How do I use the OSAC Scholarship Guide?

Use the OSAC Scholarship Guide as a quick reference tool to search for and select scholarships for which you are qualified. See each section of this guide to search for scholarships for graduates of specific high schools, academic and career interests, specific populations, and employee/membership affiliation.

Next, go to the OSAC Scholarship Catalog at www.OregonStudentAid.gov to review each scholarship's complete description and additional eligibility criteria (e.g. need-based, additional information or documents required, part-time or full-time enrollment requirements, and any limitations on where the award can be used).

You can also search for and select scholarships once you have begun your online OSAC application by using the search filters (high school, academic interest/major, residency, and GPA).

Who can apply for an OSAC scholarship?

Unless it is otherwise stated in the specific scholarship program at www.OregonStudentAid.gov you must:

a. Be an Oregon resident. For residency requirements, including tribal residency, visit www.OregonStudentAid.gov.

b. List Oregon as your home of record if you are a member of the U.S. military.

c. Be any of the following:
   • an Oregon graduating high school student, GED recipient, or home-schooled graduate during the current 2011-12 academic year, or
   • a GED or home-schooled graduate, or
   • a first-time college freshman (adult learner), or
   • an undergraduate or graduate student, or
   • a current high school junior. Juniors may start the OSAC application, update it, and submit it during his/her senior year.

Additional information about eligibility requirements are available at www.OregonStudentAid.gov.

Can OSAC scholarships be used out-of-state?

Yes, many scholarship awards can be used at U.S. postsecondary institutions (public, private, nonprofit, and for-profit schools) that are eligible to participate in Title IV federal student aid programs. United States military academies are not eligible. Other restrictions may apply per scholarship program criteria.

What are the transcript requirements?

The #1 reason for application rejection is missing or incomplete transcripts. Selection Committees review transcripts as part of the selection process. OSAC requires your most recent transcript, or equivalent, regardless of when you graduated. (Unofficial or web transcripts are fine.) Transcripts are uploaded as part of the online application process.

The required transcript is based on the type of student as described below. For complete details, visit www.OregonStudentAid.gov for specific requirements.

• Graduating High School, GED, or Home-Schooled Students

You must provide your transcript showing coursework/grades through senior year fall semester, second quarter, or first trimester; GED scores, or complete home school documents, respectively.

• College Freshmen, Continuing or Returning College Students, or College Graduate Students

You must submit your most recent transcripts of all college coursework completed in the last 10 years. For students whose college coursework is older than 10 years, provide either a complete high school transcript with graduation date, or a complete college transcript.

• Adult Students with no college coursework or never graduated from high school, no GED, not home-schooled

Submit your high school transcript showing high school coursework and grades.

If you are in the process of taking your GED tests, submit your most recent score report and a letter explaining when you plan to complete your requirements.
Section One – Scholarships for graduates of Oregon high schools (regardless of graduation year)

Great News!

**Step 1.** If you are a graduating high school student in 2011-12 or a graduate of any Oregon high school, look for scholarship opportunities listed in the All Oregon High Schools and Multiple Counties sections that apply to the county in which you reside.

**Step 2.** Next, look for your high school in the county where it is located for more opportunities. Go to www.OregonStudentAid.gov and select Scholarship Catalog to review the full scholarship description to see if you meet the eligibility requirements. If so, add the scholarship to your online OSAC application.

**Step 3.** Don’t stop here! Go to Section Two, Three, and Four for additional scholarship opportunities.

Attention GED and Home-Schooled Students

Many scholarships that are available to graduates of specific high schools are also available to GED recipients and/or home-schooled graduates and noted in the descriptions below. Go to www.OregonStudentAid.gov and select Scholarship Catalog.

“OSAC is doing a tremendous service to Oregon students heading to university to further their educational goals.

As an educator myself, I realize now more than ever not only the necessity of higher education, but also the great financial needs students face, which can make a university experience prohibitive.

For as long as I can, I’ll continue to support Oregon students by continuing my commitment with OSAC.”
