recent forwarding address if provided by the tenant or actually known to the landlord.

(4)(a) A landlord shall also give a copy of the notice described in subsection (3) of this section to:

(A) Any lienholder of the personal property;

(B) The tax collector of the county where the personal property is located; and

(C) The assessor of the county where the personal property is located.

(b) The landlord shall give the notice copy required by this subsection by personal delivery or first class mail, except that for any lienholder, mail service must be both by first class mail and by certified mail with return receipt requested.

(c) A notice to lienholders under paragraph (a)(A) of this subsection must be sent to each lienholder at each address:

(A) Actually known to the landlord;

(B) Of record; and

(C) Provided to the landlord by the lienholder in a written notice that identifies the personal property subject to the lien and that was sent to the landlord by certified mail with return receipt requested within the preceding five years. The notice must identify the personal property by describing the physical address of the property.

(5) The notice required under subsection (3) of this section must state that:

(a) The personal property left upon the premises is considered abandoned;

(b) The tenant or any lienholder must contact the landlord by a specified date, as provided in subsection (6) of this section, to arrange for the removal of the abandoned personal property;

(c) The personal property is stored on the rented space;

(d) The tenant or any lienholder, except as provided by subsection (18) of this section, may arrange for removal of the personal property by contacting the landlord at a described telephone number or address on or before the specified date;

(e) The landlord shall make the personal property available for removal by the tenant or any lienholder, except as provided by subsection (18) of this section, by appointment at reasonable times;

(f) If the personal property is considered to be abandoned pursuant to subsection (2)(a) or (b) of this section, the landlord may require payment of storage charges, as provided by subsection (7)(b) of this section, prior to releasing the personal property to the tenant or any lienholder;

(g) If the personal property is considered to be abandoned pursuant to subsection (2)(c) of this section, the landlord may not require payment of storage charges prior to releasing the personal property;

(h) If the tenant or any lienholder fails to contact the landlord by the specified date or fails to remove the personal property within 30 days after that contact, the landlord may sell or dispose of the personal property. If the landlord reasonably believes the county assessor will determine that the current market value of the personal property is \$8,000 or less, and the landlord intends to dispose of the property if the property is not claimed, the notice shall state that belief and intent; and

(i) If applicable, there is a lienholder that has a right to claim the personal property, except as provided by subsection (18) of this section.

(6) For purposes of subsection (5) of this section, the specified date by which a tenant or lienholder must contact a landlord to arrange for the disposition of abandoned personal property must be not less than 45 days after personal delivery or mailing of the notice.

(7) After notifying the tenant as required by subsection (3) of this section, the landlord:

(a) Shall store the abandoned personal property of the tenant on the rented space and shall exercise reasonable care for the personal property; and

(b) Is entitled to reasonable or actual storage charges and costs incidental to storage or disposal. The storage charge may be no greater than the monthly space rent last payable by the tenant.

(8) If a tenant or lienholder, upon the receipt of the notice provided by subsection (3) or (4) of this section or otherwise, responds by actual notice to the landlord on or before the specified date in the landlord's notice that the tenant or lienholder intends to remove the personal property from the premises, the landlord must make that personal property available for removal by the tenant or lienholder by appointment at reasonable times during the 30 days following the date of the response, subject to subsection (18) of this section. If the personal property is considered to be abandoned pursuant to subsection (2)(a) or (b) of this section, but not pursuant to subsection (2)(c) of this section, the landlord may require payment of storage charges, as provided in subsection (7)(b) of this section, prior to allowing the tenant or lienholder to remove the personal property. Acceptance by a landlord of such payment does not operate to create or reinstate a tenancy or create a waiver pursuant to ORS 90.412 or 90.417.

(9) Except as provided in subsections (18) to (20) of this section, if the tenant or lienholder does not respond within the time provided by the landlord's notice, or the ten-

ant or lienholder does not remove the personal property within 30 days after responding to the landlord or by any date agreed to with the landlord, whichever is later, the personal property is conclusively presumed to be abandoned. The tenant and any lienholder that have been given notice pursuant to subsection (3) or (4) of this section shall, except with regard to the distribution of sale proceeds pursuant to subsection (13) of this section, have no further right, title or interest to the personal property and may not claim or sell the property.

(10) If the personal property is presumed to be abandoned under subsection (9) of this section, the landlord then may:

(a) Sell the personal property at a public or private sale, provided that prior to the sale:

(A) The landlord may seek to transfer ownership of record of the personal property by complying with the requirements of the appropriate state agency; and

(B) The landlord shall:

(i) Place a notice in a newspaper of general circulation in the county in which the personal property is located. The notice shall state:

(I) That the personal property is abandoned;

(II) The tenant's name;

(III) The address and any space number where the personal property is located, and any plate, registration or other identification number for a floating home noted on the title, if actually known to the landlord;

(IV) Whether the sale is by private bidding or public auction;

(V) Whether the landlord is accepting sealed bids and, if so, the last date on which bids will be accepted; and

(VI) The name and telephone number of the person to contact to inspect the personal property;

(ii) At a reasonable time prior to the sale, give a copy of the notice required by sub-subparagraph (i) of this subparagraph to the tenant and to any lienholder, by personal delivery or first class mail, except that for any lienholder, mail service must be by first class mail with certificate of mailing;

(iii) Obtain an affidavit of publication from the newspaper to show that the notice required under sub-subparagraph (i) of this subparagraph ran in the newspaper at least one day in each of two consecutive weeks prior to the date scheduled for the sale or the last date bids will be accepted; and

(iv) Obtain written proof from the county that all property taxes and assessments on

the personal property have been paid or, if not paid, that the county has authorized the sale, with the sale proceeds to be distributed pursuant to subsection (13) of this section; or

(b) Destroy or otherwise dispose of the personal property if the landlord determines from the county assessor that the current market value of the property is \$8,000 or less.

(11)(a) A public or private sale authorized by this section must be conducted consistent with the terms listed in subsection (10)(a)(B)(i) of this section. Every aspect of the sale including the method, manner, time, place and terms must be commercially reasonable.

(b) If there is no buyer at a sale described under paragraph (a) of this subsection, the personal property is considered to be worth \$8,000 or less, regardless of current market value, and the landlord shall destroy or otherwise dispose of the personal property.

(12) Notwithstanding ORS 446.155 (1) and (2), unless a landlord intentionally misrepresents the condition of personal property, the landlord is not liable for the condition of the personal property to:

(a) A buyer of the personal property at a sale pursuant to subsection (10)(a) of this section, with or without consideration; or

(b) A person or nonprofit organization to whom the landlord gives the personal property pursuant to subsection (1)(b), (10)(b) or (11)(b) of this section.

(13)(a) The landlord may deduct from the proceeds of the sale:

(A) The reasonable or actual cost of notice, storage and sale; and

(B) Unpaid rent.

(b) After deducting the amounts listed in paragraph (a) of this subsection, the landlord shall remit the remaining proceeds, if any, to the county tax collector to the extent of any unpaid property taxes and assessments owed on the dwelling or home.

(c) After deducting the amounts listed in paragraphs (a) and (b) of this subsection, if applicable, the landlord shall remit the remaining proceeds, if any, to any lienholder to the extent of any unpaid balance owed on the lien on the personal property.

(d) After deducting the amounts listed in paragraphs (a), (b) and (c) of this subsection, if applicable, the landlord shall remit to the tenant the remaining proceeds, if any, together with an itemized accounting.

(e) If the tenant cannot after due diligence be found, the landlord shall deposit the

remaining proceeds with the county treasurer of the county in which the sale occurred. If not claimed within three years, the deposited proceeds revert to the general fund of the county and are available for general purposes.

(14) The county tax collector shall cancel all unpaid property taxes and assessments as provided under ORS 311.790 only under one of the following circumstances:

(a) The landlord disposes of the personal property after a determination described in subsection (10)(b) of this section.

(b) There is no buyer of the personal property at a sale described under subsection (11) of this section.

(c)(A) There is a buyer of the personal property at a sale described under subsection (11) of this section;

(B) The current market value of the personal property is \$8,000 or less; and

(C) The proceeds of the sale are insufficient to satisfy the unpaid property taxes and assessments owed on the personal property after distribution of the proceeds pursuant to subsection (13) of this section.

(d)(A) The landlord buys the personal property at a sale described under subsection (11) of this section;

(B) The current market value of the personal property is more than \$8,000;

(C) The proceeds of the sale are insufficient to satisfy the unpaid property taxes and assessments owed on the personal property after distribution of the proceeds pursuant to subsection (13) of this section; and

(D) The landlord disposes of the personal property.

(15) The landlord is not responsible for any loss to the tenant or lienholder resulting from storage of personal property in compliance with this section unless the loss was caused by the landlord's deliberate or negligent act. In the event of a deliberate and malicious violation, the landlord is liable for twice the actual damages sustained by the tenant or lienholder.

(16) Complete compliance in good faith with this section shall constitute a complete defense in any action brought by a tenant or lienholder against a landlord for loss or damage to such personal property disposed of pursuant to this section.

(17) If a landlord does not comply with this section:

(a) The tenant is relieved of any liability for damage to the premises caused by conduct that was not deliberate, intentional or grossly negligent and for unpaid rent and

may recover from the landlord up to twice the actual damages sustained by the tenant;

(b) A lienholder aggrieved by the non-compliance may recover from the landlord the actual damages sustained by the lienholder. ORS 90.255 does not authorize an award of attorney fees to the prevailing party in any action arising under this paragraph; and

(c) A county tax collector aggrieved by the noncompliance may recover from the landlord the actual damages sustained by the tax collector, if the noncompliance is part of an effort by the landlord to defraud the tax collector. ORS 90.255 does not authorize an award of attorney fees to the prevailing party in any action arising under this paragraph.

(18) The provisions of this section regarding the rights and responsibilities of a tenant to the abandoned personal property also apply to any lienholder, except that the lienholder may not sell or remove the dwelling or home unless:

(a) The lienholder has foreclosed the lien on the manufactured dwelling or floating home;

(b) The tenant or a personal representative or designated person described in subsection (20) of this section has waived all rights under this section pursuant to subsection (22) of this section; or

(c) The notice and response periods provided by subsections (6) and (8) of this section have expired.

(19)(a) Except as provided by subsection (20)(d) and (e) of this section, if a lienholder makes a timely response to a notice of abandoned personal property pursuant to subsections (6) and (8) of this section and so requests, a landlord shall enter into a written storage agreement with the lienholder providing that the personal property may not be sold or disposed of by the landlord for up to 12 months. A storage agreement entitles the lienholder to store the personal property on the previously rented space during the term of the agreement, but does not entitle anyone to occupy the personal property.

(b) The lienholder's right to a storage agreement arises upon the failure of the tenant or, in the case of a deceased tenant, the personal representative, designated person, heir or devisee to remove or sell the dwelling or home within the allotted time.

(c) To exercise the right to a storage agreement under this subsection, in addition to contacting the landlord with a timely response as described in paragraph (a) of this subsection, the lienholder must enter into the proposed storage agreement within 60 days after the landlord gives a copy of the agreement to the lienholder. The landlord

shall give a copy of the proposed storage agreement to the lienholder in the same manner as provided by subsection (4)(b) of this section. The landlord may include a copy of the proposed storage agreement with the notice of abandoned property required by subsection (4) of this section. A lienholder enters into a storage agreement by signing a copy of the agreement provided by the landlord and personally delivering or mailing the signed copy to the landlord within the 60-day period.

(d) The storage agreement may require, in addition to other provisions agreed to by the landlord and the lienholder, that:

(A) The lienholder make timely periodic payment of all storage charges, as described in subsection (7)(b) of this section, accruing from the commencement of the 45-day period described in subsection (6) of this section. A storage charge may include a utility or service charge, as described in ORS 90.532, if limited to charges for electricity, water, sewer service and natural gas and if incidental to the storage of personal property. A storage charge may not be due more frequently than monthly;

(B) The lienholder pay a late charge or fee for failure to pay a storage charge by the date required in the agreement, if the amount of the late charge is no greater than for late charges imposed on facility tenants;

(C) The lienholder maintain the personal property and the space on which the personal property is stored in a manner consistent with the rights and obligations described in the rental agreement that the landlord currently provides to tenants as required by ORS 90.510 (4); and

(D) The lienholder repair any defects in the physical condition of the personal property that existed prior to the lienholder entering into the storage agreement, if the defects and necessary repairs are reasonably described in the storage agreement and, for homes that were first placed on the space within the previous 24 months, the repairs are reasonably consistent with facility standards in effect at the time of placement. The lienholder shall have 90 days after entering into the storage agreement to make the repairs. Failure to make the repairs within the allotted time constitutes a violation of the storage agreement and the landlord may terminate the agreement by giving at least 14 days' written notice to the lienholder stating facts sufficient to notify the lienholder of the reason for termination. Unless the lienholder corrects the violation within the notice period, the agreement terminates as provided and the landlord may sell or dispose of the property without further notice to the lienholder.

(e) Notwithstanding subsection (7)(b) of this section, a landlord may increase the storage charge if the increase is part of a facility-wide rent increase for all facility tenants, the increase is no greater than the increase for other tenants and the landlord gives the lienholder written notice consistent with the requirements of ORS 90.600 (1).

(f) During the term of an agreement described under this subsection, the lienholder has the right to remove or sell the property, subject to the provisions of the lien. Selling the property includes a sale to a purchaser who wishes to leave the property on the rented space and become a tenant, subject to the provisions of ORS 90.680. The landlord may condition approval for occupancy of any purchaser of the property upon payment of all unpaid storage charges and maintenance costs.

(g)(A) Except as provided in paragraph (d)(D) of this subsection, if the lienholder violates the storage agreement, the landlord may terminate the agreement by giving at least 90 days' written notice to the lienholder stating facts sufficient to notify the lienholder of the reason for the termination. Unless the lienholder corrects the violation within the notice period, the agreement terminates as provided and the landlord may sell or dispose of the property without further notice to the lienholder.

(B) After a landlord gives a termination notice pursuant to subparagraph (A) of this paragraph for failure of the lienholder to pay a storage charge and the lienholder corrects the violation, if the lienholder again violates the storage agreement by failing to pay a subsequent storage charge, the landlord may terminate the agreement by giving at least 30 days' written notice to the lienholder stating facts sufficient to notify the lienholder of the reason for termination. Unless the lienholder corrects the violation within the notice period, the agreement terminates as provided and the landlord may sell or dispose of the property without further notice to the lienholder.

(C) A lienholder may terminate a storage agreement at any time upon at least 14 days' written notice to the landlord and may remove the property from the facility if the lienholder has paid all storage charges and other charges as provided in the agreement.

(h) Upon the failure of a lienholder to enter into a storage agreement as provided by this subsection or upon termination of an agreement, unless the parties otherwise agree or the lienholder has sold or removed the property, the landlord may sell or dispose of the property pursuant to this section without further notice to the lienholder.

(20) If the personal property is considered abandoned as a result of the death of a tenant who was the only tenant, this section applies, except as follows:

(a) The provisions of this section regarding the rights and responsibilities of a tenant to the abandoned personal property shall apply to any personal representative named in a will or appointed by a court to act for the deceased tenant or any person designated in writing by the tenant to be contacted by the landlord in the event of the tenant's death.

(b) The notice required by subsection (3) of this section must be:

(A) Sent by first class mail to the deceased tenant at the premises; and

(B) Personally delivered or sent by first class mail to any personal representative or designated person if actually known to the landlord.

(c) The notice described in subsection (5) of this section must refer to any personal representative or designated person, instead of the deceased tenant, and must incorporate the provisions of this subsection.

(d) If a personal representative, designated person or other person entitled to possession of the property, such as an heir or devisee, responds by actual notice to a landlord within the 45-day period provided by subsection (6) of this section and so requests, the landlord shall enter into a written storage agreement with the representative or person providing that the personal property may not be sold or disposed of by the landlord for up to 90 days or until conclusion of any probate proceedings, whichever is later. A storage agreement entitles the representative or person to store the personal property on the previously rented space during the term of the agreement, but does not entitle anyone to occupy the personal property. If such an agreement is entered, the landlord may not enter a similar agreement with a lienholder pursuant to subsection (19) of this section until the agreement with the personal representative or designated person ends.

(e) If a personal representative or other person requests that a landlord enter into a storage agreement, subsection (19)(c) to (e) and (g)(C) of this section applies, with the representative or person having the rights and responsibilities of a lienholder with regard to the storage agreement.

(f) During the term of an agreement described under paragraph (d) of this subsection, the representative or person has the right to remove or sell the property, including a sale to a purchaser or a transfer to an heir or devisee where the purchaser, heir or devisee wishes to leave the property on the

rented space and become a tenant, subject to the provisions of ORS 90.680. The landlord also may condition approval for occupancy of any purchaser, heir or devisee of the property upon payment of all unpaid storage charges and maintenance costs.

(g) If the representative or person violates the storage agreement, the landlord may terminate the agreement by giving at least 30 days' written notice to the representative or person stating facts sufficient to notify the representative or person of the reason for the termination. Unless the representative or person corrects the violation within the notice period, the agreement terminates as provided and the landlord may sell or dispose of the property without further notice to the representative or person.

(h) Upon the failure of a representative or person to enter into a storage agreement as provided by this subsection or upon termination of an agreement, unless the parties otherwise agree or the representative or person has sold or removed the property, the landlord may sell or dispose of the property pursuant to this section without further notice to the representative or person.

(21) If a governmental agency determines that the condition of personal property abandoned under this section constitutes an extreme health or safety hazard under state or local law and the agency determines that the hazard endangers others in the facility and requires quick removal of the property, the landlord may sell or dispose of the property pursuant to this subsection. The landlord shall comply with all provisions of this section, except as follows:

(a) The date provided in subsection (6) of this section by which a tenant, lienholder, personal representative or designated person must contact a landlord to arrange for the disposition of the property must be not less than 15 days after personal delivery or mailing of the notice required by subsection (3) of this section.

(b) The date provided in subsections (8) and (9) of this section by which a tenant, lienholder, personal representative or designated person must remove the property must be not less than seven days after the tenant, lienholder, personal representative or designated person contacts the landlord.

(c) The notice required by subsection (3) of this section must be as provided in subsection (5) of this section, except that:

(A) The dates and deadlines in the notice for contacting the landlord and removing the property must be consistent with this subsection;

(B) The notice must state that a governmental agency has determined that the prop-

erty constitutes an extreme health or safety hazard and must be removed quickly; and

(C) The landlord shall attach a copy of the agency's determination to the notice.

(d) If the tenant, a lienholder or a personal representative or designated person does not remove the property within the time allowed, the landlord or a buyer at a sale by the landlord under subsection (11) of this section shall promptly remove the property from the facility.

(e) A landlord is not required to enter into a storage agreement with a lienholder, personal representative or designated person pursuant to subsection (19) of this section.

(22)(a) A landlord may sell or dispose of a tenant's abandoned personal property without complying with the provisions of this section if, after termination of the tenancy or no more than seven days prior to the termination of the tenancy, the following parties so agree in a writing entered into in good faith:

(A) The landlord;

(B) The tenant, or for an abandonment as the result of the death of a tenant who was the only tenant, the personal representative, designated person or other person entitled to possession of the personal property, such as an heir or devisee, as described in subsection (20) of this section; and

(C) Any lienholder.

(b) A landlord may not, as part of a rental agreement, as a condition to approving a sale of property on rented space under ORS 90.680 or in any other manner, require a tenant, a personal representative, a designated person or any lienholder to waive any right provided by this section.

(23) Until personal property is conclusively presumed to be abandoned under subsection (9) of this section, a landlord does not have a lien pursuant to ORS 87.152 for storing the personal property. (1) When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of the records of the Department of Transportation and any donor registry that it knows exists for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.

(2) A procurement organization must be allowed reasonable access to information in the records of the Department of Transportation to ascertain whether an individual at or near death is a donor.

(3) When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to ensure the medical suitability of a body part that is or could be the subject of an anatomical gift for transplantation, therapy, research or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the body part may not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.

(4) Unless otherwise prohibited by law, at any time after a donor's death, the person to whom a body part passes under ORS 97.969 may conduct any reasonable examination necessary to ensure the medical suitability of the body or body part for its intended purpose.

(7) Upon referral by a hospital under subsection (1) of this section, a procurement organization shall make a reasonable search for any person listed in ORS 97.965 having priority to make an anatomical gift on behalf of a prospective donor. (8) Subject to ORS 97.969 (9) and 97.980, the rights of the person to whom a body part passes under ORS 97.969 are superior to the rights of all others with respect to the body part. The person may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document of gift and ORS 97.951 to 97.982, a person who accepts an anatomical gift of an entire body may allow embalming, burial or cremation and use of remains in a funeral service. If the gift is of a body part, the person to whom the body part passes under ORS 97.969, upon the death of the donor and before embalming, burial or cremation, shall cause the body part to be removed without unnecessary mutilation.

(9) Neither the physician who attends the decedent at death nor the physician who determines the time of the decedent's death may participate in the procedures for removing or transplanting a body part from the decedent.

(c) Be accessible for purposes of this subsection seven days a week on a 24-hour basis.

(4) Personally identifiable information on the donor registry about a donor or prospective donor may not be used or disclosed

Each claim presented to the affiant must include the information required by ORS 115.025.

(2) A claim presented to the affiant shall be considered allowed as presented unless within 60 days after the date of presentment of the claim the affiant mails or delivers a notice of disallowance of the claim in whole or in part to the claimant and any attorney for the claimant. A notice of disallowance of a claim shall inform the claimant that the claim has been disallowed in whole or in part and, to the extent disallowed, will be barred unless:

The court shall hear the matter without a jury, after notice to the creditor and affiant, and any interested person may be heard in the proceeding. The claim may be proved as provided in ORS 115.195 (2). Upon the hearing the court shall determine the claim in a summary manner and shall make an order allowing or disallowing the claim in whole or in part. No appeal may be taken from the order of the court made upon the summary determination. [1989 c.228 §7; 2003 c.523 §3; 2005 c.122 §4]

If the property is a manufactured structure as defined in ORS 446.561, the affiant must assign interest in the structure as provided in ORS 446.616. Any conveyance to a purchaser in good faith and for a valuable consideration made by the affiant and the heir or devisee succeeding to the interest con-

veyed, or made by the heir or devisee succeeding to the interest conveyed after completion of the period established under ORS 114.555, conveys the interest stated in the conveyance free of any interest of the claiming successors, and the purchaser has no duty with respect to application of the consideration paid for the conveyance.

A creditor may not file a petition under this section if the creditor received a copy of an affidavit filed under ORS 114.515 delivered or mailed to such creditor within 30 days after the date the affidavit was filed, the creditor was shown as a disputed creditor in the affidavit, and the creditor has not filed a petition for summary determination under ORS 114.540. The court shall hear the matter without a jury, after notice to the claiming successor and the affiant, and any interested person may be heard in the proceeding. Upon the hearing the court shall review administration of the estate in a summary manner and may order the affiant to sell property of the estate and pay creditors, to pay creditors of the estate from property of the estate or of the affiant, or to

distribute property of the estate to the claiming successors, or may order any person who has received property of the estate to pay amounts owed to claiming successors of the estate in whole or in part. [1989 c.228 §8; 2003 c.196 §3]

114.555 Effect of failure to appoint personal representative. If a personal representative is not appointed within four months after the filing of the affidavit authorized by ORS 114.515, the interest of the decedent in all of the property described in the affidavit is transferred to the person or persons shown by the affidavit to be entitled thereto, and any other claims against the property are barred, except:

(1) As provided in ORS 114.540, 114.545 and 114.550; and

(2) For the purposes of a surviving spouse's claim for an elective share in the manner provided by ORS 114.600 to 114.725. [1973 c.710 §5; 1977 c.239 §4; 1989 c.228 §10; 2009 c.574 §21]

114.560 Exclusive remedy. The exclusive remedy of a person injured by the failure of the affiant or any claiming successor to comply with the requirements of ORS 114.505 to 114.560 shall be a summary determination under ORS 114.540, a summary review of administration under ORS 114.550, or appointment of a personal representative for the estate within the time allowed by ORS 114.555. Criminal Citations

133.066 Criminal citations generally.

If a criminal citation is issued with a complaint, the citation must be in the form provided by ORS 133.069.

(2) A criminal citation may be issued with a complaint only if a procedure for the issuance of a citation with a complaint has been authorized by the district attorney for the county in which the crime is alleged to have been committed.

(3) A complaint or information may be filed with the court before or after the issuance of a criminal citation without a complaint. Nothing in this section affects the requirement that a complaint or information be filed for the crime charged.

(4) More than one crime may be charged in a single criminal citation. However, if a defendant is to be charged with driving while under the influence of intoxicants in violation of ORS 813.010, a separate criminal citation must be used for the charge of driving while under the influence of intoxicants and that citation may not be used to charge the defendant with the commission of any other crime.

(5) Uniform citation forms for crimes shall be adopted by the Supreme Court under ORS 1.525. In adopting those forms, the Supreme Court may combine the requirements for criminal citations under this section and the requirements for violation citations under ORS 153.045. A crime and a violation may not be charged on the same citation form. [1999 c.1051 §57]

(5) Whether a complaint or information had been filed with the court at the time the citation was issued.

(6) If the arrest was made by a private party, the name of the arresting person.

(7) The following:

READ CAREFULLY

You **MUST** appear in court at the time set in the citation. **IF YOU FAIL TO APPEAR AND A COMPLAINT OR INFORMATION HAS BEEN FILED, THE COURT WILL IMMEDIATELY ISSUE A WARRANT FOR YOUR ARREST.**

[1999 c.1051 §60]

(C) A form of certificate in which the peace officer must certify that the peace officer has sufficient grounds to believe, and does believe, that the person named in the complaint committed the offense specified in the complaint. A certificate conforming to this subparagraph shall be deemed equivalent to a sworn complaint.

(4) A court may amend a complaint at its discretion. [1999 c.1051 §61; 2001 c.870 §10; 2005 c.566 §1]

133.073 Electronic filing of criminal citation; court rules. (1) Notwithstanding ORS 133.065, a peace officer, following procedures established by court rule, may file a criminal citation with or without a form of complaint with the court by electronic means, without an actual signature of the officer, in lieu of filing a duplicate paper copy of the citation. A peace officer who files a criminal citation under this section is deemed to certify the citation and any complaint included with the citation by that filing and has the same rights, responsibilities and liabilities in relation to the citation and any complaint included with the citation as an officer has in relation to citations and complaints that are filed with the court in paper form and are certified by actual signature.

(2) A court may allow electronic filing of criminal citations as described under subsection (1) of this section. Procedures established to allow electronic filing of criminal citations under this section shall be established by court rule and shall include procedures necessary to ensure that:

(c) Members of the public can obtain copies of and review a criminal citation with or without a form of complaint that is electronically filed and maintained under this section in the same manner as the manner used for those filed on paper.

(3) For a criminal citation with a form of complaint issued under ORS 133.069, the district attorney's review required by ORS 133.069 and, if necessary, amendments for legal sufficiency, must be completed before the electronic filing of the citation with the form of complaint is made with a court under this section. [2005 c.566 §15]

The risk must be of such nature and degree that disregard thereof constitutes a gross deviation from the standard of care that a reasonable person would observe in the situation.

(10) "Criminal negligence" or "criminally negligent," when used with respect to a result or to a circumstance described by a statute defining an offense, means that a person fails to be aware of a substantial and unjustifiable risk that the result will occur or that the circumstance exists. an offense, evidence that the defendant used drugs or controlled substances, or was dependent on drugs or controlled substances, or was intoxicated may be offered by the defendant whenever it is relevant to negative an element of the crime charged.

(2) When recklessness establishes an element of the offense, if the defendant, due to the use of drugs or controlled substances, dependence on drugs or controlled substances or voluntary intoxication, is unaware of a risk of which the defendant would have been aware had the defendant been not intoxicated, not using drugs or controlled substances, or not dependent on drugs or controlled substances, such unawareness is immaterial. (b) Exceed the maximum fine established by ORS 153.018 for a Class A violation.

(4) A court may not treat misdemeanors created under ORS 811.540 or 813.010 as violations under the provisions of this section. [1999 c.1051 §48; 2003 c.737 §90; 2011 c.597 §17; 2012 c.82 §3]

161.570 Felony treated as misdemeanor. (1) As used in this section, "non-person felony" has the meaning given that term in the rules of the Oregon Criminal Justice Commission.

(2) A district attorney may elect to treat a Class C nonperson felony or a violation of ORS 475.752 (3)(a), 475.854 or 475.874 as a Class A misdemeanor. The election must be made by the district attorney orally or in writing at the time of the first appearance of the defendant. If a district attorney elects to treat a Class C felony or a violation of ORS 475.752 (3)(a), 475.854 or 475.874 as a Class A misdemeanor under this subsection, the court shall amend the accusatory instrument to reflect the charged offense as a Class A misdemeanor.

(3) If, at some time after the first appearance of a defendant charged with a Class C nonperson felony or a violation of ORS 475.752 (3)(a), 475.854 or 475.874, the district attorney and the defendant agree to treat the charged offense as a Class A misdemeanor, the court may allow the offense to be treated as a Class A misdemeanor by stipulation of the parties.

(4) If a Class C felony or a violation of ORS 475.752 (3)(a), 475.854 or 475.874 is treated as a Class A misdemeanor under this section, the court shall clearly denominate the offense as a Class A misdemeanor in any judgment entered in the matter.

(5) If no election or stipulation is made under this section, the case proceeds as a felony.

(6) Before a district attorney may make an election under subsection (2) of this section, the district attorney shall adopt written guidelines for determining when and under what circumstances the election may be made. The district attorney shall apply the guidelines uniformly.

(7) Notwithstanding ORS 161.635, the fine that a court may impose upon conviction of a misdemeanor under this section may not:

(a) Be less than the minimum fine established by ORS 137.286 for a felony; or

(b) Exceed the amount provided in ORS 161.625 for the class of felony receiving Class A misdemeanor treatment. [2003 c.645 §2; 2005 c.708 §47; 2007 c.286 §1; 2011 c.597 §18; 2013 c.591 §4]

161.585 Classification of certain crimes determined by punishment. (1) When a crime punishable as a felony is also punishable by imprisonment for a maximum term of one year or by a fine, the crime shall be classed as a misdemeanor if the court imposes a punishment other than imprisonment under ORS 137.124 (1).

(2) Notwithstanding the provisions of ORS 161.525, upon conviction of a crime punishable as described in subsection (1) of this section, the crime is a felony for all purposes until one of the following events occurs, after which occurrence the crime is a misdemeanor for all purposes:

(a) Without imposing a sentence of probation, the court imposes a sentence of imprisonment other than to the legal and physical custody of the Department of Corrections.

(b) Without imposing a sentence of probation, the court imposes a fine.

(c) Upon revocation of probation, the court imposes a sentence of imprisonment other than to the legal and physical custody of the Department of Corrections.

(d) Upon revocation of probation, the court imposes a fine.

(e) The court declares the offense to be a misdemeanor, either at the time of imposing a sentence of probation, upon suspension of imposition of a part of a sentence, or on application of defendant or the parole and probation officer of the defendant thereafter.

(f) The court imposes a sentence of probation on the defendant without imposition of any other sentence upon conviction and defendant is thereafter discharged without any other sentence.

(g) Without imposing a sentence of probation and without imposing any other sentence, the court declares the offense to be a misdemeanor and discharges the defendant.

(3) The provisions of this section shall apply only to persons convicted of a felony committed prior to November 1, 1989. [1971 c.743 §73; 1987 c.320 §85; 1989 c.790 §52; 1993 c.14 §18; 2005 c.264 §15]

(1) For a Class A felony, 20 years.

(2) For a Class B felony, 10 years.

(4) For an unclassified felony as provided in the statute defining the crime. [1971 c.743 §74]

161.610 Enhanced penalty for use of firearm during commission of felony; pleading; minimum penalties; suspension or reduction of penalty. (1) As used in this section, "firearm" has the meaning given that term in ORS 166.210.

(2) The use or threatened use of a firearm, whether operable or inoperable, by a defendant during the commission of a felony may be pleaded in the accusatory instrument and proved at trial as an element in aggravation of the crime as provided in this section. When a crime is so pleaded, the aggravated nature of the crime may be indicated by adding the words "with a firearm" to the title of the offense. The unaggravated crime shall be considered a lesser included offense.

(3) Notwithstanding the provisions of ORS 161.605 or 137.010 (3) and except as otherwise provided in subsection (6) of this section, if a defendant is convicted of a felony having as an element the defendant's use or threatened use of a firearm during the commission of the crime, the court shall impose at least the minimum term of imprisonment as provided in subsection (4) of this section. Except as provided in ORS 144.122 and 144.126 and subsection (5) of this section, in no case shall any person punishable under this section become eligible for work release, parole, temporary leave or terminal leave until the minimum term of imprisonment is served, less a period of time equivalent to any reduction of imprisonment granted for good time served or time credits earned under ORS 421.121, nor shall the execution of the sentence imposed upon such person be suspended by the court.

(4) The minimum terms of imprisonment for felonies having as an element the defendant's use or threatened use of a firearm in the commission of the crime shall be as follows:

(a) Except as provided in subsection (5) of this section, upon the first conviction for such felony, five years, except that if the firearm is a machine gun, short-barreled rifle, short-barreled shotgun or is equipped with a firearms silencer, the term of imprisonment shall be 10 years.

(b) Upon conviction for such felony committed after punishment pursuant to paragraph (a) of this subsection or subsection (5) of this section, 10 years, except that if the firearm is a machine gun, short-barreled rifle, short-barreled shotgun or is equipped with a firearms silencer, the term of imprisonment shall be 20 years.

(c) Upon conviction for such felony committed after imprisonment pursuant to paragraph (b) of this subsection, 30 years.

(5) If it is the first time that the defendant is subject to punishment under this section, rather than impose the sentence otherwise required by subsection (4)(a) of this section, the court may:

(a) For felonies committed prior to November 1, 1989, suspend the execution of the sentence or impose a lesser term of imprisonment, when the court expressly finds mitigating circumstances justifying such lesser sentence and sets forth those circumstances in its statement on sentencing; or

(b) For felonies committed on or after November 1, 1989, impose a lesser sentence in accordance with the rules of the Oregon Criminal Justice Commission.

(6) When a defendant who is convicted of a felony having as an element the defendant's use or threatened use of a firearm during the commission of the crime is a person who was waived from juvenile court under ORS 137.707 (5)(b)(A), 419C.349, 419C.352, 419C.364 or 419C.370, the court is not required to impose a minimum term of imprisonment under this section. [1979 c.779 §2; 1985 c.552 §1; 1989 c.790 §72; 1989 c.839 §18; 1991 c.133 §3; 1993 c.692 §9; 1999 c.951 §3; 2005 c.407 §1; 2009 c.610 §5]

161.615 Prison terms for misdemeanors. Sentences for misdemeanors shall be for a definite term. The court shall fix the term of imprisonment within the following maximum limitations:

- (1) For a Class A misdemeanor, 1 year.
- (2) For a Class B misdemeanor, 6 months.
- (3) For a Class C misdemeanor, 30 days.

(4) For an unclassified misdemeanor, as provided in the statute defining the crime. [1971 c.743 §75]

161.620 Sentences imposed upon waiver from juvenile court. Notwithstanding any other provision of law, a sentence imposed upon any person waived from the

juvenile court under ORS 419C.349, 419C.352, 419C.364 or 419C.370 shall not include any sentence of death or life imprisonment without the possibility of release or parole nor imposition of any mandatory minimum sentence except that a mandatory minimum sentence under:

(1) ORS 163.105 (1)(c) shall be imposed; and

(2) ORS 161.610 may be imposed. [1985 c.631 §9; 1989 c.720 §3; 1993 c.33 §306; 1993 c.546 §119; 1995 c.422 §131y; 1999 c.951 §2]

Note: 161.620 was added to and made a part of ORS 161.615 to 161.685 by legislative action but was not added to any smaller series in that series. See Preface to Oregon Revised Statutes for further explanation.

161.625 Fines for felonies. (1) A sentence to pay a fine for a felony shall be a sentence to pay an amount, fixed by the court, not exceeding:

(a) \$500,000 for murder or aggravated murder.

(b) \$375,000 for a Class A felony.

(c) \$250,000 for a Class B felony.

(d) \$125,000 for a Class C felony.

(2) A sentence to pay a fine for an unclassified felony shall be a sentence to pay an amount, fixed by the court, as provided in the statute defining the crime.

(3)(a) If a person has gained money or property through the commission of a felony, then upon conviction thereof the court, in lieu of imposing the fine authorized for the crime under subsection (1) or (2) of this section, may sentence the defendant to pay an amount, fixed by the court, not exceeding double the amount of the defendant's gain from the commission of the crime.

(b) The provisions of paragraph (a) of this subsection do not apply to the felony theft of a companion animal, as defined in ORS 164.055, or a captive wild animal.

(4) As used in this section, "gain" means the amount of money or the value of property derived from the commission of the felony, less the amount of money or the value of property returned to the victim of the crime or seized by or surrendered to lawful authority before the time sentence is imposed. "Value" shall be determined by the standards established in ORS 164.115.

(5) When the court imposes a fine for a felony the court shall make a finding as to the amount of the defendant's gain from the crime. If the record does not contain sufficient evidence to support a finding the court may conduct a hearing upon the issue.

(6) Except as provided in ORS 161.655, this section does not apply to a corporation. [1971 c.743 §76; 1981 c.390 §1; 1991 c.837 §11; 1993 c.680 §36; 2003 c.615 §1; 2003 c.737 §86]

161.635 Fines for misdemeanors. (1) A sentence to pay a fine for a misdemeanor shall be a sentence to pay an amount, fixed by the court, not exceeding:

- (a) \$6,250 for a Class A misdemeanor.
- (b) \$2,500 for a Class B misdemeanor.
- (c) \$1,250 for a Class C misdemeanor.

(2) A sentence to pay a fine for an unclassified misdemeanor shall be a sentence to pay an amount, fixed by the court, as provided in the statute defining the crime.

(3) If a person has gained money or property through the commission of a misdemeanor, then upon conviction thereof the court, instead of imposing the fine authorized for the offense under this section, may sentence the defendant to pay an amount fixed by the court, not exceeding double the amount of the defendant's gain from the commission of the offense. In that event, ORS 161.625 (4) and (5) apply.

(4) This section does not apply to corporations. [1971 c.743 §77; 1981 c.390 §2; 1993 c.680 §30; 1995 c.545 §2; 1999 c.1051 §44; 2003 c.737 §87]

Authority of Sentencing Court

161.705 Reduction of certain felonies to misdemeanors. Notwithstanding ORS 161.525, the court may enter judgment of conviction for a Class A misdemeanor and make disposition accordingly when:

(1)(a) A person is convicted of any Class C felony;

(b) A person is convicted of a Class B felony pursuant to ORS 475.860 (2)(a); or

(c) A person convicted of a felony described in paragraph (a) or (b) of this subsection, or of a Class A felony pursuant to ORS 166.720, has successfully completed a sentence of probation; and

(2) The court, considering the nature and circumstances of the crime and the history and character of the defendant, believes that it would be unduly harsh to sentence the defendant for a felony. [1971 c.743 §83; 1977 c.745 §31; 1979 c.124 §1; 1981 c.769 §8; 2005 c.708 §48; 2009 c.610 §2; 2013 c.591 §5]

Board of Parole and Post-Prison Supervision, upon the petition of a prisoner so confined, shall hold a hearing to determine if the prisoner is likely to be rehabilitated within a reasonable period of time. (2) Upon request of the department, an agency shall annually, on or before March 1, supply the department with a list of specified persons contracting with the agency to provide goods, services or real estate space to the agency during the preceding calendar year.

(3) The lists required by subsections (1) and (2) of this section shall contain the name, address, Social Security or federal employer identification number of each licensee or provider or such other information as the department may by rule require.

(4)(a) If the department determines that any licensee or provider has neglected or refused to file any return or to pay any tax and that such person has not filed in good faith a petition before the department contesting the tax, and the department has been unable to obtain payment of the tax through other methods of collection, the Director of the Department of Revenue may, notwithstanding ORS 118.525, 314.835 or 314.840 or any similar provision of law, notify the agency and the person in writing.

(b) Upon receipt of such notice, the agency shall refuse to reissue, renew or extend any license, contract or agreement until the agency receives a certificate issued by the department that the person is in good standing with respect to any returns due and taxes payable to the department as of the date of the certificate.

If the department determines that the failure was not due to reasonable cause, the total amount of the tax, penalty and interest shall be immediately due and payable, and the department shall notify any affected agency that the licensee or provider is not in good standing. The agency shall then take appropriate action under subsection (4)(b) and (d) of this section.

(6) No contract or other agreement for the purpose of providing goods, services or real estate space to any agency shall be entered into, renewed or extended with any person, unless the person certifies in writing, under penalty of perjury, that the person is, to the best of the person's knowledge, not in violation of any tax laws described in ORS 305.380 (4).

(2) The department may use any study design it determines will best accomplish the purposes stated in subsection (1) of this section. use from the increase in tax rates created by the amendments to ORS 319.020, 319.530, 825.476 and 825.480 by sections 1, 2 and 10 to 15, chapter 209, Oregon Laws 1985, and an amount equal to one-third of the amount of moneys in the State Highway Fund that becomes available for its use from any increase in tax rates created by the amendments to ORS 319.020, 319.530, 825.476 and 825.480 by sections 5, 6 and 8 to 15, chapter 899, Oregon Laws 1987, and from any increase in tax rates that results from the provisions of sections 16 and 17, chapter 899, Oregon Laws 1987, to establish and operate a state modernization program for highways. The program established under this section and the use of moneys in the program are subject to the following:

(1) The moneys may be used by the department to retire bonds that the department issues for the modernization program under bonding authority of the department.

(2) The intent of the modernization program is to increase highway safety, to accelerate improvements from the backlog of needs on the state highways and to fund modernization of highways and local roads to support economic development in Oregon. Projects both on and off the state highway system are eligible.

(3) Projects to be implemented by the modernization program shall be selected by the Oregon Transportation Commission. The criteria for selection of projects will be established after public hearings that allow citizens an opportunity to review the criteria. The commission may use up to one-half of moneys available under this section for modernization projects selected by the commission from a list of projects of statewide significance.

(4) In developing criteria for selection of projects, the commission shall consider the following:

(a) Projects must be of significance to the state highway system.

(b) Except for projects that are of statewide significance, projects must be equitably distributed throughout Oregon.

(c) Projects may be on county or city arterial roads connecting to or supporting a state highway.

(d) Priority may be given to projects that make a meaningful contribution to increased highway safety.

(e) Priority may also be given to projects that encourage economic development where:

(A) There is commitment by private industry to construct a facility.

(B) There is support from other state agencies.

(f) Priority may be given where there is local government or private sector financial participation, or both, in the improvement in addition to improvements adjacent to the project.

(g) Priority may be given where there is strong local support.

(5) Except as otherwise provided in this subsection, federal moneys or moneys from the State Highway Fund other than those described in this section may be used for the modernization program as long as the total amount used is equal to the amount described in this section. Federal moneys that are appropriated by Congress for specific projects and federal moneys that are allocated by the United States Department of Transportation for specific projects may not be used for the modernization program under this section. [1985 c.209 §9; 1987 c.899 §2; 1999 c.969 §4; 2001 c.766 §§1,2; 2003 c.618 §§14,15; 2005 c.837 §13]

366.508 Legislative findings. (1) The Legislative Assembly finds that:

(a) Estimated highway, road and street revenues from current sources will not adequately meet the need for continued development of a statewide road and bridge system that is economically efficient, provides accessibility to and from commercial, agricultural, industrial, tourist and recreational facilities and enhances the highway safety, environmental quality and land use goals of this state;

(b) Responsibility for the cost of the highway, road and street system should be proportional and should be based on the number and types of vehicles that use the system and on the frequency of their use; and

(c) Expansion, modernization, maintenance, repair, reconstruction, increased capacity and enhanced safety on all roads and bridges is crucial to the economic revitalization of Oregon.

(2) The Legislative Assembly declares that the purpose of this section and ORS 319.020, 319.530, 366.507, 366.739, 366.774, 366.790, 825.476 and 825.480 is:

(a) To enhance the revenue base for the state, counties and cities for continued development and maintenance of the road and bridge system; and

(b) To enhance the revitalization of this state's economy by implementing a long-term plan for the state, counties and cities that establishes priorities for road and bridge improvements. [1987 c.899 §1]

Note: 366.508 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 366 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

All state officials charged with the collection of highway funds shall, upon the first of each month after collection, unless a different time is otherwise provided, turn the same over to the State Treasurer, who shall enter such revenues in the account of the highway fund. [Amended by 1967 c.454 §106]

366.512 Collection of certain registration fees for State Parks and Recreation Department Fund. (1) The Department of Transportation shall collect all registration fees for campers, motor homes and travel trailers. Such fees shall be paid into the State Parks and Recreation Department Fund.

(1) Out of the funds received by the Department of Transportation or by any county or city from the State Highway Fund reasonable amounts shall be expended as necessary to provide footpaths and bicycle trails, including curb cuts or ramps as part of the project. Footpaths and bicycle trails, including curb cuts or ramps as part of the project, shall be provided wherever a highway, road or street is being constructed, reconstructed or relocated. Funds received from the State Highway Fund may also be expended to maintain footpaths and trails and to provide footpaths and trails along other highways, roads and streets.

(2) Footpaths and trails are not required to be established under subsection (1) of this section:

(a) Where the establishment of such paths and trails would be contrary to public safety;

(b) If the cost of establishing such paths and trails would be excessively disproportionate to the need or probable use; or

(c) Where sparsity of population, other available ways or other factors indicate an absence of any need for such paths and trails.

(3) The amount expended by the department or by a city or county as required or permitted by this section shall never in any one fiscal year be less than one percent of

the total amount of the funds received from the highway fund. However:

(a) This subsection does not apply to a city in any year in which the one percent equals \$250 or less, or to a county in any year in which the one percent equals \$1,500 or less.

(b) A city or county in lieu of expending the funds each year may credit the funds to a financial reserve fund in accordance with ORS 294.346, to be held for not more than 10 years, and to be expended for the purposes required or permitted by this section.

(c) For purposes of computing amounts expended during a fiscal year under this subsection, the department, a city or county may record the money as expended:

(A) On the date actual construction of the facility is commenced if the facility is constructed by the city, county or department itself; or

(B) On the date a contract for the construction of the facilities is entered with a private contractor or with any other governmental body.

(4) For the purposes of this chapter, the establishment of paths, trails and curb cuts or ramps and the expenditure of funds as authorized by this section are for highway, road and street purposes. The department shall, when requested, provide technical assistance and advice to cities and counties in carrying out the purpose of this section. The department shall recommend construction standards for footpaths and bicycle trails. Curb cuts or ramps shall comply with the requirements of ORS 447.310 and rules adopted under ORS 447.231. The department shall, in the manner prescribed for marking highways under ORS 810.200, provide a uniform system of signing footpaths and bicycle trails which shall apply to paths and trails under the jurisdiction of the department and cities and counties. The department and cities and counties may restrict the use of footpaths and bicycle trails under their respective jurisdictions to pedestrians and nonmotorized vehicles, except that motorized wheelchairs shall be allowed to use footpaths and bicycle trails.

(5) As used in this section, "bicycle trail" means a publicly owned and maintained lane or way designated and signed for use as a bicycle route. [1971 c.376 §2; 1979 c.825 §1; 1983 c.19 §1; 1983 c.338 §919; 1991 c.417 §7; 1993 c.503 §12; 1997 c.308 §36; 2001 c.389 §1]

Obligations incurred under the authority of this section need not be payable in the same biennial period during which the obligation is incurred. [1953 c.125 §2]

366.517 Department may determine certain accounting procedures. The Department of Transportation shall determine the accounting period for which any expenditures shall be charged against the State Highway Fund. The department may charge such expenditures against the State Highway Fund at the time the expenditures are actually paid even though the expenditures were obligated during a prior accounting period. The department may keep its accounts on a calendar year basis. [1953 c.125 §3; 1967 c.454 §40]

366.518 Expenditures from highway fund to be reported, budgeted and limited to amounts budgeted. The Department of Transportation shall submit a biennial statement and budget estimate as required by law, and shall limit its expenditures from the State Highway Fund during each biennial period to the total amount of the budget approved according to law; provided, that the word "expenditures" shall mean all money actually paid out or due and payable, but shall not mean liabilities or obligations incurred but not due and payable until a subsequent biennial period. The provisions of any law establishing a Legislative Assembly emergency committee shall apply to expenditures from the State Highway Fund. [1953 c.125 §4]

366.520 Expenses in legalizing state highways. The expenses incurred in any proceeding by the Department of Transportation under ORS 368.201 to 368.221, when applied to state highways, shall be paid out of the highway fund. [Amended by 1981 c.153 §62]

It hereby is declared to be the policy and intent of the Legislative Assembly that the total appropriations out of the State Highway Fund made by it for the payment of expenses incurred by the Legislative Assembly by and through its interim committee during any biennium shall be deemed to be the maximum amount necessary for such purpose. Any unexpended and unobligated balance remaining in any such appropriation

heretofore or hereafter made shall, after the expiration of the biennium for which the appropriation was made, be returned to the State Highway Fund and may thereafter be used for any purpose authorized by law. [1953 c.84 §1]

366.523 Transportation Project Account. (1) The Transportation Project Account is created in the State Highway Fund. Moneys in the account are continuously appropriated to the Department of Transportation for the purpose of making allocations described in ORS 367.617 and for the purpose of paying bond debt service on Highway User Tax Bonds issued under ORS 367.615. Interest on the account is credited to the State Highway Fund.

to be deposited in the State Tollway Account.

(4) Notwithstanding any other provision of ORS 383.001 to 383.075, the department shall not pledge any funds or amounts at any time held in the State Tollway Account as security for the obligations of a private entity unless the department has entered into a binding and enforceable agreement that provides the department reasonable assurance that the department will be repaid, with appropriate interest, any amounts that the department is required to advance pursuant to that pledge.

(5) Moneys in the State Tollway Account are continuously appropriated to the department for purposes authorized by this section. [1995 c.668 §4; 2005 c.22 §264; 2007 c.531 §12; 2013 c.4 §15]

383.014 Interstate system compatibility; rules. The Oregon Transportation Commission shall set standards by rule for electronic toll collection systems and photo enforcement systems used on tollways in this state to ensure that systems used in Oregon and systems used in the State of Washington are compatible to the extent technology permits. [2007 c.531 §8]

383.015 Initiation of project; fees; rules; conditions for authorization; studies. (1) Tollway projects may be initiated by the Department of Transportation, by a unit of government having an interest in the installation of a tollway, or by a private entity interested in constructing or operating a tollway project. The department shall charge an administrative fee for reviewing and considering any tollway project proposed by a private entity, which the department shall establish by rule. All such administrative fees shall be deposited into the State Tollway Account.

(2) The department shall adopt rules pursuant to which it will consider authorization of a tollway project. The rules shall require consideration of:

(a) The opinions and interests of units of government encompassing or adjacent to the path of the proposed tollway project in having the tollway installed;

(b) The probable impact of the proposed tollway project on local environmental, aesthetic and economic conditions and on the economy of the state in general;

(c) The extent to which funding other than state funding is available for the proposed tollway project;

(d) The likelihood that the estimated use of the tollway project will provide sufficient revenues to independently finance the costs related to the construction and future maintenance, repair and reconstruction of the tollway project, including the repayment of

any loans to be made from moneys in the State Tollway Account;

(e) With respect to tollway projects, any portion of which will be financed with state funds or department loans or grants:

(A) The relative importance of the proposed tollway project compared to other proposed tollways; and

(B) Traffic congestion and economic conditions in the communities that will be affected by competing tollway projects; and

(f) The effects of tollway implementation on community and local street traffic.

(3) Notwithstanding any other provision of ORS 383.001 to 383.075, no tollway project shall be authorized unless the department finds that either:

(a) Based on the department's estimate of present and future traffic patterns, the revenues generated by the tollway project will be sufficient, after payment of all obligations incurred in connection with the acquisition, construction and operation of such tollway project, to ensure the continued maintenance, repair and reconstruction of the tollway project without the contribution of additional public funds; or

(b) The revenues generated by the tollway project will be at least sufficient to pay its operational expenses and a portion of the costs of its construction, maintenance, repair and reconstruction, and the importance of the tollway project to the welfare or economy of the state is great enough to justify the use of public funding for a portion of its construction, maintenance, repair and reconstruction.

(4) If the department finds that a proposed tollway project qualifies for authorization under this section, the department may conduct or cause to be conducted any environmental, geological or other studies required by law as a condition of construction of the tollway project. The costs of completing the studies for any proposed tollway project may be paid from moneys in the State Tollway Account that are reimbursed from the permanent financing for the project. [1995 c.668 §7; 1997 c.390 §2; 2007 c.531 §17; 2013 c.4 §16]

383.035 Failure to pay toll; penalty. (1) A person who fails to pay a toll, established pursuant to ORS 383.004, shall pay to the Department of Transportation the amount of the toll, a civil penalty of not more than \$25 and an administrative fee established by the tollway operator not to exceed the actual cost of collecting the unpaid toll.

(2) In addition to any other penalty, the department shall refuse to renew the motor vehicle registration of the motor vehicle

owned by a person who has not paid the toll, the civil penalty and any administrative fee charged under this section.

(3) This section does not apply to:

(a) A person operating a vehicle owned by a unit of government or the tollway operator;

(b) A person who is a member of a category of persons exempted by the Oregon Transportation Commission from paying a toll; or

(c) A person who is a member of a category of persons made eligible by the commission for paying a reduced toll, to the extent of the reduction.

(4) Subsection (1) of this section does not apply to a person who fails to pay a toll established under section 8, chapter 4, Oregon Laws 2013.

(5)(a) Upon receiving a request from the State of Washington, or from the State of Washington's designee that has contracted with the State of Washington to collect tolls, the department shall provide information to identify registered owners of vehicles who fail to pay a toll established under section 8, chapter 4, Oregon Laws 2013.

(b) If the State of Washington, or the State of Washington's designee that has contracted with the State of Washington to collect tolls, gives notice to the department that a person has not paid a toll established under section 8, chapter 4, Oregon Laws 2013, or a civil penalty or administrative fee imposed by reason of failure to pay the toll, the department shall refuse to renew the Oregon motor vehicle registration of the motor vehicle operated by the person at the time of the violation.

(c) The department may renew an Oregon motor vehicle registration of a person described in paragraph (b) of this subsection upon receipt of a notice from the State of Washington, or from the State of Washington's designee, indicating that all tolls, civil penalties and other administrative fees owed by the person have been paid. [2007 c.531 §4; 2013 c.4 §10]

383.045 Evidence from photo enforcement system; payment of fees. (1) Except as provided in subsection (2) of this section, a recorded image of a vehicle and the registration plate of the vehicle produced by a photo enforcement system at the time the driver of the vehicle did not pay a toll shall be prima facie evidence that the registered owner of the vehicle is the driver of the vehicle.

(2) If the registered owner of a vehicle is a person in the vehicle rental or leasing business, the registered owner may elect to

identify the person who was operating the vehicle at the time the toll was not paid or to pay the toll, civil penalty and administrative fee.

(3) A registered owner of a vehicle who pays the toll, civil penalty and administrative fee is entitled to recover the same from the driver, renter or lessee of the vehicle. [2007 c.531 §10]

383.055 Assessment and collection of unpaid tolls; rules. The Oregon Transportation Commission shall establish a process by rule for the assessment of unpaid tolls and the collection of civil penalties and administrative fees under ORS 383.035. [2007 c.531 §9]

383.065 Information provided for toll booth collections. The Department of Transportation may provide to a tollway operator the information needed by the operator for toll booth collections or for the operation of an electronic toll collection system or a photo enforcement system. [2007 c.531 §7]

383.075 Driver records and information used to collect and enforce tolls. (1) Except as provided in subsections (2) and (3) of this section, records and information used to collect and enforce tolls are exempt from disclosure under public records law and are to be used solely for toll collection and traffic management by the Department of Transportation.

(2) Information collected or maintained by an electronic toll collection system may not be disclosed to anyone except:

(a) The owner of an account that is charged for the use of a tollway;

(b) A financial institution, as necessary to collect tolls owed;

(c) Employees of the department;

(a) The registered owner or apparent driver of the vehicle;

(b) Employees of the department;

(c) The tollway operator and authorized employees of the operator;

(d) A law enforcement officer who is acting in the officer's official capacity in connection with toll enforcement; and

(e) An administrative law judge or court in an action or proceeding in relation to unpaid tolls or administrative fees or civil penalties related to unpaid tolls. [2007 c.531 §11]

Chapter 419C

JUVENILE COURT PROCEEDINGS

Waivers

419C.340 Authority to waive youth to adult court. In the circumstances set forth in ORS 419C.349, 419C.352, 419C.364, 419C.367 and 419C.370, the court may waive the youth to the appropriate court handling criminal actions, or to municipal court. [1993 c.33 §211; 1993 c.546 §76]

419C.358 Consolidation of nonwaivable and waivable charges. When a person is waived for prosecution as an adult, the person shall be waived only on the actual charges justifying the waiver under ORS 419C.349 (2) or 419C.352, as the case may be. Any nonwaivable charges arising out of the same act or transaction as the waivable charge shall be consolidated with the waivable charge for purposes of conducting the adjudicatory hearing on the nonwaivable charges. [1993 c.33 §216; 1993 c.546 §82]

419C.361 Disposition of nonwaivable consolidated charges and lesser included offenses. (1) Notwithstanding that the juvenile court has waived the case under ORS 419C.349, 419C.352, 419C.355, 419C.358, 419C.364, 419C.367 and 419C.370, the court of waiver shall return the case to the juvenile court unless an accusatory instrument is filed in the court of waiver alleging, in the case of a person under 16 years of age, a crime listed in ORS 419C.352 or, in the case of any other person, a crime listed in ORS 419C.349 (2). Also in the case of a waived person, when a trial has been held in the court of waiver upon an accusatory instrument alleging a crime listed in ORS 419C.349 (2) or 419C.352, as the case may be, and the person is found guilty of any lesser included offense that is not itself a waivable offense, the trial court shall not sentence the defendant therein, but the trial court shall order a presentence report to be made in the case, shall set forth in a memorandum such observations as the court may make regarding the case and shall then return the case to the juvenile court in order that the juvenile court make disposition in the case based upon the guilty finding in the court of waiver. Disposition shall be as if the juvenile court itself had found the youth to be in its jurisdiction pursuant to ORS 419C.005. The records and consequences of the case shall, in all respects, be as if the juvenile court itself had found the youth to be in its jurisdiction pursuant to ORS 419C.005. When the

person is found guilty of a nonwaivable charge that was consolidated with a waivable charge under ORS 419C.358, the case shall be returned to the juvenile court for disposition as provided in this subsection for lesser included offenses.

(2) Nothing in this section or ORS 419C.358 applies to a waiver under ORS 419C.364 or 419C.370. [1993 c.33 §217; 1993 c.546 §83]

419C.370 Waiver of motor vehicle, boating, game, violation and property cases. (1) The juvenile court may enter an order directing that all cases involving:

(a) Violation of a law or ordinance relating to the use or operation of a motor vehicle, boating laws or game laws be waived to criminal or municipal court;

(b) An offense classified as a violation under the laws of this state or a political subdivision of this state be waived to municipal court if the municipal court has agreed to accept jurisdiction; and

(c) A misdemeanor that entails theft, destruction, tampering with or vandalism of property be waived to municipal court if the municipal court has agreed to accept jurisdiction.

(2) Cases waived under subsection (1) of this section are subject to the following:

(a) That the criminal or municipal court prior to hearing a case, other than a case involving a parking violation, in which the defendant is or appears to be under 18 years of age notify the juvenile court of that fact; and

(b) That the juvenile court may direct that any such case be waived to the juvenile court for further proceedings.

(3)(a) When a person who has been waived under subsection (1)(c) of this section is convicted of a property offense, the municipal court may impose any sanction authorized for the offense except for incarceration. The municipal court shall notify the juvenile court of the disposition of the case.

(b) When a person has been waived under subsection (1) of this section and fails to appear as summoned or is placed on probation and is alleged to have violated a condition of the probation, the juvenile court may recall the case to the juvenile court for further proceedings. When a person has been returned to juvenile court under this paragraph, the juvenile court may proceed as though the person had failed to appear as summoned to the juvenile court or had violated a juvenile court probation order under ORS 419C.446.

(4) Records of cases waived under subsection (1)(c) of this section are juvenile records for purposes of expunction under ORS 419A.260. [1993 c.33 §220; 1993 c.546 §86; 1995 c.481 §1; 1999 c.158 §1; 1999 c.615 §1; 2003 c.396 §104]

419C.372 Handling of motor vehicle, boating or game cases not requiring waiver. If the youth's conduct consists, or is alleged to consist, of a violation of a law or ordinance relating to the use or operation of a motor vehicle, boating laws or game laws and it appears to the court that the nature of the offense and the youth's background are such that a proceeding as provided in this chapter is not warranted, the court may handle:

(1) Cases involving boating laws or game laws as provided in ORS 419C.374.

(2) Cases involving the use or operation of a motor vehicle as provided under ORS 809.412. [1993 c.33 §221; 1993 c.546 §95]

419C.374 Alternative conduct of proceedings involving traffic, boating and game cases. (1) A petition relating to boating or game offenses shall be filed as provided in ORS 419C.250, 419C.255 and 419C.258. Motor vehicle offenses are subject to ORS 809.412.

(2) Summons as provided in ORS 419C.300 shall be issued to the parent or other person having physical custody of the youth, requiring the parent or other person to appear with the youth before the court at the time and place stated in the summons.

(3) The summons may be served as provided in ORS 419C.309, 419C.312 and 419C.315 or by mailing a copy thereof to the parent or other person having physical custody of the youth. If the summons is served personally, a warrant may be issued as provided in ORS 419C.320.

(4) A hearing shall be held as provided in ORS 419C.142, 419C.280 and 419C.400. At the termination of the hearing, if the court finds the matters alleged in the petition to be true, it may enter an order finding the youth to be a:

(a) Youth motor vehicle offender and dispose of the case as provided in ORS 809.412; or

(b) Youth boating law offender or a game law offender and may dispose of the case as provided in subsection (5) of this section.

(5) In a proceeding under this chapter, the juvenile court may suspend a hunting or fishing license or permit where a game violation is involved and may make such other recommendations where a boating violation is involved. [1993 c.33 §222; 1995 c.422 §79]

Disposition

419C.472 Suspension of driving privileges. (1) The court may order that the driving privileges of a youth be suspended if:

(a) The petition alleges that the youth is within the jurisdiction of the court for violating ORS 471.430;

(b) The youth has been issued a summons under ORS 419C.306; and

(c) The youth fails to appear as required by the summons.

(2) When a court issues an order under subsection (1) of this section:

(a) The court shall send a notice to the Department of Transportation certifying that the youth failed to appear and that the court has ordered the suspension of the driving privileges of the youth; and

(b) Neither the state nor a juvenile department counselor may file a petition under ORS 419C.250 alleging that the youth is within the jurisdiction of the court for hav-

ing committed an act that if committed by an adult would constitute a violation of ORS 153.992. [2001 c.817 §5]

Chapter 468A

MOTOR VEHICLE POLLUTION CONTROL

468A.350 Definitions for ORS 468A.350 to 468A.400. As used in ORS 468A.350 to 468A.400:

(1) “Certified system” means a motor vehicle pollution control system for which a certificate of approval has been issued under ORS 468A.365 (3).

(2) “Factory-installed system” means a motor vehicle pollution control system in-

stalled by the manufacturer which meets criteria for emission of pollutants in effect under federal laws and regulations applicable on September 9, 1971, or which meets criteria adopted pursuant to ORS 468A.365 (1), whichever criteria are stricter.

(3) “Motor vehicle” includes any self-propelled vehicle used for transporting persons or commodities on public roads and highways but does not include a vehicle of special interest as that term is defined in ORS 801.605, if the vehicle is maintained as a collector’s item and used for exhibitions, parades, club activities and similar uses but not used primarily for the transportation of persons or property, or a racing activity vehicle as defined in ORS 801.404.

(4) “Motor vehicle pollution control system” means equipment designed for installation on a motor vehicle for the purpose of reducing the pollutants emitted from the vehicle, or a system or engine adjustment or modification which causes a reduction of pollutants emitted from the vehicle. [Formerly 468.360; 2007 c.693 §8]

468A.355 Legislative findings. For purposes of ORS 468A.350 to 468A.400, the Legislative Assembly finds:

(1) That the emission of pollutants from motor vehicles is a significant cause of air pollution in many portions of this state.

(2) That the control and elimination of such pollutants are of prime importance for the protection and preservation of the public health, safety and well-being and for the prevention of irritation to the senses, interference with visibility, and damage to vegetation and property.

(3) That the state has a responsibility to establish procedures for compliance with standards which control or eliminate such pollutants.

(4) That the Oregon goal for pure air quality is the achievement of an atmosphere with no detectable adverse effect from motor vehicle air pollution on health, safety, welfare and the quality of life and property. [Formerly 449.951 and then 468.365]

468A.360 Motor vehicle emission and noise standards; copy to Department of Transportation. (1) After public hearing and in accordance with the applicable provisions of ORS chapter 183, the Environmental Quality Commission may adopt motor vehicle emission standards. For the purposes of this section, the commission may include, as a part of such standards, any standards for the control of noise emissions adopted pursuant to ORS 467.030.

(2) The commission shall furnish a copy of standards adopted pursuant to this section to the Department of Transportation and

shall publish notice of the standards in a manner reasonably calculated to notify affected members of the public. [Formerly 468.370]

468A.363 Purpose of ORS 468A.363, 468A.365, 468A.400 and 815.300. The Legislative Assembly declares the purpose of ORS 468A.363, 468A.365, 468A.400 and 815.300 is to:

(1) Insure that the health of citizens in the Portland area is not threatened by recurring air pollution conditions.

(2) Provide necessary authority to the Environmental Quality Commission to implement one of the critical elements of the air quality maintenance strategy for the Portland area related to improvements in the motor vehicle inspection program.

(3) Insure that the Department of Environmental Quality is able to submit an approvable air quality maintenance plan for the Portland area through the year 2006 to the Environmental Protection Agency as soon as possible so that area can again be designated as an attainment area and impediments to industrial growth imposed in the Clean Air Act can be removed.

(4) Direct the Environmental Quality Commission to use existing authority to incorporate the following programs for emission reduction credits into the air quality maintenance plan for the Portland area:

(a) California or United States Environmental Protection Agency emission standards for new lawn and garden equipment sold in the Portland area.

(b) Transportation-efficient land use requirements of the transportation planning rule adopted by the Land Conservation and Development Commission.

(c) Improvements in the vehicle inspection program as authorized in ORS 468A.350 to 468A.400, including emission reduction from on-road vehicles resulting from enhanced testing, elimination of exemptions for 1974 and later model year vehicles, and expansion of inspection program boundaries.

(d) An employer trip reduction program that provides an emission reduction from on-road vehicles.

(e) A parking ratio program that limits the construction of new parking spaces for employment, retail and commercial locations.

(f) Emission reductions resulting from any new federal motor vehicle fuel tax.

(g) State and federal alternative fuel vehicles fleet programs that result in emission reductions.

(h) Installation of maximum achievable control technology by major sources of haz-

ardous air pollutants as required by the federal Clean Air Act, as amended, resulting in emission reductions.

(i) As a safety margin, or as a substitute in whole or in part for other elements of the plan, emission reductions resulting from any new state gasoline tax or for any new vehicle registration fee that allows use of revenue for air quality improvement purposes. [1993 c.791 §2]

Note: 468A.363 was added to and made a part of 468A.350 to 468A.400 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

468A.365 Certification of motor vehicle pollution control systems and inspection of motor vehicles; rules. The Environmental Quality Commission shall:

(1) Determine and adopt by rule criteria for certification of motor vehicle pollution control systems. In determining the criteria the commission shall consider the following:

(a) The experience of any other state or the federal government;

(b) The cost of the system and of its installation;

(c) The durability of the system;

(d) The ease of determining whether the system, when installed on a motor vehicle, is functioning properly; and

(e) Any other factors which, in the opinion of the commission, render such a system suitable for the control of motor vehicle air pollution or for the protection of the health, safety and welfare of the public.

(2) Prescribe by rule the manner in which a motor vehicle pollution control system shall be tested for certification. The rules may prescribe a more rigorous inspection procedure in the areas designated under ORS 815.300 (2)(a), including any expansion of such boundary under ORS 815.300 (2)(b), in order to reduce air pollution emissions in those areas of the state. No such rule shall require testing for certification more often than once during the period for which registration or renewal of registration for a motor vehicle is issued. No rule shall require testing for certification of a motor vehicle that is exempted from the requirement for certification under ORS 815.300.

(3) Issue certificates of approval for classes of motor vehicle pollution control systems which, after being tested by the commission or by a method acceptable to the commission, the commission finds meet the criteria adopted under subsection (1) of this section.

(4) Designate by rule classifications of motor vehicles for which certified systems are available.

(5) Revoke, suspend or restrict a certificate of approval previously issued upon a determination that the system no longer meets the criteria adopted under subsection (1) of this section pursuant to procedures for a contested case under ORS chapter 183.

The Environmental Quality Commission shall determine the most cost-effective method of conducting a motor vehicle pollution control system inspection program as required by ORS 468A.365. Upon finding that savings to the public and increased efficiency would result and the quality of the program would be adequately maintained, the commission may contract with a unit of local government or with a private individual, partnership or corporation authorized to do business in the State of Oregon, for the performance of tests or other services associated with conducting a motor vehicle pollution control system inspection program. [Formerly 468.377]

468A.385 Determination of compliance of motor vehicles. (1) The Environmental Quality Commission shall establish and maintain procedures and programs for determining whether motor vehicles meet the minimum requirements necessary to secure a certificate under ORS 815.310.

(2) Such procedures and programs include, but are not limited to, the installation of a certified system and the adjustment, tune-up, or other mechanical work performed on the motor vehicle in accordance with the requirements of the commission. [Formerly 468.395]

in the State of Oregon Clean Air Act Implementation Plan, then the Environmental Quality Commission, by rule, shall designate boundaries, in addition to the areas specified in ORS 815.300 (2)(a) and (b), within which motor vehicles are subject to the requirement under ORS 815.300 to have a certificate of compliance issued under ORS 468A.380 to be registered or have the registration of the vehicle renewed.

(2) Whenever the Environmental Quality Commission designates boundaries under this section within which vehicles are subject to the requirements of ORS 815.300, the commission shall notify the Department of Transportation and shall provide the Department of Transportation with information necessary to perform the Department of Transportation's duties under ORS 815.300. [Formerly 468.397]

468A.395 Bond or letter of credit; remedy against person licensed under ORS 468A.380; cancellation of license. (1) Any person licensed to issue certificates of compliance pursuant to ORS 468A.380 shall file with the Department of Environmental Quality a surety bond or an irrevocable letter of credit issued by an insured institution, as defined in ORS 706.008. (3) The license issued pursuant to ORS 468A.380 of any person whose bond is canceled by legal notice shall be canceled immediately by the department. If the license is not renewed or is voluntarily or involuntarily canceled, the sureties of the bond or the letter of credit issuers shall be relieved from liability accruing subsequent to such cancellation by the department. [Formerly 468.400; 1997 c.631 §480]

(A) The fee for licensing shall not exceed \$5.

(B) The fee for renewal of licenses shall not exceed \$1.

(b) Establish fees for the issuance of certificates of compliance. The department may classify motor vehicles and establish a different fee for each such class. The fee for the issuance of certificates shall be established by the Environmental Quality Commission in an amount based upon the costs of administering this program. Before establishing the fees, the commission shall determine the most cost effective program consistent with Clean Air Act requirements for each area of the state pursuant to ORS 468A.370.

(2) The department shall collect the fees established pursuant to subsection (1)(b) of this section at the time of the issuance of certificates of compliance as required by ORS 468A.380 (2)(c).

(3) On or before the 15th day of each month, the commission shall pay into the State Treasury all moneys received as fees pursuant to subsections (1) and (2) of this section during the preceding calendar month. The State Treasurer shall credit such money to the Department of Environmental Quality Motor Vehicle Pollution Account, which is hereby created. The moneys in the Department of Environmental Quality Motor Vehicle Pollution Account are continuously appropriated to the department to be used by the department solely or in conjunction with other state agencies and local units of government for:

(a) Any expenses incurred by the department and, if approved by the Governor, any expenses incurred by the Department of Transportation in the certification, examination, inspection or licensing of persons, equipment, apparatus or methods in accordance with the provisions of ORS 468A.380 and 815.310.

(b) Such other expenses as are necessary to study traffic patterns and to inspect, regulate and control the emission of pollutants from motor vehicles in this state.

(4) The Department of Environmental Quality may enter into an agreement with the Department of Transportation to collect the licensing and renewal fees described in subsection (1)(a) of this section subject to the fees being paid and credited as provided in

subsection (3) of this section. [Formerly 468.405; 1993 c.18 §122; 1993 c.791 §4]

468A.405 Authority to limit motor vehicle operation and traffic; rules. The Environmental Quality Commission and regional air pollution control authorities organized pursuant to ORS 448.305, 454.010 to 454.040, 454.205 to 454.255, 454.505 to 454.535, 454.605 to 454.755 and ORS chapters 468, 468A and 468B by rule may regulate, limit, control or prohibit motor vehicle operation and traffic as necessary for the control of air pollution which presents an imminent and substantial endangerment to the health of persons. [Formerly 449.747 and then 468.410]

468A.410 Administration and enforcement of rules adopted under ORS 468A.405. Cities, counties, municipal corporations and other agencies, including the Department of State Police and the Department of Transportation, shall cooperate with the Environmental Quality Commission and regional air pollution control authorities in the administration and enforcement of the terms of any rule adopted pursuant to ORS 468A.405. [Formerly 449.751 and then 468.415]

468A.415 Legislative findings. The Legislative Assembly finds that extending additional statewide controls and fees on industrial and motor vehicle sources of air pollution may not be sufficient to attain and maintain desired air quality standards in the Portland-Vancouver air quality maintenance area. Additional approaches are needed to address growth in vehicle miles of travel that satisfy mobility needs and allow for economic growth while meeting the air quality goals for the region. [1991 c.752 §13]

468A.420 Oxygenated motor vehicle fuels; when required by rule. (1) The Environmental Quality Commission shall adopt rules consistent with section 211 of the Clean Air Act to require oxygenated motor vehicle fuels to be used in any carbon monoxide nonattainment area in the state.

(2) The rules adopted under subsection (1) of this section shall require:

(a) Oxygenated fuels to be used during any portion of the year during which the nonattainment area is prone to high ambient concentrations of carbon monoxide.

(b) The use of oxygenated fuels in carbon monoxide nonattainment areas on or before November 1, 1992.

(3) An oxygenated fuel shall contain 2.7 percent or more oxygen by weight. Methods to achieve this requirement may include but need not be limited to the use of ethanol blends. [1991 c.752 §13b]

468A.455 Police enforcement. The Oregon State Police, the county sheriff and municipal police are authorized to use such reasonable force as is required in the enforcement of any rule adopted pursuant to ORS 468A.405 and may take such reasonable steps as are required to assure compliance therewith, including but not limited to:

(1) Locating appropriate signs and signals for detouring, prohibiting and stopping motor vehicle traffic; and

(2) Issuing warnings or citations. [Formerly 449.753 and then 468.420]

Chapter 480

EXPLOSIVES AND FLAMMABLE MATERIALS

Explosives Generally

480.010 Labels for blasting powder and fuse. All blasting powder and fuse shipped into this state for use, or manufactured in this state for use in this state, shall have stamped or printed upon the outside of the original package, box, case or wrapper the date of manufacture of the contents.

480.020 Prohibition against sale of bad powder. Whenever any blasting powder shows a state of disintegration or decomposition sufficient so that it remains in a soft condition in a temperature of 32 degrees Fahrenheit, or is in a state of crystallization, which is revealed by some portions being in a hard condition and surrounded by other portions in a soft condition, it shall be deemed bad and dangerous powder, and its sale and use is prohibited.

480.030 Fuse unfit for use and sale; prohibition of use. Whenever any fuse shows by its appearance to have been overheated, or if it is in a hard and brittle condition, which is seen by breaks and cracks in the wrapper around the outside of the fuse, the same shall be declared unfit for use and sale, and its use is forbidden.

480.040 Sale, exchange or possession, when unlawful. No person shall sell or exchange, or offer or expose for sale or ex-

change, or have in possession for use by employees of the person:

(1) Any blasting powder or fuse which has not been stamped or printed upon as required in ORS 480.010.

(2) Any blasting powder of which the sale and use is prohibited by ORS 480.020.

(3) Any fuse declared to be unfit for use as prohibited by ORS 480.030.

480.050 Prohibition against intrastate transportation of explosives in passenger vehicle operated by common carrier; exception. No person shall transport, carry or convey, or have transported, carried or conveyed, any dynamite, gunpowder or other like explosives, between any places in Oregon, on any car or other vehicle of any description operated by a common carrier which car or vehicle is carrying passengers for hire. However, it shall be lawful to transport on any such car or vehicle small arms, ammunition in any quantity, such fuses, torpedoes, rockets or other signal devices as may be essential to promote safety in operation, and properly packed and marked samples of explosives for laboratory examination, not exceeding a net weight of one-half pound each and not exceeding 20 samples at one time in a single car or vehicle. Such samples shall not be carried in that part of a car or vehicle which is intended for the transportation of passengers for hire. Nothing in this section shall be construed to prevent the transportation of military or naval forces, with their accompanying munitions of war, on passenger equipment, cars or vehicles.

480.060 Transportation of certain explosives prohibited. No person shall transport, carry or convey, or have transported, carried or conveyed, liquid nitroglycerine, fulminate in bulk in dry condition, or other like explosives, between any places in Oregon, on any car or other vehicle of any description operated by a common carrier in the transportation of passengers.

480.070 Fire bombs prohibited; exceptions. (1) No person shall possess a fire bomb. For the purpose of this section a "fire bomb" is a breakable container containing a flammable liquid with a flash point of 150 degrees Fahrenheit or less, having an integral wick or similar device capable of being ignited, but no device commercially manufactured primarily for the purpose of illuminating shall be deemed to be a fire bomb for the purpose of this section.

(2) This section shall not prohibit the authorized use or possession of such fire bomb by a member of the Armed Forces of the United States or by any member of a

regularly organized public fire or police department. [1967 c.417 §21]

480.085 Requirement for removal of unused explosives from work area. (1) In addition to any other legal requirements, all users of explosives shall be responsible for the removal of all unused explosives from any area of use after the work for which the explosive was required is completed or when the user is absent for more than 30 days from the area of use, unless the explosives are stored in a manner meeting the safety requirements promulgated by the State Fire Marshal pursuant to ORS 476.030.

(2) As used in this section:

(a) "Explosives" means dynamite, blasting powder, black powder, nitroglycerin, detonators, nitro-jelly, prima-cord and detonating fuse.

(b) "User" means any person using explosives for any purpose whatsoever, and regardless of whether such person is being compensated for such use. [1963 c.384 §1]

480.095 Penalty and civil liability for violation of ORS 480.085. Persons violating ORS 480.085 are subject to the penalty provided in ORS 480.990 (4) and are liable in civil action for damages to any person suffering injury from handling or otherwise coming in contact with unused explosives that are left in an area of use in violation of ORS 480.085, regardless of any negligence or lack of negligence on the part of the defendant. [1963 c.384 §2; 2007 c.71 §158]

Regulation of Gasoline Dispensing

480.310 Definitions for ORS 480.315 to 480.385. As used in ORS 480.315 to 480.385:

(1) "Class 1 flammable liquids" means liquids with a flash point below 25 degrees Fahrenheit, closed cup tester.

(2) "Nonretail facility" means an unattended facility where Class 1 flammable liquids are dispensed through a card or key activated fuel dispensing device to nonretail customers. [Amended by 1991 c.863 §48]

480.315 Policy. The Legislative Assembly declares that, except as provided in ORS 480.345 to 480.385, it is in the public interest to maintain a prohibition on the self-service dispensing of Class 1 flammable liquids at retail. The Legislative Assembly finds and declares that:

(1) The dispensing of Class 1 flammable liquids by dispensers properly trained in appropriate safety procedures reduces fire hazards directly associated with the dispensing of Class 1 flammable liquids;

(2) Appropriate safety standards often are unenforceable at retail self-service stations in other states because cashiers are often

unable to maintain a clear view of and give undivided attention to the dispensing of Class 1 flammable liquids by customers;

(3) Higher liability insurance rates charged to retail self-service stations reflect the dangers posed to customers when they leave their vehicles to dispense Class 1 flammable liquids, such as the increased risk of crime and the increased risk of personal injury resulting from slipping on slick surfaces;

(4) The dangers of crime and slick surfaces described in subsection (3) of this section are enhanced because Oregon's weather is uniquely adverse, causing wet pavement and reduced visibility;

(5) The dangers described in subsection (3) of this section are heightened when the customer is a senior citizen or has a disability, especially if the customer uses a mobility aid, such as a wheelchair, walker, cane or crutches;

(6) Attempts by other states to require the providing of aid to senior citizens and persons with disabilities in the self-service dispensing of Class 1 flammable liquids at retail have failed, and therefore, senior citizens and persons with disabilities must pay the higher costs of full service;

(7) Exposure to toxic fumes represents a health hazard to customers dispensing Class 1 flammable liquids;

(8) The hazard described in subsection (7) of this section is heightened when the customer is pregnant;

(9) The exposure to Class 1 flammable liquids through dispensing should, in general, be limited to as few individuals as possible, such as gasoline station owners and their employees or other trained and certified dispensers;

(10) The typical practice of charging significantly higher prices for full-service fuel dispensing in states where self-service is permitted at retail:

(a) Discriminates against customers with lower incomes, who are under greater economic pressure to subject themselves to the inconvenience and hazards of self-service;

(b) Discriminates against customers who are elderly or have disabilities who are unable to serve themselves and so must pay the significantly higher prices; and

(c) Increases self-service dispensing and thereby decreases maintenance checks by attendants, which results in neglect of maintenance, endangering both the customer and other motorists and resulting in unnecessary and costly repairs;

(11) The increased use of self-service at retail in other states has contributed to di-

minishing the availability of automotive repair facilities at gasoline stations;

(12) Self-service dispensing at retail in other states does not provide a sustained reduction in fuel prices charged to customers;

(13) A general prohibition of self-service dispensing of Class 1 flammable liquids by the general public promotes public welfare by providing increased safety and convenience without causing economic harm to the public in general;

(14) Self-service dispensing at retail contributes to unemployment, particularly among young people;

(15) Self-service dispensing at retail presents a health hazard and unreasonable discomfort to persons with disabilities, elderly persons, small children and those susceptible to respiratory diseases;

(16) The federal Americans with Disabilities Act, Public Law 101-336, requires that equal access be provided to persons with disabilities at retail gasoline stations; and

(17) Small children left unattended when customers leave to make payment at retail self-service stations creates a dangerous situation. [1991 c.863 §49a; 1999 c.59 §160; 2007 c.70 §276]

480.320 Use of coin-operated pumps and dispensing of gasoline by self-service declared hazardous. The installation and use of coin-operated dispensing devices for Class 1 flammable liquids and the dispensing of Class 1 flammable liquids by self-service, are declared hazardous. [Amended by 1959 c.73 §1]

480.330 Operation of gasoline dispensing device by public prohibited; aviation fuel exception. An owner, operator or employee of a filling station, service station, garage or other dispensary where Class 1 flammable liquids, except aviation fuels, are dispensed at retail may not permit any person other than the owner, operator or employee to use or manipulate any pump, hose, pipe or other device for dispensing the liquids into the fuel tank of a motor vehicle or other retail container. [Amended by 2001 c.285 §1]

480.340 Coin-operated or self-service gasoline pumps prohibited; automatic shut-off devices regulated; aviation fuel exception. An owner, operator or employee of a filling station, service station, garage or other dispensary where Class 1 flammable liquids, except aviation fuels, are dispensed at retail may not install or use or permit the use of:

(1) A coin-operated or self-service dispensing device for the liquids.

(2) A device that permits the dispensing of the liquids when the hand of the operator

of the discharge nozzle is removed from the control lever, except one equipped with an automatic nozzle of a type that has been approved by the State Fire Marshal and that has a latch-open device as an integral part of the assembly, capable of shutting off the flow of the liquids reliably when the tank is filled or when the nozzle falls or slips from the filling neck of the tank. A person may not use an automatic nozzle to dispense the liquids unless the owner, operator or employee is in the immediate vicinity of the tank being filled. [Amended by 1959 c.73 §2; 2001 c.285 §2]

480.349 Use of gasoline dispensing device by motorcycle operator. (1) As used in this section, "motorcycle" has the meaning given that term in ORS 801.365.

(2) Notwithstanding ORS 480.330 and 480.340:

(a) Upon the request of an operator of a motorcycle, the owner, operator or employee of a filling station, service station, garage or other dispensary where Class 1 flammable liquids are dispensed at retail shall set the fuel dispensing device and hand the discharge nozzle to the operator of the motorcycle.

(b) An operator of a motorcycle who is handed a discharge nozzle under paragraph (a) of this subsection:

(A) May dispense Class 1 flammable liquids into the operator's motorcycle.

(B) Shall, after dispensing the liquids, return the discharge nozzle to the owner, operator or employee.

(3) The owner, operator or employee who is handed the discharge nozzle shall return the nozzle to the pump or take any other actions necessary to ensure safe completion of the fueling operation. [2001 c.344 §2]

Note: 480.349 was added to and made a part of 480.315 to 480.385 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

Liquefied Petroleum Gas

480.410 Definition. As used in ORS 480.420 to 480.460, "LP gas" or "liquefied petroleum gas" means any liquid composed predominantly of any of the following hydrocarbons or mixtures of the same: Propane, propylene, butanes (normal butane or isobutane) and butylenes. [Amended by 1957 c.712 §1; 2009 c.790 §3]

480.420 Liquefied petroleum gas rules and regulations; conformity with standards of National Fire Protection Association. (1) The State Fire Marshal shall make, promulgate and enforce regulations establishing minimum general standards for the design, construction, location, installa-

tion and operation of equipment for storing, handling, transporting by tank truck or tank trailer and utilizing liquefied petroleum gases and specifying the degree of odorization of the gases, and shall establish standards and rules for the issuance, suspension and revocation of licenses and permits provided in ORS 480.410 to 480.460.

(2) The regulations required shall be such as are reasonably necessary for the protection of the health, welfare and safety of the public and of persons using or handling such materials, and shall be in substantial conformity with the generally accepted standards of safety relating to the same matter. Regulations in substantial conformity with the published standards of the National Fire Protection Association pamphlet No. 58 and pamphlet No. 59 for the design, installation and construction of containers and equipment thereto pertaining, for the storage and handling of liquefied petroleum gases, including utility gas plants, as recommended by the National Fire Protection Association, and the published standards of the National Fire Protection Association pamphlet No. 54 for liquefied petroleum gas piping and appliance installations in buildings, shall be deemed to be in substantial conformity with the generally accepted standards of safety relating to the same subject matter. [Amended by 1957 c.712 §2; 1961 c.477 §1; 1967 c.417 §26; 2009 c.790 §4]

480.430 Liquefied petroleum gas containers; certain uses prohibited. No person other than the owner of the container or receptacle and those authorized by the owner so to do, shall sell, fill, refill, deliver or permit to be delivered or used in any manner any liquefied petroleum gas container or receptacle for any gas or compound or for any other purpose. [Amended by 1965 c.602 §25]

480.432 Licenses required; exceptions.

(1) A person may not engage in or work at the business of installing, extending, altering or repairing any LP gas appliance or piping, vent or flue connection pertaining to or in connection with LP gas installations within the state, either as employer or individual, unless the person has received an LP gas installation license from the State Fire Marshal in accordance with ORS 480.410 to 480.460.

(2) A person may not do any LP gas fitting or gas venting work, install, repair or remodel any piping or venting or do any installation, repair service, connection or disconnection of any LP gas appliance that is subject to inspection under ORS 480.410 to 480.460 unless the person has received an LP gas fitter license from the State Fire Marshal in accordance with ORS 480.410 to 480.460.

(3) A person may not operate any LP gas delivery equipment installed on a motorized vehicle unless the person has received an LP gas truck equipment license from the State Fire Marshal in accordance with ORS 480.410 to 480.460.

(4) Any person under the terms of this section who is required to have an LP gas fitter or LP gas truck equipment license is also required to have an LP gas installation license, unless the person is an employee of an employer who has an LP gas installation license as provided by this section.

(5) A person who holds a valid journeyman plumber license under ORS 693.060 or who is in an approved journeyman plumber apprenticeship established under ORS 660.002 to 660.210 is exempt from the licensing requirements of subsections (1) and (2) of this section, except that the apprentice or journeyman plumber may not install an LP gas tank or make any connection to an LP gas tank unless the apprentice or journeyman plumber is licensed as required under this section.

(6) A person who holds a license issued by the Department of Consumer and Business Services under ORS 480.630 of a class that authorizes the person to fabricate, install, alter or repair pressure piping and to install boilers and pressure vessels by attachment of piping connector is exempt from the licensing requirements of subsections (1) and (2) of this section, except that the person may not install an LP gas tank or make any connection to an LP gas tank unless the person is licensed as required under this section.

(7) Subsections (1) to (4) of this section do not apply to LP gas installations in a manufactured dwelling or recreational vehicle performed during the construction of the manufactured dwelling or recreational vehicle, or the alteration or repair of an LP gas installation in a manufactured dwelling or recreational vehicle made pursuant to the manufacturer's warranty. [1957 c.712 §4; 1967 c.417 §27; 1999 c.558 §4; 1999 c.852 §1; 2001 c.104 §221; 2003 c.652 §1; 2005 c.758 §34]

480.434 Examination of applicants for licenses; examination fee; issuance of license. (1) The State Fire Marshal shall examine applicants for licenses required under ORS 480.410 to 480.460 as to their knowledge of LP gas, its properties, related equipment and applicable safety regulations. An applicant for examination must submit an examination application, accompanied by an examination fee of \$55, prior to the examination.

(2) LP gas fitters and drivers must be examined and obtain a license after not more

than a 60-day probationary period of on-the-job training under licensed supervision.

(3) The State Fire Marshal shall examine LP gas installation license applicants regarding the applicable code and statutory responsibilities. The successful examination of one member of a firm or executive of a corporation at each business or dealership location fulfills the examination requirement on behalf of the firm or corporation. Each LP gas business or dealership location must obtain an LP gas installation license.

(4) If satisfied that the applicant has the requisite knowledge, the State Fire Marshal shall issue the appropriate license or licenses to the applicant, as provided in ORS 480.410 to 480.460. [1957 c.712 §5; 1967 c.417 §28; 1987 c.346 §1; 2003 c.652 §2; 2009 c.790 §5]

480.435 Licenses; revocation; suspension; refusal to issue or renew. In accordance with ORS chapter 183, the State Fire Marshal may revoke or suspend or may refuse to issue or renew a license required pursuant to ORS 480.410 to 480.460, or may place the licensee in a probationary status subject to specified conditions, if the State Fire Marshal finds that the person to whom the license was issued:

(1) Deliberately falsified the application form for the LP gas license or examination;

(2) Has committed a violation of ORS 162.305;

(3) Failed to comply with any provision of ORS 480.410 to 480.460, or any rule adopted pursuant thereto; or

(4) Failed to maintain the status required under ORS 480.434. [1987 c.346 §3]

480.436 License fees; term of licenses; delinquency penalty. (1) The annual fee for the LP gas installation license is \$130.

(2) The biennial fee for an LP gas fitter license or an LP gas truck equipment license is \$60.

(3) All licenses must be renewed on or before a date specified by the State Fire Marshal. Unless revoked or suspended by the State Fire Marshal for failure to comply with the provisions of ORS 480.410 to 480.460, an LP gas installation license continues in force for one year from the date of issuance. An LP gas fitter license or an LP gas truck equipment license continues in force for two years from the date of issuance. The State Fire Marshal, by rule, may establish a system for staggered license expiration dates that includes prorated fees for periods of less than one year for an LP gas installation license and less than two years for an LP gas fitter license or an LP gas truck equipment license.

(4) If the fees provided for in this section are due and payable and are not paid within 30 days after service of written notice by the State Fire Marshal therefor, the fees are delinquent and a penalty equal to the greater of 10 percent of the license fee amount or \$30 is imposed for the delinquency. [1957 c.712 §6; 1967 c.417 §29; 1973 c.832 §15; 1993 c.115 §1; 1995 c.79 §293; 1999 c.558 §1; 2003 c.652 §3; 2009 c.790 §§6,7]

480.440 Inspection of certain storage tanks; fee. The State Fire Marshal shall annually inspect an installation of storage tanks located at dealers' plants. The State Fire Marshal may annually inspect an installation of tanks used for delivery purposes. The State Fire Marshal shall collect a fee of \$100 for each plant inspection and \$24 for each delivery unit inspection. [Amended by 1953 c.228 §4; 1957 c.712 §7; 1967 c.417 §30; 1973 c.832 §16; 1999 c.558 §2; 2003 c.652 §4]

480.445 Regulation of liquefied petroleum gas container or receptacle siting and installation. (1) The regulation of liquefied petroleum gas containers or receptacles by the State Fire Marshal pursuant to ORS 480.410 to 480.460 is not a program affecting land use under ORS 197.180.

(2) A local government may not regulate the siting, installation, maintenance or removal of a liquefied petroleum gas container or receptacle regulated by the State Fire Marshal pursuant to ORS 480.410 to 480.460, except as provided in subsection (3) of this section or ORS 480.450 (7).

(3) A local government may:

(a) Regulate the siting and installation of a liquefied petroleum gas container or receptacle with a capacity of more than 1,200 gallons or a group of containers and receptacles with an aggregate capacity of more than 4,000 gallons to protect the public health and safety.

(b) Regulate the siting and installation of liquefied petroleum gas containers or receptacles in a flood plain regulated by local ordinance.

(c) Regulate the siting and installation of liquefied petroleum gas containers or receptacles that are not accessory to an authorized or authorizable land use.

(d) Prohibit the siting and installation of liquefied petroleum gas containers or receptacles of specified types or sizes in specific zones within an urban growth boundary to protect the public health and safety.

(e) Regulate, through the local government's assistant to the State Fire Marshal as described in ORS 476.060, the placement of liquefied petroleum gas containers or receptacles for the purpose of fire prevention. [2005 c.88 §2; 2009 c.790 §8]

Note: 480.445 was added to and made a part of 480.410 to 480.460 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

480.450 Notice of new installations; fees; inspections after original inspection; notice of changes; correction of improper installations required. (1) The installer shall notify the State Fire Marshal, before the last day of each month, of all new installations made during the preceding month of containers or receptacles for liquefied petroleum gas, including installations for private homes and apartments. The installer shall certify on a form provided by the State Fire Marshal that all of the new installations are duly and properly reported. The State Fire Marshal may require that the notification include the location and description of the installation and the name of the user. All fees due and payable must accompany the notification. The replacement of empty containers or receptacles with other containers constructed in accordance with United States Department of Transportation specifications is not a new installation or change in the original installation that requires notification to the State Fire Marshal or necessitates further inspection of the installation. The State Fire Marshal shall collect from the installer an installation fee of \$50 for each tank installed or for all tanks at the installation if the total combined capacity is 200 gallons or less. The State Fire Marshal or deputies of the fire marshal or assistants shall inspect a reasonable number of the installations and maintain a record of the inspections in the office of the State Fire Marshal.

(2) In addition to any installation or inspection fee, the State Fire Marshal may charge a plan review fee, not to exceed \$100, for any liquefied petroleum gas container and receptacle plan review required under a uniform fire code prescribed by the State Fire Marshal by rule.

(3) After the initial installation, liquefied petroleum gas containers may be inspected once every 10 years except when changes have been made in the original installation. An installer making changes must notify the State Fire Marshal of the changes in the same manner provided in this section for new installations. The State Fire Marshal shall collect from the owner a fee of \$50 for the inspection of each container. The manner of inspection, requirement of corrections, satisfaction of requirements and collection of fees due and payable must conform with the provisions of ORS 480.410 to 480.460 for new installations. Upon request of the State Fire Marshal, LP gas installation licensees shall furnish a list of the locations of 10-year old installations that they service.

(4) If, upon inspection of any tank, the new installation does not comply with the requirements of the State Fire Marshal, the State Fire Marshal shall instruct the installer as to what corrections are necessary for compliance with the State Fire Marshal's requirements. The installer of the new installation shall, within the time set by the State Fire Marshal, not to exceed 60 days after notification, notify the State Fire Marshal that the new installation complies with the requirements of the fire marshal. If the installer fails to notify the State Fire Marshal, or the State Fire Marshal has reason to believe that the corrections have not been made, the State Fire Marshal shall reinspect the new installation and shall collect from the installer an additional fee of \$125. The user, not the installer, shall pay the additional fee resulting from actions of the user that require correction to achieve compliance with the requirements of the State Fire Marshal.

(5) A person who receives notice from the State Fire Marshal must correct any improper installation within the time set by the State Fire Marshal, not to exceed 60 days after receipt of the notice.

(6) If the fees provided for in this section are due and payable and are not paid within 30 days after service of written notice by the State Fire Marshal therefor, or if the installer fails to notify the State Fire Marshal by the last day of the month succeeding the month a new installation is made or a change is made requiring an inspection, the fees are delinquent and a penalty equal to the greater of 10 percent of the fee amount or \$30, is imposed for the delinquency. The State Fire Marshal shall collect all fees and penalties in the name of the State of Oregon in the same manner that other debts are collected.

(7) The provisions of this section do not apply to liquefied petroleum gas installations if made entirely within the jurisdiction of a governmental subdivision granted the exemption provided by ORS 476.030 (3) and written evidence of the licensing of the installation by the approved authority is submitted to the State Fire Marshal. The provisions of this section do not apply to LP gas installations made in manufactured dwellings or recreational vehicles that are constructed or altered in accordance with applicable rules of the Department of Consumer and Business Services. [Amended by 1953 c.228 §4; 1957 c.712 §8; part renumbered 480.460; 1967 c.417 §31; 1973 c.832 §17; 1987 c.346 §4; 1987 c.414 §159a; 1993 c.18 §124; 1993 c.185 §33; 1995 c.79 §294; 1995 c.305 §1; 1999 c.558 §3; 2003 c.652 §5; 2009 c.790 §§9,10]

480.460 Disposition of fees. All fees received by the State Fire Marshal under ORS 480.200 to 480.290 and 480.410 to 480.460

shall be paid by the fire marshal to the State Treasurer monthly and shall constitute and be an appropriation available for the payment of salaries and expenses of deputies and clerical and other assistants of the State Fire Marshal. [Formerly part of 480.450; 1973 c.832 §18]

Chapter 646A

ENFORCEMENT OF EXPRESS WARRANTIES ON NEW MOTOR VEHICLES

646A.400 Definitions for ORS 646A.400 to 646A.418. As used in ORS 646A.400 to 646A.418:

(1) "Collateral charge" means a charge, fee or cost to the consumer related to the sale or lease of a motor vehicle, such as:

(a) A sales, property or use tax;

- (b) A license, registration or title fee;
- (c) A finance charge;
- (d) A prepayment penalty;
- (e) A charge for undercoating, rust-proofing or factory or dealer installed options; and
- (f) The cost of an aftermarket item purchased within 20 days after delivery of the motor vehicle.

(2) "Consumer" means:

(a) The purchaser or lessee, other than for purposes of resale, of a new motor vehicle normally used for personal, family or household purposes;

(b) Any person to whom a new motor vehicle used for personal, family or household purposes is transferred for the same purposes during the duration of an express warranty applicable to such motor vehicle; and

(c) Any other person entitled by the terms of such warranty to enforce the obligations of the warranty.

(3)(a) "Motor home" means a motor vehicle that is a new or demonstrator vehicular unit built on, or permanently attached to, a self-propelled motor vehicle chassis, chassis cab or van that becomes an integral part of the completed vehicle, and that is designed to provide temporary living quarters for recreational, camping or travel use.

(b) "Motor home" does not include a trailer, camper, van or vehicle manufactured by an entity that primarily manufactures motor vehicles other than motor homes as defined in this subsection.

(c) "Motor home" does not include "living facility components," which means those items designed, used or maintained primarily for the living quarters portion of the motor home, including but not limited to the flooring, plumbing fixtures, appliances, water heater, fabrics, door and furniture hardware, lighting fixtures, generators, roof heating and air conditioning units, cabinets, countertops, furniture and audio-visual equipment.

(4) "Motor vehicle" means a passenger motor vehicle as defined in ORS 801.360 that is purchased in this state or is purchased outside this state but registered in this state. [Formerly 646.315; 2009 c.448 §1]

646A.402 Availability of remedy. The remedy under the provisions of ORS 646A.400 to 646A.418 is available to a consumer if:

(1) A new motor vehicle does not conform to applicable manufacturer's express warranties;

(2) The consumer reports each nonconformity to the manufacturer, the manufacturer's agent or the manufacturer's authorized dealer, for the purpose of repair

or correction, during the two-year period following the date of original delivery of the motor vehicle to the consumer or during the period ending on the date on which the mileage on the motor vehicle reaches 24,000 miles, whichever period ends first; and

(3) The manufacturer has received direct written notification from or on behalf of the consumer and has had an opportunity to correct the alleged defect. "Notification" under this subsection includes, but is not limited to, a request by the consumer for an informal dispute settlement procedure under ORS 646A.408. [Formerly 646.325; 2009 c.448 §2]

646A.404 Consumer's remedies; manufacturer's affirmative defenses. (1) If the manufacturer or agents or authorized dealers of the manufacturer are unable to conform the motor vehicle to an applicable manufacturer's express warranty by repairing or correcting a defect or condition that substantially impairs the use, market value or safety of the motor vehicle to the consumer after a reasonable number of attempts, the manufacturer shall:

(a) Replace the motor vehicle with a new motor vehicle; or

(b) Accept return of the vehicle from the consumer and refund to the consumer the full purchase or lease price and collateral charges paid, less a reasonable allowance for the consumer's use of the motor vehicle. In lieu of refunding, as part of the collateral charges paid, the cost of an aftermarket item purchased within 20 days after delivery of the motor vehicle, the manufacturer may remove the aftermarket item from the motor vehicle, if the aftermarket item can be removed from the motor vehicle without damage, and return the aftermarket item to the consumer.

(2) Refunds must be made to the consumer and lienholder, if any, as the interests of the consumer and lienholder may appear.

(3)(a) As used in this section, "reasonable allowance for the consumer's use of the motor vehicle" means:

(A) For a motor vehicle that is not a motorcycle or a motor home, an amount of money equivalent to the motor vehicle mileage as described in paragraph (b) of this subsection, multiplied by the combined amount of the cash price or lease price of the motor vehicle and the amount of any collateral charges paid by the consumer, and divided by 120,000.

(B) For a motorcycle, an amount of money equivalent to the motor vehicle mileage as described in paragraph (b) of this subsection, multiplied by the combined amount of the cash price or lease price of the motorcycle and the amount of any collateral

charges paid by the consumer, and divided by 25,000.

(C) For a motor home, an amount of money equivalent to the motor vehicle mileage as described in paragraph (b) of this subsection, multiplied by the combined amount of the cash price or lease price of the motor home and the amount of any collateral charges paid by the consumer, and divided by 90,000.

(b) The motor vehicle mileage for the purposes of the calculation described in paragraph (a) of this subsection is the motor vehicle's mileage at the time the manufacturer takes an action described in subsection (1) of this section, less 10 miles for mileage that the motor vehicle traveled during any period in which the consumer did not have use of the motor vehicle because the manufacturer or an agent or authorized dealer of the manufacturer was repairing the motor vehicle.

(4) It is an affirmative defense to a claim under ORS 646A.400 to 646A.418 that:

(a) An alleged nonconformity does not substantially impair such use, market value or safety; or

(b) A nonconformity is the result of abuse, neglect or unauthorized modifications or alterations of the motor vehicle. [Formerly 646.335; 2009 c.448 §3]

646A.405 Manufacturer action under ORS 646A.404; request to Department of Transportation; notice to buyer; unlawful practice; rules. (1) A manufacturer that takes an action with respect to a motor vehicle under ORS 646A.404 (1)(a) or (b) shall request the Department of Transportation to:

(a) Title the motor vehicle in the manufacturer's name; and

(b) Inscribe on the certificate of title for the motor vehicle and in the department's records concerning the motor vehicle the notation "Lemon Law Buyback."

(2) A person that acquires a motor vehicle in order to sell, lease or otherwise transfer the motor vehicle and that knows or should have known that the manufacturer took an action with respect to the motor vehicle under ORS 646A.404 (1)(a) or (b) or that the certificate of title for the motor vehicle is inscribed with the notation specified in subsection (1) of this section, before selling, leasing or otherwise transferring the motor vehicle shall:

(a) Provide the buyer, lessee or transferee with a notice that states:

This vehicle was repurchased by its manufacturer in accordance with Oregon's con-

sumer warranty law because of a defect in the vehicle. The title to this vehicle has been permanently inscribed with the notation "Lemon Law Buyback."

(b) Obtain the signature of the buyer, lessee or transferee on the notice in a space provided for that purpose under a statement in which the buyer, lessee or transferee acknowledges receiving and understanding the notice.

(3) Failure to comply with the requirements of subsection (1) or (2) of this section is an unlawful practice under ORS 646.608 and a person that fails to comply with the requirements is subject to the causes of action and remedies provided in ORS 646.632 and 646.638.

(4) The Director of Transportation may adopt rules to prescribe the form and content of the notice required under this section and to require the disclosure of other information the director deems necessary to inform a buyer, lessee or transferee of the condition of a motor vehicle that is subject to the provisions of this section or information that is otherwise material to a sale, lease or transfer of the motor vehicle. [2009 c.448 §10]

646A.406 Presumption of reasonable attempt to conform; extension of time for repairs; notice to manufacturer. (1) It is presumed that a reasonable number of attempts have been undertaken to conform a motor vehicle to the applicable manufacturer's express warranties if, during the two-year period following the date of original delivery of the motor vehicle to a consumer or during the period ending on the date on which the mileage on the motor vehicle reaches 24,000 miles, whichever period ends first:

(a) The manufacturer or an agent or authorized dealer of the manufacturer has subjected the nonconformity to repair or correction three or more times and has had an opportunity to cure the defect alleged, but the nonconformity continues to exist;

(b) The motor vehicle is out of service by reason of repair or correction for a cumulative total of 30 or more calendar days or 60 or more calendar days if the vehicle is a motor home; or

(c) The manufacturer or an agent or authorized dealer of the manufacturer has subjected a nonconformity that is likely to cause death or serious bodily injury to repair or correction at least one time and has made a final attempt to repair or correct the nonconformity, but the nonconformity continues to exist.

(2) A repair or correction for purposes of subsection (1) of this section includes a repair that must take place after the expiration of the earlier of either period.

(3) The period ending on the date on which the mileage on the motor vehicle reaches 24,000 miles, the two-year period and the 30-day period shall be extended by any period of time during which repair services are not available to the consumer because of a war, invasion, strike, fire, flood or other natural disaster.

(4) The presumption described in subsection (1) of this section does not apply against a manufacturer unless the manufacturer has received prior direct written notification from or on behalf of the consumer and has had an opportunity to cure the defect alleged. [Formerly 646.345; 2009 c.448 §4]

646A.408 Use of informal dispute settlement procedure as condition for remedy; binding effect on manufacturer. If a manufacturer, for the purpose of settling disputes that arise under ORS 646A.400 to 646A.418, establishes or participates in an informal dispute settlement procedure that substantially complies with the provisions of 16 C.F.R. part 703, as in effect on June 23, 2009, and causes a consumer to be notified of the procedure, ORS 646A.404 does not apply to a consumer who has not first resorted to the procedure. A decision resulting from arbitration pursuant to the informal dispute settlement procedure is binding on the manufacturer but is not binding on the consumer. [Formerly 646.355; 2009 c.448 §5]

646A.410 Informal dispute settlement procedure; recordkeeping; review by Department of Justice. A manufacturer which has established or participates in an informal dispute settlement procedure shall keep records of all cases submitted to the procedure under ORS 646A.408 and shall make the records available to the Department of Justice if the department requests them. The department may review all case records kept under this section to determine whether or not the arbitrators are complying with the provisions of ORS 646A.400 to 646A.418 in reaching their decisions. [Formerly 646.357]

646A.412 Action in court; damages if manufacturer does not act in good faith; attorney fees; expert witness fees; costs. (1) If a consumer brings an action in court under ORS 646A.400 to 646A.418 against a manufacturer and the consumer is granted one of the remedies specified in ORS 646A.404 (1) by the court, the consumer shall also be awarded up to three times the amount of any damages, not to exceed \$50,000 over and above the amount due the consumer under ORS 646A.404 (1), if the

court finds that the manufacturer did not act in good faith.

(2) Except as provided in subsection (3) of this section, the court may award reasonable attorney fees, fees for expert witnesses and costs to a consumer who prevails in an appeal or action under ORS 646A.400 to 646A.418. If a court finds that a consumer brought an action under ORS 646A.400 to 646A.418 in bad faith or solely for the purposes of harassment, the court may award a prevailing manufacturer reasonable attorney fees.

(3) The court may award reasonable attorney fees, fees for expert witnesses and costs to the prevailing party in an appeal or action under ORS 646A.400 to 646A.418 that involves a motor home. [Formerly 646.359; 2009 c.448 §6]

646A.414 Limitations on actions against dealers. (1) Except as provided in ORS 646A.405, nothing in ORS 646A.400 to 646A.418 creates a cause of action by a consumer against a vehicle dealer.

(2) A manufacturer may not join a dealer as a party in a proceeding brought under ORS 646A.400 to 646A.418, nor may the manufacturer try to collect from a dealer damages assessed against the manufacturer in a proceeding brought under ORS 646A.400 to 646A.418. [Formerly 646.361; 2009 c.448 §7]

646A.416 Limitation on commencement of action. An action brought under ORS 646A.400 to 646A.418 must be commenced within one year after whichever of the following periods ends earlier:

(1) The period ending on the date on which the mileage on the motor vehicle reaches 24,000 miles;

(2) The two-year period following the date of the original delivery of the motor vehicle to the consumer; or

(3) The period that ends after an extension of time provided under ORS 646A.406 (3). [Formerly 646.365; 2009 c.448 §8]

646A.418 Remedies supplementary to existing statutory or common law remedies; election of remedies. Nothing in ORS 646A.400 to 646A.418 is intended in any way to limit the rights or remedies that are otherwise available to a consumer under any other law. However, if the consumer elects to pursue any other remedy in state or federal court, the remedy available under ORS 646A.400 to 646A.418 shall not be available insofar as it would result in recovery in excess of the recovery authorized by ORS 646A.404 without proof of fault resulting in damages in excess of such recovery. [Formerly 646.375]

Chapter 742

MOTOR VEHICLE LIABILITY INSURANCE

Issuance of Proof of Insurance

742.447 Proof of insurance. (1) Every insurer that issues motor vehicle insurance that is designed to meet either the financial or future responsibility requirements of ORS chapter 806 shall issue with the policy proof of insurance that shows the effective date and the expiration date of the insurance.

(2) An insurer may provide proof of insurance under this section by issuing a card or, if the insured agrees, through electronic means.

(3) Nothing in this section requires an insurer to provide proof of insurance at any time other than when the policy is issued or renewed. [1993 c.746 §1; 2013 c.108 §1]

Note: 742.447 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 742 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

General Provisions

742.449 Prohibition on assignment to high risk category on certain grounds. An insurer issuing motor vehicle liability insurance policies in this state may not assign an insured or applicant for insurance to a higher risk category than the person would otherwise be assigned to solely because the person has:

(1) Let a prior motor vehicle liability policy lapse, unless the person was in violation of ORS 806.010 at any time after the prior policy lapsed; or

(2) Had driving privileges suspended pursuant to ORS 809.280 (6) or (8) if the suspension is based on a nondriving offense. [1989 c.419 §2; 1991 c.860 §6; 2011 c.355 §22]

742.450 Contents of motor vehicle liability policy; permitted exclusions. (1) Every motor vehicle liability insurance policy issued for delivery in this state shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability.

(2) Every motor vehicle liability insurance policy issued for delivery in this state shall contain an agreement or indorsement stating that, as respects bodily injury and death or property damage, or both, the insurance provides either:

(a) The coverage described in ORS 806.070 and 806.080; or

(b) The coverage described in ORS 806.270.

(3) The agreement or indorsement required by subsection (2) of this section shall also state that the insurance provided is subject to all the provisions of the Oregon Vehicle Code relating to financial responsibility requirements as defined in ORS 801.280 or future responsibility filings as defined in ORS 801.290, as appropriate.

(4) Every motor vehicle liability insurance policy issued for delivery in this state shall provide liability coverage to at least the limits specified in ORS 806.070.

(5) Every motor vehicle liability insurance policy issued for delivery in this state shall provide liability coverage, up to the limits of coverage under the policy for a vehicle owned by the named insured, for the operation by the named insured of a motor vehicle provided to the named insured, without regard to whether the named insured is charged for the use of the motor vehicle, if:

(a) The motor vehicle is provided to the named insured by a person engaged in the business of repairing or servicing motor vehicles; and

(b) The motor vehicle is provided to the named insured as a temporary replacement vehicle while the named insured's vehicle is being repaired or serviced.

(6) A motor vehicle liability insurance policy issued for delivery in this state may exclude by name from coverage required by subsection (2)(a) of this section any person other than the named insured, for any of the reasons stated in subsection (7) of this section. When an insurer excludes a person as provided by this subsection, the insurer shall obtain a statement or indorsement, signed by each of the named insureds, that the policy will not provide any coverage required by subsection (2)(a) of this section when the motor vehicle is driven by any named excluded person.

(7) A person may be excluded from coverage under a motor vehicle liability insurance policy as provided in subsection (6) of this section:

(a) Because of the driving record of the person. The Director of the Department of Consumer and Business Services by rule may establish restrictions on the use of the driving record in addition to other restrictions established by law.

(b) Because of any reason or set of criteria established by the director by rule.

(8) Every motor vehicle liability insurance policy issued for delivery in this state shall contain a provision that provides liability coverage for each family member of

the insured residing in the same household as the insured in an amount equal to the amount of liability coverage purchased by the insured. [Formerly 486.541 and then 743.776; 1991 c.768 §3; 1999 c.438 §2; 2007 c.782 §1]

742.454 Liabilities that need not be covered. The motor vehicle liability insurance policy required by ORS 806.010, 806.060, 806.080, 806.240 or 806.270 need not insure any liability under any workers' compensation law; nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of a vehicle; nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured. [Formerly 486.546 and then 743.778]

742.456 When insurer's liability accrues; nonforfeiture provisions. The liability of an insurer with respect to the motor vehicle liability insurance policy required by ORS 806.060, 806.240 or 806.270 shall become absolute whenever injury or damage covered by the policy occurs. The policy may not be canceled or annulled as to such liability by any agreement between the insurer and the insured after the occurrence of the injury or damage. No statement made by the insured or on behalf of the insured and in violation of the policy shall defeat or void the policy. This section does not apply to motor vehicle liability insurance policies other than those required in connection with ORS 806.060, 806.240 or 806.270. [Formerly 486.551 and then 743.779]

742.458 General provisions governing liability policies. Every motor vehicle liability insurance policy shall be subject to the following provisions, which need not be contained therein:

(1) The policy, the written application therefor, if any, and any rider or indorsement that does not conflict with the laws relating to motor vehicle liability insurance policies shall constitute the entire contract between the parties.

(2) The satisfaction by the insured of a judgment for injury or damage shall not be a condition precedent to the right or duty of the insurer to make payment on account of such injury or damage.

(3) Any binder issued pending the issuance of a motor vehicle liability insurance policy shall be deemed to fulfill the requirements for such a policy. [Formerly 486.556 and then 743.781]

742.460 Insurer's right to provide for reimbursement and proration. Any motor vehicle liability insurance policy may provide that the insured shall reimburse the insurer

for any payment the insurer would not have been obligated to make under the terms of the policy except for the provisions of ORS 742.450 to 742.464, 806.080 and 806.270 and it may further provide for the prorating of the insurance thereunder with other valid and collectible insurance. [Formerly 486.561 and then 743.782; 1995 c.79 §363]

742.462 Insurer's right to settle claims. The insurer shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in respect to a motor vehicle liability insurance policy. [Formerly 486.564 and then 743.784]

742.464 Excess coverage permitted; combining policies to meet requirements. Any policy which grants the coverage required for a motor vehicle liability insurance policy under ORS 742.450, 806.080 and 806.270 may also grant any lawful coverage in excess of or in addition to the required coverage, and such excess or additional coverage shall not be subject to the provisions of ORS 742.031, 742.400 and 742.450 to 742.464. With respect to a policy which grants such excess or additional coverage only that part of the coverage which is required by ORS 806.080 and 806.270 is subject to the requirements of those sections. [Formerly 486.566 and then 743.785]

742.466 Disputes over coverage for physical damage; independent appraisal; rules. (1) In the event of a dispute between the insurer and insured under a motor vehicle liability policy concerning coverage for physical damage, if the policy contains a provision authorizing the insured to obtain an independent appraisal by a competent and disinterested person of the physical damage, that provision shall apply. An independent appraisal conducted under this section shall be performed by a person who has been issued a vehicle appraiser certificate under ORS 819.480 or a person who has been issued a vehicle appraiser certificate or license by another state or government body.

(2) When a motor vehicle liability policy contains a provision for resolving a dispute through appraisal of a motor vehicle insured under the policy, the insurer shall reimburse the insured for the reasonable appraisal costs if the final appraisal decision under the policy provision is greater than the amount of the insurer's last offer prior to the incurrence of the appraisal costs.

(3) If a motor vehicle liability policy does not contain a provision described in subsection (1) of this section, then notwithstanding any other provision of the policy, any resolution of the dispute shall be subject to rules adopted by the Director of the Department

of Consumer and Business Services. [Formerly 743.840; 2009 c.65 §4; 2011 c.134 §1]

742.468 Certain policies not considered motor vehicle liability policies. For purposes of statutes mandating kinds or amounts of coverage that motor vehicle liability policies must contain, the following shall not be considered motor vehicle liability policies:

- (1) Comprehensive general liability policies.
- (2) Excess liability policies.
- (3) Umbrella liability policies. [1993 c.709 §10]

Motorcycle Discount

742.480 Appropriate premium charge reduction for certain motorcycle insurance policies. (1) A rate, rating plan or rating system filed with the Director of the Department of Consumer and Business Services for a motor vehicle insurance policy offering liability, personal injury protection or collision coverage shall provide an appropriate reduction in premium charges for such coverage if:

(a) The principal operator of a covered motorcycle has successfully completed a motorcycle rider education course established under ORS 802.320. The course must be completed no more than three years prior to the beginning of the policy period for which the discounted rate applies.

(b) The motorcycle is not classified, for underwriting purposes, as used for a business.

(2) If the person qualifying for a premium reduction under subsection (1) of this section is the principal operator of two or more motorcycles, the premium discount applies to only one motorcycle. No more than one premium discount may be applied to one motorcycle.

(3) If a motor vehicle insurance policy insures motorcycles and other vehicles, the appropriate reduction in premium charges applies only to the motorcycle portion of the policy. [2009 c.771 §2]

Note: 742.480 to 742.486 were added to and made a part of the Insurance Code by legislative action but were not added to ORS chapter 742 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

742.483 Effective period for premium reduction. Except as otherwise provided in this section, the premium reduction required under ORS 742.480 shall be effective for an insured for a three-year period after successful completion of the approved course. [2009 c.771 §3]

Note: See note under 742.480.

742.486 Issuance and presentation of certificates for motorcycle rider education course. An organization offering a motorcycle rider education course established under ORS 802.320 shall issue a certificate to each person who successfully completes the course. The person shall present the certificate to an insurer to qualify for the premium reduction required under ORS 742.480. [2009 c.771 §4]

Note: See note under 742.480.

Age-Based Discount

742.490 Premium reduction; conditions; application. (1) Any rate, rating plan or rating system filed with the Director of the Department of Consumer and Business Services for a motor vehicle insurance policy offering liability, personal injury protection or collision coverage, shall provide an appropriate reduction in premium charges for such coverage if:

(a) The principal operator of the covered vehicle is an insured 55 years of age or older.

(b) The principal operator of the covered vehicle has successfully completed, within the appropriate time as specified in this subsection, a motor vehicle accident prevention course approved by the Department of Transportation. To meet the requirements of this subsection, a course must be completed no more than three years prior to the beginning of the policy period for which the discounted rate applies if the person is less than 70 years of age at the time of taking the course or no more than two years prior to the beginning of the policy period for which the discounted rate applies if the person is 70 years of age or more at the time of taking the course.

(c) There are no persons under 25 years of age who regularly operate the vehicle.

(d) The vehicle is not classified for underwriting purposes as used for a business.

(2) If the person qualifying for a premium reduction under subsection (1) of this section is the principal operator of two or more vehicles, the premium discount shall apply to only one vehicle. No more than one premium discount may be applied to one vehicle. [1989 c.379 §§2,4]

742.492 Duration of reduction. Except as otherwise provided in this section, the premium reduction required by ORS 742.490 (1) shall be effective for an insured for a three-year period after successful completion of the approved course if the person is less than 70 years of age at the time of taking the course or for a two-year period after successful completion of an approved course if the person is 70 years of age or more at the time of taking the course. An insurer may

require, as a condition of maintaining the discount, that the insured:

(1) Not be involved in an accident for which the insured is at fault; and

(2) Not be convicted of or plead guilty or nolo contendere to a moving traffic violation. [1989 c.379 §3]

742.494 Certification of completion of course. Any organization offering a motor vehicle accident prevention course approved by the Department of Transportation shall issue a certificate to each person who successfully completes the course. The person shall present the certificate to an insurer to qualify for the premium discount required under ORS 742.490 (1). [1989 c.379 §5]

742.496 Limitation on qualification for discount. No person shall receive a discount under ORS 742.490 to 742.494 if the person takes the approved course as a punishment, specified by a court or other government entity, for a moving traffic violation. [1989 c.379 §6]

Uninsured Motorist Coverage

742.500 Definitions for ORS 742.500 to 742.506. As used in ORS 742.500 to 742.506:

(1) "Uninsured motorist coverage" means coverage within the terms and conditions specified in ORS 742.504 insuring the insured, the heirs or legal representative of the insured for all sums which the insured or they shall be legally entitled to recover as damages for bodily injury or death caused by accident and arising out of the ownership, maintenance or use of an uninsured motor vehicle in amounts or limits not less than the amounts or limits prescribed for bodily injury or death under ORS 806.070.

(2) "Motor vehicle" means every self-propelled device in, upon or by which any person or property is or may be transported or drawn upon a public highway, but does not include:

(a) Devices used exclusively upon stationary rails or tracks;

(b) Motor trucks as defined in ORS 801.355 that have a registration weight, as defined by ORS 803.430 of more than 8,000 pounds, when the insured has employees who operate such trucks and such employees are covered by any workers' compensation law, disability benefits law or any similar law; or

(c) Farm-type tractors or self-propelled equipment designed for use principally off public highways. [Formerly 743.786]

742.502 Uninsured motorist coverage; underinsurance coverage. (1) Every motor vehicle liability policy insuring against loss suffered by any natural person resulting from liability imposed by law for bodily injury or

death arising out of the ownership, maintenance or use of a motor vehicle shall provide in the policy or by indorsement on the policy uninsured motorist coverage when the policy is either:

(a) Issued for delivery in this state; or

(b) Issued or delivered by an insurer doing business in this state with respect to any motor vehicle then principally used or principally garaged in this state.

(2)(a) A motor vehicle bodily injury liability policy shall have the same limits for uninsured motorist coverage as for bodily injury liability coverage unless a named insured in writing elects lower limits. The insured may not elect limits lower than the amounts prescribed to meet the requirements of ORS 806.070 for bodily injury or death. Uninsured motorist coverage shall include underinsurance coverage for bodily injury or death caused by accident and arising out of the ownership, maintenance or use of a motor vehicle with motor vehicle liability insurance that provides recovery in an amount that is less than the insured's uninsured motorist coverage. Underinsurance coverage shall be equal to uninsured motorist coverage less the amount recovered from other motor vehicle liability insurance policies.

(b) If a named insured elects lower limits, the named insured shall sign a statement electing lower limits within 60 days of the time the named insured makes the election. The statement shall acknowledge that a named insured was offered uninsured motorist coverage with the limits equal to those for bodily injury liability. The statement shall contain a brief summary, which may not be construed as part of the insurance contract, of what uninsured and underinsured motorist coverages provide and shall state the price for coverage with limits equal to the named insured's bodily injury liability limits and the price for coverage with the lower limits requested by the named insured. The statement shall remain in force until rescinded in writing by a named insured or until the motor vehicle bodily injury liability limits are changed. The form of statement used to comply with this paragraph shall be approved by the Department of Consumer and Business Services.

(c) A statement electing lower limits need not be signed when vehicles are either added to or subtracted from a policy or when the policy is amended, renewed, modified or replaced by the same company or group of companies under common ownership or control unless the liability limits of the policy are changed.

(3) The insurer issuing the policy may offer one or more options of uninsured motorist coverage larger than the amounts pre-

scribed to meet the requirements of ORS 806.070 and in excess of the limits provided under the policy for motor vehicle bodily injury liability insurance. Offers of uninsured motorist coverage shall include underinsurance coverage for bodily injury or death caused by accident and arising out of the ownership, maintenance or use of a motor vehicle with motor vehicle liability insurance that provides recovery in an amount that is less than the insured's uninsured motorist coverage. Underinsurance coverage shall be equal to uninsured motorist coverage less the amount recovered from other motor vehicle liability insurance policies.

(4) Underinsurance coverage is subject to ORS 742.504 and 742.542.

(5) Uninsured motorist coverage and underinsurance coverage shall provide coverage for bodily injury or death when:

(a) The limits for uninsured motorist coverage of the insured equal the limits of the liability policy of the person whose fault caused the bodily injury or death; and

(b) The amount of liability insurance recovered is less than the limits for uninsured motorist coverage of the insured.

(6) Uninsured motorist coverage and underinsurance coverage shall provide coverage for bodily injury or death if the amount recovered from a self-insurer is less than the limits for uninsured motorist coverage of the insured.

(7) As used in this section and except as otherwise provided in this subsection, "amount recovered from other motor vehicle liability insurance policies" means the proceeds of liability insurance or the proceeds received from a public body under ORS 30.260 to 30.300 recovered by or on behalf of the injured party. Proceeds recovered on behalf of the injured party include proceeds received by the injured party's insurer as reimbursement for personal injury protection benefits provided to the injured person, proceeds received by the medical providers of the injured person and proceeds received as attorney fees on the claim of the injured person. Where applicable liability insurance policy limits are exhausted upon payment, settlement or judgment by division among two or more injured persons, "amount recovered from other motor vehicle liability insurance policies" means the proceeds that are recovered by or on behalf of the injured person but does not include any proceeds of that liability policy received by other injured persons. [Formerly 743.789; 1993 c.709 §11; 1997 c.808 §1; 2003 c.220 §1; 2005 c.235 §1; 2007 c.287 §2; 2007 c.782 §2; 2009 c.67 §14]

742.504 Required provisions of uninsured motorist coverage. Every policy required to provide the coverage specified in ORS 742.502 shall provide uninsured motorist coverage that in each instance is no less favorable in any respect to the insured or the beneficiary than if the following provisions were set forth in the policy. However, nothing contained in this section requires the insurer to reproduce in the policy the particular language of any of the following provisions:

(1)(a) Notwithstanding ORS 30.260 to 30.300, the insurer will pay all sums that the insured, the heirs or the legal representative of the insured is legally entitled to recover as general and special damages from the owner or operator of an uninsured vehicle because of bodily injury sustained by the insured caused by accident and arising out of the ownership, maintenance or use of the uninsured vehicle. Determination as to whether the insured, the insured's heirs or the insured's legal representative is legally entitled to recover such damages, and if so, the amount thereof, shall be made by agreement between the insured and the insurer, or, in the event of disagreement, may be determined by arbitration as provided in subsection (10) of this section.

(b) No judgment against any person or organization alleged to be legally responsible for bodily injury, except for proceedings instituted against the insurer as provided in this policy, shall be conclusive, as between the insured and the insurer, on the issues of liability of the person or organization or of the amount of damages to which the insured is legally entitled.

(2) As used in this policy:

(a) "Bodily injury" means bodily injury, sickness or disease, including death resulting therefrom.

(b) "Hit-and-run vehicle" means a vehicle that causes bodily injury to an insured arising out of physical contact of the vehicle with the insured or with a vehicle the insured is occupying at the time of the accident, provided:

(A) The identity of either the operator or the owner of the hit-and-run vehicle cannot be ascertained;

(B) The insured or someone on behalf of the insured reported the accident within 72 hours to a police, peace or judicial officer, to the Department of Transportation or to the equivalent department in the state where the accident occurred, and filed with the insurer within 30 days thereafter a statement under oath that the insured or the legal representative of the insured has a cause or causes of action arising out of the accident for

damages against a person or persons whose identities are unascertainable, and setting forth the facts in support thereof; and

(C) At the insurer's request, the insured or the legal representative of the insured makes available for inspection the vehicle the insured was occupying at the time of the accident.

(c) "Insured," when unqualified and when applied to uninsured motorist coverage, means:

(A) The named insured as stated in the policy and any person designated as named insured in the schedule and, while residents of the same household, the spouse of any named insured and relatives of either, provided that neither the relative nor the spouse is the owner of a vehicle not described in the policy and that, if the named insured as stated in the policy is other than an individual or husband and wife who are residents of the same household, the named insured shall be only a person so designated in the schedule;

(B) Any child residing in the household of the named insured if the insured has performed the duties of a parent to the child by rearing the child as the insured's own although the child is not related to the insured by blood, marriage or adoption; and

(C) Any other person while occupying an insured vehicle, provided the actual use thereof is with the permission of the named insured.

(d) "Insured vehicle," except as provided in paragraph (e) of this provision, means:

(A) The vehicle described in the policy or a newly acquired or substitute vehicle, as each of those terms is defined in the public liability coverage of the policy, insured under the public liability provisions of the policy; or

(B) A nonowned vehicle operated by the named insured or spouse if a resident of the same household, provided that the actual use thereof is with the permission of the owner of the vehicle and the vehicle is not owned by nor furnished for the regular or frequent use of the insured or any member of the same household.

(e) "Insured vehicle" does not include a trailer of any type unless the trailer is a described vehicle in the policy.

(f) "Occupying" means in or upon or entering into or alighting from.

(g) "Phantom vehicle" means a vehicle that causes bodily injury to an insured arising out of a motor vehicle accident that is caused by a vehicle that has no physical contact with the insured or the vehicle the

insured is occupying at the time of the accident, provided:

(A) The identity of either the operator or the owner of the phantom vehicle cannot be ascertained;

(B) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an uninsured motorist claim resulting from the accident; and

(C) The insured or someone on behalf of the insured reported the accident within 72 hours to a police, peace or judicial officer, to the Department of Transportation or to the equivalent department in the state where the accident occurred, and filed with the insurer within 30 days thereafter a statement under oath that the insured or the legal representative of the insured has a cause or causes of action arising out of the accident for damages against a person or persons whose identities are unascertainable, and setting forth the facts in support thereof.

(h) "State" includes the District of Columbia, a territory or possession of the United States and a province of Canada.

(i) "Stolen vehicle" means an insured vehicle that causes bodily injury to the insured arising out of a motor vehicle accident if:

(A) The vehicle is operated without the consent of the insured;

(B) The operator of the vehicle does not have collectible motor vehicle bodily injury liability insurance;

(C) The insured or someone on behalf of the insured reported the accident within 72 hours to a police, peace or judicial officer or to the equivalent department in the state where the accident occurred; and

(D) The insured or someone on behalf of the insured cooperates with the appropriate law enforcement agency in the prosecution of the theft of the vehicle.

(j) "Sums that the insured, the heirs or the legal representative of the insured is legally entitled to recover as general and special damages from the owner or operator of an uninsured vehicle" means the amount of damages that:

(A) A claimant could have recovered in a civil action from the owner or operator at the time of the injury after determination of fault or comparative fault and resolution of any applicable defenses;

(B) Are calculated without regard to the tort claims limitations of ORS 30.260 to 30.300; and

(C) Are no larger than benefits payable under the terms of the policy as provided in subsection (7) of this section.

(k) "Uninsured vehicle," except as provided in paragraph (L) of this provision, means:

(A) A vehicle with respect to the ownership, maintenance or use of which there is no collectible motor vehicle bodily injury liability insurance, in at least the amounts or limits prescribed for bodily injury or death under ORS 806.070 applicable at the time of the accident with respect to any person or organization legally responsible for the use of the vehicle, or with respect to which there is collectible bodily injury liability insurance applicable at the time of the accident but the insurance company writing the insurance denies coverage or the company writing the insurance becomes voluntarily or involuntarily declared bankrupt or for which a receiver is appointed or becomes insolvent. It shall be a disputable presumption that a vehicle is uninsured in the event the insured and the insurer, after reasonable efforts, fail to discover within 90 days from the date of the accident, the existence of a valid and collectible motor vehicle bodily injury liability insurance applicable at the time of the accident.

(B) A hit-and-run vehicle.

(C) A phantom vehicle.

(D) A stolen vehicle.

(E) A vehicle that is owned or operated by a self-insurer:

(i) That is not in compliance with ORS 806.130 (1)(c); or

(ii) That provides recovery to an insured in an amount that is less than the limits for uninsured motorist coverage of the insured.

(L) "Uninsured vehicle" does not include:

(A) An insured vehicle, unless the vehicle is a stolen vehicle;

(B) Except as provided in paragraph (k)(E) of this subsection, a vehicle that is owned or operated by a self-insurer within the meaning of any motor vehicle financial responsibility law, motor carrier law or any similar law;

(C) A vehicle that is owned by the United States of America, Canada, a state, a political subdivision of any such government or an agency of any such government;

(D) A land motor vehicle or trailer, if operated on rails or crawler-treads or while located for use as a residence or premises and not as a vehicle;

(E) A farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads; or

(F) A vehicle owned by or furnished for the regular or frequent use of the insured or any member of the household of the insured.

(m) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a public highway, but does not include devices moved by human power or used exclusively upon stationary rails or tracks.

(3) This coverage applies only to accidents that occur on and after the effective date of the policy, during the policy period and within the United States of America, its territories or possessions, or Canada.

(4)(a) This coverage does not apply to bodily injury of an insured with respect to which the insured or the legal representative of the insured shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person or organization who may be legally liable therefor.

(b) This coverage does not apply to bodily injury to an insured while occupying a vehicle, other than an insured vehicle, owned by, or furnished for the regular use of, the named insured or any relative resident in the same household, or through being struck by the vehicle.

(d) This coverage does not apply with respect to underinsured motorist benefits unless:

(A) The limits of liability under any bodily injury liability insurance applicable at the time of the accident regarding the injured person have been exhausted by payment of judgments or settlements to the injured person or other injured persons;

(B) The described limits have been offered in settlement, the insurer has refused consent under paragraph (a) of this subsection and the insured protects the insurer's right of subrogation to the claim against the tortfeasor;

(C) The insured gives credit to the insurer for the unrealized portion of the described liability limits as if the full limits had been received if less than the described limits have been offered in settlement, and the insurer has consented under paragraph (a) of this subsection; or

(D) The insured gives credit to the insurer for the unrealized portion of the described liability limits as if the full limits had been received if less than the described limits have been offered in settlement and, if the insurer has refused consent under para-

graph (a) of this subsection, the insured protects the insurer's right of subrogation to the claim against the tortfeasor.

(e) When seeking consent under paragraph (a) or (d) of this subsection, the insured shall allow the insurer a reasonable time in which to collect and evaluate information related to consent to the proposed offer of settlement. The insured shall provide promptly to the insurer any information that is reasonably requested by the insurer and that is within the custody and control of the insured. Consent will be presumed to be given if the insurer does not respond within a reasonable time. For purposes of this paragraph, a "reasonable time" is no more than 30 days from the insurer's receipt of a written request for consent, unless the insured and the insurer agree otherwise.

(5)(a) As soon as practicable, the insured or other person making claim shall give to the insurer written proof of claim, under oath if required, including full particulars of the nature and extent of the injuries, treatment and other details entering into the determination of the amount payable hereunder. The insured and every other person making claim hereunder shall submit to examinations under oath by any person named by the insurer and subscribe the same, as often as may reasonably be required. Proof of claim shall be made upon forms furnished by the insurer unless the insurer fails to furnish the forms within 15 days after receiving notice of claim.

(b) Upon reasonable request of and at the expense of the insurer, the injured person shall submit to physical examinations by physicians selected by the insurer and shall, upon each request from the insurer, execute authorization to enable the insurer to obtain medical reports and copies of records.

(6) If, before the insurer makes payment of loss hereunder, the insured or the legal representative of the insured institutes any legal action for bodily injury against any person or organization legally responsible for the use of a vehicle involved in the accident, a copy of the summons and complaint or other process served in connection with the legal action shall be forwarded immediately to the insurer by the insured or the legal representative of the insured.

(7)(a) The limit of liability stated in the declarations as applicable to "each person" is the limit of the insurer's liability for all damages because of bodily injury sustained by one person as the result of any one accident and, subject to the above provision respecting each person, the limit of liability stated in the declarations as applicable to "each accident" is the total limit of the company's liability for all damages because

of bodily injury sustained by two or more persons as the result of any one accident.

(b) Any payment made under this coverage to or for an insured shall be applied in reduction of any amount that the insured may be entitled to recover from any person who is an insured under the bodily injury liability coverage of this policy.

(c) Any amount payable under the terms of this coverage because of bodily injury sustained in an accident by a person who is an insured under this coverage shall be reduced by:

(A) All sums paid on account of the bodily injury by or on behalf of the owner or operator of the uninsured vehicle and by or on behalf of any other person or organization jointly or severally liable together with the owner or operator for the bodily injury, including all sums paid under the bodily injury liability coverage of the policy; and

(B) The amount paid and the present value of all amounts payable on account of the bodily injury under any workers' compensation law, disability benefits law or any similar law.

(d) Any amount payable under the terms of this coverage because of bodily injury sustained in an accident by a person who is an insured under this coverage shall be reduced by the credit given to the insurer pursuant to subsection (4)(d)(C) or (D) of this section.

(e) The amount payable under the terms of this coverage may not be reduced by the amount of liability proceeds offered, described in subsection (4)(d)(B) or (D) of this section, that has not been paid to the injured person. If liability proceeds have been offered and not paid, the amount payable under the terms of the coverage shall include the amount of liability limits offered but not accepted due to the insurer's refusal to consent. The insured shall cooperate so as to permit the insurer to proceed by subrogation or assignment to prosecute the claim against the uninsured motorist.

(8) No action shall lie against the insurer unless, as a condition precedent thereto, the insured or the legal representative of the insured has fully complied with all the terms of this policy.

(9)(a) With respect to bodily injury to an insured:

(A) While occupying a vehicle owned by a named insured under this coverage, the insurance under this coverage is primary.

(B) While occupying a vehicle not owned by a named insured under this coverage, the insurance under this coverage shall apply only as excess insurance over any primary

insurance available to the occupant that is similar to this coverage, and this excess insurance shall then apply only in the amount by which the applicable limit of liability of this excess coverage exceeds the sum of the applicable limits of liability of all primary insurance available to the occupant.

(b) If an insured is an insured under other primary or excess insurance available to the insured that is similar to this coverage, then the insured's damages are deemed not to exceed the higher of the applicable limits of liability of this insurance or the additional primary or excess insurance available to the insured, and the insurer is not liable under this coverage for a greater proportion of the insured's damages than the applicable limit of liability of this coverage bears to the sum of the applicable limits of liability of this insurance and other primary or excess insurance available to the insured.

(c) With respect to bodily injury to an insured while occupying any motor vehicle used as a public or livery conveyance, the insurance under this coverage shall apply only as excess insurance over any other insurance available to the insured that is similar to this coverage, and this insurance shall then apply only in the amount by which the applicable limit of liability of this coverage exceeds the sum of the applicable limits of liability of all other insurance.

(10) If any person making claim hereunder and the insurer do not agree that the person is legally entitled to recover damages from the owner or operator of an uninsured vehicle because of bodily injury to the insured, or do not agree as to the amount of payment that may be owing under this coverage, then, in the event the insured and the insurer elect by mutual agreement at the time of the dispute to settle the matter by arbitration, the arbitration shall take place as described in ORS 742.505. Any judgment upon the award rendered by the arbitrators may be entered in any court having jurisdiction thereof, provided, however, that the costs to the insured of the arbitration proceeding do not exceed \$100 and that all other costs of arbitration are borne by the insurer. "Costs" as used in this provision does not include attorney fees or expenses incurred in the production of evidence or witnesses or the making of transcripts of the arbitration proceedings. The person and the insurer each agree to consider themselves bound and to be bound by any award made by the arbitrators pursuant to this coverage in the event of such election. At the election of the insured, the arbitration shall be held:

(a) In the county and state of residence of the insured;

(b) In the county and state where the insured's cause of action against the uninsured motorist arose; or

(c) At any other place mutually agreed upon by the insured and the insurer.

(11) In the event of payment to any person under this coverage:

(a) The insurer shall be entitled to the extent of the payment to the proceeds of any settlement or judgment that may result from the exercise of any rights of recovery of the person against any uninsured motorist legally responsible for the bodily injury because of which payment is made;

(b) The person shall hold in trust for the benefit of the insurer all rights of recovery that the person shall have against such other uninsured person or organization because of the damages that are the subject of claim made under this coverage, but only to the extent that the claim is made or paid herein;

(c) If the insured is injured by the joint or concurrent act or acts of two or more persons, one or more of whom is uninsured, the insured shall have the election to receive from the insurer any payment to which the insured would be entitled under this coverage by reason of the act or acts of the uninsured motorist, or the insured may, with the written consent of the insurer, proceed with legal action against any or all persons claimed to be liable to the insured for the injuries. If the insured elects to receive payment from the insurer under this coverage, then the insured shall hold in trust for the benefit of the insurer all rights of recovery the insured shall have against any other person, firm or organization because of the damages that are the subject of claim made under this coverage, but only to the extent of the actual payment made by the insurer;

(d) The person shall do whatever is proper to secure and shall do nothing after loss to prejudice such rights;

(e) If requested in writing by the insurer, the person shall take, through any representative not in conflict in interest with the person, designated by the insurer, such action as may be necessary or appropriate to recover payment as damages from such other uninsured person or organization, such action to be taken in the name of the person, but only to the extent of the payment made hereunder. In the event of a recovery, the insurer shall be reimbursed out of the recovery for expenses, costs and attorney fees incurred by the insurer in connection therewith; and

(f) The person shall execute and deliver to the insurer any instruments and papers as may be appropriate to secure the rights and

obligations of the person and the insurer established by this provision.

(12)(a) The parties to this coverage agree that no cause of action shall accrue to the insured under this coverage unless within two years from the date of the accident:

(A) Agreement as to the amount due under the policy has been concluded;

(B) The insured or the insurer has formally instituted arbitration proceedings;

(C) The insured has filed an action against the insurer; or

(D) Suit for bodily injury has been filed against the uninsured motorist and, within two years from the date of settlement or final judgment against the uninsured motorist, the insured has formally instituted arbitration proceedings or filed an action against the insurer.

(b) For purposes of this subsection:

(A) "Date of settlement" means the date on which a written settlement agreement or release is signed by an insured or, in the absence of these documents, the date on which the insured or the attorney for the insured receives payment of any sum required by the settlement agreement. An advance payment as defined in ORS 31.550 shall not be deemed a payment of a settlement for purposes of the time limitation in this subsection.

(B) "Final judgment" means a judgment that has become final by lapse of time for appeal or by entry in an appellate court of an appellate judgment. [Formerly 743.792; 1993 c.18 §156; 1993 c.596 §38; 1997 c.808 §2; 2003 c.175 §2; 2005 c.22 §490; 2005 c.236 §1; 2005 c.246 §2; 2005 c.247 §2; 2007 c.131 §1; 2007 c.287 §3; 2007 c.328 §§5,6; 2007 c.457 §1; 2007 c.782 §3; 2009 c.67 §§15,16; 2011 c.192 §2]

742.506 Allocation of responsibility among insurers. Notwithstanding the contrary provisions of any policy, the provisions of ORS 742.504 (9)(a) to (c) shall control allocation of responsibility between insurers, except that if all policies potentially involved expressly allocate responsibility between insurers, or self-insurers, without repugnancy, then the terms of the policies shall control. [Formerly 743.795]

It shall be a disputable presumption that a vehicle is uninsured in the event the insured and the insurer, after reasonable efforts, fail to discover within 90 days from the date of the accident, the existence of valid and collectible property damage insurance applicable at the time of the accident.

(B) A hit-and-run vehicle as defined in subsection (5) of this section.

(6) Disputes between insurers and beneficiaries about the amount of personal injury protection benefits, or about the denial of personal injury protection benefits, shall be decided by arbitration if mutually agreed to at the time of the dispute. Expenses of medical, hospital, dental, surgical, ambulance and prosthetic services shall be presumed to be reasonable and necessary unless the provider is given notice of denial of the charges not more than 60 calendar days after the insurer receives from the provider notice of the claim for the services. At any time during the first 50 calendar days after the insurer receives notice of claim, the provider shall, within 10 business days, answer in writing questions from the insurer regarding the claim. For purposes of determining when the 60-day period provided by this paragraph has elapsed, counting of days shall be suspended if the provider does not supply written answers to the insurer within 10 days and may not resume until the answers are supplied.

(b) If the injured person is usually engaged in a remunerative occupation and if disability continues for at least 14 days, 70 percent of the loss of income from work during the period of the injured person’s disability until the date the person is able to return to the person’s usual occupation. This benefit is subject to a maximum pay-

ment of \$30 per day and a maximum payment period in the aggregate of 52 weeks.

(d) All reasonable and necessary funeral expenses incurred within one year after the date of the person’s injury, but not more than \$5,000.

(2) With respect to the insured person and members of that person’s family residing in the same household, an insurer may offer forms of coverage for the benefits required by subsection (1)(a), (b) and (c) of this section with deductibles of up to \$250. (a) The amount of the hospital charges multiplied by the adjusted cost-to-charge ratio specified for the hospital; or

(b) Ninety percent of the hospital charges. [2003 c.813 §4; 2005 c.341 §4; 2011 c.707 §1]

Note: 742.525 was added to and made a part of 742.518 to 742.542 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

(d) The insured and members of family residing in the same household injured while occupying a motor vehicle not insured under the policy shall be excess.

(e) Pedestrians injured by the insured motor vehicle, other than the insured and members of family residing in the same household, shall be excess over any other collateral benefits to which the injured person is entitled, including but not limited to insurance benefits, governmental benefits or gratuitous benefits.

(2) The personal injury protection benefits may be reduced or eliminated, if it is so provided in the policy, when the injured person is entitled to receive, under the laws of this state or any other state or the United States, workers' compensation benefits or any other similar medical or disability benefits. [Formerly 743.810]

742.528 Notice of denial of payment of benefits. An insurer who denies payment of personal injury protection benefits to or on behalf of an insured shall:

(1) Provide written notice of the denial, within 60 calendar days of receiving a claim from the provider, to the insured, stating the reason for the denial and informing the insured of the method for contesting the denial; and

(2) Provide a copy of the notice of the denial, within 60 calendar days of receiving a claim from the provider, to a provider of services under ORS 742.524 (1)(a). [Formerly 743.812; 1993 c.265 §1]

742.529 Payment based on incorrect determination of responsibility; notice; repayment. If personal injury protection benefits are paid based on information that appeared to establish proof of loss and the insurer paying the benefits later determines the insurer was not responsible for the payment, the insurer shall give notice and explanation to the provider that the payment was incorrectly issued. Immediately after receiving the notice and explanation the provider shall promptly repay the insurer. [2007 c.692 §3]

Note: 742.529 was added to and made a part of 742.518 to 742.542 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

(b) Is participating in any prearranged or organized racing or speed contest or practice or preparation for any such contest; or

(c) Willfully conceals or misrepresents any material fact in connection with a claim for personal injury protection benefits.

(2) The insurer may exclude from the coverage for the benefits required by ORS 742.524 (1)(b) and (c) any person injured as a pedestrian in an accident outside this state, other than the insured person or a member of that person's family residing in the same household. [Formerly 743.815; 2005 c.341 §2]

742.532 Benefits may be more favorable than those required by ORS 742.520, 742.524 and 742.530. Nothing in ORS 742.518 to 742.542 is intended to prevent an insurer from providing more favorable benefits than the personal injury protection benefits described in ORS 742.520, 742.524 and 742.530. [Formerly 743.820]

742.534 Reimbursement of other insurers paying benefits; arbitrating issues of liability and amount of reimbursement. (1) Except as provided in ORS 742.544, every authorized motor vehicle liability insurer whose insured is or would be held legally liable for damages for injuries sustained in a motor vehicle accident by a person for whom personal injury protection benefits have been furnished by another such insurer, or for whom benefits have been furnished by an authorized health insurer, shall reimburse such other insurer for the benefits it has so furnished if it has requested such reimbursement, has not given notice as provided in ORS 742.536 that it elects recovery by lien in accordance with that section and is entitled to reimbursement under this section by the terms of its policy. Reimbursement under this subsection, together with the amount paid to injured persons by the liability insurer, shall not exceed the limits of the policy issued by the insurer.

(2) In calculating such reimbursement, the amount of benefits so furnished shall be diminished in proportion to the amount of negligence attributable to the person for whom benefits have been so furnished, and the reimbursement shall not exceed the amount of damages legally recoverable by the person.

(3) Disputes between insurers as to such issues of liability and the amount of reimbursement required by this section shall be decided by arbitration.

(4) Findings and awards made in such an arbitration proceeding are not admissible in any action at law or suit in equity.

(5) If an insurer does not request reimbursement under this section for recovery of personal injury protection payments, then the insurer may only recover personal injury protection payments under the provisions of ORS 742.536 or 742.538. [Formerly 743.825; 1993 c.709 §7; 2007 c.392 §1]

742.536 Notice of claim or legal action to insurer; insurer to elect manner of recovery of benefits furnished; lien of insurer. (1) When an authorized motor vehicle liability insurer has furnished personal injury protection benefits, or an authorized health insurer has furnished benefits, for a person injured in a motor vehicle accident, if such injured person makes claim, or institutes legal action, for damages for such injuries against any person, such injured person shall give notice of such claim or legal action to the insurer by personal service or by registered or certified mail. Service of a copy of the summons and complaint or copy of other process served in connection with such a legal action shall be sufficient notice to the insurer, in which case a return showing service of such notice shall be filed with the clerk of the court but shall not be a part of the record except to give notice.

(2) The insurer may elect to seek reimbursement as provided in this section for benefits it has so furnished, out of any recovery under such claim or legal action, if the insurer has not been a party to an inter-insurer reimbursement proceeding with respect to such benefits under ORS 742.534 and is entitled by the terms of its policy to the benefit of this section. The insurer shall give written notice of such election within 30 days from the receipt of notice or knowledge of such claim or legal action to the person making claim or instituting legal action and to the person against whom claim is made or legal action instituted, by personal service or by registered or certified mail. In the case of a legal action, a return showing service of such notice of election shall be filed with the clerk of the court but shall not be a part of the record except to give notice to the claimant and the defendant of the lien of the insurer.

(3) If the insurer so serves such written notice of election and, where applicable, such return is so filed:

(a) The insurer has a lien against such cause of action for benefits it has so furnished, less the proportion, not to exceed 100 percent, of expenses, costs and attorney fees incurred by the injured person in connection with the recovery that the amount of the lien

before such reduction bears to the amount of the recovery.

(b) The injured person shall include as damages in such claim or legal action the benefits so furnished by the insurer.

(c) In the case of a legal action, the action shall be taken in the name of the injured person.

(4) As used in this section, "makes claim" or "claim" refers to a written demand made and delivered for a specific amount of damages and which meets other requirements reasonably established by the director's rule. [Formerly 743.828]

742.538 Subrogation rights of insurers to certain amounts received by claimant; recovery actions against persons causing injury. If a motor vehicle liability insurer has furnished personal injury protection benefits, or a health insurer has furnished benefits, for a person injured in a motor vehicle accident, and the interinsurer reimbursement benefit of ORS 742.534 is not available under the terms of that section, and the insurer has not elected recovery by lien as provided in ORS 742.536, and is entitled by the terms of its policy to the benefit of this section:

(1) The insurer is entitled to the proceeds of any settlement or judgment that may result from the exercise of any rights of recovery of the injured person against any person legally responsible for the accident, to the extent of such benefits furnished by the insurer less the insurer's share of expenses, costs and attorney fees incurred by the injured person in connection with such recovery.

(2) The injured person shall hold in trust for the benefit of the insurer all such rights of recovery which the injured person has, but only to the extent of such benefits furnished.

(3) The injured person shall do whatever is proper to secure, and shall do nothing after loss to prejudice, such rights.

(4) If requested in writing by the insurer, the injured person shall take, through any representative not in conflict in interest with the injured person designated by the insurer, such action as may be necessary or appropriate to recover such benefits furnished as damages from such responsible person, such action to be taken in the name of the injured person, but only to the extent of the benefits furnished by the insurer. In the event of a recovery, the insurer shall also be reimbursed out of such recovery for the injured person's share of expenses, costs and attorney fees incurred by the insurer in connection with the recovery.

(5) In calculating respective shares of expenses, costs and attorney fees under this

section, the basis of allocation shall be the respective proportions borne to the total recovery by:

(a) Such benefits furnished by the insurer; and

(b) The total recovery less (a).

(6) The injured person shall execute and deliver to the insurer such instruments and papers as may be appropriate to secure the rights and obligations of the insurer and the injured person as established by this section.

(7) Any provisions in a motor vehicle liability insurance policy or health insurance policy giving rights to the insurer relating to subrogation or the subject matter of this section shall be construed and applied in accordance with the provisions of this section. [Formerly 743.833]

742.540 Rules. The Director of the Department of Consumer and Business Services shall have authority to issue such rules as are reasonably necessary to carry out the purposes of ORS 742.518 to 742.542. [Formerly 743.833]

742.542 Effect of personal injury protection benefits paid. Payment by a motor vehicle liability insurer of personal injury protection benefits for its own insured shall be applied in reduction of the amount of damages that the insured may be entitled to recover from the insurer under uninsured or underinsured motorist coverage for the same accident but may not be applied in reduction of the uninsured or underinsured motorist coverage policy limits. [Formerly 743.835; 1997 c.808 §10]

742.544 Reimbursement for personal injury protection benefits paid. (1) A provider of personal injury protection benefits shall be reimbursed for personal injury protection payments made on behalf of any person only to the extent that the total amount of benefits paid exceeds the economic damages as defined in ORS 31.710 suffered by that person. As used in this section, "total amount of benefits" means the amount of money recovered by a person from:

(a) Applicable underinsured motorist benefits described in ORS 742.502 (2);

(b) Liability insurance coverage available to the person receiving the personal injury protection benefits from other parties to the accident;

(c) Personal injury protection payments; and

(d) Any other payments by or on behalf of the party whose fault caused the damages.

(2) Nothing in this section requires a person to repay more than the amount of personal injury protection benefits actually received. [1993 c.709 §9]

742.546 Required disclosure in release for bodily injuries related to personal injury protection benefits. (1) When a motor vehicle liability insurer obtains a release for bodily injuries within 60 calendar days following an accident from a person who is eligible to receive personal injury protection benefits under ORS 742.518 to 742.542, the release must state that, subject to the motor vehicle liability insurer's applicable limits of liability, the rights of an insurer furnishing personal injury protection to recover payments made for medical benefits from the motor vehicle liability insurer are not impaired.

(2) Nothing in this section impairs the rights of a motor vehicle liability insurer to contest a recovery claim from an insurer furnishing personal injury protection, based upon liability or the reasonableness or necessity of medical benefits paid by the insurer furnishing personal injury protection. [2009 c.545 §2]

Note: 742.546 and 742.548 were added to and made a part of the Insurance Code by legislative action but were not added to ORS chapter 742 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

742.548 Required language in disclosure; conditions for rescission of release. If a representative of a motor vehicle liability insurer obtains a release for a claim of bodily injuries in person from a person who is eligible to receive personal injury protection benefits under ORS 742.518 to 742.542:

(1) The representative of the insurer must provide the eligible person with a clear and conspicuous notice substantially similar to the following, which shall be incorporated into the insurer's release or provided in a separate document:

THE DOCUMENT YOU ARE BEING ASKED TO SIGN IS A BINDING CONTRACT THAT CONCLUDES YOUR CLAIM(S) AGAINST THE PARTIES IT IDENTIFIES. AFTER YOU SIGN IT YOU WILL NOT BE ABLE TO MAKE ANY FURTHER CLAIM(S) AGAINST THESE PARTIES.

(2) The eligible person may rescind the release if the person provides the insurer written notice of rescission no later than five business days after the execution of the release and then promptly performs all other requisite acts for rescission of a contract. For the purposes of this subsection, notice of rescission is provided to an insurer on the date and time shown on a properly addressed

proof of mailing or electronic transmission. [2009 c.545 §3]

Note: See note under 742.546.

Total Loss

742.554 Disclosures required by insurer to motor vehicle owner when insurer declares vehicle total loss. When an insurer declares a motor vehicle a total loss and offers to make a cash settlement to an insured or third-party owner of the motor vehicle, the insurer shall provide the insured or third-party owner:

(1) Any valuation or appraisal reports relied upon by the insurer to determine value; and

(2) A written statement in a form provided by the Director of the Department of Consumer and Business Services that includes:

(a) Information about total loss, vehicle valuation and the duties of the insurer; and

(b) The manner in which and under what circumstances the insured may contact the Insurance Division of the Department of Consumer and Business Services. [2009 c.65 §2]

Note: 742.554 and 742.558 were added to and made a part of the Insurance Code by legislative action but were not added to ORS chapter 742 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

742.558 Dispute resolution process for total loss vehicles. (1) An insurer shall pay the insured or third-party owner of a motor vehicle the amount of the motor vehicle's value that is not in dispute if the insurer declares the motor vehicle a total loss and the insurer and the insured or third-party owner are unable to agree on the value of the motor vehicle. Acceptance of payment of the undisputed amount neither waives the rights of the insured or third-party owner under the policy nor prevents the insured or third-party owner from pursuing a claim for additional amounts. Payment of the undisputed amount by the insurer does not waive any rights of the insurer under the policy.

(2) An insurer is not obligated to pay the undisputed amount under subsection (1) of this section until the insured or third-party owner of the motor vehicle:

(a) Agrees to execute documents sufficient to transfer ownership of the motor vehicle to the insurer; and

(b) Authorizes the insurer, at the insurer's expense, to move the motor vehicle to a disclosed location selected by the insurer, where the motor vehicle will remain available for inspection and evaluation for not fewer than 14 calendar days.

(3) After the expiration of the 14-day period under subsection (2) of this section, the

insurer may proceed with the salvage sale of the motor vehicle. [2009 c.65 §3]

Note: See note under 742.554.

Cancellation

742.560 Definitions for ORS 742.560 to 742.572. As used in ORS 742.560 to 742.572:

(1) "Cancellation" means termination of coverage by an insurer, other than termination at the request of the insured, during a policy period.

(2) "Expiration" means termination of coverage by reason of the policy having reached the end of the term for which it was issued or the end of the period for which a premium has been paid.

(3) "Nonpayment of premium" means failure of the named insured to discharge when due any of the insured's obligations in connection with the payment of premiums on the policy, or any installment of such premium, whether the premium is payable directly to the insurer or an insurance producer who is its agent or indirectly under any premium finance plan or extension of credit.

(4) "Nonrenewal" means a notice by an insurer to the named insured that the insurer is unwilling to renew a policy.

(5) "Policy" means any insurance policy that provides automobile liability coverage, uninsured motorist coverage, automobile medical payments coverage or automobile physical damage coverage on individually owned private passenger vehicles, including pickup and panel trucks and station wagons, that are not used as a public or livery conveyance for passengers, nor rented to others. However, ORS 742.560 to 742.572 do not apply to any policy:

(a) Issued under an automobile assigned risk plan;

(b) Insuring more than four automobiles;

(c) Covering garage, automobile sales agency, repair shop, service station or public parking place operation hazards; or

(d) Issued principally to cover personal or premises liability of an insured even though such insurance may also provide some incidental coverage for liability arising out of the ownership, maintenance or use of a motor vehicle on the premises of such insured or on the ways immediately adjoining such premises.

(6) "Renewal" or "to renew" means to continue coverage for an additional policy period upon expiration of the current policy period of a policy. Any policy with a policy period or term of less than six months shall for the purpose of ORS 742.560 to 742.572 be considered as if written for a policy period

or term of six months. Any policy written for a term longer than one year or any policy with no fixed expiration date shall for the purpose of ORS 742.560 to 742.572 be considered as if written for successive policy periods or terms of one year but not extending beyond the actual term for which the policy was written. [Formerly 743.900; 2003 c.364 §103; 2007 c.71 §239]

742.562 Grounds for cancellation of policies; notice required; applicability. (1) A notice of cancellation of a policy shall be effective only if it is based on one or more of the following reasons:

(a) Nonpayment of premium.

(b) Fraud or material misrepresentation affecting the policy or in the presentation of a claim thereunder, or violation of any of the terms or conditions of the policy.

(c) The named insured or any operator either resident in the same household or who customarily operates an automobile insured under the policy has had driving privileges suspended or revoked pursuant to law during the policy period, or, if the policy is a renewal, during its policy period or the 180 days immediately preceding its effective date. An insurer may not cancel a policy for the reason that the driving privileges of the named insured or operator were suspended pursuant to ORS 809.280 (6) or (8) if the suspension was based on a nondriving offense.

(2) This section shall not apply to any policy or coverage which has been in effect less than 60 days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(3) This section shall not apply to nonrenewal. [Formerly 743.905; 1991 c.860 §7a; 2011 c.355 §23]

742.564 Manner of giving cancellation notice. (1) No notice of cancellation of a policy to which ORS 742.562 applies shall be effective unless mailed or delivered by the insurer to the named insured at least 30 days prior to the effective date of cancellation and accompanied by a statement of the reason or reasons for cancellation, provided, however, that where cancellation is for nonpayment of premium at least 10 days' notice of cancellation accompanied by the reason therefor shall be given.

(2) This section shall not apply to nonrenewal. [Formerly 743.910]

742.566 Renewal of policies; requirements for refusal to renew. (1) An insurer shall offer renewal of a policy, contingent upon payment of premium as stated in the offer, to an insured unless the insurer mails or delivers to the named insured, at the address shown in the policy, at least 30 days' advance notice of nonrenewal. Such notice

shall contain or be accompanied by a statement of the reason or reasons for nonrenewal.

(2) The insurer shall not be required to notify the named insured or any other insured of nonrenewal of the policy if the insurer has mailed or delivered a notice of expiration or cancellation on or prior to the 30th day preceding expiration of the policy period.

(3) Notwithstanding the failure of an insurer to comply with this section, the policy shall terminate on the effective date of any replacement or succeeding automobile insurance policy, with respect to any automobile designated in both policies.

(4) An insurer may not refuse to renew a policy for the reason that the driving privileges of the named insured or any operator either resident in the same household or who customarily operates an automobile insured under the policy were suspended pursuant to ORS 809.280 (6) or (8) if the suspension was based on a nondriving offense. [Formerly 743.916; 1991 c.860 §7b; 2011 c.355 §24]

742.568 Proof of cancellation or nonrenewal notice. Proof of mailing notice of cancellation, or of intention not to renew or of reasons for cancellation, to the named insured at the address shown in the policy, shall be sufficient proof of notice. [Formerly 743.920]

742.570 Notifying insured under canceled or unrenewed policy of eligibility for participation in insurance pool. When automobile bodily injury and property damage liability coverage is canceled, other than for nonpayment of premium, or in the event of failure to renew automobile bodily injury and property damage liability coverage to which ORS 742.566 applies, the insurer shall notify the named insured of possible eligibility for automobile liability insurance through any insurance pool or facility operating in this state, whether voluntarily or under statute or rule. Such notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew. [Formerly 743.925]

742.572 Immunity from liability of persons furnishing information regarding cancellation or nonrenewal of policies. There shall be no liability on the part of and no cause of action of any nature shall arise against the Director of the Department of Consumer and Business Services or against any insurer, its authorized representative, its agents, its employees, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or nonrenewal, for any statement made by any of them in any written notice of cancellation or nonrenewal, or in any other communica-

tion, oral or written, specifying the reasons for cancellation or nonrenewal, or providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith. [Formerly 743.930]

Report by Insurer to Department of Transportation

742.580 Report of cancellation, nonrenewal or issuance of motor vehicle liability policy. Every insurer that issues motor vehicle insurance that is designed to meet either the financial or future responsibility requirements of ORS chapter 806 shall report to the Department of Transportation within 30 days of the day that a person or the insurer cancels or fails to renew such a policy and within 15 days of the day that an insurer issues such a policy. The insurer shall report the person's name and residence address, the vehicle identification number of each vehicle covered by the policy, whether the policy was bought, canceled or not renewed and any other information required by the department by rule under ORS 806.195. [1993 c.746 §4]

Chapter 746

INSURANCE TRADE PRACTICES

746.015 Discrimination; noncompliance; hearing. (1) No person shall make or permit any unfair discrimination between individuals of the same class and equal expectation of life, or between risks of essentially the same degree of hazard, in the availability of insurance, in the application of rates for insurance, in the dividends or other benefits payable under insurance policies, or in any other terms or conditions of insurance policies.

(2) Discrimination by an insurer in the application of its underwriting standards or rates based solely on an individual's physical disability is prohibited, unless such action is based on sound actuarial principles or is related to actual or reasonably anticipated experience. For purposes of this subsection, "physical disability" shall include, but not be limited to, blindness, deafness, hearing or speaking impairment or loss, or partial loss, of function of one or more of the upper or lower extremities.

(3) Discrimination by an insurer in the application of its underwriting standards or rates based solely upon an insured's or applicant's attaining or exceeding 65 years of age is prohibited, unless such discrimination is clearly based on sound actuarial principles or is related to actual or reasonably anticipated experience.

(4)(a) An insurer may not, on the basis of the status of an insured or prospective insured as a victim of domestic violence or sexual violence, do any of the following:

(A) Deny, cancel or refuse to issue or renew an insurance policy;

(B) Demand or require a greater premium or payment;

(C) Designate domestic violence or sexual violence, physical or mental injuries sustained as a result of domestic violence or sexual violence or treatment received for such injuries as a condition for which coverage will be denied or reduced;

(D) Exclude or limit coverage for losses or deny a claim; or

(E) Fix any lower rate for or discriminate in the fees or commissions of an insurance producer for writing or renewing a policy.

(b) The fact that an insured or prospective insured is or has been a victim of domestic violence or sexual violence shall not be considered a permitted underwriting or rating criterion.

(c) Nothing in this subsection prohibits an insurer from taking an action described in paragraph (a) of this subsection if the action is otherwise permissible by law and is taken in the same manner and to the same extent with respect to all insureds and prospective insureds without regard to whether the insured or prospective insured is a victim of domestic violence or sexual violence.

(d) An insurer that complies in good faith with the requirements of this subsection shall not be subject to civil liability due to such compliance.

(e) For purposes of this subsection, "domestic violence" means the occurrence of one or more of the following acts between family or household members:

(A) Attempting to cause or intentionally or knowingly causing physical injury;

(B) Intentionally or knowingly placing another in fear of imminent serious physical injury; or

(C) Committing sexual abuse in any degree as defined in ORS 163.415, 163.425 and 163.427.

(f) For purposes of this subsection, "sexual violence" means the commission of a sexual offense described in ORS 163.305 to 163.467, 163.427 or 163.525.

(5) If the Director of the Department of Consumer and Business Services has reason to believe that an insurer in the application of its underwriting standards or rates is not complying with the requirements of this section, the director shall, unless the director has reason to believe the noncompliance is

willful, give notice in writing to the insurer stating in what manner such noncompliance is alleged to exist and specifying a reasonable time, not less than 10 days after the date of mailing, in which the noncompliance may be corrected.

(6)(a) If the director has reason to believe that noncompliance by an insurer with the requirements of this section is willful, or if, within the period prescribed by the director in the notice required by subsection (5) of this section, the insurer does not make the changes necessary to correct the noncompliance specified by the director or establish to the satisfaction of the director that such specified noncompliance does not exist, the director may hold a hearing in connection therewith. Not less than 10 days before the date of such hearing the director shall mail to the insurer written notice of the hearing, specifying the matters to be considered.

(b) If, after the hearing, the director finds that the insurer's application of its underwriting standards or rates violates the requirements of this section, the director may issue an order specifying in what respects such violation exists and stating when, within a reasonable period of time, further such application shall be prohibited. If the director finds that the violation was willful, the director may suspend or revoke the certificate of authority of the insurer.

(7) Affiliated workers' compensation insurers having reinsurance agreements which result in one carrier ceding 80 percent or more of its workers' compensation premium to the other, while utilizing different workers' compensation rate levels without objective evidence to support such differences, shall be presumed to be engaging in unfair discrimination. [1967 c.359 §568; 1977 c.331 §1; 1979 c.140 §1; 1987 c.676 §2; 1987 c.884 §53; 1997 c.564 §1; 1999 c.59 §229; 2003 c.364 §134; 2007 c.70 §319; 2010 c.67 §1; 2013 c.681 §35]

746.035 Inducements not specified in policy. Except as otherwise expressly provided by the Insurance Code, no person shall permit, offer to make or make any contract of insurance, or agreement as to such contract, unless all agreements or understandings by way of inducement are plainly expressed in the policy issued thereon. [1967 c.359 §570]

746.075 Misrepresentation generally.

(1) A person may not engage, directly or indirectly, in any action described in subsection (2) of this section in connection with:

(a) The offer or sale of any insurance; or

(b) Any inducement or attempted inducement of any insured or person with ownership rights under an issued life insurance policy to lapse, forfeit, surrender, assign, ef-

fect a loan against, retain, exchange or convert the policy.

(2) Subsection (1) of this section applies to the following actions:

(a) Making, issuing, circulating or causing to be made, issued or circulated, any estimate, illustration, circular or statement misrepresenting the terms of any policy issued or to be issued or the benefits or advantages therein or the dividends or share of surplus to be received thereon;

(b) Making any false or misleading representation as to the dividends or share of surplus previously paid on similar policies;

(c) Making any false or misleading representation as to the financial condition of any insurer, or as to the legal reserve system upon which any life insurer operates;

(d) Using any name or title of any policy or class of policies misrepresenting the true nature thereof;

(e) Employing any device, scheme or artifice to defraud;

(f) Obtaining money or property by means of any untrue statement of a material fact or any omission to state a material fact necessary in order to make the statement, in light of the circumstances under which it was made, not misleading;

(g) Engaging in any other transaction, practice or course of business that operates as a fraud or deceit upon the purchaser, insured or person with policy ownership rights; or

(h) Materially misrepresenting the provider network of an insurer offering managed health insurance or preferred provider organization insurance as defined in ORS 743.801, including its composition and the availability of its providers to enrollees in the plan. [1967 c.359 §574; 2001 c.266 §7]

746.100 Misrepresentation in insurance applications or transactions. No person shall make a false or fraudulent statement or representation on or relative to an application for insurance, or for the purpose of obtaining a fee, commission, money or benefit from an insurer or insurance producer. [Formerly 736.460; 2003 c.364 §138]

746.110 False, deceptive or misleading statements. No person shall make, publish, disseminate, circulate, or place before the public, or cause, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement, announcement or statement containing any assertion, representation or statement with

respect to the business of insurance or with respect to any person in the conduct of the insurance business, which is untrue, deceptive or misleading. [Formerly 736.608]

746.120 Illegal dealing in premiums.

No person shall willfully collect any sum as premium or charge for insurance which is not then provided, or is not in due course to be provided subject to acceptance of the risk by the insurer, under an insurance policy issued by an insurer in conformity to the Insurance Code. [1967 c.359 §579]

746.195 Insurance on property securing loan or credit; certain practices by depository institutions prohibited. (1) A depository institution may not:

(a) Solicit the sale of insurance for the protection of real or personal property after a person indicates interest in securing a loan or credit extension, until the depository institution has agreed to make the loan or credit extension;

(b) Refuse to accept a written binder issued by an insurance producer as proof that temporary insurance exists covering the real or personal property that is the subject matter of, or security for, a loan or extension of credit, and that a policy of insurance will be issued covering that property. A written binder issued by an insurance producer or insurer covering real or personal property that is the subject matter of, or security for, a loan or extension of credit shall be effective until a policy of insurance is issued in lieu thereof, including within its terms the identical insurance bound under the binder and the premium therefor, or until notice of the cancellation of the binder is received by the borrower and the depository institution extending credit or offering the loan. When a depository institution closes on a binder under ORS 742.043, the insurance producer or insurer issuing the binder shall be bound to provide a policy of insurance, equivalent in coverage to the coverage set forth in the binder, within 60 days from the date of the binder. The provisions of this paragraph do not apply when prohibited by federal or state statute or regulations; or

(c) Use or disclose to any other insurance producer, other than the original insurance producer, the information relating to a policy of insurance furnished by a borrower unless the original insurance producer fails to deliver a policy of insurance within 60 days prior to expiration to the depository institution without first procuring the written consent of the borrower.

(2) As used in this section, "depository institution" means a financial institution as that term is defined in ORS 706.008. [1977 c.742 §4; 1987 c.916 §10; 2003 c.363 §12; 2003 c.364 §144a]

746.201 Depository institution to obtain required property insurance when borrower does not; notice required. (1)

In a contract or loan agreement, or in a separate document accompanying the contract or loan agreement and signed by the mortgagor, borrower or purchaser, that provides for a loan or other financing secured by the mortgagor's, borrower's or purchaser's real or personal property and that authorizes the secured party to place insurance on the property when the mortgagor, borrower or purchaser fails to maintain the insurance as required by the contract or loan agreement or the separate document, a warning in substantially the following form shall be set forth in 10-point type:

WARNING

Unless you provide us with evidence of the insurance coverage as required by our contract or loan agreement, we may purchase insurance at your expense to protect our interest. This insurance may, but need not, also protect your interest. If the collateral becomes damaged, the coverage we purchase may not pay any claim you make or any claim made against you. You may later cancel this coverage by providing evidence that you have obtained property coverage elsewhere.

You are responsible for the cost of any insurance purchased by us. The cost of this insurance may be added to your contract or loan balance. If the cost is added to your contract or loan balance, the interest rate on the underlying contract or loan will apply to this added amount. The effective date of coverage may be the date your prior coverage lapsed or the date you failed to provide proof of coverage.

The coverage we purchase may be considerably more expensive than insurance you can obtain on your own and may not satisfy any need for property damage coverage or any mandatory liability insurance requirements imposed by applicable law.

(2) Substantial compliance by a secured party with subsection (1) of this section constitutes a complete defense to any claim arising under the laws of this state challenging the secured party's placement of insurance on the real or personal property in which the secured party has a security interest, for the protection of the secured party's interest in the property.

(3) Nothing contained in this section shall be construed to require any secured party to place or maintain insurance on real or personal property in which the secured

party has a security interest, and the secured party shall not be liable to the mortgagor, borrower or purchaser or to any other party as a result of the failure of the secured party to place or maintain such insurance.

(4) The failure of a secured party prior to January 1, 1996, to include in a contract or loan agreement, or in a separate document accompanying the contract or loan agreement, the notice set forth in subsection (1) of this section shall not be admissible in any court or arbitration proceeding or otherwise used to prove that a secured party's actions with respect to the placement or maintenance of insurance on real or personal property in which the secured party has a security interest are or were unlawful or otherwise improper. A secured party shall not be liable to the mortgagor, borrower or purchaser or to any other party for placing such insurance in accordance with the terms of an otherwise legal contract or loan agreement with the mortgagor, borrower or purchaser entered into prior to January 1, 1996. [1977 c.742 §5; 1995 c.313 §3; 2003 c.363 §13]

746.213 Definitions for ORS 746.213 to 746.219. As used in ORS 746.213 to 746.219:

(1) "Affiliate" means any company that controls, is controlled by or is under common control with another company.

(2) "Customer" means an individual who purchases, applies to purchase or is solicited to purchase insurance products primarily for personal, family or household purposes.

(3) "Depository institution" means a financial institution as that term is defined in ORS 706.008. [2003 c.363 §2]

Note: 746.213 to 746.219 were added to and made a part of the Insurance Code by legislative action but were not added to ORS chapter 746 or any series therein. See Preface to Oregon Revised Statutes for further explanation.

746.215 Regulation of depository institutions with regard to insurance sales or solicitations. (1) A depository institution or an affiliate of a depository institution that lends money or extends credit may not:

(a) As a condition precedent to the lending of money or extension of credit, or any renewal thereof, require that the person to whom the money or credit is extended, or whose obligation a creditor is to acquire or finance, negotiate any policy or renewal thereof through a particular insurer or group of insurers or insurance producer or group of insurance producers.

(b) Reject an insurance policy solely because the policy has been issued or underwritten by a person who is not associated with the depository institution or affiliate when insurance is required in connection with a loan or the extension of credit.

(c) As a condition for extending credit or offering any product or service that is equivalent to an extension of credit, require that a customer obtain insurance from a depository institution or an affiliate of a depository institution, or from a particular insurer or insurance producer. This paragraph does not prohibit a depository institution or an affiliate of a depository institution from informing a customer or prospective customer that insurance is required in order to obtain a loan or credit, that loan or credit approval is contingent upon the procurement by the customer of acceptable insurance or that insurance is available from the depository institution or an affiliate of the depository institution.

(d) Unreasonably reject an insurance policy furnished by the customer or borrower for the protection of the property securing the credit or loan. A rejection is not considered unreasonable if it is based on reasonable standards that are uniformly applied and that relate to the extent of coverage required and to the financial soundness and the services of an insurer. The standards may not discriminate against any particular type of insurer or call for rejection of an insurance policy because the policy contains coverage in addition to that required in the credit transaction.

(e) Require that any customer, borrower, mortgagor, purchaser, insurer or insurance producer pay a separate charge in connection with the handling of any insurance policy required as security for a loan on real estate, or pay a separate charge to substitute the insurance policy of one insurer for that of another. A charge prohibited in this paragraph does not include the interest that may be charged on premium loans or premium advancements in accordance with the terms of the loan or credit document. This paragraph does not apply to charges that would be required when the depository institution or an affiliate of a depository institution is the licensed insurance producer providing the insurance.

(f) Require any procedures or conditions of an insurer or insurance producer not customarily required of insurers or insurance producers affiliated or in any way connected with the depository institution.

(g) Use an advertisement or other insurance promotional material that would cause a reasonable person to mistakenly believe that the federal government or the state is responsible for the insurance sales activity of, or stands behind the credit of, the depository institution or its affiliate.

(h) Use an advertisement or other insurance promotional material that would cause a reasonable person to mistakenly believe

that the federal government or the state guarantees any returns on insurance products or is a source of payment on any insurance obligation of or sold by the depository institution or its affiliate.

(i) Act as an insurance producer unless properly licensed in accordance with ORS 744.062, 744.063 or 744.064.

(j) Pay or receive any commission, brokerage fee or other compensation as an insurance producer, unless the depository institution or affiliate holds a valid insurance producer license for the applicable class of insurance. However, an unlicensed depository institution or affiliate may make a referral to a licensed insurance producer if the depository institution or affiliate does not negotiate, sell or solicit insurance. In the case of a referral of a customer, however, the unlicensed depository institution or affiliate may be compensated for the referral only if the compensation is a fixed dollar amount for each referral that does not depend on whether the customer purchases the insurance product from the licensed insurance producer. Any depository institution or affiliate that accepts deposits from the public in an area in which such transactions are routinely conducted in the depository institution may receive for each customer referral no more than a one-time, nominal fee of a fixed dollar amount for each referral that does not depend on whether the referral results in a transaction.

(k) Solicit or sell insurance, other than credit insurance or flood insurance, unless the solicitation or sale is completed through documents separate from any credit transactions.

(L) Except as provided in ORS 746.201, include the expense of insurance premiums, other than credit insurance premiums or flood insurance premiums, in the primary credit transaction without the express written consent of the customer.

(m) Solicit or sell insurance unless the insurance sales activities of the depository institution or affiliate are, to the extent practicable, physically separated from areas where retail deposits are routinely accepted by depository institutions.

(n) Solicit or sell insurance unless the depository institution or affiliate maintains separate and distinct books and records relating to the insurance transactions, including all files relating to and reflecting consumer complaints.

(2) A depository institution or an affiliate of a depository institution that lends money or extends credit and that solicits insurance primarily for personal, family or household purposes shall disclose to the customer in

writing that the insurance related to the credit extension may be purchased from an insurer or insurance producer of the customer's choice, subject only to the depository institution's right to reject a given insurer or insurance producer as provided in subsection (1)(d) of this section. The disclosure shall inform the customer that the customer's choice of insurer or insurance producer will not affect the credit decision or credit terms in any way, except that the depository institution may impose reasonable requirements concerning the creditworthiness of the insurer and the extent of coverage chosen as provided in subsection (1)(d) of this section. [2003 c.363 §3; 2005 c.22 §497]

Note: See note under 746.213.

746.217 Disclosures to customers. (1) A depository institution that sells insurance, and any person that sells insurance on behalf of a depository institution, or on the premises of a depository institution where the depository institution is engaged in the business of taking deposits or making loans, shall disclose to the customer in writing, when practicable and in a clear and conspicuous manner, prior to a sale, that the insurance:

(a) Is not a deposit;

(b) Is not insured by the Federal Deposit Insurance Corporation or any other federal government agency;

(c) Is not guaranteed by the depository institution or an affiliate of the depository institution if applicable, or any person that is selling insurance if applicable; and

(d) When appropriate, involves investment risk, including the possible loss of value.

(2) The requirements of subsection (1) of this section apply:

(a) To an affiliate of a depository institution only to the extent that it sells insurance on the premises of a depository institution where the depository institution is engaged in the business of taking deposits or making loans or on behalf of a depository institution.

(b) When an individual purchases insurance primarily for personal, family or household purposes and only to the extent that the disclosure would be accurate.

(3) For the purpose of subsection (1) of this section, a person is selling insurance on behalf of a depository institution, whether on the premises of the depository institution or at another location, if either one of the following applies:

(a) The person represents to the customer that the sale of the insurance is by or on behalf of the depository institution; or

(b) The depository institution refers a customer to the person that sells insurance and the depository institution has a contractual arrangement to receive commissions or fees derived from the sale of insurance resulting from the referral. [2003 c.363 §4]

Note: See note under 746.213.

746.230 Unfair claim settlement practices. (1) No insurer or other person shall commit or perform any of the following unfair claim settlement practices:

(a) Misrepresenting facts or policy provisions in settling claims;

(b) Failing to acknowledge and act promptly upon communications relating to claims;

(c) Failing to adopt and implement reasonable standards for the prompt investigation of claims;

(d) Refusing to pay claims without conducting a reasonable investigation based on all available information;

(e) Failing to affirm or deny coverage of claims within a reasonable time after completed proof of loss statements have been submitted;

(f) Not attempting, in good faith, to promptly and equitably settle claims in which liability has become reasonably clear;

(g) Compelling claimants to initiate litigation to recover amounts due by offering substantially less than amounts ultimately recovered in actions brought by such claimants;

(h) Attempting to settle claims for less than the amount to which a reasonable person would believe a reasonable person was entitled after referring to written or printed advertising material accompanying or made part of an application;

(i) Attempting to settle claims on the basis of an application altered without notice to or consent of the applicant;

(j) Failing, after payment of a claim, to inform insureds or beneficiaries, upon request by them, of the coverage under which payment has been made;

(k) Delaying investigation or payment of claims by requiring a claimant or the physician of the claimant to submit a preliminary claim report and then requiring subsequent submission of loss forms when both require essentially the same information;

(L) Failing to promptly settle claims under one coverage of a policy where liability has become reasonably clear in order to influence settlements under other coverages of the policy; or

(m) Failing to promptly provide the proper explanation of the basis relied on in

the insurance policy in relation to the facts or applicable law for the denial of a claim.

(2) No insurer shall refuse, without just cause, to pay or settle claims arising under coverages provided by its policies with such frequency as to indicate a general business practice in this state, which general business practice is evidenced by:

(a) A substantial increase in the number of complaints against the insurer received by the Department of Consumer and Business Services;

(b) A substantial increase in the number of lawsuits filed against the insurer or its insureds by claimants; or

(c) Other relevant evidence.

(3)(a) No health maintenance organization, as defined in ORS 750.005, shall unreasonably withhold the granting of participating provider status from a class of statutorily authorized health care providers for services rendered within the lawful scope of practice if the health care providers are licensed as such and reimbursement is for services mandated by statute.

(b) Any health maintenance organization that fails to comply with paragraph (a) of this subsection shall be subject to discipline under ORS 746.015.

(c) This subsection does not apply to group practice health maintenance organizations that are federally qualified pursuant to Title XIII of the Health Maintenance Organization Act. [1967 c.359 §588a; 1973 c.281 §1; 1989 c.594 §1]

746.260 Driving record not to be considered in issuance of motor vehicle insurance. (1) Except as provided in subsection (4) of this section, when an individual applies for a policy or a renewal of a policy of casualty insurance providing automobile liability coverage, uninsured motorist coverage, automobile medical payments coverage or automobile physical damage coverage on an individually owned passenger vehicle including pickup and panel trucks and station wagons, an insurer shall not consider either the employment driving record or the nonemployment driving record of the individual in determining whether the policy will be issued or renewed or in determining the rates for the policy. An insurer shall not cancel such policy or discriminate in regard to other terms or conditions of the policy based upon the employment driving record or the nonemployment driving record of the individual.

(2) As used in this section, "employment driving record" and "nonemployment driving record" mean the employment driving record and nonemployment driving record described in ORS 802.200.

(3) This section is not intended to affect the enforcement of the motor vehicle laws.

(4) An insurer may use the abstract of the individual's nonemployment driving record as authorized under ORS 746.265. [1973 c.113 §2; 1979 c.662 §2; 1983 c.338 §969; 1987 c.5 §6]

746.265 Purposes for which abstract of nonemployment driving record may be considered. (1) Subject to subsection (2) of this section, when an individual applies for a policy or a renewal of a policy of casualty insurance providing automobile liability coverage, uninsured motorist coverage, automobile medical payments coverage or automobile physical damage coverage on an individually owned passenger vehicle including pickup and panel trucks and station wagons, the insurer may consider the abstract of the nonemployment driving record of the individual under ORS 802.220:

(a) For the purpose of determining whether to issue or renew the individual's policy.

(b) For the purpose of determining the rates of the individual's policy.

(2) For the purposes specified in subsection (1) of this section, an insurer issuing or renewing a policy described in subsection (1) of this section shall not consider any:

(a) Accident or conviction for violation of motor vehicle laws that occurred more than three years immediately preceding the application for the policy or renewal of the policy;

(b) Diversion agreements under ORS 813.220 that were entered into more than three years immediately preceding the application for the policy or renewal of the policy; or

(c) Suspension of driving privileges pursuant to ORS 809.280 (6) or (8) if the suspension is based on a nondriving offense.

(3) Subsection (2) of this section does not apply if an insurer considers the nonemployment driving record of an individual under ORS 802.220 for the purpose of providing a discount to the individual. [1987 c.5 §5; 1989 c.853 §1; 1991 c.860 §7; 1999 c.59 §231; 2001 c.327 §1; 2011 c.355 §25]

746.275 Definitions for ORS 746.275 to 746.300. As used in ORS 746.275 to 746.300:

(1) "Adjuster" means a person authorized to do business under ORS 744.505 or 744.515.

(2) "Motor vehicle liability insurance policy" means an insurance policy which provides automobile liability coverage, uninsured motorist coverage, automobile medical payments coverage or automobile physical damage coverage on motor vehicles, but does not include any insurance policy:

(a) Covering garage, automobile sales agency, repair shop, service station or public parking place operation hazards; or

(b) Issued principally to cover personal or premises liability of an insured, even though such insurance may also provide some incidental coverage for liability arising out of the ownership, maintenance or use of a motor vehicle on the premises of such insured or on the ways immediately adjoining such premises.

(3) "Motor vehicle body and frame repair shop" means a business or a division of a business organized for the purpose of effecting repairs to motor vehicles which have been physically damaged. [1977 c.785 §1]

Note: 746.275 to 746.300 and 746.991 were enacted into law by the Legislative Assembly but were not added to or made a part of ORS chapter 746 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

746.280 Designation of particular motor vehicle repair shop by insurer prohibited; notice; limitation of costs. (1) An insurer may not require that a particular person make the repairs to the insured's motor vehicle as a condition for recovery by the insured under a motor vehicle liability insurance policy.

(2) Prior to providing a recommendation that a particular person make repairs to the insured's motor vehicle, the person adjusting the claim on behalf of the insurer shall inform the insured of the rights conferred by subsection (1) of this section by communicating in a statement substantially similar to the following:

OREGON LAW PROHIBITS US FROM REQUIRING YOU TO GET REPAIRS TO YOUR VEHICLE AT A PARTICULAR MOTOR VEHICLE REPAIR SHOP. YOU HAVE THE RIGHT TO SELECT THE MOTOR VEHICLE REPAIR SHOP OF YOUR CHOICE.

(3) If an insured elects to have the motor vehicle repaired at a motor vehicle repair shop other than a shop recommended by the insurer, the insurer may not limit the cost of repairs necessary to return the motor vehicle to a preloss condition relative to safety, function and appearance other than as stated in the policy or as otherwise allowed by law.

(4) If an insured accepts the insurer's recommendation, the insurer shall provide, electronically or in printed form, a statement to the insured within three business days after the date of acceptance in substantially the following form:

WE HAVE RECOMMENDED A MOTOR VEHICLE REPAIR SHOP. IF YOU AGREE TO USE OUR RECOMMENDED REPAIR SHOP, YOUR VEHICLE WILL RECEIVE REPAIRS RETURNING IT TO A PRELOSS CONDITION RELATIVE TO SAFETY, FUNCTION AND APPEARANCE AT NO ADDITIONAL COST TO YOU OTHER THAN AS STATED IN THE INSURANCE POLICY OR AS OTHERWISE ALLOWED BY LAW.

[1977 c.785 §2; 2007 c.506 §1]

Note: See note under 746.275.

746.285 Notice of prohibition in motor vehicle repair shops; size; location. A person operating a motor vehicle body and frame repair shop shall display in a conspicuous place in the shop a sign in bold face type in letters at least two inches high reading substantially as follows:

PURSUANT TO OREGON INSURANCE LAW, AN INSURANCE COMPANY MAY NOT REQUIRE THAT REPAIRS BE MADE TO A MOTOR VEHICLE BY A PARTICULAR PERSON OR REPAIR SHOP.

[1977 c.785 §3]

Note: See note under 746.275.

746.287 Insurer requirement of installation of aftermarket crash part in vehicle. (1) Without the consent of the owner of the vehicle, an insurer may not require, directly or indirectly, that a motor vehicle body and frame repair shop supply or install any aftermarket crash part unless the part has been certified by an independent test facility to be at least equivalent to the part being replaced.

(2) For purposes of this section, an aftermarket crash part is at least equivalent to the part being replaced if the aftermarket crash part is the same kind of part and is at least the same quality with respect to fit, finish, function and corrosion resistance. [1987 c.622 §3]

Note: See note under 746.275.

746.289 Insurer offer of crash part warranty. Any insurer which offers a motor vehicle insurance policy that provides coverage for repair of the vehicle shall make available to its insured a crash part warranty for crash parts not made by the original equipment manufacturer as described in ORS 746.292 when the insured requests one. [1987 c.622 §4]

Note: 746.289 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 746 or 746.275 to 746.300 or any other series by legislative action. See Preface to Oregon Revised Statutes for further explanation.

746.290 Notice of prohibition in policies and by adjusters. (1) An adjuster establishing loss under a motor vehicle liability insurance policy shall advise the insured of the provisions of ORS 746.280.

(2) Every motor vehicle liability insurance policy issued in this state after December 31, 1977, and any extension or renewal after that date of a policy issued before that date shall be accompanied by a statement in clear and conspicuous language approved by the director of:

(a) The rights and responsibilities of the insured when a claim is submitted; and

(b) The provisions of ORS 746.280. [1977 c.785 §4]

Note: See note under 746.275.

746.292 Motor vehicle repair shops; invoices; estimates; warranties; prohibited practices. (1) All work done by a motor vehicle body and frame repair shop shall be recorded on an invoice and shall describe all service work done and parts supplied. If any used parts are supplied, the invoice shall clearly state that fact. If any component system installed is composed of new and used parts, such invoice shall clearly state that fact. One copy of the invoice shall be given to the customer and one copy shall be retained by the motor vehicle body and frame repair shop.

(2) Before commencing repair work and upon the request of any customer, a motor vehicle body and frame repair shop shall make an estimate in writing of the parts and labor necessary for the repair work, and shall not charge for the work done or parts supplied in excess of the estimate without the consent of such customer.

(3)(a) If crash parts to be used in the repair work are supplied by the original equipment manufacturer, the parts shall be accompanied by a warranty that guarantees the customer that the parts meet or exceed standards used in manufacturing the original equipment.

(b) If crash parts to be used in the repair work are not supplied by the original equipment manufacturer, the estimate shall include a statement that says:

This estimate has been prepared based on the use of a motor vehicle crash part not made by the original equipment manufacturer. The use of a motor vehicle crash part not made by the original equipment man-

ufacturer may invalidate any remaining warranties of the original equipment manufacturer on that motor vehicle part. The person who prepared this estimate will provide a copy of the part warranty for crash parts not made by the original equipment manufacturer for comparison purposes.

(4) No motor vehicle body and frame shop may:

(a) Supply or install used parts, or any component system composed of new and used parts, when new parts or component systems are or were to be supplied or installed.

(b) Supply or install, without the owner's consent, any aftermarket crash part unless the part has been certified by an independent test facility to be at least equivalent to the part being replaced. For purposes of this paragraph, an aftermarket crash part is at least equivalent to the part being replaced if the aftermarket crash part is the same kind of part and is at least the same quality with respect to fit, finish, function and corrosion resistance.

(c) Charge for repairs not actually performed, or add the cost of repairs not actually to be performed to any repair estimate.

(d) Refuse any insurer, or its insured, or their agents or employees, reasonable access to any repair facility for the purpose of inspecting or reinspectng the damaged vehicle during usual business hours.

(5) As used in ORS 746.287 and this section, "aftermarket crash part" means a motor vehicle replacement part, sheet metal or plastic, that constitutes the visible exterior of the vehicle, including an inner or outer

panel, is generally repaired or replaced as the result of a collision and is not supplied by the original equipment manufacturer. [1977 c.785 §5; 1987 c.622 §1]

Note: See note under 746.275.

746.295 Proof and amount of loss under motor vehicle liability policies; determination by insurer. Nothing in ORS 746.275 to 746.300 or 746.991 shall prohibit an insurer from establishing proof of loss requirements for motor vehicle liability insurance policies, investigating and determining the amount of an insured's loss through its agents or employees or negotiating with any person for the repair of such loss. [1977 c.785 §6]

Note: See note under 746.275.

746.300 Liability of insurers and motor vehicle repair shops for damages; attorney fees. An insured whose insurer violates ORS 746.280 or 746.290, or a customer whose motor vehicle body and frame repair shop violates ORS 746.292, may file an action to recover actual damages or \$100, whichever is greater, for each violation. The court may award reasonable attorney fees to the prevailing party in an action under this section. [1977 c.785 §7; 1981 c.897 §102; 1995 c.618 §129]

Note: See note under 746.275.

746.308 Violation of provisions regarding totaled vehicles as violation of Insurance Code. An insurer that violates ORS 819.014 or 819.018 shall be considered to have violated a provision of the Insurance Code. [1991 c.820 §7]

Note: 746.308 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 746 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.
